Weekly Colonist

FRIDAY, MAY 13, 1887.

From the Daily Colonist, May 13, 1887.

LOCAL AND PROVINCIAL.

Eight members of this order were killed at Nanaimo, including Master William Bone, and one badly injured.

Pleasure Seekers.

Chas. Busk, engineer of the fire department, recovered his health yesterday morning. He life is considered as good as saved now, and his friends feel confident that he will be amongst them shortly in good health.

An Artist in Cloth.

Walter D. Kinnaird, cutter for K. Gilmore & Co., is turning out some of the nobbiest and most stylish suits yet made in Victoria. He visited Boston last fall, and spent several months in one of the finest schools there and returned to Victoria prepared to satisfy the most fastidious taste, which he is now successfully doing.

An Excellent Portrait.

James Fisher, marble cutter, has cut an excellent likeness of the late Hon. Mr. Smithe, in relief, in white marble. The portrait is taken from the lithograph issued by THE COLONIST and the sculptor has most faithfully reproduced it in marble. He is to be congratulated on the result of his work, for it is in every way a creditable production, and proves him to be a conscientious artist, every detail being perfect.

Borthwick—Coldwell.

On Tuesday evening at the residence of the groom, Johnson street, was celebrated the marriage of Mr. Ralph Borthwick and Mrs. P. Coldwell, both of Victoria. The ceremony was performed in the presence of the immediate friends of the bride and groom, Revs. Percival Jenns officiating. The happy couple were the recipient of numerous handsome presents from their many friends. With them THE COLONIST extends hearty congratulations for a long life of happiness and prosperity.

Generous Donations.

D. C. Campbell, druggist, handed in $100 to the *Times* list yesterday in aid of the Nanaimo sufferers.

The Stockton milling company have sent $100 to Hirst Bros., Nanaimo.

Roderick Finlayson sent a cheque for $100 to Supt. Robins.

T. R. Smith, assistant commissioner H. B. company, forwarded a cheque for $100 to Mayor Gibson.

The Starr's Accident.

When the steamer Geo. E. Starr was making a landing at Port Townsend on Saturday last a heavy south east wind blowing directly on the wharf which prevented her engine from stopping her. A small steamer was lying in the Starr's way and it was either a case of running her through or damaging the wharf. Capt. Roberts with a promptness and coolness, for he had very little time in which to choose, directed the course of his vessel on the wharf. She struck with considerable force injuring her upper works and making a large hole in the deck. The damage done entails a cost of several hundred dollars.

Police Court.

Wong Foo, Sho Mo, and Ding Gong, charged with conspiring to procure the conviction of Few Far.

The woman referred to gave her evidence in a cool and collected manner. Mr. Taylor appeared for the defence and made a strict cross-examination. Mr. J. P. Walls appeared for the prosecution.

At 2 o'clock p.m. the prisoners were remanded until to-day, bail being refused.

A drunk named Wm. Mackenzie was fined $5 or one week's imprisonment.

Ah Hay, charged with house-breaking, remanded until to-day.

For driving across a sidewalk, John Ritter was fined $5.

Arrival of the Sunk from Chilkat.

The American ship Enos Sonles, Sonles, 142 tons, arrived at Welch Richet & Co's wharf, to whom she is consigned, yesterday morning in tow of the tug Pilot. She has about 115 tons of merchandise, principally for Chinese merchants in this city and the interior. She was about 45 days making the trip from Hong Kong. Following is the list of the names of the consignees: Orders—C. H. Cheong, Wing Sing, Wah Lung, Kwong Chong, Kwong On Tai & Co., Kwong On Lung, Quong Fook & Co., Wah Hing San, Kin Tai, Hip Seong, Tai Yuen, Lun Choong, Sam Kee, Wah Chong, Tai Kee & Co., Chong Tai, Tai Sun, Sung Lee, On Hing, Fook Yuen; order—Ah Ock, Chas. Cheong, Wing On Loong, Wing On, Yee Yuen, Wook Kee; order—Ah Ock.

Shipment of Coal.

The *Free Press* says that no coal has been loaded into the ships of the Vancouver Coal company, since the unfortunate accident. The ship Fleetwood, Capt. Taylor, has accepted a charter to load a cargo of coal for their Staffin, and will leave for that port as soon as a tug can arrive.

But very little coal has been loaded at the Wellington collieries during the past week, owing to the mines being closed down to enable the miners to assist in recovering the bodies in the V. C. C. Co's ill-fated mine. Work is now resumed, the miners of the latter company being able to stay on the exploration down the mine to-day. The steamship Wellington, Capt. Whitworth, arrived at Departure Bay on Monday and will load Wellington coal for San Francisco.

Offers to the miners of East Wellington assisting in the rescue of the miners in the V. C. Co.'s mine, but a small quantity of coal has been loaded. The steamship Empire, Capt. Butler, arrived from San Francisco on Friday afternoon, and will load coal at East Wellington.

A New Fort at Esquimalt.

We understand that representations will be made to the minister of the interior regarding the advisability of making Kamloops or some other place near the point a port of entry. Heretofore imported goods either from England or the United States have been taken to New Westminster, where those living in the upper country have had to clear them. This was all very well before the C. P. R. was completed as there was no other way of procuring goods except by the Royal City, but now importers find that considerable loss of time and great expense result from the goods being meant there and then re-shipped to Kamloops. It is stated, would be a convenient place for all concerned and it is hoped that satisfactory arrangements will be effected before long.

Sale of Lots.

A considerable number of prominent business men assembled at J. Piercy & Co.'s auction rooms yesterday at noon to bid on the lots held for sale. Great disappointment was evinced at the withdrawal of the Mapleburn lots, but intending purchasers may yet have an opportunity of bidding on the desirable property. Following are the names of the successful bidders and the prices paid for the lots:

Freight and Lumber for the South.

The steamship Alpha which was towed to the north yesterday took 28,000 feet of lumber and a large quantity of freight. Considerable fuss is made over small consignments of freight which are shipped. A few days ago the steamship Idaho took on board 1,000 sacks of oats, Grant and Cook, of Cassiar, were shipped.

LOOKING FOR BODIES.

The geological expedition party consisting of Dr. Dawson, Dr. Selwyn, Mr. Richard Maclure, Mr. Geo. H. Gillis, and Mr. Bolton of this city, left for the north yesterday evening on the Alcom. They will be gone several months.

Death of Miss Culligan.

In the midst of the joy at the arrival of death that has hovered around this city, since the report and rumour on Tuesday evening showed that an explosion had taken place in the Esquimalt shaft, the sudden death of Mary, a daughter of Mr. John Culligan, brought a sad to every heart. The deceased was engaged to be married to a young man killed in the explosion, in addition to which the young lady was a lifelong friend of Michael Lyons, a lad who lost his life in the explosion. The deceased was deeply afflicted by this double bereavement, and unceasingly visited the school-house, where so many bodies were lying. The shock brought on convulsions and although all the medical men were called in, she died at 1 o'clock on Monday morning. A few months ago her father was seriously injured in the same mine.—*Free Press.*

The Water Supply.

A lengthy discussion ensued at the meeting of the city council last evening over Mr. Bell's report, which is in favor of Mr. Hendry's scheme regarding the reservoirs. Couns. Coughlan, Braden and Styles were all against Coun. Pearse's statement, and maintained that the gentleman was decidedly out in his calculations. Mr. Pearse in the heat of the argument said that the Council would not act on the report, and Coun. Braden moved an amendment that the work be awarded with immediately. This question has been before the council for a long period, and the people who live in the higher levels have begun to despair of ever getting the water. Many, however, do not want the needed fluid if it is going to cost more than the amount they have already voted upon.

Nanaimo Relief.

This morning, says the *Columbian*, Mr. A. H. McBride, warden of the penitentiary, mailed a cheque for $72.50 to Mayor Gibson for the Nanaimo relief fund. This sum was contributed by the officers of the penitentiary. Subscriptions are being circulated through the city for the same purpose, and it is proposed to take up special collections in the churches next Sunday. The city council will vote a certain sum from the City treasury at its meeting to-morrow night, but the amount has not been determined. Arrangements are being made, we believe, to give a concert shortly for the same object, at which it is expected those who took part at the last concert will appear as well as others.

Eureka Livery Stable.

Mr. J. C. McAdams, at present one of the carriers of THE COLONIST, has purchased the horses and plant of the Eureka livery stables, Pandora avenue, and will continue the business. The stables are most complete, convenient and comfortable, suitable for the finest and most fastidious proprietor to conduct them upon. He is a first class basin. "Mac" is not only a pushing and genial fellow, but is also a good judge of horse flesh and knows how to take care of them, so that all who deal with him may count on secure at the horses he proves to be sound. The stables are specially adapted for boarding purposes, and there will be made a special feature of this establishment. A general livery and hack business will be carried on, and there can be no doubt about its being conducted to the satisfaction of all who may favor the new proprietor with their custom.

METHODIST CONFERENCE.

The first session of the British Columbia conference of the Methodist church was held in Wesley church, Pandora avenue, yesterday morning, at 10 o'clock. The Rev. Dr. Williams, president, opened the conference by reading Psalm 84 and part of the 2nd chapter of the epistle to Titus.

Hymn 753 being sung, Rev. C. Bryant and Rev. J. Hall led in prayer.

Dr. Williams then charged the conference with the great and important interests committed to their trust, viz.: The care of the doctrine of the church and the conversion of the souls of men. The church, he said, was represented by the president of the conference, Rev. Dr. Williams; secretary, Rev. J. Turner; assistant secretary, and Rev. C. Bryant, journal secretary.

The character and relations of the ministers of the conference being examined were found to be perfectly satisfactory.

A committee of nomination was proposed and duly appointed.

The usual questions referred to the number of probationers received and prepared for the ministry and elsewhere were asked and answered.

The number of ministers holding superannuated relationship with the conference were duly reported.

Standing and credential were granted Rev. T. Hadden at his own request.

Rev. E. Robson, Revs. J. Pike, Rev. J. Turner, Rev. J. Hall, Rev. R. Wooding, Rev. C. Bryant, and Rev. J. Ferguson were appointed a committee to confer with the committee of the Methodist conference, Rev. J. Calvert, of Bay of Quinte conference, were reported as transferred to the conference in British Columbia, and Rev. C. Watson as transferred from this conference to Toronto.

The afternoon session opened with the usual devotional exercises.

The minutes of the previous meeting being disposed of, memorials were received from the Victoria and New Westminster districts and referred to committees.

The committee on nominations submitted their report.

Rev. W. W. Percival tendered his resignation, which was referred to the committee.

At 5:50 o'clock conference adjourned, the Rev. Dr. Williams pronounced the benediction.

PERSONAL.

J. C. Devlin and Fred. Brown were passengers on the Louise.

Ald. Oppenheimer, who was over, was a passenger on the Louise.

Capt. Simmie, of the ship Duke of Abercorn, arrived down last night.

Will Mr. Lindley, late of Shanghai, please call at THE COLONIST office.

J. D. Cassaden, of Cassaden & Keck, Winnipeg, arrived on the Louise last night.

Lieut. J. Carnac, R. N., left for England last night and will join H. M. S. Triumph to-day.

Rear Dunsmuir, M. P. P., is expected to arrive in Victoria from San Francisco on Friday next.

C. E. Pratt, of London, Ont., has the other day for this province, where he will reside in future.

Dr. J. D. Helmcken has so much improved that he is now able to walk with the assistance of crutches.

Mrs. McMillan, wife of Hector McMillan, arrived safely at Oshawa, Ont., after a quick and pleasant trip over the C.P.R.

D. W. Gordon, M. P. P., Vancouver, who has been dangerously ill at Ottawa, is now in a fair way to recovery. He is confined to his bed for several days yet.

Capt. J. W. Glaholm having passed the necessary examination, has been licensed as a pilot for the Kootenay pilotage district. He will assume the duties in a few days.

MUNICIPAL COUNCIL.

The regular weekly meeting of the council was held last evening. Present His Worship Mayor Fell and Couns. Vigelius, Coughlan and Braden. Coun. Styles was absent.

The minutes of the previous meeting were read and adopted.

Ald. Grant gave notice of a by-law to raise by debenture the sum of $5000 for the celebration of the jubilee and the erection of the hospital. The councillor stated that there was no power to spend money for celebration purposes. He promised to bring in a bylaw to enable the council to give to the hospital and Nanaimo sufferers and for a free library.

The original motion was withdrawn.

Street Commissioner's Accounts.

The committee recommended that in consequence of the bad condition of the street from Pembroke street to Finlayson's bridge, that the communication of A. DeCosmos offering to assist in the widening of the sidewalk on the south side of Cormorant street, between Government and Douglas streets, be accepted, and recommend that the city clerk be instructed to notify Wm. Brown, in accordance with the resolution of the council, to remove forthwith the street the shanties abutting from her property. That a small portion be seen to be removed, and the balance be left in consideration of the communication of H. F. Heisterman be referred back to the street committee with power to act. That the council make application at the next session of the legislature for an enabling clause to empower the Victoria commissioners to remove a sufficient number of the buildings on Government street to correct position, and that the city solicitor be instructed to MP. Drake advising him of the intended notice in the matter. That a sidewalk be laid on Cormorant street from the Esquimalt and Nanaimo railway to Douglas street, and that the city solicitor be instructed to prepare a bylaw for the purpose. The committee recommended that the 24th and 25th of May be observed as holidays. Ald. Pearse said that as one of the city council he did not like the idea of giving liquor being sold on the hill on those days. He thought that the less drinking that is done on that day the better for all parties concerned. Coun. Braden said that he thought if liquor was to be sold near the grounds a clause ought to be given to someone who makes a little. All the money made on that days should be given to the Nanaimo relief fund. A long discussion ensued on the matter, he moved that the matter be referred back to the mayor. He could see what arrangements could be made. Coun. Coughlan seconded and the motion carried.

From S. M. Robins, Nanaimo, on behalf of the Nanaimo sufferers, who wished to acknowledge the kindness of the mayor and council and citizens for their support in placing $1000 at Nanaimo's disposal. Received and filed.

Ald. Fell said he visited Nanaimo last Sunday to find out for himself how matters stood. He advised Mr. Robins to form a committee immediately. A draft had come to-day for $1000, but he had not taken notice of it.

Coun. Braden thought that the money ought to be forwarded at once as the people no doubt wanted it.

Coun. Coughlan was of the same opinion but thought that the people of Nanaimo should be allowed to distribute the money as they thought fit. In consequence of the alarm moved that the $1000 be forwarded to Mayor Gibson and the council. Seconded and carried.

The accounts for the month of April, which in total amounted to $4,416.81, were read. Referred to the finance committee and ordered to be paid if found correct, giving to [illegible]
