IN THE WORLD OF SPORTS.

SEMI-FINAL DRAWS FOR THE HOCKEY CHAMPIONSHIP.

Two Important Matches to Take Place in Toronto This Week—Winnipeg Easily Defeats the Granites—End of the Manitoba Curling Tournament—General Sport.

A meeting of the Ontario Hockey Association Match Committee was held yesterday afternoon. The three members, Messrs. J. S. Garvin, Hugh Hartshorne and J. H. Laurie, were present.

The senior final draws between district champions were arranged as follows:

Ottawa (Ottawa) v. Queen's (Eastern).
Granite (Toronto) v. Galt (Western).

Both matches take place the latter part of this week in Toronto. The final between the winners will be played next week in Ottawa if Queen's be defeated. Should the Kingston students win the committee will meet again to select the place.

Winnipeg Defeats the Granites.

The Winnipeg team made their reappearance on Toronto ice after their eastern trip in a match with the city champions last night, and the result would indicate that the Granites will meet defeat at the hands of the Ottawas should these sevens come together. The Capital club had a hard fight to defeat Winnipeg. Last night on Granite ice Winnipeg won by 11 goals to 3. But Dixon and Walker were off the local team, which made a big difference in the Granite forward line. The score at half-time was 4 to 2. About 400 persons saw the match. Howard (4), Armitage (3), Beckett (3), Girdlestone (1) scored for the Manitobans, and Shanklin put puck past Tart Stowe three times for the Granites. The teams were:

Granite (3): Goal, Irving; point, Meharg; cover, Carruthers; forwards, Shanklin, Windeyer, Badenach, Higinbotham.
Winnipeg (11): Goal, Stowe; point, Higginbotham; cover, Dennison; forwards, Armitage, Girdlestone, Becket, Howard.
Referee—C. C. Smith, Vics.

Trinity Defaulted to Varsity.

Varsity and Trinity did not play their last scheduled O.H.A. match, which was expected to take place yesterday, when Trinity defaulted, leaving Varsity located as a substantial fourth in the city series, with 12 games won and 5 lost. Thus Trinity is tie with Toronto for fifth place, with 4 won and 8 lost.

Close of the Winnipeg Bonspiel.

WINNIPEG, Feb. 20.—The finals in Winnipeg's big curling bonspiel were played this morning. Nettleton of St. Paul, Minn., beat Fraser of Winnipeg and won the Walkerville Tankard. Kelly of Winnipeg won the international trophy, defeating the American rinks after close games. Regina curlers won the Galt trophy, defeating Calgary's representatives.

Grand Challenge—R. G. McDonald, Winnipeg; W. H. Sparling, Portage la Prairie; Keedian, Winnipeg; Harstone, Winnipeg. St. Paul's won the all-comers' match.

Whelan of Port Arthur came out first in the points competition, with C. P. Wilson, Winnipeg, and S. Wyatt of Virden a tie, second and M. Kelly, Winnipeg, third.

In the vice-regal tankard match Dunbar and Huffman of Winnipeg won. These skips will, therefore, compete at Ottawa with Bobcaygeon, the champion curlers of Ontario.

For the Reid Cup.

Three rinks of Caledonian Club curlers will leave the Union Station at 12.50 p.m. to-day for Hamilton, where they play their annual match with the Victorias for the Reid Cup. A closely contested event is looked for.

The Caledonians Play Granite Colts.

An interesting hockey match is expected in the Mutual-street Rink, starting at 10 p.m. to-day, between the newly organized Caledonians and the Granite Juniors. The Caledonian seven will be: Goal, J. Rennie; point, Pringle; cover, Prentice; forwards, T. Rennie, Lye, White, Thompson.

The Cambridge Eights For Chicago.

CHICAGO, Feb. 20.—England's famous Cambridge University crew will be seen at the international regatta to be held in Chicago under the auspices of the Chicago Navy. Commodore DeWitt C. Cregier, jr., has received a letter assuring the presence of the Cambridge crew. It is understood that the regatta will be given by sanction of the World's Fair officials, and that medals appropriate to the occasion will be issued.

Mr. Cregier has also received another letter from the Cornell crew, and that university will certainly be represented. No word has yet been received from Oxford, but a favorable reply is expected.

1300 Dogs Benched In Madison-square Gardens.

Gotham's dog show, which can be fairly said to rival the horse show in attracting New York's 400, opens to-day. The entries, 1492, are the largest in the history of the Westminster Kennel Club:

McDowall's Weekly Shoot.

McDowall's weekly shooting matches were held as usual on Saturday afternoon at Stark's. A number of sparrow matches were first shot off with the rise 24 yards instead of 18 yards, and the traps set 5 yards apart instead of 2 yards. This, of course, made the shooting more difficult, but was considered good practice for the coming tournament. A series of blue rock shoots followed. Results.

Shcot No. 1, 5 sparrows—Hunter 5, Colman 4, Mullen 2.

No. 2—Colman 5, Black 5, Hunter 3, Mullen 3.

No. 3—Mullen 5, Hunter 5, Colman 5.

The Shooting Tourney Starts To-Day.

The H. P. Davies Co.'s tournament, which has been looked forward to for months past by Canadian sportsmen, commences at 10 o'clock to-day. One thousand dollars is guaranteed in prizes, and a big success is already assured. To reach the grounds take a King-street car east to Greenwood-avenue. They are situated on the east side of the avenue, about two minutes' walk north of King-street.

Toronto Cricket Club.

A meeting of the Toronto Cricket Club was held last night at the Walker House. The constitution was amended so as to provide for the admission of life members at a fee of $50. This is expected to effect a remedy for the poor financial condition of the club. It was also decided to adopt green and crimson as club colors and discard the old zingari colors of red, black and yellow.

General Sporting Intelligence.

Sixty-eight different patterns of pneumatics, each of "the best," were exhibited at the National Show in London.

The balk line billiard match between Sutton and Capron on March 28 will be played at the Athenæum Club for a purse. The match is 500 points up for $500 aside.

Champion Fulford won two out of his three pigeon shooting matches with Parchmont Club members. The third match was with W. B. Smith, whom he defeated by 86 to 83.

Anson is the only player in active service of the small army of players who played in 1871, the first year of the "National Association of Professional Ball Players," which was the forerunner of the old National League.

Mr. Coventry, the official starter in England, receives only £800 a year from the Jockey Club, and his fees all told amount to not more than £1500 a year, just a quarter of the salary paid to Starter Caldwell by the Guttenberg and Saratoga associations.

In Yorkshire and Lancashire, England, alone as many as 5000 football players participate in either a practice or match every Saturday afternoon during the season. With such resources as these, not counting the universities, there should be good teams over there.

A novel match was recently decided on the Thames near London. T. Peare undertook to ride a pony of 12¾ hands one mile on the ice against J. Kilminster and D. Lucas on skates, the two latter to have 100 yards' start. The pony won by five yards. Stakes of $75 were up and a lot of outside money changed hands.

The Canadian championship race took place at Montreal Saturday. Much disappointment was experienced at the failure of Johnson and Rudd, the American skaters, who were entered for the principal events, to turn up. It is claimed that they were delayed on the way. J. K. McCulloch of Winnipeg carried everything before him, winning all the principal events in fast time. McCulloch came in an easy winner in the following events: 220 yards, time 22 secs.; half mile, time 1 min. 42 4-5 secs.; 1 mile, time 3 min. 7 secs.; 5 miles, time 16 min. 49 4-5 secs. McCulloch was in splendid form and succeeded in doing some of the fastest skating ever witnessed in Canada.

The Board of Appeals for the Pacific district of the National Trotting Association, after an investigation lasting some days, has found that Stambouli's 2.07¼ record at Stockton, Cal., Nov. 23 last, was properly and fairly made. Henry M. McHugh, who threatened to disclose alleged facts about Stambouli's performance, is expelled from the association, and John S. Kearney and John A. McCloud, who were found to be implicated with him, are suspended. It is further found that all records made on the Stockton track from Oct. 3 to Nov. 23, 1892, inclusive, shall stand, all requirements having been strictly and legally complied with.

JANAUSCHEK!

The Only Lady Macbeth, at the Grand Last Night.

Janauschek's production of "Macbeth" was seen at the Grand last night by a good-sized audience. The actress is incomparable; she is probably the only woman on the stage who can give the adequate force and meaning to this most terrible of Shakespeare's women, Lady Macbeth. All other Lady Macbeths are dead. Their number could be counted on the fingers of one hand. The earnestness and significance which Janauschek gives to her every look and gesture are indescribable. With that great art which conceals art she produces a living illusion; never giving way to displays of nervous force, never explosive the immensity of her temperamental emotion and force gave the sleep walking scene such moving truth that the audience was not appeased until she had twice appeared. Her support is of actors trained in the heroic school and competent. Mr. Edmund Collier was a Macbeth with much emotion and force, and distinctly satisfying from a pictorial standpoint.

At the Toronto.

Lester & Williams' Specialty Company appeared at the Toronto Opera House last night before a large audience. E. L. Williams is the principal comedian and does his work very well, introducing several new songs and jokes. Miss Tatall did some very good works on the flinging rings, preceded by Miss Barry in her skipping rope act. The hit of the evening was the shadowgraph performance by Lorrett. Mr. James Britton sang Irish songs very creditably and was followed by Kennedy and Thomas in their songs and dances. The performance will be repeated every evening this week including Tuesday, Thursday and Saturday matinees.

The Ontario Tankard.

The champion challenge curling trophy of Ontario has been sent to Ellis & Co., King-street, to exhibit in their window for a few days.

Local Jottings.

Dr. Morson of Niagara, father of Judge Morson of this city, is lying at the point of death.

Mr. Robert Hazelton, Health Inspector for East York, is laid up with a broken shoulder-blade, the result of a fall Saturday night.

Nominations for candidates for the vacancy in the Legislative Assembly take place at Richmond Hall at noon to-morrow.

A house occupied by John Nelson, 161 Sydenham-street, was damaged by fire to the extent of $100 yesterday afternoon. A defective fireplace in the adjoining premises was the assigned cause.

Mrs. Alexander Gormley of 183 Richmond-street informs her solicitor, Mr. T. M. Higgins, that there is no truth in the story about her taking poison. She acknowledges sending a telegram to her husband saying she was dying, but denies that she had taken any poison.

The Astronomical and Physical Society will meet this evening at No. 370 Victoria-street, the residence of Mr. C. P. Sparling. A paper on "The Telescope" will be read by Mr. Arthur Harvey. The society will also deal with the subject of eliciting the views of astronomers the world over in respect to changing the astronomical day so that it shall commence at midnight instead of at noon as now.

With the permission of the University Council a series of lectures has been arranged to be given in the Biological Building on Mondays, Thursdays and Fridays at 5 p.m. to any medical students of the final year or medical practitioners who may wish for special training in medical inspection regarding cholera. Dr. Bryce is forming this class in order that there may be a staff of capable officers to draw upon in case of necessity, anticipating the probable advent of cholera this summer. The first lecture will take place on Thursday, Feb. 23. 24

FOR FREE SWIMMING BATHS.

THE COUNCIL AT LENGTH MAKES A MOVE IN THE MATTER.

A Motion to Discharge ex-Superintendent Hamilton of the Waterworks Department Ruled Out of Order—Proposed Half Holiday to Corporation Employes During the Summer—Smelting Works.

At the special meeting of the City Council last night every member was present. The usual order of business was taken up and a number of notices of motion were dealt with.

Mr. W. E. H. Massey wrote suggesting that the city secure stop-over privileges for Toronto during the World's Fair.

Ald. Maloney secured the consent of council to a motion to apply for legislation so that in case of real estate properties being injuriously affected by the carrying out of any local improvement their owners be required to submit the matter to arbitration prior to the commencement of the work so that the city may learn the extent of the land damages before proceeding with the work.

Mr. B. McMurrich wrote stating that he is prepared to purchase from the railway company their interest in the lease of the property on which the City Hall station stands, providing the city will give its consent to the subletting and agree to strike out of the lease the clause requiring the buildings to be used as a station. He says as the lease has 15 years to run the city would be sure of their ground rent, which is a very fair ground rent for the property as it stands at present.

Ald. Jolliffe's motion that Mr. Hodson be notified to remove his boathouse at the foot of Brock-street as it is a public highway was lost, and his motion re the discharge of Superintendent of Waterworks Hamilton was ruled out of order, as Mr. Hamilton does not occupy that position. Ald. Jolliffe stated that he was not through with the question yet. He could not understand how it was that Hamilton could be dismissed as superintendent and yet retained in the department at his usual salary.

The Mayor stated that the City Engineer was so encumbered with work at present that it was unwise to make any change.

Ald. Stewart's motion, to grant a half-holiday to corporation laborers during the months of June, July and August, was then introduced. Ald. Lamb moved that the question as to the effect such a move would have on the different departments be referred to the heads of the committees for report. This was lost, but a motion referring the resolution to the heads of the departments was passed.

Ald. Hewitt, Leslie, Jolliffe, Shaw, Bailey and Crawford were appointed a committee to consider the advisability of establishing free swimming baths in the city.

Ald. Davies' motion for the appointment of a deputation to wait upon the Government in relation to a grant of money towards the establishment of smelting works in the city was passed.

Ald. Orr and Leslie spoke strongly to the former's motion for leave to bring in a bill to provide for the appointment of a Court of Revision consisting of ratepayers not being members of the council. Ald. Maloney also supported the motion, which was opposed principally by Ald. Jolliffe, Carlyle and Hallam. Permission to introduce the bill was refused.

DOES IT MEAN CHOLERA?

STRANGE AND WONDERFUL PORTENTS IN THE HEAVENS LAST NIGHT—ARE THE INHABITANTS OF THE PLANETS TRYING TO COMMUNICATE WITH US?

Many Toronto Citizens Witness It—Does It Mean War?—Will It Affect Great Britain, the World's Fair or the Medical Health Office?—The Latter Has Given No Advice Yet.

We have numerous and various opinions before us this morning, some scientific and some otherwise, trying to account for the phenomenon of last night, but it is very hard to decide what to believe. Had it occurred in daytime the light passing through some saturated strata might have been refracted and so produce the startling effect. One of our astronomers says: "It may have been produced by electricity, as it is very improbable that the light from some distant sun caused the strange scene. It is now generally admitted that the inhabitants of Mars possess a knowledge of electricity far exceeding our own, so they may have been able, by intense electric power and a marvelous lens, to construct a powerful search light, which they brought to bear on our earth, but after careful observation my opinion is that it was simply and solely a reflection." Describing the alarming reflection, he says: "Precisely at 11 o'clock last night a bright pinky patch, probably a thousand miles in circumference, and plainly visible through the storm to the naked eye, appeared close to the constellation of Ursa Major. Under the 'scope it was apparently a monstrous pinky flag, covered with heavy, black letters. Studying it carefully, I slowly deciphered guinane bros., 214 yonge-street, great alteration sale; boots and shoes selling at fifty cents on the dollar. I, therefore, think it was a mysterious reflection of the flag that this firm has hanging in front of their door, and does not indicate the near approach of cholera." It is hardly necessary to say that this explanation is bordering on the ridiculous; we wait impatiently an investigation by the Medical Health Office. Does it cost anything to be fully prepared for cholera and other microbic diseases? We know where to find the conduit pipe!

Col. Otter's Lecture.

A good-sized gathering of local officers and members listened with much interest at the Military Institute last night to Col. Otter's lecture on "The Administrative System of a British regiment, and its adaptability to the Canadian Militia."

The chair was taken last night by Major Mason, R.G., vice-president of the institute, and a vote of thanks passed unanimously to the lecturer. A general discussion followed, and many suggestions made by those present in the interest of the militia force. The next lectures are by Lieut.-Col. Macdonald of Guelph and Lieut.-Col Scoble of Winnipeg.

Biliousness Cured.

GENTLEMEN,—I have used Burdock Blood Bitters for biliousness and find it the best remedy for this complaint. I used several other remedies, but they all failed to do me any good. However, it required only two bottles of B.B.B. to cure me completely, and I can recommend it to all.

Yours truly,
WM. ROBINSON, Wallaceburg. 240

Charged With Biting a Companion.

James Donnelly, 11 Virgin-place, was taken to the General Hospital yesterday suffering from blood poisoning resulting from a bite on the hand, which he received in a fight Thursday night. William Bittle, 122 Queen-street east, has been arrested on a warrant charging him with assaulting Donnelly.

Mr. J. R. Allen, upholsterer, Toronto, sends us the following: "For six or seven years my wife suffered with dyspepsia, costiveness, inward piles and kidney complaint. We tried two physicians and any number of medicines without getting any relief, until we got a bottle of Northrop & Lyman's Vegetable Discovery. This was the first relief she got, and before one bottle was used the benefit she derived from it was beyond our expectation."

IT'S RATHER TOO MUCH FOR YOU—the ordinary, bulky pill. Too big to take, and too much disturbance for your poor system. The smallest, easiest to take, and best are Dr. Pierce's Pleasant Pellets. They leave out all the disturbance, but yet do you more good. Their help *lasts*. Constipation, Indigestion, Bilious Attacks, Sick or Bilious Headaches, and all derangements of the liver, stomach, and bowels are prevented, relieved, and permanently cured. They're *guaranteed* to give satisfaction, or your money is returned.

If you're suffering from Catarrh, the proprietors of Doctor Sage's Catarrh Remedy ask you to try their medicine. Then, if you can't be cured, they'll pay you $500 in cash.
