Another Win for St. Simon's.

An interesting game was played on Saturday between St. Mark's and St. Simon's Cricket Clubs on St. Mark's grounds in Exhibition Park, resulting in a win for St. Simon's by 52 runs. The special feature of the game was the bowling of Thitford and Bennett for St. Mark's, the bowling of E. C. Powell and W. J. Wilson for St. Simon's, was exceptionally good, the latter doing the "hat trick" in fine style. The following is the score:

Draw in Favor of St. Alban's.

St. Alban's played at Rosedale on Saturday afternoon, and owing to the slowness of the Rosedale players going in to bat, the lacrosse game proving the greater attraction, the visitors were deprived of a well-earned victory, Rosedale's last man being in and the score 67 runs behind when time was called.

St. Matthew's Tennis Tourney.

St. Matthew's has one of the largest and best list of entries ever obtained in a tournament in Ontario. It is necessary that all events be completed by the end of the week and eighteen matches will have to be played off daily. After 4 o'clock in the afternoon the courts will, as far as possible, be reserved for those who are engaged in business during the day. The ladies' matches and the games for those who can play at any hour will as a general rule be arranged for the morning and early afternoon. The committee will, as far as practicable, consult the convenience of every one, but players are requested to observe the scheduled hours as closely as possible. The courts are at the corner of First-avenue and De Grassi-street, and can be reached by Parliament-street cars to DeGrassi-street. The grounds are open free and the committee will be glad to welcome visitors. Seating accommodation has been provided. Good matches can be seen at almost any hour of the day thruout the week.

—To-day's Program.—

10.30—Boys v. Howard (open), Stewart v. Gartshore (handicap), McKinlay v. Roebrick (hdcp).

St. Matthew's Defeated By Y.M.C.A.

St. Matthew's and the Y.M.C.A. met in their scheduled league match, on the grounds of the latte (Moss Park), on Saturday afternoon. The Y.M.C.A. won eight of the nine events, but the play was close in nearly every set. Both teams contained several promising junior players. Summary:

—Singles.—

Martin (Y.M.C.A.) beat Wibby (St. M.) 6—1, 6—2.

Alshire (Y.M.C.A.), beat Blain (St. M.) 6—0, 6—3.

Cox (Y.M.C.A.) beat Finlayson (St. M.) 6—3, 6—1.

Crowe (Y.M.C.A.) beat Morrow (St. M.) 6—1, 7—5.

Locke (Y.M.C.A.) beat Summerhayes (St. M.) 8—6, 6—4.

McTavish (Y.M.C.A.) beat Burns (St. M.) 9—4, 7—5.

—Doubles.—

Wibby andd Blain (St. M.) beat Martin and Cox 2—6, 6—4, 6—4.

Alshire and Crowe (Y.M.C.A.) beat Summerhayes and Finlayson 6—0, 6—1.

McTavish and Locke (Y.M.C.A.) beat Morrow and Burns 6—1, 6—2.

Victoria L.T. Club Won at Brantford.

On Saturday the Victoria Lawn Tennis Club sent up a dozen of its players to Brantford, and carried off the honors by 9 events to 7. The Brantford L. T. Club is strongly represented this year, and met with its first defeat of the season on Saturday. The play thruout was close, and the scores showed the two clubs fairly matched in the matter of points. Miss Hedley played in very strong form and won from Mrs. Whitehead in straight sets. Mr. Cowan also dealt out a defeat to Mr. Killmaster in straight sets. All of the events were sharply contested, and several brilliant rallied called out the generous applause of the large number of onlookers. Every kindness was shown the visiting club, and a thoroly enjoyable day was spent.

Lacrosse Points.

The junior championship lacrosse match at Glenwilliams Saturday between George-town and the home team resulted in another draw, each side scoring two goals. The play was close and even thruout, and excitement was at fever polut as the opposing teams took game about—Georgetown the first and third and Glenwilliams the second and fourth. This is the second draw that these two teams have played on the Glenwilliams grounds this year. J. M. Moore of Georgetown was referee.

On Saturday at St. Catharines the home team defeated Galt in a one-sided game by 16 to 1. The Galt team seemed afraid to mix-up in the game. Referee Waghorne of Toronto was most impartial in his decisions and was satisfactory to both teams. This gives St. Catharines a good show for the championship of this district. Up to the first half the play was much more even, but after that it was all St. Kitts.

Sporting Notes.

In the R.H.Y.C. race for 35-footers at Hamilton on Saturday, the Myrtle beat the Canadian.

The mixed wrestling match between the pugilists, Tom Sharkey and Peter Maher, which came off at Philadelphia Saturday afternoon, resulted in a draw. Neither man showed that he possessed any great knowledge of the wrestling game.

O'Hagan and Andrews came to blows in the last half of the sixth Saturday at Rochester, and both were put out of the game.

The stewards of the New York Jockey Club Saturday ruled C. Coombs, the jockey, and W. P. Ware off the turf for "fraudulent practices in connection with the race of the horse Wax Taper on June 25," at Sheepshead Bay.

Henry Burgess, the steeplechase jockey, was killed Saturday morning while riding over the hurdles at the Gravesend race track. Burgess was told to take out one of the jumpers and run him a couple of miles. The horse went over two hurdles all right, but in taking the third stumbled and fell, throwing the jockey to one side, and breaking his neck. Death was instantaneous. Burgess was employed by Nick Johnson, who has a stable of horses at the track.

Toronto Swimming Club Races.

The Toronto Swimming Club held its usual Saturday races at the Point.

The 100-yards handicap was won by Joseph Wilson, from scratch, with George Corsan second and Tom Sheridan third. The race was remarkable for the neck-and-neck tussle between the first and second men.

The 75-yards team race was very exciting, with 10 competitors on each side. The winning side only won by two feet.

The events ended with a game of polo and the drill of the life-saving classes.

Elm Street Methodist Church.

The pulpit of Elm-street Methodist Church was occupied last night by Rev. Dr. Hartwell of West China. Before a large congregation, Rev. Mr. Hartwell told of the progress made by Methodist missionaries in Western China. Prior to the breaking out of the war, the work, said the missionary, was making big strides. Schools and hospitals had been established and were doing good work. Rev. Mr. Hartwell was nine years in China. Rev. Joseph Odery, pastor, conducted the service. Appropriate music was rendered by the choir, under the direction of W. J. A. Carnahan. Miss Mawhinney rendered a solo.

MRS. BOTHA'S MISSION FAILS

Kruger Persists in Continuing War to Bitter End Notwithstanding Appeals.

BETTER DIE THAN SUBMIT, HE SAYS.

Hopes for Intervention of Foreign Powers to Save Independence of His Country.

Chicago, July 21.—William E. Curtis cables to The Record-Herald from The Hague some interesting information concerning the old man of the Transvaal, who still maintains a hope that independence may be saved. While Kruger declined to see the correspondent, it is learned that Mrs. Botha has had daily interviews with him upon matters of the most serious consequence.

Kruger is living at a villa on the edge of one of the grand old forests that make The Hague the most beautiful city in Europe. The ex-President seldom leaves the grounds, but wanders about a great deal, smoking his long-stemmed pipe, while the greater part of his time is spent in the library, where he conducts an extensive correspondence.

Can't Impress Him.

Mrs. Botha's arrival created a decided sensation, but is is known that she has not been able to make the slightest impression upon the stubborn old Boer. There have been long and frequent conferences, to which all of the prominent Boers in Holland were invited, and, altho an attempt has been made to keep the proceedings secret, enough has leaked out to satisfy everybody that she came primarily in the interest of peace and secondarily in search of financial assistance. If President Kruger and his advisers were not willing to accept the recommendations of Gen. Botha and the terms of surrender which were offered him by Gen. Kitchener, she represented that it would be impossible to carry on the war much longer without a liberal supply of funds and arms and ammunition. Kruger refused to listen to any suggestions concerning a surrender to the British. He insisted upon Botha's army fighting to the bitter end, and still has hopes of the intervention of foreign powers to save the independence of his country. If that is lost, he says, everything is lost, and the Boers better burn their houses and die fighting rather than become the subjects of the British King. That is his argument, and the reply he made to every suggestion from the woman ambassador.

Spies Watching.

It is known that British spies are watching every movement of Kruger and his associates, and if they could capture the funds it would be a double triumph. Whatever is done to relieve the pressing necessities of the Boer army must be done in the most secret manner, and indirectly, and it is useless to make inquiries on that subject.

Kruger has not decided to visit the United States, as he has learned that it is useless for him to make any further appeals to President McKinley, nor has he any better prospects in Europe. Kruger is either too dull or too sanguine to be convinced that the Americans will not interevene, and still thinks that if he went to Washington personally and made an appeal to President McKinley he might accomplish something, but his colleagues do not share that opinion.

It is very plain that Kruger is determined that the South African Republic shall be destroyed and the population exterminated rather than submit to British domination. That is the answer he has given to everyone who has approached him in the interest of peace. He does not become angry or excited. He simply closes his lips, turns his eyes off into vacancy and smokes and smokes and smokes.

GONE TO THE LONG REST.

Several Deaths Occurred Yesterday in Toronto From Various Causes.

The death occurred yesterday of Thomas B. Mulholland, for many years foreman of the W. & J. G. Greey's mill furnishing works, at his late residence, 86 McGill-street. Mr. Mulholland had been ailing for the past year, and his death was not unexpected. Fifty years ago he was born at Oakville, where he commenced life as a sailor. When a young man he entered the machine business of the late W. Robertson of Oakville, and on severing his connection with that firm came to Toronto and entered the W. & J. G. Greey Company. Deceased was well-known in many circles. He is survived by a widow. He was a member of the Masonic Order and attended Elm-street Methodist Church. The remains will be taken to Oakville for interment.

At the advanced age of 82 years, Mrs. Elizabeth Smith, wife of Samuel Smith, passed away yesterday at her late residence, 314 Seaton-street. For over half a century Mrs. Smith had been a resident of Toronto. The funeral will take place tomorrow afternoon to St. James' Cemetery.

George Edward Venn died suddenly yesterday at his home, 774 Yonge-street, after a short illness, from appendicitis. Deceased was 22 years of age, and was a son of James Venn, a well-known resident of the North End. The funeral takes place to-morrow afternoon.

Alfred J. Preece died on Saturday at the General Hospital, aged 47 years. He had been ailing for some time with a lingering disease. The remains will be interred in St. James' Cemetery to-morrow afternoon. The funeral takes place from the undertaking establishment of J. A. Humphrey, 305 Yonge-street.

BODY TERRIBLY MANGLED.

Patrick Hayes, a Toronto Man, Met Death at Vancouver.

Mrs. Mary Nolan of 6 Morrison-street was notified yesterday of the death at Vancouver, B.C., on Friday last of her nephew, Patrick Hayes, a former resident of this city.

Hayes left Toronto for the west about three years ago and at the time of his death was engaged in railroad construction. The telegram gave no particulars, except that his body was found terribly mangled beside the railway tracks early on Friday morning.

Deceased was 20 years of age and prior to coming to Toronto lived at Halifax, N.S.

Annie Hayes, a sister of deceased, is a resident of this city. The remains will probably be brought to Toronto for burial.

ANNOUNCED HIS RESIGNATION.

Rev. Scott Howard Will Leave St. Matthew's in Six Weeks.

Rev. J. Scott Howard, M.A., rector of St. Matthew's Church, officially announced his resignation at both services yesterday, which, he said, would take effect in six weeks' time. He also announced the appointment of Rev. John Farncomb, M.A., of Newcastle, to fill the vacancy. No other statement was made by Mr. Howard, except that he added that he was sorry to resign after 19 years' serivce, and that he left the church with the best wishes for its prosperity. He will go to Newcastle to take the place of Rev. John Farncomb.

DEVELOPMENT OF THE SOUDAN.

British Agent Tells of Plans for Grain and Cotton Areas.

London, July 21.—Viscount Cromer, the British agent in Egypt, who recently arrived from Cairo on leave of absence, has submitted a report to the Foreign Office foreshadowing the steps that will be taken on his return for the more rapid commercial development of the Soudan.

The upper Nile is now practically cleared. Various irrigation works will be started and several light railways constructed in order that the more fertile districts may soon be converted into grain and cotton areas.

Body Recovered.

Syracuse, July 21.—The body of Miss Phoebe Miller of Lansingville, N.Y., a teacher at the Shelter for Unprotected Girls, who was burned to death in the fire which destroyed that institution early this morning, was recovered to-day.

LAST OF THE LEAGUE RALLIES

Epworthers Get Thru After Splendid Services in Many Frisco Churches Yesterday.

SOME RESOLUTIONS WERE ADOPTED

Army Canteen and Liquor Traffic Condemned—What is Supreme Purpose of League.

San Francisco, Cal., July 21.—The religious enthusiasm aroused by the international convention of the Epworth League here had its culmination at the grand meeting held to-day, the last of the gathering, at the Mechanics' Pavilion. About 10,000 persons were in attendance, and not a seat was vacated until the conclusion of the sermon preached by Bishop Joyce, president of the league. His theme was "Faith in Christ."

The influence of the league was not alone felt at the central meeting. All over the city in churches of many denominations, services were held, and the local pulpits were occupied by visiting divines.

Love feasts were held in the morning at more than a dozen places, including the Japanese and Chinese Missions. In the afternoon a child's meeting was held at the Alhambra Theatre, Rev. M. E. Ketcham of Xenia, Ohio, presiding, and Rev. S. T. Bartlett of Napanee, Ont., leading in prayer. Rev. J. W. Churchill of Coldwater, Ont., was among the speakers. A rally of German-Americans was held at Howard-street Methodist Church.

The closing meetings of the convention were held to-night in the Mechanics' Pavilion, the Alhambra Theatre, the Metropolitan Temple and the First United Presbyterian Church. In the latter place, Rev. Jos. eBatty of Halifax, N. S., spoke.

At the evening services, the report of the Committee on Resolutions was read and adopted. Unalterable opposition is expressed toward the liquor traffic. The abolition of the army canteen is a subject of rejoicing. The persistent effort to have it restored is protested against, particularly in view of the action against the institution by Russia and France.

The extension and growth of the league among colored churches is encouraged, and the continued spread of the Junior Epworth League is a matter for congratulation. Finally, the supreme purpose of the League, in developing the highest type of spiritual life among the young, is urged upon all who are numbered on its rolls.

WILKINSON HEARS GOOD NEWS.

Men All Out West of Sudbury and Trackmen Are Winning.

Answers to letters sent out by Donald Wilkinson, chairman of the local committee of the Canadian Pacific Railway striking trackmen, asking the various districts as to the true state of affairs, are fast coming in. They go to show that the men are as determined as ever to win the strike. On Saturday, Mr. Wilkinson received a letter from Port Arthur, dated July 17, which reads, in part: "I am glad to tell you that our brother trackmen in the West are standing out firm. Not one man from Sudbury to Vancouver has gone back to work. We don't intend to go back until we have received orders from our committee at Montreal. Things are hot up thru this country and in the West. The road is in an awful shape, and if we hold out for a few days longer we will be sure to win."

Another letter from Manvers, Ont., enclosed $10 for the strikers' fund. Aid. Urquhart also sent Mr. Wilkinson a donation on Saturday.

In Toronto, the strikers have all got employment, and are making fair wages. The officials still claim that the road is not suffering as a result of the strike. They declare that many of the strikers have returned to work on the various divisions.

TO-DAY IN TORONTO.

"MEAT UNNECESSARY"

"And Decidedly Injurious" Says Dr. A. R. Pingel of London, Ont.

If all the facts could but be known the whole civilized world would certainly be startled at the number of deadly diseases that could be traced directly to the eating of meat. To the initiated it is astonishing the lack of care that is exercised in the preparing of animals for market. Not only are the animals frequently diseased to commence with, but every stage of the preparation invites disease, and increases the opportunity for the microbes to get in their deadly work. Then, again, especially during hot weather, meat is frequently kept until it gets in a tainted condition, when it would be difficult to get anything more repugnant to a sensitive stomach or more injurious to mankind generally. True, by a wise dispensation of Providence, the system will throw off a certain amount of poison, but it is quite possible to have the system overloaded with this poison, just as it may be overloaded with some deadly drug. Then follows disease and possibly death. The attending physician may pronounce it due to any one of a score or more of diseases, but trace it to the fountain head and it will be found that the poisonous meat is the cause. Scientists and medical men who have given the matter their careful consideration advise the substitution of cereal foods for meat, claiming that as these foods are now prepared they effectually take the place of animal foods, at the same time tending to increase health and greater longevity. Albert R. Pingel, M.D., of London, Ont., is one of the medical men who has studied the matter and gives his opinion as follows:

"The longer I practice the more I am convinced from practical experience that the consumption of meat is not only decidedly injurious, but totally unnecessary to the maintenance of health and strength. The cereals of the present day, if properly combined, should largely take the place of animal foods, contributing not only to increased health, but to our longevity. The Greek athletes of ancient times are a convincing example. Cereal foods—Granose and Granola—as put up by the London branch of the Battle Creek Sanitarium Food Company, are not only noted for their excellence, but, in my own experience, have contributed most materially in the recovery of my patients.

"(Signed) A. R. Pingel, M.D."
