Still the Forest is the best Medical School!

That prodigious fabric which expands the human frame to the invention and nurture of all diseases, directly or indirectly from a disordered state of the System caused by Impure Blood, Bile and Morbid condition of the Stomach and Bowels.

DR. HALSEY'S
SUGAR-COATED
FOREST PILLS,

(A therapeutic preparation of unmitigated efficacy.)

These Pills are prepared from the best Sarsaparilla, combined with other Vegetable properties of the highest Medicinal virtue. They are warranted not to contain any Mercury or Mineral whatever. They purge without griping, nauseating or weakening; and be taken at any time without hinder or hindrance, change of diet, or danger of taking cold. They will not have the taste or smell of medicine, and are five times more effectual in the cure of disease than any Pills in use.

But a short time has elapsed since these great and good Pills were first made known to the public, yet thousands have already experienced their good effects. Invalids given over by their Physicians as incurable, have found relief, and been restored to sound and vigorous health from their use.

TO FATHERS OF FAMILIES.

Bile and foul state of the stomach occasions more sickness and double in families than all other causes of disease put together. In the latter part of Summer and Autumn, when the atmosphere everywhere is polluted from miasma, arising from stagnant pools and decayed vegetation, whole families are taken down by Bilious Fevers, Fever and Ague and other dangerous disorders, all proceeding from a bilious and foul state of the stomach. No parent can be so ignorant as not to know the great danger existing from biliousness—no parent would be guilty of causing the

DEATH OF THEIR OWN CHILDREN!!!

Yet thousands of children and adults die every year through neglect of parents to attend to the early symptoms of a bilious and foul stomach.

Superfluity of bile may always be known by some unpleasant symptom which it produces, such as pain in the stomach, headache, loss of appetite, bitter taste in the mouth, yellow tint of the skin, languidness, costiveness, or other symptoms of a similar nature. Almost every parent at this season of the year is bilious, the neglect of which is sure to bring on some dangerous disorder, frequently terminating in death. A single 25 cent box of Dr. Halsey's Gum-coated Forest Pills are sufficient to keep a whole family from bilious attacks and sickness from six months to a year. A single dose, from 1 to 3, of these mild and excellent Pills for a child, from 3 to 4 for an adult, and from 5 to 8 for a grown person, carry off all bilious and morbid matter, and restore the stomach and bowels, curing and preventing all manner of bilious attacks and many other disorders.

SALTS AND CASTOR OIL.

No reliance can be placed on Salts or Castor Oil. These, as well as all common purgatives, pass off without touching the bile, leaving the bowels costive and the stomach in as bad condition as before. Dr. Halsey's Forest Pills act on the gall ducts, and carry all morbid bilious matter from the stomach and bowels, leaving the system strong and buoyant, mind clear, producing permanent good health.

Dr. Halsey's Forest Pills are unlike all others. They act directly on those vital organs of the Stomach, Liver, Kidneys, &c., which secrete the fluids of the body and separate the impurities from the blood. While they purge all bilious and morbid matter from the stomach and bowels they cleanse and renew the blood, thereby destroy the seeds of disease. The Forest Pills do not weaken, but give strength and animation to both body and mind. They not her cause griping nor any inconvenience whatever, and the patient is better able to attend to business while under their influence than before taking them. They are mild in operation, yet powerful in restoring health.

The great amount of good these Pills have done for the sick and afflicted have induced thousands to commend them to their friends and the public. Individuals of worth and integrity in almost every part of the country have testified to the world in favor of their great efficacy in curing disease.

Testimonial after testimonial showing their great powers of curing in almost every class of disease have been tended to us by individuals of unquestioned character and respectability. The following testimony is from a respectable and wealthy farmer residing near Utica, New York:—

UTICA, November 9, 1845.

DR. G. W. HALSEY.—Every bill, for several years past, I have had much sickness in my family, of Bilious Disorders, and Ague and Fever. In the fall of 1843 two of my sons were taken at the same time with Bilious Fever. In former seasons, when sickness occurred in my family, I had always employed a Physician. But at this time having two boxes of your Forest Pills in the house, I concluded to try them. I gave to each of them six Pills morning and evening. The next day I gave them three Pills more. They soon operated, bringing away much black and green matter. On the following day the fever had left them, and they both recovered without any more medicine. Since this time I have always kept your Pills in hand, and in all cases of sickness in my family I find them to act the most happy results.

NOTICE TO THE PUBLIC.

In 1845 Dr. Halsey's Pills were first made known to the public, under the denomination of "Halsey's Sugar-Coated Pills." This excellent medicine soon gained for them a high reputation, and the annual sale of many thousand boxes. This great success excited the avarice of designing men, who commenced the manufacture of common Pills, which they coated with Sugar, to give them the outward appearance of Dr. Halsey's, in order to sell them under the good-will Dr. Halsey's Pills had gained by curing thousands of the sick.

The public are now most respectfully notified that Dr. Halsey's genuine Pills will henceforth be coated with

GUM ARABIC.

An article which in every respect supersedes Sugar, both on account of its having virtues and its durability. The discovery of this improvement is the result of a series of experiments during three years, for the invention of which Dr. Halsey has taken Letters Patent, granted to him by the Government of the United States of America. The Gum-Coated Forest Pills present a beautiful transparent glossy appearance. The well-known excellent qualities of pure Gum Arabic, with which they are coated, render them still better than Dr. Halsey's celebrated Sugar-Coated Pills. The Gum-Coated Pills are never liable to injury from dampness, but retain the same, retaining all their virtues to an indefinite period of time, and are perfectly free from the disagreeable and nauseating taste of Medicine. In order to avoid all imposition, and to obtain Dr. Halsey's true and genuine Pills, see that the label of each box bears the signature of G. W. HALSEY.

Beware!!! If you wish to be sure of a medicine which does not contain that lurking poison, Calomel or Mercury, remember *HALSEY'S GUM-COATED FOREST PILLS*, and avoid all others.

Dr. Halsey's mild and gentle purgatives, which never nauseate nor gripe, recommend themselves to all who prefer HALSEY'S PILLS.

If you would have the most concentrated as well as the most powerful *Sarsaparilla Extract* in the world for purifying the blood, obtain Dr. HALSEY'S PILLS.

If you do not wish to fall a victim to dangerous Medicine, be well advised, and, in a Physician's bill of 20 Dollars, save Twenty Dollars by the use of Dr. HALSEY'S PILLS or one of Dr. Halsey's Medicines.

Have the kindness, when your Grocer, Druggist or Storekeeper, presents HALSEY'S PILLS, and Sweet Oils and Castor Oil and all common purgatives.

Parents, Have you your Children in your mind? Then buy any of HALSEY'S PILLS to be your friends.

Dyspepsia, Costiveness, HALSEY'S PILLS and mild and gentle purging, and well suited to the peculiar delicacy of your constitution. Try once them.

Travellers and Mariners, for an comfortable long voyage, provide yourselves with Dr. HALSEY'S PILLS, as a sovereign and agreeable medicine.

CRAMP AND PAIN KILLER.

THE MOST SUCCESSFUL REMEDY KNOWN

For the cure of all Rheumatic Affections—Pain in the Stomach, Back, Side or Limbs—Stitches in the Back, Side or Limbs—Cramp in the Limbs or Stomach—Darting Pains, Bilious Colic, Dysentery and Diarrhœa, Colds and Sore Throat, all cases of Local Inflammation—Cuts, Wounds, Bruises, Headache, Toothache, Burns, Scalds, Frozen Limbs, &c., &c.

THIS wonderful Medicine has effected many truly astonishing cures in cases of the complaints above named, and we may say that in all the complaints for which it is recommended, it will seldom, when we say there is no Medicine designed for that class of complaints, possessed more than a trifle of its power to relieve and ease of pain.

We solicit particular attention to the fact that it does not contain a particle of opium in any form. Neither does it contain Camphor.

It is free from any deleterious article, and cannot, in any supposable case, injure the patient.

It does not deaden the *Live Paralize*, nor produce the burning, drying, parching sensation so much complained of in the use of other "Pain Killers."

It does not weaken the peristaltic motion of the bowels producing Costiveness, and its attendant evils, but is a promoter of digestion, and of proper and healthy action in the stomach and bowels.

IN ALL RHEUMATIC AFFECTIONS,

Local Pains, &c., it has proved *surprisingly* successful, rarely failing to cure, even in the most desperate and long standing cases. (See Certificates.) In these cases, the pain affected should be freely bathed, and then bathed lightly, but briskly—we had enough to hurt the patient, till an irritation is produced on the surface, and in severe cases the patient should take half a teaspoonful on sugar or molasses.

CRAMP IN THE STOMACH, OR BILIOUS COLIC,

We believe it will never fail to *speedily cure*. It should be a teaspoonful at a time, on sugar or molasses, or in any manner the patient consider it best, and the stomach and bowels freely bathed. And if in fifteen or twenty minutes the patient does not feel relief, repeat the dose.

DYSENTERY OR DIARRHŒA

Are speedily and easily cured by it. It should be given a teaspoonful at a time, once in an hour or two, or oftener in severe cases, and bathe the stomach and bowels with the same.

EVEN THE CHOLERA,

Which during the past season has swept off such fearful numbers, has been cured by it, we believe in every case, where it has been early and faithfully applied. In Sandgate, where it proved singularly fatal, it was found to yield readily to its remedy, and CURTIS & PERKINS' *CRAMP AND PAIN KILLER*, was the Medicine recommended by the first Physicians, and by the Press, as the first, the surest remedy to be used.

As a dressing for Cuts, *Wounds, Bruises, &c.*, it is without a rival. Also also in cases of *Burns, Scalds, Frosts, &c.*,—relieving the pain and healing without sore.

FOR TOOTHACHE

It is, nine times out of ten, a *CURE*. We believe it will never fail, using the remedy as directed. If the tooth is hollow, saturate a little lint and put it in the cavity. Hold some of it in the mouth. If the face is swollen bathe with it.

Bathing the head with it is generally a cure for the *Headache*.

We are constantly receiving certificates from every part of the country, many of which may be seen in newspapers, and in pamphlets, which may be obtained of any of our agents.

P. S.—It is the best *HORSE AND OX LINIMENT* in the world.

Please read the following testimonial from John Buchanan, Esq., of Dixmont, Me.:—

DIXMONT, July 11, 1845.

Messrs. Curtis & Perkins,—For nine years past I have been entirely prostrated with the Rheumatism; both of my knees were swelled to twice their original size—a large bunch came out on my breast bone, appearing like a part of the bone thrown out. Another bone was thrown out of my wrist. In short, I endured the most excruciating pains for nearly three years. I obtained the best medical attendance the country afforded, and tried a great number of medicines and prescriptions, without the least benefit or alleviation, when I had the good fortune to procure a bottle of Cramp and Pain Killer, prepared by Messrs. Curtis & Perkins, of Bangor. Soon after taking it I found I could get some rest nights, and the pain became less violent. I have continued to take it and apply it externally, until I have used eight bottles. I took much larger quantities than was recommended.—The swelling has all gone down, both in my limbs and breast, and I am entirely relieved from pain. I have been able to do a good day's work on my farm for the last three months, for a man at my age. No description of my case can convey the vast amount of benefit I have received from this article. I believe it is the best article in the world for Rheumatism. I have also used it for cholic and pain in the stomach, and always found immediate relief.

PLANTAGENET WATER.

Among the objects of attraction at the late Industrial Fair, the celebrated Plantagenet Water held a conspicuous position, and its exhibitor was attended, we learn, with the most favorable results. The demand at the Depot for this health-imparting drought was so urgent that it was with great difficulty the demand was visited to the city could be supplied. The celebrity of these Mineral Springs has been so thoroughly and satisfactorily established that testimony of the most valuable character seems daily accumulating. The highly respectable gentlemen whose name is on our paper of to-day will, if possible, increase their reputation, and add to their value throughout the Province. The testimony of the medical gentlemen is certainly highly favorable to the curative properties of these Springs.—Mess. Nelson & Gibb, placing them above all other Mineral waters on the Continent:—

"I believe I was one of the first Practitioners of this city who recommended the use of the Plantagenet Spring Water, and since that time I have prescribed it to a very large number of my patients with invariable advantage.

"Two members of my family, of feeble and delicate constitutions, have derived marked benefit from the use of the Water. One had suffered all power in the right arm, the result of a severe and protracted attack of Rheumatism; the other was excessively debilitated from derangement of the digestive and alimentary organs.

"The administration of the Water is attended with the happiest result in constipation, arising from sedentary habits, and in aged persons.

"In heartburn, morning sickness, and the other complaints to which women are subject under delicate circumstances, it acts speedily, and effectually, but in these derangements, as well as wherever there is over action of the kidneys and bowels, it should be taken in smaller quantities at a time, but more frequently.

"From all my experience I am well satisfied with the operation of the Water; to weak persons it is quite palatable, and I deem it preferable to any other of the Mineral Waters I am acquainted with. I think with many of the Mineral Waters a great loss occurred by Providence is unthinkable.

"Wm. Nelson, M. D., V. S. Col.,
"Phy. & Sur., Canada Kast."

"Many months experience in the use of the Plantagenet Waters in my practice have fully convinced me of their value as a remedial agent, and I have not had reason on any single occasion to regret their use. I find that they facilitate digestion with the stomach, and always act as a gentle aperient and alterative, and from their composition, they possess, in addition, decidedly tonic properties.

"Certainly, too much has not been said in their favor, for they are, probably, the most valuable Waters on this Continent.

"George D. Gibb, M. D.,
"Licentiate Royal College of Surgeons, Ireland,
"Physician to the Montreal Dispensary.

"Montreal, 8th August, 1850."

The following certificate is from the Hon. Peter McGill, Speaker of the Legislative Council of the Province, and President of the Bank of Montreal:—

"CHARLES ROLLO, Esq.,

"Sir—During the past year you put into the Parliament Water, as well known and so highly recommended by your father, and I feel no hesitation in adding my own testimony to the many others you have received, and doubt not it will be instrumental in strengthen and invigorate the constitution of those who may partake of it. The value of this water has been demonstrated in regard to the cholera, and my own experience of its excellent qualities, fully warrants me in giving my testimony to its beneficial effects.

"Peter McGill.

JOY TO THE BED-RIDDEN.

A VALUABLE DISCOVERY FOR
THE INSTANT CURE OF PAIN.

RADWAY'S READY RELIEF

Cures the worst diseases in Minutes and Hours, and stops the most cruel pangs of pain in Seconds.

SO quick and efficient is RADWAY'S READY RELIEF, in stopping pain and curing disease, that, we frequently assist for disease and misery, raised from a bed of sickness in a few hours. It has frequently cured the worst pains of—

Rheumatism	In four hours,
Neuralgia	In twenty minutes,
The Dolorous	In an minute,
Toothache	In three seconds,
Nervous Headache	In fifteen minutes
Sour Stomach	In five minutes,
Heart-Burn	In five minutes,
Bowel Complaints	In thirty-five minutes,
Cramps and Spasms	In twenty-five minutes,
Diarrhœa	In one hour,
Inflammation of the Bowels	In thirty minutes,
Lodel Inflammations	In ten minutes,
Influenza	In twelve hours,
Hoarseness	In ten hours,
Spinal Complaints, Swellings, Broken Sores, Wounds, &c., it will remove the pain quicker than any other remedy in use.	

LET THOSE WHO SUFFER TRY IT!

It will prove itself in a few minutes. As soon as it is taken internally, or applied externally, its beneficial effects are seen. It is better than all other remedies.

HERE IS THE PROOF.

There is no other remedy, that can claim to subdue the cruel pangs of pain in seconds, minutes, or even hours. They require the patient to use one dose after dose before a favorable change is perceived. Not so with Radway's Ready Relief. Its effects are instantaneous; the first dose that is taken; or the first external application, commences its great work of relief from pain.

BEAR IN MIND,

That Radway's Ready Relief will cure either of the above-mentioned Diseases in one-tenth the time it takes any other Remedy to give even Partial Relief.

TAKING COLD.

This sentence is commonly on the mouth of every person, in order to explain certain complaints. Those who use it often, we think, have but a faint idea of its precise meaning. We will offer an explanation, which we believe to be the opinion of a majority of the most learned physicians. A person, for instance, has been over exerting any particular set of muscles—of the throat, from violent speaking—of the loins, by too much stooping or bending, or, think or any other part of the body; these parts or muscles are, consequently, weakened and relaxed, and become a fair prey for any disease. The person who has been thus acting, accidentally or otherwise, exposes himself to the cold air, the perspiration immediately ceases, and the blood, which had just been circulating rapidly throughout the surface of the body, is repelled inwardly, and is sure to settle in those parts which have been previously wearied and relaxed. Hence then, we have an accumulation of blood, a congestion, which gives rise to all the pain and stiffness attendant upon such complaint. When this takes place in the throat, we have what is called Sore Throat; when in the loins, Lumbago or Stiff Back; when in the chest, Pleurisy. We also have it in the shoulder-blade, side, and other parts.

RADWAY'S READY RELIEF,

Taken Internally and applied Externally.

Its first action, when freely applied, is to blunt the acute sensibility of the part, and almost instantly relieves the pain; its secondary action is to excite perspiration, and redden the parts over which it is applied almost to a glow; thereby determining the blood from the injured parts to the surface. In these cases, the READY RELIEF should be applied freely, at the same time cooling the parts with a piece of flannel, and it will be found in every case to give immediate and permanent relief.

N. B. If convenient, a piece of flannel saturated with the RELIEF, and tied or pinned around the parts, does good service.

A BAD COUGH CURED IN TEN MINUTES.

Mr. Bigdon, of Brooklyn, the celebrated Church Singer and Ordo-Dramatic Player, on the night of the 10th of December was attacked with a severe fit of coughing—so that he coughed from 9 o'clock until 12 o'clock, P. M., without three minutes intermission. One of the Clerks of Radway & Co., who sleeps in the next room, got up and gave him a teaspoonful of the Relief internally, and bathed his throat, neck, and chest; he also saturated a piece of flannel with the Relief, and tied it over his chest. In a few seconds the coughing ceased, he could expectorate freely, and raised with perfect ease a great quantity of phlegm. The Relief instantly soothed the irritation of the throat, and removed the inflammation from the lungs, and gave free action to them, produced a free and copious expectoration of the throat and chest; and in ten minutes he was entirely free from pain, and sunk into a sound and pleasant sleep. In the morning he was free from hoarseness and cough, and has not been troubled since. Let every individual who is troubled with a cough, sore throat, influenza, or hoarseness, pursue the same plan, and we will warrant them a speedy cure.

RHEUMATIC LAMEKERS!

If you have a stiff joint, a rheumatic limb, a swelled leg, a bruise, or any thing short of a broken bone, Radway's Ready Relief will cure you. The lame have been restored to the free use of their limbs. The crippled, who has long been in the habit of using crutches, who has been relieved of his painful afflictions, and enabled to stand erect, to God be praised that Man should cause, by a few drops being taken of the Relief.

RHEUMATIC.

Who has been laid-aside for years, shut out from the busy world, and lingered with pain upon a couch of sickness, deprived of the society of friends, and of the enjoyment of life, has been raised from a lingering death by the soothing, healing, and pain-relieving influences of Radway's Ready Relief. In all cases of Rheumatism, even the worst cases—one trial of Radway's Ready Relief will prove an unanswerable argument in its favor.

BLEEDING AND BLIND PILES.

Are instantly eased, taking the Ready Relief internally—any a tea-spoonful of the Relief in a table-spoonful of Molasses, and make a free use of the Relief, by bathing the Back, Side, and Bowels, and inside the parts affected. If the nerves are very bad, take a leaf of tobacco, dip it in warm water, then wet it with the Relief, and lay it on the nerves, you will have immediate relief and a speedy cure.

AGE VERSUS YOUTH.

Radway's Ready Relief restores the vigor of youth in old age. The old man of seventy is invigorated by its strengthening and exhilarating efficacy; it restores the energies to life—the youth of twenty, whose functions of the body is quickened as a healthy action—and the hitherto dull and sluggish, old man becomes active and vigorous in old age, and his life prolonged to the full number of his days.

FOR ALL PAINS,

Whether internal or external, take Radway's Relief, or apply it externally, it will relieve pain and cure disease quicker than any other remedy.

RHEUMATISM CURED IN TWO HOURS.

Mr. Jones, of Clifton, Va., writes:—A lady in this place has been confined to her room for four months with Rheumatism; she purchased a bottle of Radway's Ready Relief, in the morning, and was able to leave the room, and in the evening she walked out.

HUMAN HAIR.—HYPERION FLUID.—This is a preparation simply adapted to the purposes of a dressing for the human hair, and is the only article of beauty from vegetable ingredients so that its application is perfectly safe. How often do we perceive young ladies with hair nearly gray, or afflicted with baldness, from the influences of the skin of the head, caused by fevers, violent grief, and other mental affections. By a liberal use of the Hyperion, in a short time they will be restored to the delight of a fine head of hair. It has also shown its effect in the action of the skin, and a rich and luxuriant growth of hair, of its original color, will shortly follow. Its effects in cleansing the hair from scurf and dandruff, are truly wonderful. It is offered to the public in the hope of its merits being known to every lady and gentleman's toilet.—*See Advertisement.* 100

RHEUMATISM.

This disease is distinguished as ACUTE and CHRONIC. Acute Rheumatism usually comes on with lassitude and chills, succeeded by heat, thirst, anxiety, restlessness, and severe pains in the joints, which are increased by the motion of the patient, and are attended with a copious discharge of sweat, which does not relieve the patient. Chronic Rheumatism, in which the Acute gradually transitions, is attended with pains in the bones, sometimes in one part and sometimes in another, shifting from one joint to another, and in the other shift from one joint to another, and in the intervals may any fever. It is also that more particularly characterized by the Chronic form, that the Acute, which is the Chronic form, that the Acute, which is the Chronic form, that the Acute, which is
