Rinso

Soak the clothes—that's all!

Cold water and a package of Rinso—a few hours' soaking—and the week's washing is done. No need to heat water—Rinso washes as well in cold water as in hot. And because there is no rubbing or boiling, your clothes last longer and are cleaner and more fresh in color than when washed in the old way.

At Night—
Soak the clothes in the rich cleansing Rinso suds.

Morning—
Rinse them out, that's all!

Is this hard to believe? ONE package of Rinso, enough for a week's wash, will prove it.

WATCH YOUR GUMS—BLEEDING A SIGN OF TROUBLE

Medical science knows how serious is the sign of bleeding gums. For it knows that tender and bleeding gums are the fore-runners of Pyorrhea, that dread disease which afflicts four out of five people over forty.

If the disease is unchecked, the gum-line recedes, the teeth decay, loosen and fall out, or must be extracted to rid the system of the Pyorrhea poisons generated at their base—poisons which seep into the system and wreck the health. They cause rheumatism, nervous disorders, anaemia, and many other ills.

To avoid Pyorrhea, visit your dentist often for tooth and gum inspection, and use Forhan's For the Gums. Forhan's For the Gums will prevent Pyorrhea or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums firm and healthy—the teeth white and clean. Start using it today. If gum-shrinkage has already set in, use Forhan's according to directions and consult your dentist immediately for special treatment.

AWARDED JUDGMENT FOR GOODS DAMAGED WHILE IN TRANSIT

Canadian Express Company Must Pay Montreal Man.

Montreal, Nov. 22.—Another ruling on the liability of carriers for the care of perishable goods given to them for transit has been given in the superior court, Mr. Justice Howard sustaining a claim of Howard U. Clogg against the Canadian Express Company, and condemning that company to pay $763.07 damages.

The company plaintiff ordered 480 boxes of strawberries from St. Louis, Mo., and on June 2, 1918, the fruit was intrusted to the Wells-Fargo Express Company, who sent the consignment forward in good condition in a cold storage car. At Chicago the car was transferred to the Canadian Express Company, who brought it on to Montreal. Here it was found that a portion of the fruit was damaged. Plaintiff disposed of it as best he could, and realized $2,079.81 for the fruit, losing on the sale $763.07, for which he held the company defendant was responsible to him, basing his claim on the law of the civil code.

MOTION IN TOZER CASE IS ADJOURNED

Application To Set Aside Writ Upon Trades Council President Made.

Before Judge Talbot Macbeth Saturday morning, an application was made by J. M. Donahue in the Tozer vs. London case, to set aside the service of a writ upon Frank McKay, president of the London Trades and Labor Council. An adjournment of the motion was granted to J. M. McEvoy, representing the plaintiff, Thomas Tozer, to allow time for the examination of Mr. McKay and other witnesses to fix responsibility, which the Trades and Labor Council of this year disclaims. The labor council is an elective body with a different membership and a different president since two years ago when the happenings occurred, giving rise to the present case in the courts.

RED TRIANGLE NOTES

The first mother and son banquet ever held in the city will be given by the boys of the Y. M. C. A. next Wednesday evening. About four hundred mothers with their boys are expected to attend. The evening will be spent in games and other social activities. It will also give the mothers an idea of the way their boys spend their recreation hours at the "Y," and show the many advantages for physical training that are given by the physical department. The banquet will start at 6:30. Mrs. J. Gemmel will speak to the boys and their mothers. L. M. Houlding, boys' work secretary of the "Y," has arranged to have several women, whose boys are dead, attend and look after the boy members of the "Y" whose mothers have passed away.

The boys' council, representing the different Protestant churches in the city met in the "Y" Sunday afternoon at 4:30 o'clock to consider the request which had been made by two groups in the city for a new election of boys to the council. The council decided it was strong enough to face individual criticisms and continue its winter's program as drawn up. The action of the council has been ratified by the boys' work board.

The Tuxis boys' oratorical contest, which will be held in the boys' department on Tuesday evening, is creating keen interest among the different groups that are in the contest.

R. P. Liddle, industrial secretary of the Y. M. C. A., is completing plans for the winter picnic of the Somerville Paper Box Company in the "Y" next Saturday evening.

GIRLS SHOULD STAY HOME INSTEAD OF BEAUTIFYING SELVES

Opinion of Rev. D. C. MacGregor Expressed Before Audience of Young Women.

"The girls of today need to stay home and assume more of duties of their mothers, instead of beautifying themselves and reading novels," said Rev. D. C. MacGregor, in his sermon to young women on Sunday evening in St. Andrew's Church.

The unprotected young womanhood in our city is to be deplored. When you go down the streets you see young girls standing in store doors, allowing young men who they do not know to speak to them; making chance acquaintances, and you are obliged to say "I wonder where there mothers are?" It points out a great loosening of parental authority. Mr. MacGregor denounced the craving young women have today for amusement. He said they were inclined to get sick of home life. They see too many moving pictures, and then want limousines, fur coats and other sorts of things which a young man finds too expensive and sometimes he takes property which is not his own. If a young woman would consider more the character and worthiness of the young man there would be a great many more happy lives.

"Another thing to be deplored is the smoking of cigarettes by young girls. It lowers womanhood, and is in the least most disgusting, and not at all clever as some young people are given to think." Mr. MacGregor held Mary Magdalene as a fine type of womanhood in Bible history. He advocated that young people read Ruskin's "Sesame and Lilies."

LACK OF EFFICIENT TEACHERS OF GOSPEL

Must Take Greater Pains in Teaching Young, Says Rev. Fallis.

"The Christian Church is facing a disastrous situation in the world today," said Rev. S. W. Fallis to a large congregation at the anniversary services of the Colborne Street Methodist Church Sunday morning. "There is a great lack of efficient teachers of the Gospel both of the children and the people. Several clergymen are leaving, whether it is because they are being superannuated or whether they are leaving because they can get more money at other business, I do not know. Several of the ministers are leaving the church because that was not their calling. All young men who take up the ministry should first take into consideration, whether they are fit for it or not.

"When a young man takes his oath of allegiance to the Lord Jesus Christ he is ready to serve and many of the young men in the ministry of today are not doing this. They think that Christianity will come into the world without work, as did some of Christ's disciples' teachings of the Lord Jesus Christ, and spread the doctrine around the world as the mustard seed spreads from one place in the field to the other. When this work is completed, the Kingdom of God and our Lord Jesus Christ will come."

He urged that we should not leave it to certain families to preach the word of the Lord Jesus Christ throughout the world. He said that one family he knew had every member of it a missionary in China.

"As a church," he continued, "the time has come when it must take greater pains in the teaching of its young to study the Word of God. It is up to the older members of the church to set an example and for us to practice what we preach. We should not hesitate to do what the minister asks us to do in helping to impress upon the minds of the young the fact that the wages of sin is death, and through God comes eternal life," he concluded.

FAREWELL AND WELCOME

Seventh Day Adventists Present Elder With Purse and Welcome New Preacher.

Saturday evening a number of the members and adherents of the Seventh Day Adventist Church met at the home of Mr. and Mrs. McConnell, 364 Eva street, to bid farewell to Elder Cardy and his wife, the former having had charge of the church for several months.

A welcome was also given Elder Caplin and his wife, formerly of London, and late of Rochester, N. Y., who will change places with Elder Cardy.

A pleasant evening was spent in games, music, etc. Instrumental and vocal music were rendered by the Misses MacDougall and Smith, and Mrs. Robinson. Readings were given by Mrs. Gadd and Miss MacDougall. Mr. McConnell, the host, acted as chairman.

During the evening an address was read by Mr. Bowman and a well-filled purse and two boxes of beautiful cut flowers were presented by Mr. McConnell to Elder Cardy and his wife. Elder Cardy replied in feeling terms and thanked the friends for all their kindness.

Mr. McConnell made a short address, expressing the sorrow of the friends in losing Elder Cardy from their midst, and the great work he had been privileged to engage in for the church and community. He also welcomed Elder Caplin and his wife.

Elder Caplin replied at some length, and spoke of their labors in Rochester, N. Y., and of the great and noble work they were trying to accomplish in the name of the Master.

An excellent lunch was served, after which all joined in singing "Blest Be the Tie That Binds."

MAY WIDEN STREET

Land at Windsor Would Be Bought From Grand Trunk.

WINDSOR, Nov. 21.—Negotiations are to be opened by the council with the G. T. R. for the acquiring of considerable land for the widening of Sandwich street, along the riverfront, from Goyeau street to the Walkerville Bridge.

The widening of Sandwich street, which connects all the various border municipalities, and is one of the main arteries of traffic, has been a live topic for several years. It assumed the proportions of a probability with the visit to Windsor Saturday of E. Donald, land agent for the Grand Trunk, who expressed the company's willingness to negotiate with the city. The matter will come up for consideration at Monday night's meeting of the council.

DAMAGE $2,000,000 IN WATERFRONT FIRE

NEW ORLEANS, Nov. 20.—Damage, estimated at approximately $2,000,000 was caused by a waterfront fire here today, which the fire authorities believe was started by sparks from a switching engine.

The fire broke out in a new banana wharf, destroyed that pier and quickly spread along the riverfront until the docks for a length of four squares were aflame. Two vessels tied up at the burning wharf were towed to safety.

Seven million feet of lumber belonging to the Government caught fire and much was destroyed.

PREMIER DELAYED WHEN AUTOS BREAK

Journey Back To This City Was Unexpectedly Lengthy.

AYLMER, Nov. 21.—According to stories received here today, Premier and Mrs. Meighen will long have cause to remember at least their return trip from here to St. Thomas, owing not to any fault of the roads, but to the breakdown of two automobiles.

The premier and his wife left the town, amidst a great ovation, in an auto owned by L. H. Dingman, proprietor of the Times-Journal, St. Thomas. The car carried eight passengers and apparently resented being overloaded, as it broke down near New Sarum, less than half the distance.

A passing Ford car was commandeered to take Mr. and Mrs. Meighen into St. Thomas, but this car apparently bucked at the effort made to bring it into the Railway City in time for the premier to make connection with the last L. and P. S. car for London, where his own private railway car awaited him. It, too, broke down at Yarmouth Centre, leaving the party stranded between three and four miles out of St. Thomas.

A good Samaritan, however, was found in a passing farmer, who took Mr. and Mrs. Meighen into St. Thomas, from whence, it is understood, the remainder of the journey was made to London by auto.

INJURY SUSTAINED IN BOXING BOUT CAUSES DEATH OF STUDENT

Burlington, Vt., Nov. 22.—Donald R. Hendrick, of Franklin, a 23-year-old freshman at the University of Vermont, died in a hospital early yesterday from the effects of an injury sustained when he was knocked down in a boxing match at the university gymnasium Saturday night.

The bout was part of one of the annual freshman-sophomore activities and Hendrick was pitted against Thomas Purcell, a sophomore, and a member of the 'varsity oothall team. A minute after the match started Hendrick was knocked out with a swing to the jaw. When he fell his head hit the floor beyond the mat.

An autopsy performed yesterday showed that death was caused by a cerebral hemorrhage. No action was taken against Purcell.

RUMORS OF BIG TRADE.

Cincinnati, O., Nov. 22.—Although officials of the Cincinnati baseball club say there is "nothing definite," rumors persist of a big trade between the local club and the Chicago Nationals. It is said that Groh, Neale, Kopf and Ruether will go to Chicago in exchange for Alexander, Hollocher and other Cubs not as yet mentioned.

STRANGE POISONING!

The most eminent physicians recognize that uric acid stored up in the system is the cause of rheumatism, that this uric acid poison is present in the joints, muscles, or nerves. By experimenting and analysis at the Invalids' Hotel and Surgical Institute in Buffalo, N. Y., Dr. Pierce discovered a combination of native remedies that he called "An-uric"—which drives out the uric acid from the system, and in this way the pain, swelling and inflammation subside. If you are a sufferer from rheumatism, backache, pains here or there, you should obtain "Anuric" at the drug store; or send Dr. Pierce 10c for trial package. "Anuric" is many times more potent than lithia.
