Brown's Shakers'

PURE FLUID EXTRACT OF ENGLISH VALERIAN, (Valerian Officinale.)

Manufactured by the United Society of Shakers, on a process peculiarly their own, from the pure green root, imported from England and raised by themselves, and from which only, and active property of the Valerian can be obtained. It is highly approved of by the Faculty. Physicians and others are respectfully invited to give it a fair trial.

Price, twenty five cents a bottle, or two dollars and fifty cents a dozen, with liberal discount to wholesale dealers. Directions accompany each bottle.

FRIEND SAMUEL BROWN, Estfield, N. H.

You ask me to give my opinion of the Fluid Extract of Valerian, which you prepare. When it a secret remedy or a patent medicine, I certainly would not reply. But from the honourable ground which you have taken in this matter, and knowing also the labor you have bestowed upon this preparation, I am willing to give publicity to my opinion of the preparation referred to. Ever since our knowledge of organic chemistry has been so much increased, we have found out that many very excellent remedies are in the natural state so combined and associated with other principles as to render them in a great degree useless to us. This was remarkably the case with the Valerian. We could not use it as often as we wished, because of the great bulk both of powder and infusion which it was necessary to throw into the stomach in order to get a full effect. Nausea and even vomiting resulted from the large doses. This compelled us to abandon its use. Chemistry showed us that the active principle is a peculiar acid (the Valerianic acid) which exists only in small quantity in the root. In your method of preparation this active principle is detached from the nauseating constituents of the root, and obtained in solution. We may then look upon your Fluid Extract of Valerian as a solution of Valerianic Acid. The action of this article upon the nervous system is most happy in all cases where the sum total of nervous energy is below the healthy standard, and it hence becomes a most important remedy. We owe you and others many thanks for putting so valuable a remedy as the Valerian into a convenient shape for use.

Yours respectfully,
EDWARD E. PHELPS, M. D.
Prof. Therapeutics and Mat. Med. in Dartmouth college.
Windsor, Vt., March 15, 1843.

The above invaluable Preparation is signally efficacious in all Nervous and Hysteric Affections, Sleeplessness, and Sick Headache, producing quiet and tranquil sleep, and leaving no unpleasant sensations after its use,—the inevitable result of Opiates, Camphor, and the many articles usually administered.

Having had an opportunity of giving a thorough trial to Brown's Shakers' Fluid Extract of Valerian, and having seen its good effects especially manifested in a severe case of Tic Douloureux, I have no hesitation in saying that I consider it superior to any other form in which the Valerian is ever used, and as eminently deserving the attention of the medical profession.

OBSTRUCTIONS OF THE LIVER, BILIOUS COMPLAINTS, DR. HALSEYS GOLD AND SILVER PILLS.—Out of the "thousand and one" disorders which are the means of hurrying mankind to their final doom, more than one half arise from obstructions in the liver. This important organ, when in a healthy condition, secretes the bile and blood, but, of itself to perform its proper functions, excess of bilious matter accumulates—the worn out principle of the blood continues in the circulation, and like a slow but malignant poison, diffuses itself throughout the whole system, finally giving rise to some dreadful malady. It may break out in the form of some dangerous Fever or Liver Complaint, Jaundice, or Rheumatism, or Scrofula, or some prevailing epidemic; in fine, a morbid state of the liver stomach, and bowels, is the great cause which predisposes the system to every class of disease.

DR. HALSEY'S GOLD AND SILVER PILLS are known to be the most excellent remedy in the world to bring the liver to the performance of its proper functions, and to cleanse from the stomach and bowels all viscid and putrid matter. Were Dr. Halsey's Pills always resorted to when symptoms of sickness, or excess of bile are apprehended, a vast amount of suffering would be prevented, and many lives saved who otherwise, from the use of bad medicine, would go prematurely to the grave.

As there are many bad pills in the market, the public should bear in mind that unless Dr. Halsey's signature is on the label of each box, they cannot be genuine, and that they are only for sale by H. G. Kinnear, 20, Dock street, and at Dr. Halsey's office No. 2, Courtlaud street, New York. Price, only 25 cents for the box, containing both the Gold and Silver Pills.

To intending EMIGRANTS from New-Brunswick!

THE CANADA COMPANY would submit to the serious consideration of all parties who may contemplate leaving New-Brunswick, whether the Western section of Canada, (formerly the Province of Upper Canada,) does not offer every inducement for them to settle there, rather than that they should proceed to the United States. In Upper Canada they will find a most healthy climate, the soil very fertile, and abundance of excellent Lands, to be obtained upon easy terms, from the Government and the Canada Company. The great success which has attended settlement in Upper Canada is abundantly evidenced by the prosperous condition of the Farmers throughout throughout the Country; and is also shewn by the success of many natives of New Brunswick and Nova Scotia, who have settled in many Townships of the Country; and the individual progress made by several thousands of people, who have taken Lands from the Company, corroborates the success which has attended settlement in Upper Canada.

The Canada Company's LANDS are offered for sale by way of LEASE for *Ten Years*; or for SALE, CASH DOWN. *The plan of 1 5th Cash, and Balance in Instalments, being done away with.*

The Rents payable 1st February each year, are about the Interest at 6 per cent., upon the Cash Price of the Land. Upon most of the Lots, when Leased, NO MONEY IS REQUIRED DOWN: whilst upon the others, *according to locality, One Two, or Three Years Rent* must be paid in *advance*, but these payments will *free* the settler from *further* Calls, until the second, Third, or Fourth Year of his Term of Lease.

The Settler has secured to him the *right* of converting his *Lease* into a *Freehold*, and of course, *stopping payment* of further Rents, before the expiration of the Term, upon paying the purchase of Money specified in the Lease.

The Lessee has thus *guaranteed* to him the *entire benefit* of his *Improvements* and *increased value* of the Land he occupies, should he wish to purchase.—But he may, if he pleases refuse to call for the Freehold: the *option* being *completely* with the *Settler*.

A Discount, after the rate of Two per Cent. will be allowed for anticipated payment of the purchase Money for every unexpired year of Lease, before entering the Tenth Year.—The Lessee has also secured to him the benefit of the SETTLERS' SAVINGS' BANK ACCOUNT.

☞ The Canada Company have published "*A Catechism of Information for Intending Emigrants, of all classes to Upper Canada;*" copies of which, as well as further information, may be obtained *gratuitously*, by applying at the Office of G. CHEAP READING

NOW IS THE TIME TO SUBSCRIBE FOR THE

ST. JOHN CHRONICLE.

AT the commencement of the coming year, the Proprietors of this Paper purpose to enlarge and very much improve its appearance. The contents of the Paper will be judiciously prepared, so that the Farmer, the Mechanic, the Merchant, the Business man, the Man of Science, and the Moralist, will at all times find articles to interest him either by entertainment or instruction.

The TERMS of the Paper will be continued same as at present—

12s. 6d., in Advance;—$3 if not paid until the termination of the year:

But as the Proprietors intend to discontinue, as far as practicable, the *Credit system*, and stop the practice of making *good subscribers* contribute for those who *never pay*, they offer the following

Inducements for Clubbing,

by which means parties will be able to procure a valuable Family and Business Newspaper at a CHEAPER RATE than any heretofore offered in this Province. They propose to send

For $10 IN ADVANCE, 5 copies of the Chronicle, *to one address*, to any part of this or the Sister Provinces, for One Year;
For $20 in advance, 11 copies for One Year;
For $40 in advance, 24 copies for One Year;
Mind! IN ADVANCE, and to one address.

☞ Persons intending to subscribe from the 1st of January next, by forwarding their names, will have the intervening numbers sent FREE OF CHARGE.

All orders must be post paid, and addressed to
DURANT & CO.
Chronicle Office, Saint John, N. B.

FURTHER NOTICE,
TO DELINQUENTS.

☞ The Proprietors of the Chronicle FOR THE LAST TIME request that all Old Debts may be settled forthwith, according to previous notice, to first September last. Those who cannot pay the whole amount due, may pay as part, or give us a note for their respective amounts. We will also take COUNTRY PRODUCE, of ANY THING SUITABLE in season, to accomplish a settlement; *but settled they must be, without further delay.*—We are unwilling to resort to expensive law proceedings for recompense for past labors and materials furnished to delinquent Subscribers—a course as unpleasant to us as it is dishonourable *to them*; we therefore hope, that they will avail themselves of our present liberal offer, and *settle in some way or other.*

☞ A List of those *hard customers*, several years in our debt, will shortly be prepared and published, in order to save the trouble of repeatedly making out accounts, and the expense of forwarding them by Post. Subscribers in arrears will then see at a glance the amount of their respective accounts, and will possess the advantage of always having the amount before them on reference to the paper in which it will be advertised until paid.

PANTECHNETHECA, Dec. 8.

NOTICE.

NOW preparing for the Press, by THOMAS HILL, and will be published as soon as a sufficient number of subscribers are obtained a new work entitled

"The History and Defence of Orangeism."

This work will be found compiled with all possible care; it will be neatly bound, and contain about 300 pages. It will contain a sketch of the History of Ireland from the Massacre of 1641, down to the present time; with copious extracts relative to the Great Rebellion of 1798,—it will contain authentic accounts of the rise and progress of Orangeism (embracing a sketch of the character of its founder, William III.) and go thoroughly into the history of the Parliamentary enquiry concerning that Institution, in 1835. The slanderous attacks of its enemies will be considered, and answered, and the conduct of the members, *upon all occasions* whenever their country required their services; especially in the years 1798 and 1848.—The history of the rise and progress of the Association in the British North American Colonies will also be given, and the malignant attack made upon the Institution in March last, in the New Brunswick House of Assembly, by James Brown, Esquire, refuted. In fact, this work is intended as a book of reference, which every true Protestant would do well to possess himself of.

Subscriptions received by Thomas Hill & John Bowes, St. John; George Anderson, Fredericton; Joseph Connell, Woodstock; and Joseph L. Mullin, Gagetown.

TERMS: 100 copies for £15; 50 copies for £8 15s; 20 copies for £3 15s; 5 copies for £1; and single copies 5s. each. Dec. 1.
