BRITANNIA
LIFE ASSURANCE COMPANY,
No. 1, Princess Street, Bank, London.
CAPITAL—ONE MILLION STERLING.
Empowered by Special Act of Parliament, 4 Vict., Chap. 9.

REDUCED RATES OF PREMIUM—HALF CREDIT RATES OF PREMIUM.

THE great and decided success which has attended this Institution, has induced the Directors to REDUCE the RATES originally required in British North America, to the ordinary European Rates. The result of such Reduction is to enable parties to avail themselves of the important benefits to Life Assurance at *much lower Rates of Premium than those of any other Assurance Company transacting business in Canada.*

The Directors have also resolved to extend to British North America the advantages afforded by the HALF CREDIT RATES of PREMIUM which have been so highly approved, and are so generally adopted by Policy Holders in the United Kingdom. The most liberal conditions are likewise offered to the Assured in the limits to which they may be extended, or may be transferred to other parts of North America without affecting the validity of their respective Policies.

PETER MORRISON,
Resident Director.
London, January 1, 1847.

Subjoined are some remarks from two of the leading Medical Periodicals of the day:—

From the Medical Times, August 25, 1849.

"But it is not easy to obtain pure Cod Oil. That which comes from Bergen and the coast of Normandy is obtained from the boiled livers of ray-fish, *R. batis* and *R. clavata*; a variety from Norway is procured from the roes and entrails of the gadus species boiled together; and some sent from Senegal to France is obtained by roasting the entrails of a species of crab, *C. ruricola*. Under these circumstances, it is gratifying to know that Messrs. Langton, Brothers & Scott, of Upper Thames Street, have established a manufactory of Cod Liver Oil at Newfoundland, under the management of a medicinal chemist. We have received a specimen of their Oil; it is remarkably pure, and we strongly recommend it to the consideration of our readers."

From the Lancet, October 13, 1849.

"The chief points in favor of Messrs. Langton and Scott's Oil are, first, its [illegible] purity; secondly, its being devoid of rancidity, the most agreeable, both in taste and odour, or rather the only one that is agreeable at all.

"We hereby certify that we have examined a specimen of Cod Liver Oil, manufactured, to order for this purpose by Messrs. Langton, Brothers & Scott, with a slight but not offensive odor and a bland taste. It is very fluid, and in consistency and general appearance resembles good Florence oil.

"We are of opinion, from its purity and the absence of any unpleasant odour or flavor, that it is preferable for medicinal use to those samples of Cod Liver Oil which have hitherto come under our notice.
