Chocolate Creams 15c lb. at Evangeline Kandy Kitchen, next to Book Store.

A bad wash-out on the road near Hantsport has interferred considerably with the running of trains on the D. A. railway during the past few days.

We are informed that our young townsman, Mr W. V. Jones, son of Dr Jones, who graduated recently from the Montreal Veterinary College, intends beginning a practice in Wolfville.

Owing to the scarcity of crude, and the consequent increase in cost of refined oils, prices have advanced during the last few days to the extent of one cent per gallon retail. This advance pertains to Canadian, as well as American.

The management of the D. A. railway has just issued a very pretty little "guide," containing a complete calendar, good illustrations of the "Land of Evangeline" and information relating to it. It is the neatest thing of the kind it has been our good fortune to receive.

If you have any pictures to be framed bring them along now to the Wolfville Book Store.

A telegram was received in Wolfville on Tuesday announcing the death of Mrs W. W. Hays, of Woodstock, N. B., a sister of Mr R. E. Harris and Mrs Burpee Witter, of this town. The deceased was a devoted Christian lady, and was highly esteemed wherever known. Her death will be heard of with sincere regret by a host of friends. The ACADIAN joins in sympathy for the bereaved family and friends. Mr Harris and Mrs Witter left on Wednesday morning to attend the funeral.

We understand that a number of our enterprising citizens are making arrangements for the construction of a "gasoline launch," which is to be used for a pleasure boat on the basin. The craft will be twenty-seven feet in length, and capable of accommodating a company of twenty-five. She will be fitted with all the modern improvements, and will steam from sight to ten knots. The company is composed of the following gentlemen: Messrs D. R. and G. W. Munro, A. J. Woodman, O. D. Harris, and T. L. Harvey. Work will be begun at once, and the "launch" is expected to be ready for business early in May. Such a craft will be a great convenience and accommodation to tourists and our people generally, and should prove a good investment for the promoters of the scheme, who have our best wishes for success.

Gymnasium Exhibition.

Notwithstanding the rain and bad walking of Monday evening about two hundred persons gathered in the Gymnasium Building to witness the exhibition given by the students of the college and academy. Seats placed around the inside of the building in what is used for a running track were sufficient for all and gave a good view to every spectator present. At eight o'clock the first drill was called on and for two and a quarter hours the audience was entertained by a good exhibition of gymnastics consisting of drills with Indian clubs, wands, dumbbells and poles, free work on trick parallel bars, horizontal bars, rings and mats, tumbling and building of pyramids. The most amusing number was the "lazy club" which was greeted with hearty laughter and great applause. The work on the horizontal bar was very clever and in this department special mention should be made of Mr H. A. Purdy. The mat work and tumbling showed practice and nimbleness, from the simple roll of the whole class to the airspring of Mr H. Babbit. The pyramids came last and were fitting endings for the entertainment, for here both muscle and dexterity were displayed. Seven young ladies participated in four of the drills and did their parts well. Music accompanied the marching and some of the exercises. The whole programme reflected great credit on Mr S. H. McCready the instructor who has had charge of the gymnasium for the past three years. The students have been asked to repeat it but will probably give another exhibition of more advanced work in June.

The Easter Youth's Companion.

The *Youth's Companion*, always good, has a way of outdoing itself! The Easter Double Number just received is an issue of rare excellence. Its handsome and appropriate cover is a fitting introduction to its contents.

"Dorothy's Easter," and "A Corner in Eggs," in this number, are two Easter stories charmingly told, stories to be read and enjoyed by every member of the family. "The Story of a Statue," by the Marquis of Lorne, prepared for The *Companion* in collaboration with the Princess Louise, is an article of unusual interest. "The Romance of a Shoal," an adventure story by W. Clark Russell, is one of the best from the pen of this noted writer.

The reader will find in this Easter Number of The *Companion* a rich treat of the very best stories, poetry, practical information and miscellany for which The *Companion* has become famous the world over, and this number alone is well worth the cost of the paper for an entire year.

School Board Meeting.

There was a meeting of the School Board on Tuesday last. Present, J. W. Caldwell, Geo. W. Borden, F. J. Porter and J. B. Davison. The chairman being absent, J. B. Davison was called to the chair. To meet the requirements of an increased attendance it was found to be necessary to purchase four more desks and seats at a cost of $12.50. An application from Principal Godfrey asking for five modulators, a "Standard Dictionary" and a cheap set of physical apparatus for the school was taken up and after considerable discussion, and explanation from Principal Godfrey, who was present, in reference to the necessity of having the above named requisite if the school was to maintain a first class standing, it was resolved that they be purchased provided that they would not cost over fifty dollars.

A bill from J. W. Caldwell for three cords of wood amounting to $9.60 was ordered to be paid.

Janitor Toye reported that the fire pots in the furnace were burned out and would have to be replaced by new ones during the vacation. No action taken on this matter.

Rev. C. C. Burgess is here in the interest of the Baptist Book and Tract Society, and has given pastor Simpson valuable assistance at several evening meetings last week, as well as preaching for him at the morning service on Sunday last, to a packed house. The sermon was highly appreciated. The house was filled again in the evening to listen to a sermon by the pastor and witness the ordinance of baptism, and to participate in a social after-service. Special meetings, in the evenings, are being continued this week. The religious interest is unabated.

Mr Charles Ells and Mr E. Wetherbe returned from the "States" last week.

Important to Wolfville Singers.

A most excellent opportunity to learn vocal music will, the ACADIAN is informed, likely soon be afforded the people of Wolfville and its vicinity.

Herr Karl Dœring, (a brother of Herr Dœring, the celebrated celloist), who arrived in Halifax in November 1893, to teach vocal music in the Dœring-Bauer Conservatory of Music, has intimated his willingness to teach a limited number of private pupils in Wolfville. Herr Karl Dœring is best qualified to teach vocal music. He has studied for several years under Prof. Heffman of Berlin, Prof. Hermann of Bavaria, and Prof. Galliera of Milan, (Italy), who are among the most celebrated and successful masters in Europe. Herr Doering possesses a voice almost wonderful in richness and compass. He has sung in grand opera in Munich and other continental cities. He is a patient and persevering teacher who has the happy faculty of inspiring his pupils with much of his own enthusiasm for his art. Herr Doering speaks English fluently. He has made many friends in Halifax and Windsor, where he is known to be a gentleman worthy of respect and confidence.

We understand his terms will be moderate; and we feel sure that many persons will take advantage of the exceptional opportunity to receive instruction in vocal music which will soon be afforded them.

Persons wishing to take lessons may obtain full information as to terms, etc., at Mr Rand's drug store, where a list will be opened for those desirous of taking lessons.
