SIXTY CARS ARRIVE

Receipts of live stock at the Union Stock Yards on Thursday were 60 carloads, comprising 494 cattle, 2755 hogs, 418 sheep and lambs, and 21 calves. Real good quality feeders, 800 to 900 lbs., were in demand at $6.60 to $6.75, and even $7 was paid for something choice.

CANADIAN NORTHERN IS MEETING OBLIGATIONS

Nearly Nineteen Millions Indebtedness Discharged Since May.

OTTAWA, Jan. 14.—It is stated here that despite the great financial strain of the war the C.N.R. is carrying out its undertakings with the government in most satisfactory style. In May last the railroad undertook to wipe out as it became due over twenty-one million dollars of capital indebtedness. Of this nearly nineteen million has been paid, or all that is due—the remainder being drawbacks on work not yet completed.

MORE GOOD NEWS.

Secretary Redfields says that the indications are that the United States trade balance in January will overshadow that of December, when the large total of $110,000,000 was shown. It is believed the increase this month will total $30,000,000.

WINNIPEG MAKES RECORD IN WHEAT

Strong Inquiry for Export Continues—Offerings Too Small for Demand.

Canadian Press Despatch.

WINNIPEG, Jan. 14.—New high records in wheat prices were registered today. Opening figures were ⅝c to ⅞c higher, and during the first few hours of business further fractional advances took place. Previous to noon May wheat was sold at $1.40⅝, and July was bid at $1.41½, with trading fair and the most of the wheat going into strong hands. Overnight offers for export were all taken up, and inquiry was strong again today. One exporting house during the opening hours had fixed for over 150,000 bushels, and this at the highest price yet received. The cash situation is stronger than ever. One broker said that the demand for cash wheat was the strongest in the history of the market, and offerings were fewest.

Inspections on Wednesday were 159 cars, against 118 cars last year, and in sight today were 120 cars. Wheat futures closed ¼c to ½c higher, cash ½c to 1¼c advance, oats unchanged to ⅛c up, and flax 6¼c to 6⅝c higher.

U.S. WHEAT EXPORTS MAY END IN APRIL

Active Buying of Grain Reported by Five Governments of Europe.

Canadian Press Despatch.

CHICAGO, Jan. 14.—"Exports to end soon," was the cry that today sent wheat flying up almost out of sight at $1.43⅝. There was apparently plenty of reason for assertions that unless the call from Europe lessened soon, the United States would have no wheat to ship abroad after March.

Flour at retail continued to rise. Flour which formerly sold at retail at 70c a sack, went today to the householder at 90c. The dollar sack was said to be in sight.

Exportation is figured at the rate of eight million to ten million bushels a week. If this rate continues not a bushel of wheat may be left for export in April, May or June.

The minority of farmers who still own wheat were said to be in many cases hanging on for $2 a bushel. Approximately 25 per cent. of the 1914 crop is estimated to be still in the hands of the farmers.

German export of rye to all of Scandinavia has ceased and Sweden, Norway and Denmark are now buying here.

The governments which are direct purchasers in the United States are the Swiss, Greek, Italian, Dutch and French. So far the British Government has done nothing as a government, but Great Britain's food supply is said here to be down to a 60-day basis and if Great Britain as a government should enter the market the result, in the opinion of Chicago experts, would be hard to foresee.

AUSTRIAN NOBILITY TO BUY AMERICAN STOCKS

Canadian Press Despatch.

GENEVA, Jan. 14.—Swiss banks are receiving large sums of money and scrip from members of the Hapsburg family, members of the Austrian aristocracy and Vienna financiers as deposits and also large orders to buy American securities. Recently one Austrian archduke sold a large estate in the Tyrol at virtually half its value for cash.
