Local Matters.

RAIN last Sunday.

WEATHER continues very changeable but mild.

REV. W. Camp baptized one person last Sunday. Another candidate has been received for baptism. Special services are still continued.

SPRING-LIKE.—Last Monday, Feb.18, Luther, son of Capt. C. T. Wood, of Hillsboro, brought to the OBSERVER office a lively, well-developed butterfly which he had captured that day.

PROVINCIAL APPOINTMENT.—Henry F. LeLatchy, barrister-at-law, to be judge of probate, *pro hac vice*, in the matter of the estate of David Stiles, late of Hopewell, in Albert County, deceased.

DECLARED VACANT.—The Riverside Presbyterian Church is to be declared vacant next Sabbath afternoon, Feb. 24, by Rev. Mr. Baird, minister elect of Shediac. Rev. Mr. Watson will preach for Mr. Baird at Shediac on the same day.

NEW ORGAN.—A new imitation organ was placed in the Surrey Methodist Church this week by Mr. Edward Crawford (who advertises in THE OBSERVER.) The organ is a beautiful instrument and our Methodist friends are to be congratulated upon securing it.

CLOSING BUSINESS.—Miss E. A. Mainwaring, being about to close up her business in Hillsboro, requests all persons indebted to her to kindly settle their bills before the last day of February instant. All accounts unpaid at that date will be placed out for collection.

Hillsboro, A. Co., Feb. 6, 1889.

A NUISANCE.—Dogs are becoming a great nuisance in this village. They are so numerous that one can scacely move along the street for them, while their dolorous strains are even more distracting than the Salvation Army music. The County Council should impose a tax on all dogs and see if the number of little pests would not thereby be greatly lessened.

WHERE TO BUY.—Persons requiring boots, shoes, rubbers, overshoes, or slippers should call on Bliss Duffy, Main Street, Hillsboro, He has just received a choice assortment which he is prepared to dispose of at a very small advance on cost. Bliss is honest and square in his dealings and his sotck can be depended on. He keeps first class workmen and can make boots to order at shortest possible notice, satisfaction guaranteed. Do not fail to give him a call. Read his new advertisement in this issue.

TOO ABUSIVE.—Mr. Geo. H. Steadman is clever and a pleasant speaker but he is altogether too personal and abusive in his remarks and should be frowned down by all parties. The fact is he has been in the com any of the *Maple Leaf* crowd so long that it has become second nature to him to slander and abuse his political opponents. The grits thought it all right till he "gored their own ox" but now they appear to be horrified. It is hoped that their repentance is genuine.

TO CORRESPONDENTS.—Letter from D. H. C. received too late for this issue.

"Broadleaf's" communication too personal for our columns.

"Observer" should remember Mr. Emmerson was excited and scarcely knew what he was doing when he referred to his mother and family. Mr. E's. mother is a highly respected, christian woman and we would not for any consideration publish anything derogatory concerning her even though her son, under great provocation, thoughtlessly made a statement that might be construed to look as though she was inconsistant in some respects.

BETTER THAN EVER.—It did seem as though the seedsmen outdid themselves last year in the line of elaborate catalogues. but here comes Vick's Floral Guide for 1889, from Rochester, N. Y., better than all previous issues, "Better" hardly expresses it—rather, we should say, far superior. It has been changed in every respect; new cuts, new type, enlarged in size (opening like an old fashioned singing book:) contains three elegant lithographs (8x10½ inches) of Roses, Geraniums and Melon and Tomato; besides a very fine plate of the late James Vick and his three sons who now own and manage this large business. These features must make the Floral Guide valuable to their many thousands of customers in this country.

We also notice that Vick returns to the plan started by the founder of the business years ago, of offering cash prizes at the State Fair. One would think they were a little out of their heads to offer to the public such a work as the Guide free, for that is what it amounts to, when they say it will be sent on receipt of fifteen cents, and that a certificate good for fifteen cents worth of seeds will be returned with the Guide.

LECTURE.—Rev. W. J. Stewart of Portland, St. John, opened the Hillsboro W. C. T. U. lecture course, last Tuesday evening. His subject was "Who is my Neighbor?" and his remarks were listened to with very deep interest. At the commencement of his remarks he extended congratulations of the Portland W. C. T. U. to the Union of Hillsboro and spoke of his great interest in the women's work, after witnessing the grand results of 7 year's labors in his field. He founded his remarks upon the parable of the man who fell among thieves, etc. He defined what he considered the term neighbor included and pointed out our duties to our fellow men. He referred to some of the dangers that beset the traveller through this world, showing clearly the evils of intemperance. He earnestly appealed to the public to aid the W. C. T. U. in its noble and christian work. As a result of his appeal to the ladies nine new members were added to the Union at the close of his lecture.

The first lecture of the course was a decided success in every respect and the ladies are greatly encouraged in their work. The next lecture it is expected will be delivered in the Surrey Methodist church at an early date.

Petitcodiac Notes.

The fatal accident which occurred on Saturday at the crossing at the "Scott Road," near Salisbury, seems to have been the result of the horses taking fright at the train and "bolting." The horses were struck by the driving crank, at the side of the engine, and thrown a distance from the rails. The driver was not struck by the engine at all but while trying to control the team was pitched over with them and when found was beneath one of the horses. The name of the young man is Gilbert Cochran, son of Thomas Cochran, Lutes Mountain. He lived fully an hour after the accident and was living when brought to Petitcodiac. The usual inquest was held.

Freaks of the weather. On Monday morning we had a thaw, in the afternoon a snow and hail storm with wind N. W., At nine p. m. wind was N. E. with heavy hail and at 1 a. m, Tuesday, two vivid flashes of lightning with thunder, and at 5 a. m. a thaw with a storm of south west wind. It would be rather difficult to find an equal to their changes in so short a time,

Harvey Notes.

The people down this way are, as a rule, exceedingly careful about fire. And well they may be as there is not so much as a compressed pump in all the regions round about. When once a building is afire it is sure to go. This was the case, last Sunday, with Mr. William Sprague's barn at New Horton. The children, it appears, were playing in the barn but went outside and made a fire. A boy living in the family saw it and thoroughly extinguished the flames but did not look into the building. A fire had been made there also. Shortly after going to the house with the little culprits some one looked out the kitchen window and saw the barn ablaze. But the flames had advanced so rapidly that it was not only impossible to save the barn but most of the contents were destroyed. The loss includes four head of cattle. mowing machine, raking machine, truck waggon, carriage and a large quantity of hay.

Necessity is certainly the mother of invention. The other day an economic housewife made what was regarded as slpendid ginger bread. But when the loaf was nearly gone someone discovered that it was minus the ginger.

Special services have begun in the Harvey Baptist church. On account of a terrible storm Monday evening (the first meeting) the audience was light. But Rev. J. F. Kempton, of Hopewell, who is assisting the pastor here, preached an eloquent and pungent discourse; and the faithful are looking expectantly for brighter days.

Elgin Notes.

The interest manifested in this parish in the coming election is of the most meagre kind. Should the 23rd be a fine day, the lumbering and other interests will take the attention of a much larger number than the polling booth; without there be a superabundance of boodle.

Seven of the tubes, in the interior of the boiler, in the steam saw mill of Messrs. Steeves Bros. & Godard were boiled dry, and burned off, on Thursday night the 14, thereby seriously damaging the boiler and for the time being obstructing the work.

A large and valuable rotary saw in the factory of Messrs. C. & S. Goggin was badly broken on Thursday. Fortunately no one was injured. It was replaced by the one formerly in use. The broken one is said to have cost $110.00 and is very badly damaged.

In the "Elgin Events" in last issue of the *Maple Leaf*, "Truth," complimenting the instructors in our public schools, concluded bysaying that the teacher of the advanced department lives *near* the village. Said teacher wishes your correspondent to ask "Truth" if, in next issue of *Maple Leaf*, he will kindly give boundaries of said village that all may know who live therein. If we take the corner as the centre of the village and any one of the four roads leading there from as the radius of a circle that would exclude said teacher it would also shut out many of our most worthy citizens. Take the road leading to the North and the said circle would exclude our estimable townsman W. P. Robinson Esq., who has supposed all his life that he lived in the village. Take the road leading to the West and the same circle would throw our railway station out of the village completely, would cast the only temperance hotel and its venerable proprietor beyond the pale of its privileges. It would throw the School House and the Tub Factory on the outskirts rather than within the walls of Elgin. Or if we take the road leading Southerly we have the Baptist Parsonage, the Baptist Meeting House, the store of Messrs. Blakney & Killam, Gildart's public hall and shop, the Methodist Parsonage and several privale residences all on the environs rather than within the limits of the village. Or, if we go East we have the residence, also the saw and grist mill of Councillor E. A. Blakney almost beyond the suburds rather than within the village. Now if our teachers do not live at or in the village of Elgin but only *near*—how near the *Maple Leaf* does not say—then the real villagers are much smaller in number than any of the natives ever supposed. This lengthy explanation is gratuitously made for the benefit of the *Maple Leaf* whom it grieves so deeply to know that any word used by its correspondents is in any way misleading.

LATER.

ACCIDENT IN THE TUB FACTORY.—Michael Coffee, a man in the employ of Messrs. C. & S. Goggin. met with a serious accident while working in the Tub Factory Saturday afternoon 16th inst. It is said that Coffee had that morning commenced work for the first, that the work assigned him was shoveling sawdust, that in the afternoon owing to a fracture, or break in the saw, the man attending the rotary that cuts slabs into fire wood, considering the work dangerous refused to work longer and that Coffee then offered to change work with the man at the cut-off saw and did so. The first slab he cut the saw caught in the fracture and broke, and as the broken part flew from the other part of the saw, it struck Coffee's right arm in passing nearly cutting the arm off, and mangling it terribly between the elbow and shoulder. Coffee was at once taken to Hial Bishops. Dr. Robinson of Elgin and McDonald of Petitcodiac were immediately summoned. They found amputation necessary and at once had the mangled arm removed near the shoulder. Coffee is doing as well as can be expected at time of writing, although for some time his life seemed to be in a very precarious condition. He is a comparatively young man and without any relations in this part of the country.

Alma Notes.

H. R. Emmerson Esq., who was to address the electors here on last Saturday evening, did not put in an appearance. Perhaps Mr. E. did not think it advisable to discuss *Purity of Elections* twice on the same day.

Chas. William Anderson, of Roshea, has bought the two-topmast schooner "Alaska" from Capt. O. Martin and others. Mr. Anderson intends thoroughly repairing the "Alaska" before the season of navigation opens.

There is considerable sickness here at present; and our very popular M. D. finds plenty of employment.

Rev. A. E. LePage, who has been receiving medical treatment in the St. John Hospital during the last three weeks, is some better and expects to be able to attend to his pastoral duties about the first of March.

Death from a Cat's Bite.

MONROE, GA.—The news of the terrible death of Henry Womac, a young farmer, who lived six miles below Monroe, from a cat's bite, is now followed by the statement that his wife is dying from the same cause. Saturday, a week ago Mr. Womac was sitting by the fire with one hand hanging down, when suddenly one of the house cats sprung upon his hand and fastened her teeth in one of his fingers. He slung her loose, and seizing a shovel, killed her immediately. The wound in his finger soon healed.

Last Saturday morning, just one week later, the other cat suddenly showed signs of fight, and with bristles raised ran under the bed in which Mrs. Womac was lying. When she got up and her foot struck the floor the cat bit her on the heel. Her husband, hearing her screams, rushed in, choked the cat off and killed it.

About noon his finger began to swell and pain him, and at night he was attacked by spasms, which continued until he became so wild that his friends were compelled to fasten him up in a room by himself, where he died a most terrible death from what is pronounced hydrophobia. Mrs. Womac's foot is swollen to three or four times its natural size and she is not expected to live until morning.

HOSPITAL REMEDIES.

What are they? The growth of intelligence in medical matters has given rise to a demand for a class of genuine, reliable medicine. The opportunity of the ignorant quack, who grew rich curing everything out of a single bottle has passed. To supply satisfactorily this demand this list of remedies has been created They are the favorite prescriptions of the most famous medical practitioners of the day, gathered from the hospitals of London, Paris, Berlin and Vienna. Prescriptions which cost the patients of these specialists from $25 to $100 are here offered prepared and ready for use at the nominal price of *one dollar each*. Not one of them is a cure all; each one has only the reasonable power of curing a single disease, and each one keeps is contract. Sufferers from Catarrh, Diseased Lungs, Bronchitis, Asthma, Consumption, Rheumatism, Dyspepsia, Liver and Kidney Complaints, Fever and Ague, Neuralgia, Female Weakness, Leucorrhœa or Nervous Debility, should send stamp for descriptive catalogue to Hospital Remedy Co., 303½ West King St., Toronto, Canada. If your druggist does not keep these remedies remit price and we will send direct.

A New Home Treatment for the Cure of Catarrh, Catarrhal Deafness and Hay Fever.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result is that a simple remedy has been formulated whereby catarrh, catarrhal deafness and hay fever are permanently cured in from one to three simple applications made by the patient at home.

READ THE FOLLOWING:

Ritcey's Cove, Nova Scotia, June 23, 1888.

GENTLEMEN—I am happy to say that the treatment which you sent me last February has effectually cured me of Catarrh. Mine was a case of long standing, and up to the present time I have been waiting for developing remains of Catarrh, but none are manifest. You may use my name as a proof that your remedy cures Catharrh I feel grateful for the removal of such a trouble.

Yours etc., (REV.) G. O. HUESTIS.

TWO YEARS LATER.

Mill Village, Queen's Co., N.S. Dec. 23, 1887.

GENTLEMEN—Allow me to say that after three years' trial I find no unpleasant effect in the nose or, fetid breath, which used to effect others in my company. No symptoms of Catarrh remained after the second application of your remedy.

Wishing you success in doing good, I remain,

Yours sincerely (REV.) G. O. HUESTIS,

We send a pamphlet describing this new treatment on receipt of postage stamp.

Contested Elections.

ELECTION PETITION OF ALBERT COUNTY.

BETWEEN PETER DUFFY, PETITIONER,
AND
HENRY R. EMMERSON, RESPONDENT.

Take notice that the above petition will be tried on Thursday the twenty eighth day of February instant at ten o'clock in the forenoon at the Court House in Hopewell in the said County of Albert, and on such other subsequent days as may be needful.

Dated the second day of February, A. D., 1889.

By Order,
T. CARLETON ALLEN,
CLERK OF THE PLEAS.

Received for publication, Feb. 7 1889.
A. WELLS.
SHERIFF.

To the Independent Electors of the County of Albert.

Gentlemen:

Most unexpectedly and at the shortest possible notice an election, to fill seat in the Legislature of this Province made vacant by the resignation of H. R. Emmerson Esq., is called, and having consulted as many of the leading men of the County as the limited time at my command would permit, and with their approval I have consented to allow myself to be put in nomination as a candidate at this election.

The importance of retaining in the County the representation in the local Legislature cannot, in my opinion, be over estimated.

If elected I shall give the present Government a liberal support and use my best efforts to promote the welfare and general interests of all classes irrespective of personal or party considerations. Soliciting your support, I am, Gentlemen,

Your Obedient Servant
PETER DUFFY.
