

365633

Ottawa, 24th March, 1914.

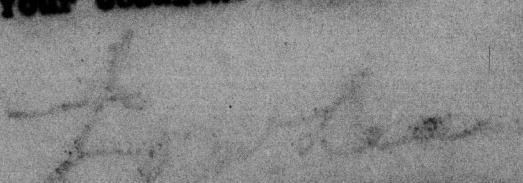

Sir:-

I am in receipt of your letter of the 13th instant, in which you state your intention to take up your residence about the 21st March, at Vernon; and in reply I beg to say that a note of the fact has been made, and your correspondence will be addressed to that place.

With reference to your remark that Mrs. Gunniskay, widow of Inspector Gunniskay, is desirous of retaining as mementoes, the papers in her husband's office; I beg to say that all papers and documents relating to Indian matters, with the exception of Mr. Gunniskay's diary, should be handed over by Mrs. Gunniskay to you, as they will be required in connection with your official duties. No doubt if you explain the matter to her, she will at once comply with the Department's wishes in the matter.

You should forward to the Department a list of the office furniture, books etc. in the late Inspector's office, and state exactly what articles, papers etc. have been handed over to you.

Your obedient servant,

  
Asst. Deputy and Secretary.

A. McGraw Esq.,  
Inspector of Indian Agencies,  
Vernon, B.C.
