# LOCAL NEWS.

ICE CUTTING.—Work was discontinued on the ice on Thursday last. Most of the supplies for home consumption have been cut. The severe frosty weather has frozen the air holes solid.

SERVICES AT ST. MARY'S.—The order of the services to-morrow (Sunday) at the Episcopal church will be: 11 a. m. at Lower St. Mary's, 3 p. m., at Marysville, and 7 p. m., at the parish church.

SCARCITY OF OATS.—Supplies for teams still continue scarce and the lumbermen are obliged to import car loads from the upper provinces. Good oats still continue to fetch 52 cents per bushel.

SERIOUSLY ILL.—The many friends of A. W. Cowan, of Harvey will regret to hear that he still lies very seriously ill at the Victoria hospital in this city, and that his recovery is very doubtful.

MISSING ARTICLES.—There are several cases of petty theft reported by visitors to the last Marysville carnival. Handkerchiefs, scarfs, and small articles were taken from overcoats, and sleigh robes damaged.

A STRONG MAN.—The "modern Samson" gave some wonderful exhibitions of strength at the city hall on Thursday evening. His weight is but 118 pounds and his remarkable feats must be seen to be believed.

ORGANISING.—W. A. Robinson grand secretary of the I. O. G. T. is meeting with great success in Albert county. The advance lodge with 30 charter members was organised by him at Alma a few days ago.

LENTEN SERVICES.—Special services have been held in most of the city churches this week, and appropriate discourses given relative to the solemn season of prayer and fasting. The services have been well attended.

WALKED EIGHT MILES.—Dr. Moore of Stanley is an indefatigable worker, and recently walked some eight miles over the snow to visit a patient at Zion. The roads around that district are almost impassable to teams.

A CURIO.—A visitor in town from Stanley on Thursday had a very small piece of glittering gold quartz in his possession. It came from the gold mine of that district. He intends to have the piece mounted on to a scarf pin.

SNOW SHOE TRAMP.—On Wednesday evening a merry party of young people went for a snow shoe tramp down the river. It was a beautiful moonlight night, the air was keen and bracing, and the track was all that could be desired.

THE SIDE WALKS—The streets have been very dangerous to the travelling public this week, and many falls have been reported. The man of fixed principles has found it decidedly embarassing, but the political slider is used to it. Next.

DELAY OF TRAINS.—The C. P. R. train due at the city depot at two o'clock on Thursday afternoon did not arrive until five o'clock, and the evening train did not reach the city until nine o'clock. The mails were consequently delayed.

WILL LEAVE THE CITY.—Dave Atherton has accepted an engagement to train horses at Amherst, N. S., and will leave this city on the first of April next. His absence will be much regretted by his numerous friends of the track and stable.

NEWLY ELECTED OFFICIALS.—At the Orange grand lodge meeting at Woodstock on Wednesday, Thomas H. Colter of Keswick was elected a senior deputy grand master, and Joseph Walker of this city a deputy grand secretary.

INCREASE OF WAGES.—The C. P. R. railway management has agreed to grant an increase to its passenger and freight conductors and train men based upon the mileage system, and probably making a ten per cent increase on the men's wages.

STANLEY EPISCOPALIANS.—The church at Stanley has seen quite a revival since the Rev. Mr. Murray was appointed pastor. The congregation are taking quite an interest in their church, and have attended regularly during the winter.

THE FIRST DAISY.—The first daisy of the season was plucked from John Bebbington's nursery on Wednesday and by him presented to a young lady of this city who is a profound admirer of flowers. She says it is a daisy, which cannot be denied.

ALBION LODGE.—The debate on the "Lost ten tribes of Israel" was concluded at Tuesday evening's meeting, and resulted in the defeat of the negative speakers by 8 to 3. Next Tuesday the question of "Woman Suffrage" will be the subject of debate.

THE NORMAL LIGHT.—The initial number of the new publication started by the Normal school students is full of interesting matter, gossipy sketches and poetry. It will be issued monthly, and no doubt will meet with the success it deserves.

NORMAL SCHOOL DEBATE.—The debate which was to have taken place in the hall of the normal school on Friday last has been postponed a week from that date. An interesting discussion may be expected as both sides will be well represented.

THE BATHURST SCHOOLS.—The Rev. A. T. Thomas of Bathurst has been presented with an address of congratulation by the protestant ratepayers and parents of the town. Among the signatures are those of the Rev. J. A. Allen, Dr. Duncan, and Dr. Bishop.

WILD DUCKS.—There have been numerous flocks of wild ducks along the Nashwaak this winter. Residents of the village say that never in their recollection have so many been seen in the vicinity. The birds are very wary and are troublesome to shoot.

A SHARP SPIN.—The recent sun shines and thaws brought out the driving parties in great numbers during the week. Two gentlemen went for a spin to Springhill and the animal they were driving—a promising roadster—did the distance in twenty minutes.

I. O. G. T.—The quarterly meeting of York district, no 5 of the I. O. G. T. took place on Thursday at Millville. R. A. Mackey of this city attended as a delegate from Albion lodge no 44, and reported on the city branch as being in a most efficient condition.

NO QUORUM.—There was to have been a meeting of the board of health in this city on Tuesday night but in consequence of the absence of many of the members, the meeting had to be adjourned to a future date. There are some important matters to come before the board.

A PROSPEROUS NURSERY.—There are 30,000 fruit trees on the nursery grounds at Stanley, and it is intended to plant a great many more this spring, as operations have been very successfully conducted. The district seems well adapted for fruit raising, particularly apples.

SALVATION ARMY.—On Tuesday evening the members of the Salvation army and their friends sat down to a bountiful supper served in the lower room of the King street barracks. About one hundred people attended, and all spent a good time. A special service followed.

## THE AGRICULTURAL SOCIETY.

**The Audit Report—The Election of Officers.**

At the annual meeting of the York county agricultural society no. 34 on Saturday afternoon last, the audit report was unanimously adopted. Total assets $1127.37; liabilities $725.87, balance in hand $78.27.

The following officers were elected. Mr. Inches was re-nominated for the presidency but declined office on account of inability to perform the work, bnt would render all the assistance he could.

President, H. Beckwith.
Vice President, W. McFarlane, J. A. Campbell.
Secretary, E. H. Allen.
Treasurer, W. T. Whitehead.
Auditors, J. M. Wiley, R. A. Estey, M. Tennant.

The board of directors for the different sections are:

Fredericton, D. McCatherin, F. B. Colman.
Kingsclear, J. C. Murray, B. D. Sewell.
New Maryland, J. S. Neill, M. Horncastle.
St. Marys, Spencer Inch, I. Peabody.

The board of directors will meet this Saturday afternoon in the council chamber.

**The Electric Light.**

The electric light committee of the city council have before them the proposals of C. F. Medbury of the Thompson Houston electric light company of Lynn, Mass: The cost of new and suitable buildings is estimated at $15,000, and new machinery would be requisite. About 100 lights could be placed on the streets of 26 candle power, and the streets could be lighted free as the revenue derived from lighting houses and shops would be sufficient to pay all demands, of course to do the latter, legislative powers, would have to be applied for, and a petition is being circulated in the city, asking that this might be done, and the necessary debentures issued to meet expenses. The council will thus be enabled to see what the citizens think of the proposed measure, and whether they prefer the incandescent light system to the present in use.

**Racket at Cork Alley.**

On Tuesday afternoon a fistic encounter took place in Cork alley between privates Russel and Richardson of the R. S. I. corps, and a soldier of the name of Doran was present. The picket was summoned, and after an amusing struggle between the military police and the pugilists the latter were carried to the barracks. So desperate were their struggles the frog march had to be used. Private Doran went quietly to the cells, and did not show fight. Late at night before the call of lights out, Russel appeared on the streets, having succeeded in escaping from the cells. The picket turned out again and after a desperate struggle succeeded in capturing the pugnacious soldier. The men will be tried by court martial, and it will probably go hard with Russel as he is a notorious offender.

**Going for a Drive.**

Private Morris of the R. S. I. corps applied for a horse and pung at George I. Gunter's livery stables on Wednesday, and as the soldier was dressed in civilian's clothes his request was granted. The soldier drove out to Marysville, and returned home to the barracks the next day, and left the horse and pung outside the school. Two of his comrades plied him with questions while he was in the barracks, and artfully contrived to obtain possession, of the horse and pung, with which they drove off in the direction of Killarney. There they managed to have a smash up, and when Mr. Gunter, after a great deal of trouble, secured the horse and shattered vehicle, he was obliged to use force to get his property away. It is likely a complaint will be laid before the military police.

**The Bible Society.**

The annual 65th meeting of the auxiliary Bible society took place in Temperance hall on Thursday evening. There was a full attendance of the clergy and laity, and the singing of the combined choirs was a pleasing feature of the program.

Sir. Leonard Tilley in an able address reviewed the work of the society in this and other countries, and interesting addresses followed from the Revs. F. C. Hartley, Shenton, Payson, Supt. Crocket, and the president G. E. Fenety. During the evening solos were sung by Miss Harrison, Mrs H. V. Bridges, and the choir led by C. H. B. Fisher rendered several anthems in good time and tune.

GRAND LODGE.—The grand Orange Lodge of New Brunswick met at the orange hall at Woodstock on Wednesday. Grand master Armstrong presided, and congratulated the meeting present on the steady increase in the membership, and the growing importance of the order. The delegates present from this city were county master, William Rossborough, Joseph Walker, Alexander Haining, P. M., R. M. Boone, serjeant Cochrane, P. M., William Brown and J. Libby.

PLUM ORCHARDS.—Joseph Holyoke of upper Kingsclear has a small plum orchard of the famous moors arctic variety, which annually yields 250 pecks of fruit, valued at one dollar per peck. Miss Moffatt of the same place has 300 trees of the same variety Benjamin Long has 250, and J. A McIntosh 150. These are all young orchards, and about two thirds of the trees bear fruit. Plum orcharding has been a success at Kingsclear.

A WEDDING ANNIVERSARY.—W. C. Whittaker deputy post office inspector for New Brunswick who has many friends in this city, was surprised by a party on Tuesday last at his residence, St. John, who congratulated him on the twentieth anniversary of his wedding. Mrs Whittaker was presented with a pretty chocolate service, a parlor lamp, a salad bowl, and other accompaniments. The Rev. Mr. McNeil made the presentation.

LUMBER OPERATIONS.—A lumberman from Dumfries says that the operations at the upper St John, Nashwaak, and the Miramichi will fully equal the average cut of former years. The English market is dull at present but a revival is expected shortly, and many of the lumber yards at Liverpool are being held over in anticipation of an expected rise in prices. He expects the camps to break up in a few weeks time.

S. P. C. A.—The tenth annual meeting of the New Brunswick society for the prevention of cruelty to animals took place at St. John on Monday afternoon, when C. A. Sampson of this city attended and submitted his report. A grand total of 603 cases had occupied the attention of the society during the year, and most of the work was done by personal inspection.

NO ROAD.—Between Fredericton and Harvey for some twelve miles there is hardly any road worth speaking of, nothing but snow to be seen along the route known as the St. Andrews road. It is only fair to add that most of the men of the district are away in the woods at work with their teams so that there are only a few left to break the roads.

FIRE AT MAUGERVILLE.—The residence of George A Perley, at Maugerville took fire at 9.30 p. m. on Thursday, from a defective chimney. The inmates escaped only with what clothes they had on. Mrs. Perley was sick in bed at the time. Miss Baker, school teacher residing with Mr. Perley lost everything. All the contents of the house were destroyed.

THE ICE TRACK.—The track on the river from St. Marys to Nashwaaksis was cleared and put in order on Thursday afternoon. There is talk of arranging a series of races to take place on the ice during the next session of the house. A purse of $300 has been proposed.

## PROMINENT CONSERVATIVE

**Gives His Principal Reasons For Supporting The Liberal Party.**

The liberal meeting in Fisher's building on Monday night was a large and most enthusiastic one. E. H. Allen occupied the chair and introduced Fred. B. Coleman, who was received with cheers.

Fred. B. Coleman spoke at length and placed the policy of the conservative party squarely before the assembled electors. He said that policy had been a great failure as far as the agricultural and lumber interests were concerned. He was a conservative, and that party had always had his earnest support, but when questions of disloyalty and annexation were made the prominent features of Sir John McDonald's recent manifesto, he for one could not conscientiously support his party. The great farming and lumbering communities of the province would feel it to be a change for the better should reciprocal free trade with the United States be carried out. Take the item of horses alone, a horse valued at $100 in this county becomes at once worth $150 directly it had crossed that imaginary boundary line at Vanceboro. Butter produced here and carried to the home market produced 20 cents, but at Vanceboro its value was eight cents greater.

There is every appliance and an inexhaustible field in this county for the manufacture of short lumber and reciprocal free trade with the United States would create a profitable market for the disposal of these commodities. He was therefore of opinion that reciprocal free trade with the United States would be of incalculable benefit to the great agricultural and lumbering communities of this county, and for these reasons he had much pleasure in signing Mr. Thompson's nomination papers.

**Police Intelligence.**

On Monday night last private Charles Cameron was arrested for unruly, indecent, and disorderly behavior in the Salvation army barracks, and on Tuesday brought up before police magistrate Marsh. Defendant pleaded guilty, and his honor in passing sentence said that the law was very plain on the subject of disturbing a christian congregation, and that the Salvation army had as much right to protection as the soldier had when marching to church with his company. He would therefore fine him ten dollars, or twenty days imprisonment but the maximum fine was twenty dollars or one month. Cameron having no goods or chattels on which to levy was removed to jail.

William Gormally a young lad was on Wednesday morning imprisoned in the lock up at the request of his mother who complained of his unruly behavior. She stated he was beyond control and had stayed out at night in defiance of her orders. The boy was locked up until noon, and during this time made things pretty lively in the place with shouting and singing. He however shewed repentance at noon, when he was released and taken to school, where it is to be hoped he will benefit by the lesson he has undergone, and act better for the future.

**Rather Amusing.**

A York street man and a free trader had an amusing altercation a few days ago respecting the advantages of unrestricted reciprocity as applied to the carriage trade.

"I tell you, sir," said the York street man, "a firm at Hainsbury, Mass., would flood our market in 48 hours with carriages, and undersell us too."

"Well, if they could do that why on earth cannot they flood the market now under the present state of things."

"Well, but I know of a firm at Machias that——"

"Where is Machias?"

"Machias, sir, is on the coast of Bangor, and—— But the free trader did not stop to hear any more. That expression of Machias bordering on the coast of Bangor did the whole business. He says the York street man's geography is as bad as his political economy.

**The Fredericton Market.**

Business has improved during the week, and a large amount of country produce has been brought into the city. We quote:—Pork, 6 to 6½ cts; beef, 3 to 5 cts; mutton, 4 to 5 cts; lamb, 6 to 7 cts; veal, 5cts; hams, 12 cts; sausages, 10 cts; butter, 16 to 19 cts; cheese, 16 cts; lard, 13 to 15 cts; turkeys, 12 to 13 cts; chickens, per pair 30 to 50 cts; ducks, 50 to 70 cts pair; geese, 75 to 80 cts; eggs, per doz: 23 to 25 cts; potatoes, $1.75; turnips, 50 cts; carrots, 60 cts; hay $7 to $10; straw $5 to $5,50; oats, per bush, 52 cts; cordwood green, $3,00; dry, $3,50 to $4; socks and mitts, 20 cts per pair.

VISITING CLERGYMEN.—The Rev. A. G. Downey occupied the pulpit of the Free Baptist church on Sunday morning last, and at the evening service the pastor the Rev. F. C. Hartley baptized three converts.

The Rev. J. A. Logan of Acadia mines N. S., preached at St. Paul's, and the Rev. G. W. McDonald of Woodstock held special services at Temperance hall.

Evangelist Whittier still continues to draw large congregations to hear him at the Baptist church.

MILL INTELLIGENCE.—R. K. Jewett intends opening his mill at the gulley early in March. John Sanson of Stanley has now got his newly erected mill in full working order, and the new mill at Kinsclear owned by C. Chase will put on extra hands shortly. Morrison's mill has all the shingle machines in full blast, and Fred. Moore's mill at Woodstock is now in full running order. The west end mill is full of business.

ASKED PROTECTION.—A young lady applied for assistance at the Dunphey hotel on Monday evening, alleging that she had been assaulted by a drunken soldier who had pursued her along King street. She was in great distress and evidently exhausted. Two of the hotel inmates went out and escorted the young lady to her home on Brunswick street. The soldier was pointed out but decamped.

QUALIFIED AS ELECTORS.—There is considerable amount of comment among the young men of the city regarding their qualifications as voters being based on the lists of 1889, many young citizens whose names have been eliminated, or purposely withheld from the lists, express their indignation freely at this strange action of the government.

THE WATER SYSTEM.—The annual report of the committee on water works states that the considerable changes and repairs to the pumping station have not added to the debenture debt of the corporation. A new floor has been furnished to the engine room, and a new boiler added to the enlarged boiler house, and some parts of the machinery have been renewed.

IN MALE ATTIRE.—A young woman in male attire, who stated she was going to Gibson, boarded the cars at Caribou a few days ago, and was pointed out to conductor Burpee by one of the passengers. The pseudo man the latter said was wanted on a charge of stealing horses. No steps were taken to arrest her and she left the train at Newburg junction.

STILL RUSHING.—The busy mill at Marysville is now working at its utmost strength in order to supply the great demand for goods. F. S. Williams who has just returned from a business tour, in the interest of the firm, to the upper provinces, met with great success during the journey, and a great many orders are booked ahead.

PLENTY OF HAY.—The market square on Thursday was crowded with teams, and there was scarcely any standing room. As many as twenty loads of hay could be counted that morning, and most of it was disposed of at prices ranging from seven to nine dollars per ton. One farmer obtained ten dollars and went home happy.

**Recent Deaths.**

On (Sunday) last Mrs. Charles Petre of St. Anne's three miles from Bathurst died from injuries received by a fall while out walking last week. She was 106 years of age and was in possession of all her faculties to the last.

The death is announced in the St. John papers of Capt. James W. Segee, a former resident of this city. He was born in Fredericton in 1818, and was for many years a faithful and consistent member of the Baptist church in this city.

Mrs. Lafferty of this city died on Monday last at the alms house of paralysis. Deceased was relict of the late Peter Lafferty, and a member of the Episcopal church. The funeral took place on Wednesday morning at the Rural cemetery.

Charles Payne a respected colored resident of Kingsclear died on Monday last of inflammation of the bowels. Deceased was 75 years of age, and was a regular attendant at the Episcopal church. The funeral took place at the church of England burial ground on Friday morning, the Rev. W. H. Montgomery officiating.

On Monday one of the largest funerals in this city took place at the Hermitage, when the remains of the late George Perks were interred in their last resting place. Many friends sent beautiful floral tokens of respect and affection, and the ancient order of Hibernians, of which deceased was a member, followed the body to the grave, as well as a large number of prominent citizens.

The remains of the late Hon. R. D. Wilmot were interred in the church of England burial ground at Oromocto on Sunday last. The funeral services were conducted by the Bishop coadjutor and the Rev. Mr. Dibble. There was a large and representative procession, among those present being Lieut. Governor Tilley, Lieut. Colonel Maunsell, Major Gordon, Dr. Barker, Q. C., J. W. Laurence, M. Crookshank, J. Wilson, and J. McMillan of St. John.

A Wisconsin paper gives particulars of the death of John Wisely a former Fredericton, which occurred at La Crosse on the 30th ult. Deceased who was fifty years of age was born at Fredericton in April 1860, and emigrated from that city 21 years ago. He was a brother of James Wisely of lower St. Mary's. He was a kind and indulgent husband and father, a good neighbour, and a highly respected and honored citizen. He leaves a wife and two little boys to mourn their loss. He passed away peacefully in the triumphs of the Christian faith and was a devoted member of the Baptist church.

**Heraldisms.**

The many friends of John R. McConnell of Marysville are congratulating him on a recent interesting event. It is a boy.

The curling rink was open to the skaters on Wednesday. There was a fair attendance.

Prof. Duff lectures in the auld Kirk next Tuesday on the subject of India.

The new Baptist church at Prince William recently dedicated supplies a long felt want in the neighbourhood.

A team of horses was by some mistake left to stand out all night in the cold at Marysville rink. The owner supposed they had been driven into town.

The Northumberland agricultural society held their winter exhibition on Thursday.

Fredericton contributed $33,45 to the Salvation army during self denial week.

## PERSONAL.

**Concerning People Known to Most Readers.**

William Thompson and family of Dumfries proceed to California on Monday next.

F. D. L. Robinson, son of De Lancy Robinson has gone to New York to accept a position there.

Dr. De Bartram of Philadelphia and M. Van Slooten of New York were in the city this week.

The Hon. D. McLellan, and A. A. Stocton, M. P. P. were in town Tuesday and registered at the Queen.

CREATING A DISTURBANCE.—On Thursday evening the Salvation army was again annoyed during prayer meeting by the unruly behaviour of a soldier of the R. S. I. corps. He was requested to leave at once or a complaint would be laid before the police. He at once got up and left the building.

THE SEVENTY FIRST BAND.—This new musical combination gave a capital programme of music at the curling rink on Wednesday evening. Several present declare that there is a marked improvement in the players, and the selections given were very pleasantly rendered.

DRAMATIC CLUB.—The new opera house has been engaged by the members of the Royal Infantry school dramatic club, who will give a series of performances next month. It is understood by those who are in the secret that the plays chosen will be presented with a good caste, and perfect staging.

AN UGLY CUT.—Robert Graham while working in the lumber woods at Maccadave a few days ago met with a nasty accident, by the axe slipping and inflicting a terrible wound in the leg. His injuries were bandaged, but he was obliged to return to his home at Dumfries.

THE GAME LAWS.—Caribou meat and hides still continue to be brought to market from the country district. Moose meat is plentiful and many supplies came in this week. The law on this subject is pretty plain but does not seem to be enforced against the poacher, who has apparently the field to himself.

THE KOCH TREATMENT.—Hubert Clark of this city has returned from the German hospital N. Y. He was only partially benefited by the Koch treatment for consumption. Reports from Halifax N. S., state there is a great difference of opinion regarding the efficacy of this remedy.

THE DEFAULTERS' LIST.—The committee on taxes have held several meetings during the week under the direction of the city council, and report that business is on the whole satisfactory, a great many of the defaulters having responded to the call. The list is now completed.

A FINE TURN OUT.—Among the many handsome turn outs on Thursday, a four in hand driven by a well known bank manager was very conspicuous and attracted considerable attention. The animals rattled along in first class style, and the driver, evidently knew his business.

W. C. T. U.—The classes in calisthenics are progressing favorably under the superintendence of ex-serjeant Gregory. The dumb bell drill will form one of the features of a proposed entertainment to be given at an early date in this city under the auspices of the W. C. T. U.

AN EXODUS.—There are a great many families together with young men who intend emigrating to the western states in March. From Prince William, Douglas and Kingsclear the cry is go west, go west! The N. P. has driven these young men out of the country.

CANADIAN SCENERY.—The invitation extended to Prof. Buell to visit this city with his wonderful exhibition of Canadian scenery, has been accepted, and the professor will show in the City hall next week. One half of the proceeds will go to the Victoria hospital.

LOST TWO HEAD.—Charles Lawrence of Dumfries lost a 2 yr. old bull and a 3 yr. old cow a few days ago. They were drowned in the river at Dumfries at an unfrozen part of the stream where the cattle usually congregate.

Note the date of Dever Bros. remant sale, Thursday, Feb. 26th, nomination day. All in favor of reciprocy please attend it and all not in favor of reciprocity please attend.

## TO THE ELECTORS

—OF THE—

## COUNTY OF YORK.

GENTLEMEN:

Having received the unanimous nomination of the Liberal Convention for this County, as their Candidate at the forthcoming Election for the House of Commons, I have accepted the same and respectfully solicit your support.

The system of Protection and high taxation, called the National Policy, has been in operation for upwards of ten years and it must be admitted has altogether failed to benefit our County or Province. This failure to realize the needs and expectations of the country has given rise to a vigorous agitation for a change, and fearing amongst other things, that if the general Election were deferred until the term of the present Parliament had expired, the demand for a removal of trade restrictions between Canada and the United States would have become irresistible, Sir John Macdonald has precipitated an appeal to the people.

You are now confronted with the question: Whether in your opinion the material interests of this County will be better served by adopting the policy of the Liberal Party or by continuing that of the Macdonald Government? The issue between the two parties is clear and distinct.

The Conservative leader declares for keeping up the wall which closes against us the markets of the neighboring republic, which if opened would certainly enhance the value of all our products. It is true Sir John Macdonald professes to favor Reciprocity with the United States in natural products, but this is only a pretence, since he knows the people of that country will not accept Reciprocity in this restricted form. They are ready to admit our lumber, fish, farm produce and other products including our manufactures free of duty, if we will admit theirs.

When, therefore, the present Dominion Government says it is willing to accept Riciprocity with the United States, but so restricted that the arrangement must be confined to natural products, that is to what we produce and have to sell, and to what either they do not produce or would not be able to sell to us, it is equivalent to opposing Reciprocity altogether. We can have no trade treaty with the American people and cannot effect any entrance into their market unless we are willing to take from them something with which they are able to supply us. Moreover a treaty which is not restricted to natural products would admit American manufactures into our country, and is therefore opposed to the essential principle of protection, to which Sir John Macdonald says his Government still firmly adheres. The Conserservative party stands, therefore, opposed in fact to all Reciprocity. On the other hand the Liberal Party is in favor of the freest possible interchange between this country and its neighbors, of all kinds of commodities which are produced by either. Even if Reciprocity, restricted to natural products, were preferred by the people of Canada to an unrestricted policy, it would be useless to advocate or propose such policy as the Government and people of the United States have refused to entertain it.

A discreditable attempt is being made to brand the Liberal Party as disloyal to England and as favorable to Annexation, because of its views on the question of trade relations with the United States. With this imputation no intelligent person will agree. Our loyalty to our Mother Country and institutions is founded upon attachments too firmly rooted to be thus impaired and with the prosperity which would follow the adoption of such a treaty as the Liberals advocate, there would come increased happiness and contentment, and among a happy and prosperous people there would be no place for widespread discontent, out of which alone could a sentiment of disloyalty be created.

The increase in the debt and taxation during the last ten or twelve years, accompanied as it has been, by reckless extravagance, is enough to excite the deepest anxiety of every well wisher of his country, and I cordially approve of the policy of Retrenchment and Reform to which the Liberal Party stands irrevocably committed.

I offer myself in this election as a candidate for your suffrages in sympathy with the platform and policy of the Liberal party. As a manufacturer, I believe we have nothing to fear from its adoption; but on the contrary, I am convinced we should in this Province enter upon an era of prosperity such as we have not known for years, and in which, not only the farmer and the lumberman, but all classes of our people would participate.

I have the honor to remain,

FRED. P. THOMPSON.

Fredericton, February 17, 1891.
