The Lowell Advertiser says "quite an excitement exists in Acton, caused by the sudden death of a boy about 10 years of age, from injuries supposed to have been received at school. Some two weeks since he was punished by the mistress and thrown upon the floor. Since that time he has been unwell, and on Sunday last died. A post mortem examination showed that his back was broken."

SICKNESS ON SHIPBOARD.—The British ship Arabian, after a passage of sixty-nine days from Liverpool, arrived at New York on Monday last. Twenty-two out of two hundred passengers died on the passage, and of the remainder, many are sick with the ship fever.

PHILADELPHIA BUILDINGS.—The Philadelphians are importing stone for buildings, from Nova Scotia. The new building material, which is a brown sand stone, is called the "Acadia stone."

A large number of the gentlemen connected with the provision trade, assembled after 'Change yesterday, at Messrs. Wadsworth and Sheldon's, Exchange Place, to examine a tierce of beef packed by Messrs. Wadsworth, Dyer & Co., of Chicago, Ill. for the "World's Fair," and which, we understand, is a sample of several thousand tierces packed at their establishment this Fall, under the supervision of Mr. P. H. O'Connor, a well known curer, from Ireland, who was the first to introduce into this country, six years ago, the improved system of packing. The trade present, among whom were some of the largest buyers, and best judges of beef for exportation, expressed themselves highly pleased with the article. The finish and smoothness of the cask, the coarseness and whiteness of the capping salt, and the quality of the beef, itself, elicited the approbation of all. The exhibition of this beef, at the "World's Fair," will have the effect of drawing the attention of the English consumers, and Admiralty, to the important fact, that the Navy contract can be supplied with such beef from this country, at least 15s. sterling lower than they generally pay for Irish or Hamburgh.—*N. Y. Journal of Commerce, 10th.*

ACCIDENT IN SPRINGFIELD.—On Friday afternoon last as Mr. Henry Worthington was driving down State street, Springfield, his horse became frightened, and when nearly opposite the Springfield Bank, Mr. W. was thrown from his sleigh. The horse kept on to Main street, where he dashed into one of the front windows of Merriam, Chapin & Co's book store, breaking out the entire sash, and taking the sleigh with him through the window. At the moment, Mrs. Jason Hubbard and her sister, Miss Warner, were on the sidewalk, and the horse coming in contact with the former, knocked her down, and stepped upon her foot. Miss Warner, with a presence of mind for which she deserves all praise, pulled her sister from under him and out of further danger. An instant more, and she must have been killed, or terribly injured. A table covered with splendid books which stood in the window, was smashed and the books strewed in every direction. The horse cleared the sleigh near the window and rushed to the furthermost corner of the store with the shafts dangling after him. His sudden arrival created a scattering among those engaged in the store at the time, none of whom, fortunately, were hurt.

The glass broken amounted to nine panes, and cost $10 a pane, $90. The damage to the books and fixtures is estimated at $150.—*Springfield Gaz.*

TRAGEDY IN MEMPHIS, TENN.—*Lynching.*—We copy the following from the Memphis Eagle:

On the 1st inst., our community was convulsed by one of those violent excitements, before which customary barriers give way. A horrible murder was followed by a summary and terrible punishment. The details of the tragedy, as accurately as we can ascertain, are these:

About 2 o'clock, P. M., of Wednesday, a negro, accompanied by a white man, called at the mayor's office. The object of the negro was to have a paper purporting to be a certificate of his freedom from the county clerk of Lincoln county, countersigned by the mayor and recorder, in order that he might travel upon the river. Recorder Chester at once discovered the certificate was forged, and descended into the street to have the some remarks to the negro relative to his conduct; and Mr. Chester went in search of a police officer to take the negro into custody. Not finding one, Mr. C. returned. He told the negro to go into the mayor's office.

Mr. Chester then turned to deliver a paper to Esq. Waldran, when immediately the negro drew a pistol and fired it at him; the balls entered his head on the left side, below the ear. Mr. C. fell at once, and lived only five minutes, without speaking. Mr. Frazer and Mr. Brady promptly clinched with the negro, who attempted to use his pistol again. Mr. Frazer wrested the pistol from him, and finding that he could not discharge it again, chastised the negro severely. An excited crowd at once rushed in. Shortly Mr. Chester's son, a lad of seventeen, came in, crazed with his terrible misfortune, was furnished with a pistol, and fired three slugs into the negro's back. They inflicted a mortal wound.

The negro was hurried off to the callaboose. A crowd, excited to frenzy by the spectacle of the dead Chester, followed, compelled the surrender of the callaboose keys, dragged out the negro, and in the view of an immense crowd, swung him up to the next tree. He confessed that he was a runaway, before dying.

The Louisville Journal of Thursday, the 9th inst. says:—

A private letter to a gentleman in Nashville states that a white man has been committed to jail as an accomplice of the murderer, it being supposed that the pistol was furnished by him. It was with great difficulty the citizens could be prevented from hanging him also, the city guard having been doubled at the city prison.

MONTGOMERY, Ala., Jan 14.—Some attempts having been lately made by suspicious whites to insurrection, it is proposed to hold a convention of planters in this city, to devise immediate means of safety.

FROM CALIFORNIA.—Steamers Cherokee and Promethens arrived at New York on Tuesday last from Chagres, bringing $2,000,000, gold dust, and dates from San Francisco, to the 16th December. They did not bring the California mails.

The steamer California, from San Francisco, arrived at Panama on the 3d, and the Isthmus on the 7th. The former brought 200 passengers and $500,000 worth of gold dust, and the latter 250 passengers, and $225,000 in gold.

Another fire had occurred at San Francisco destroying property to the amount of $100,000. The fire commenced in Cook & Brothers' store, foot of Sacramento street.

Markets at San Francisco were declining, owing to an over stock of goods. No material change in prices had taken place. A strong tide of emigration was setting towards the Atlantic States.

Vessels were in moderate demand. Seamen's wages for long voyages, $25 per month.

The cholera had finally disappeared both from San Francisco and Sacramento City.

The near approach of the assembling of the State Legislature, occasions considerable speculation as to what that body will do towards relieving the State from the financial embarrassment which weigh heavely upon her.

The Stockton Times says there is much want of rain in the Southern mines. It is calculated that the daily loss in consequence of its absence is at least $100,000. The diggings on the Feather River continue to yeild a good return.

The total amount of gold cleared at the Custom House, at San Francisco, from November 12th, 1849, to December 15th, 1850, was nearly twenty-nine millions of dollars.

The news from the mines is generally of a favorable character. The miners were hard at work, and their labours yield a fair return. Thousands tend wintering at the mines.

An exceedingly rich silver placer has been discovered a few leagues from Monteyre, where a company is forming to work the mines upon an extensive scale.

The Stockton Journal records a collision in the vicinity of Gulliams Hill, in which fifteen Americans and a large number of Indians were killed.

A party of seven Americans had been attacked by Indians beyond Mariposa and killed.

Dr. E. R. Chapin has been elected resident physician of San Francisco.

The brig San Jacinto was wrecked in coming out of Humboldt Bay, all hands saved.

Snow had fallen to the depth of several inches at Nevada, previous to the 6th of Dec.

A very rich lead mine has been discovered in the Sacramento valley.

Women work at the mines, as well as men, but they are mostly French.

The accounts from Oregon report favorably of the prosperity of that region.

A BEAUTIFUL FLOWER.—A friend presented us a day or two since with a curiosity in the shape of a flower, which, we think, is one of the greatest wonders of the floral kingdom we have seen. It is about the size of a walnut, perfectly white, with fine leaves resembling very much indeed the wax plant. Upon the blooming of the flower, in the cup formed by the leaves, is the exact image of a dove lying on its back, with its wings extended. The peak of the bill and the eyes are plainly to be seen, and a small leaf before the flower arrives at maturity forms the outspread tail. This leaf can be raised or shut down with the fingers, without breaking or apparently injuring it, until the flower reaches its full bloom, when it drops off.—*Panama Star.*

FROM OREGON.—The steamer California had arrived at San Francisco from Astoria, and brought files of the Oregon Spectator to the 21st of November and the Western Star, published in Milwaukie, Oregon, of the same date. The Star says that the place is only one year old, and already has a population of 500, with a fair prospect of a rapid increase. There is a good school house, a post office, and a good variety of stores, with two saw mills and grist mill; also a steamboat running between Oregon City and Pacific City.

The country is prosperous. What the people appear to pride themselves greatly upon is, that the entrance to the mouth of the Columbia River is now considered perfectly safe. Not an accident of any moment has occurred since Capt. White has been stationed at Astoria. The rivers are undergoing important changes, and the navigation will soon be unobstructed.

The Spectator complains of the high postage between the Atlantic and Pacific. It says the charge of 40 cents is unreasonable, unjust and oppressive.

FROM THE SANDWICH ISLANDS.—Advices from the Sandwich Islands to the 6th ult, have been received. Eleven houses were destroyed by fire at Honolulu on the 6th. A meeting had been held for the formation of a Police to protect citizens from the depredations of thieves and burglars. All the vessels up for freight to the United States are likely to fill up.

Ladies' Benevolent Society.

MRS. WARD CHIPMAN, PATRONESS.

MRS. WHITE, MRS. SEARS, } *Committee.*
MISS DEBLOIS,

MISS L. KINNEAR, *Secretary & Treasurer.*

AT the close of another Year, the Committee of this Society present to its supporters their Annual Report, and they take the opportunity to appeal to the charity of the public.

Although the late completion of the collections for 1850, leaves a *comparatively* large balance in the hands of the Committee, they feel that at no more appropriate season than the present, could they ask on behalf of the poor, for an increase to the funds which it is their privilege to distribute. The keen frosts and chilling blasts of an uncommonly severe winter (but half of which has yet appeared) have called into requisition all the many comforts and luxuries of the rich and well to do: the same frosts and cold have lamentably increased the wants and miseries of the poor, to whom the commonest necessaries of life are frequently *luxuries* far beyond their reach. The season too of mirth and feasting has just passed by, the season which, more than any other, shows on in bold relief, the contrast between affluence and poverty—the season which, to the heart of the sincere Christian, brings home most powerfully a sense of the Divine love extended to his fellen race, and reminds him that as he has freely received, so should he freely give.

To the extent of their means, the Committee have afforded relief to those who they found to be really in need of it. Twelve or fourteen sick and indigent persons receive a small monthly allowance of Bread and Groceries. Occasional clothing have been made up and given away. But the Committee are obliged to refuse applications for aid, almost daily, owing to the limited amount of their funds at their disposal.

In conclusion, they invite attention to this little statement, and trust that its readers, if they have not already done so, will now Remember the Poor.

TO HEADS OF FAMILIES.

From the Montreal Transcript, June 19, 1849

WISTAR'S BALSAM OF WILD CHERRY.

Some of our friends are never without this excellent and agreeable medicine in the house; many a good and thrifty housewife, considering it an indispensable comfort to the numerous disorders having their origin in severe cold, or constitutional asthma. There are many drugs puffed up as sovereign remedies for all the various ills that flesh is heir to, which, to say the least, are safest in their places behind the counter of the druggist—but among the category, none who have felt or witnessed its good effects, will class Wistar's Balsam of Wild Cherry.

BEWARE OF COUNTERFEITS & IMITATIONS

The unparalleled and astonishing efficacy of Dr. Wistar's Balsam of Wild Cherry, in all the diseases for which it is recommended—curing many cases after the skill of the best physicians was unavailing, has effected a large and increasing demand for it. This fact has caused many unprincipled counterfeiters and imitators to palm off spurious mixtures, of similar name and appearance.

None genuine without the written signature of I. BUTTS on the wrapper.—For Sale by S. L. TILLEY, King Street, St. John.

WOLF CLOTH TOP COATS.

HOUSE OF ASSEMBLY,
8TH MARCH, 1848.

RESOLVED, That no Bill of a private nature or Petition for Money or relief, shall be received by the House after the fourteenth day from the opening of the Session, both inclusive; and that the Clerk of this House do, one month previous to the meeting of the Legislature, cause fifty printed copies of this Rule to be sent to each of the Clerks of the Peace in the several Counties for distribution, and cause the same to be inserted in the Royal Gazette, and two Newspapers in such County where Newspapers are published.

CHAS. P. WETMORE, *Clerk.*

HOUSE OF ASSEMBLY,
7TH APRIL, 1849.

WHEREAS the number of applications to this House from School Teachers for Grants of Money have been from year to year increasing; and whereas it is desirable that such information should be furnished as would enable this House to arrive at just and equitable conclusions; therefore

RESOLVED, That this House will in future sustain no application for allowances to Teachers of Common or Parish Schools, unless it shall be certified by at least two Trustees of Schools for the Parish where such School has been taught, shewing the time actually taught—the Teacher to be licenced—the cause why such Teacher was not certified to the Sessions in the ordinary way—and that such Teacher was not compelled to discontinue his or her School on account of any improper conduct.

SELLING OFF!

THE Subscribers having come to the det[illegible]nation of Selling off the whole of their pres[illegible]

VALUABLE STOCK,

will, on and after Monday the 25th inst. commence

A General Sale,

and will continue the same until the whole is disposed of.

The Stock consists of every description of useful

Staple and Fancy Goods,

and as none of it will remain unsold after the 1st May next, the prices at which it will be offered, will be such as will put competition at defiance.—They would particularly call the attention of the public to the Valuable selection of

WOOLLENS,

in Broad Cloth, Pilot, Beaver, Witney, Canada Lyons Cloth, Cassimere, Doeskins, Tweeds, &c.; and as they have always had the reputation of having the best selected and largest assortment of such articles in the City, (and this Autumn the Importation was unusually large,) they are now determined that it shall be sold the cheapest.

As every article will be sold at the same general low rate, it will be worth the attention of the Trade, as well as the Retail buyer, to give the Stock an inspection.

N. B.—As this Sale is really what it is represented to be, a clearing out Sale, no credit will be given. GILCHRIST & INCHES.
