THE LEGISLATURE FINISHES BUSINESS

Continued from page 1.

struck out, but the suggestion was voted down.

The Attorney-General moved that the clause be amended so as to confer the power referred to on the Park Commissioner, with the proviso that he must give the owners of trees notice as in the past. The amendment to the clause carried.

Mr. German wanted an amendment to enable councils of cities to pass bylaws to bonus rolling mills and iron works in the same way as they may now assist in the establishment of iron smelting works. The amendment carried.

Must Have Sunday Milk.

Mr. Richardson of York moved an amendment to prevent the delivery or sale of milk on the Sabbath. The suggestion was voted down.

The bill as thus amended was given a second and third reading in quick succession.

Piggery in the House.

A motion to receive the report of the Public Accounts Committee brought Col. Matheson to his feet, and the piggery issue was threshed out in the House. The member for Lanark felt that the question, though belittled by the Government, involved the fate of the Ministry. He claimed that Inspector Noxon's part in the affair merited his dismissal. Throughout his remarks occasional jeers came from the Ministerial benches.

Mr. Marter.

Mr. Marter followed in much the same strain, and Mr. Garrow, defending the Government, denied that either their connection with the sale of dead meat, or Mr. St. John's assertion that the piggery had cost $30,000 had bee nestablished. "I don't even believe that the sale of diseased meat was established," said he, amid derisive "Oh! Ohs!" from the Opposition.

Dr. Willoughby considered that Dr. Sweetapple was not a fit custodian of public health.

"But the point is," put in Mr. Garrow, "was he employed by this Government?"

"No," was the doctor's retort, "but the Government tried to shield themselves behind him."

Mr. Whitney

Then followed a very brilliant arraignment by the Opposition leader, who made one of the most able short addresses of the session. He termed the piggery a "sink of filth and nastiness," and accused the Government of acting unfairly and in an unheard of manner towards Mr. St. John, when the latter, in committee, strove to prove his charges. He denied that Mr. St. John had ever stated that the piggery cost $30,000.

This statement was flatly contradicted by Mr. McNish, who alleged that he himself had heard Mr. St. John say it.

Mr. Charlton arose to give some "facts" as to what had taken place in the committee, but was floored when Mr. St. John asked him why he had forced his witness to give precedence to Inspector Noxon.

"It was decided by a vote of 15 to 8," he explained, and the Opposition cheered derisively. "Of course." The debate was concluded by Mr. Crawford, and the motion to receive the report was adopted.

The House adjourned about midnight.

Winnipeg Wasn't in It.

Montreal, Jan. 14.—The Winnipeg hockey team was badly defeated by the Victorias here to-night, who scored 8 games to the visitors' 2. The match took place on the Victoria Rink and was witnessed by a good crowd.

The Winnipeggers made a very poor showing and were completely overmatched by the Victorias. In the first half Winnipeg took the first game, Shaw scoring, and the Victorias followed by scoring, making the score even. Winnipeg scored again and in scoring again before the gong sounded Victoria took the next game and succeeded half-time, Victoria 3, Winnipeg 2.

In the second half the play was all one-sided, the Victorias scoring five more goals in succession, the Winnipeggers failing to add another game to their sore. The visitors were completely overmatched and were no match at all for the Victorias. The teams were:

Winnipeg (2): Goal, Baker; point, Swinford; cover, Breen; forwards, Shaw, Neeve, Leveque, Thompson.

Victorias (8): Goal, Lewis; point, H. Macdougall; cover, Grant; forwards, Davidson, Ewing, Gilleley, Drinkwater.

In addition to Morgan's show, there will be a cracking good basket ball game between the T. A. A. and Argonaut R. C. and some good musical numbers; also D'Alesandro's orchestra.

Suffered Agony With Pains in the Stomach—Hood's Cured.

The testimonials in favor of Hood's Sarsaparilla are as worthy of confidence as though they came from your most trusted neighbor. They are written by honest people who are grateful for the cures accomplished by this wonderful medicine. Read this statement:

"I was afflicted with severe pains in my stomach from which I suffered much agony at times. I was afraid to go any distance from home for fear of having an attack. I was treated for neuralgia of the heart without avail. At last my mother wrote and urged me to try Hood's Sarsaparilla. I have her letter before me at the present time and it reads as follows: 'My dear child, it grieves me to learn that you suffer so with your stomach. Do get a bottle of Hood's Sarsaparilla and let me know the result, for I am confident

It Saved My Life.'

I am glad to state that I abided by my mother's advice and I am now healthy and strong. I never think of being without Hood's Sarsaparilla in the house. It is a great help to mothers while nursing. I have given it to my baby with satisfactory results. I cannot state all I would like of the many benefits I have known Hood's Sarsaparilla to give to other sufferers. I gladly recommend it." MRS.
