Is the Forest is the best Medical School!

That proclamation which expands the human frame in the infection and virulence of all diseases arising directly or indirectly from a disordered state of the System, caused by Impure Blood, Bilious and Morbid condition of the Stomach and Bowels.

DR. HALSEY'S
GUM-COATED
FOREST PILLS.

(A therapeutic preparation of unmatched efficacy.)

These Pills are prepared from the best Sarsaparilla, combined with other Vegetable properties of the highest Medicinal virtue. They are warranted not to contain any Mercury or Mineral whatever. They purge without griping, nauseating or weakening; can be taken at any time without hindrance from business, change of diet, or danger of taking cold. They neither have the taste or smell of medicine, and are five times more effectual in the cure of disease than any Pills in use.

But a short time has elapsed since these great and good Pills were first made known to the public, yet thousands have already experienced their good effects. Invalids given over by their Physicians as incurable have found relief, and been restored to sound and vigorous health from their use.

TO FATHERS OF FAMILIES.

Bile and foul state of the stomach occasions more sickness and deaths in families than all other causes of disease put together. In the latter part of Summer and Autumn, when the atmosphere everywhere is poisoned from miasma, arising from stagnant pools and decayed vegetation, whole families are taken down by Malignant Fevers, Fever and Ague and other dangerous disorders, all proceeding from a bilious and foul state of the stomach. No parent can be so ignorant as not to know the great danger existing from biliousness—no parent would be guilty of causing the

DEATH OF THEIR OWN CHILDREN!!!

Yet thousands of children and adults die every year through neglect of parents to attend to the early symptoms of bile and foul stomach.

Superfluity of bile may always be known by some unfavorable symptom which it produces, such as sick stomach, headache, loss of appetite, bitter taste in the mouth, yellow tint of the skin, languidness, costiveness, or other symptoms of a similar nature. Almost every person at this season of the year is bilious, the neglect of which is sure to bring on some dangerous disorder, frequently terminating in death. A single 25 cent box of Dr. Halsey's Gum-coated Forest Pills are sufficient to keep a whole family from bilious attacks and sickness from six months to a year. A single dose, from 1 to 3, of these mild and excellent Pills for a child, from 3 to 4 for an adult, and from 5 to 6 for a grown person, carry off all bilious and morbid matter, and restore the stomach and bowels, curing and preventing all manner of bilious attacks and many other disorders.

SALTS AND CASTOR OIL.

No reliance can be placed on Salts or Castor Oil. These, as well as all common purgatives, pass off without touching the bile, leaving the bowels costive and the stomach in as bad condition as before. Dr. Halsey's Forest Pills act on the gall ducts, and carry all morbid bilious matter from the stomach and bowels, leaving the system strong and buoyant, mind clear, producing permanent good health.

Dr. Halsey's Forest Pills are unlike all others. They act directly on those vital organs of the Stomach, Liver, Kidneys, &c., which secrete the fluids of the body and separate the impurities from the blood. While they purge all bilious and morbid matter from the stomach and bowels they cleanse and renew the blood, thereby destroy the seeds of disease. The Forest Pills do not weaken, but give strength and animation to both body and mind. They neither cause griping nor any inconvenience whatever, and the patient is better able to attend to business while under their influence than before taking them. They are mild in operation, yet powerful in restoring health.

The great amount of good these Pills have done for the sick and afflicted have induced thousands to commend them to their friends and the public. Individuals of worth and intelligence in almost every part of the country have testified to the world in favor of their great effects in curing disease.

Testimonials showing their great powers of curing in almost every class of disease have been tendered to us by individuals of unblemished character and respectability. The following testimony is from a respectable and wealthy farmer residing near Utica, New York:—

UTICA, November 9, 1848.

DR. G. W. HALSEY,—Sir: I feel, for several years back, I have had much sickness in my family, of Bilious Disorders, and Ague and Fever. In the fall of 1848 two of my sons were taken at the same time with Bilious Fever. In former seasons, when sickness occurred in my family, I had always employed a Physician. But at this time having two boxes of your Forest Pills in the house, I concluded to try them. I gave to each of them six Pills, and four hours after I gave them three Pills more. They soon operated, bringing away much black and green matter. On the following day the fever had left them, and they both recovered without any more medicine. Since this time I have always kept your Pills at hand, and in all cases of sickness we have used them with the most happy results.

(Signed) IRA S. GOODHOE.

NOTICE TO THE PUBLIC.

In 1846 Dr. Halsey's Pills were first made known to the public, under the denomination of "Halsey's Sugar-Coated Pills." Their excellent qualities soon gained for them a high reputation, and the annual sale of many thousand boxes. This great success excited the avarice of designing men, who commenced the manufacture of common Pills, which they coated with Sugar, to give them the outward appearance of Dr. Halsey's, in order to sell them under the good will Dr. Halsey's Pills had gained by curing thousands of diseases.

The public are now hereby respectfully notified that Dr. Halsey's genuine Pills will henceforth be coated with

GUM ARABIC,

An article which in every respect supersedes Sugar, both on account of its healing virtues and its durability. The discovery of this improvement is the result of a succession of experiments during three years. For the invention of which Dr. Halsey has been awarded the only Patent ever granted on Pills by the Government of the United States of America.

The Gum-Coated Forest Pills present a beautiful transparent glossy appearance. The well-known wholesome qualities of pure Gum Arabic, with which they are coated, renders them still better than Dr. Halsey's celebrated Sugar-Coated Pills. The Gum-Coated Pills are never liable to injury from dampness, but remain the same, retaining all their virtues to an indefinite period of time, and are perfectly free from the disagreeable and nauseating taste of Medicine. In order to avoid all impositions and to obtain Dr. Halsey's true and genuine Pills see that the label of each box bears the signature of G. W. HALSEY.

Reader!!! If you wish to be sure of a medicine which does not contain that lurking poison, Calomel or Mercury, purchase HALSEY'S GUM-COATED FOREST PILLS, and avoid all others.

If you desire a mild and gentle purgative, which neither nauseates nor gives rise to griping, seek for HALSEY'S PILLS.

If you would have the most concentrated as well as the best compound *Sarsaparilla Extract* in the world for purifying the blood, obtain Dr. HALSEY'S PILLS.

If you do not wish to fall a victim to dangerous illness, and be subjected to a Physician's bill of 20 or 50 dollars, take a dose of Dr. HALSEY'S PILLS as soon as unfavorable symptoms are experienced.

If you would have a Medicine which does not leave the bowels costive, but gives strength instead of weakness, procure HALSEY'S PILLS, and avoid Salts and Castor Oil and all common purgatives.

Parents, if you wish your families to continue in good health, keep a box of HALSEY'S PILLS in your house.

Ladies, Dr. HALSEY'S PILLS are mild and perfectly harmless, and well adapted to the peculiar delicacy of your constitutions. Procure them.

Travellers and Mariners, before undertaking long voyages, provide yourselves with Dr. HALSEY'S PILLS, as a safeguard against sickness.

HUMAN HAIR.—HYPERION FLUID.—This is a composition admirably adapted to the preservation of the hair; and has the particular merit of being prepared purely from *vegetable ingredients*, so that its application is perfectly safe. How often do we perceive young persons with hair nearly gray, or afflicted with baldness, all arising from inflammation of the skin of the head, caused by severe study, violent grief, and other mental afflictions. By a liberal use of the Hyperion, in a short time they will find, to their delight, a complete change will have taken place in the action of the skin, and a rich and luxuriant growth of hair, of its original color, will shortly follow. Its effects in cleansing the hair from scurf and dandruff are also truly wonderful. The Hyperion should be one of the principal appendages to every lady's and gentleman's toilet.—See *Advertisement.* 198

PLANTAGENET WATER.

Among the objects of attraction at the late Industrial Fair, the celebrated Plantagenet Water held a conspicuous position, and its exhibition was attended, we learn, with the most favorable results. The demand at the Depot for this health-inspiring draught was so great that it was with great difficulty strangers and visitors to the city could be supplied. The celebrity of these Mineral Springs has been so thoroughly and satisfactorily established that testimony of the most valuable character comes daily accumulating. The highly respectable certificates given in our paper of to-day will, if possible, increase their reputation, and add to their value throughout the Province. The testimony of the medical gentlemen is certainly highly favorable to the character and quality of these Springs—Drs. Nelson and Gibb placing them above all other Mineral waters on this Continent:—

"I believe I am one of the first Practitioners of this city who recommended the use of the Plantagenet Spring Water, and since that time I have prescribed it to a very large number of my patients with invariable advantage.

"Two members of my family, of feeble and delicate constitutions, have derived marked benefit from the use of the Water. One had nearly lost all power in the right limb, the result of a severe and protracted attack of Rheumatism; the other was extremely debilitated from derangement of the digestive and alimentary organs.

"In both instances the use of the Water is attended with the happiest result in constipation, arising from sedentary habits, and in aged persons.

"In hemorrhoids, or bleeding piles, and the other complaints to which women are subject under certain circumstances, it acts most agreeably and effectually, but in these derangements, as well as where there is over action of the kidneys and bowels, it should be taken in smaller quantities at a time, but more frequently.

"From an extensive experience I am well satisfied with the question of the Water; to weak persons it is a most valuable, and I deem it preferable to any other of the Mineral Waters I am acquainted with. I have seen many of the Mineral Waters as a great boon conferred by Providence on mankind.

"WM. NELSON, M. D., V. R. Col.,
"Phy. & Sur., Canada East."

"Many months experience in the use of the Plantagenet Waters in my practice have fully convinced me of their value as a remedial agent, and I have had reason on any single occasion to regret their use. I find they seldom disagree with the stomach, and always act as a gentle aperient and alterative, and, from their composition, they possess, in addition, decidedly tonic properties.

"Certainly, too much has not been said in their favor, for they are, probably, the most valuable Waters on this Continent.

"GEORGE D. GIBB, M. D.,
"Licentiate Royal College of Surgeons, Ireland,
"Lecturer on the Materia Medica Dispensary,
"Montreal, 5th August, 1850."

The following certificate is from the Hon. Peter McGill, a Member of the Legislative Council of the Province, and President of the Bank of Montreal:—

"CHARLES LaROCQUE, Esq.

"DEAR SIR,—During the past year most of the Plantagenet Water, as well known and so highly esteemed by a public favor by many of our most eminent Medical Practitioners, I can bear testimony to its salutary effects on my own delicate health, and doubt not its efficacy in contributing to strengthen and invigorate the constitutions of those who may freely use it. Many of the cities of those who may freely use it. Many of the cases have been communicated to me, and I can bear testimony to the excellent qualities of the Water, from my own experience of its excellent qualities, fully engaged me in giving my testimony to its beneficial effects.

R. R. R.
THE PROPHECY FULFILLED.

IN the month of August, 1849, we promised to the world that we would produce a remedy that would instantly stop the most severe pangs of pain, and specially remove its cause.

We proposed to Hospitals, and all other Institutions for the reception of the sick; to Physicians, Surgeons, and all Medical Institutions and Bodies, to introduce our Ready Relief for their investigations, and to illustrate its merits and miraculous power over pain upon the patients.

We claimed that it would stay, in a few minutes, the most severe Cramps and Spasms; it would arrest the progress of that dread plague, the Cholera, dealt in a few minutes it would discover the Internal Injury, cold, and life-less body, to warmth, vitality, and vigor.

That in a few minutes it would relieve the most severe pains in the bowels, that in fifteen minutes it would stop all painful and diarrhœa disorders, and impart a genial warmth to every organ and secretion of the body; that it would positively relieve the most severe and disagreeable pains of sick and nervous headaches in fifteen minutes, and effectually cure this distressing complaint.

That it would in an instant mitigate the great pangs of Neuralgic pains, and permanently cure the excruciating affection. That it would stop the most tormenting toothache in a few seconds.

That it would relieve all Rheumatic pains in fifteen minutes, and cure many Chronic cases of Rheumatism in a few hours.

That it possessed a miraculous soothing and relieving influence over all pains originating from Rheumatic, Neuralgic, Nervous and Bilious complaints, and that the patient suffering the most excruciating tortures, would feel its soothing influence in a few minutes.

The world was startled at the publication of our discovery. The wise sayings of Medical Science shook their heads in doubt. The sick and afflicted hoped yet, feared that, like other remedies, it would come quicker on paper than by practical experiments; thousands who were suffering with the most excruciating pains, at once determined to try it; the consequence was, that from almost every village, town, city, within 200 miles of New York, we were the daily recipients of orders for our extraordinary remedy. The people tried it and found it good; the most torturing pains were mitigated; weak and feeble victims of Rheumatism, who had been bedridden for years, were suddenly relieved from pain and restored to health. So with the sufferers of Neuralgia, Sick and Nervous Headache, Chill Fever, Diarrhœa, Cramps, Spasms, Cholera Morbus, and, in fact, all painful and distressing Acute complaints, were suddenly relieved from their sufferings, and restored to health. Its fame spread from city to city, the people sounded its wonderful virtues far and wide, and ere the earth had run its yearly course,

IMPORTANT TESTIMONIALS.

Copy of a Letter from "Colonel Hawker," (the well-known Author on "Guns and Shooting.")

LONGPARISH HOUSE, NEAR WHITCHURCH, HANTS, October 21, 1846.

SIR,—I cannot resist informing you of the invigorating effect I have experienced by taking only a few of your LOZENGES. I had a cough for several weeks, which, in spite of every remedy, had, and stands at the hand of the list of preparations for strengthening and beautifying the hair; his Amole, for shaving, is decidedly the greatest luxury in combined cases with this unrivalled bath; and his Rubaiyat, for the complexion, is unrivalled in its beneficial effects. STRONG RECOMMENDATIONS.

Regarding the effects of Dr. Sherwood's *Galvanic Embrocation*, a distinguished member of the Bar of New York remarks as follows:—"I feel the extraordinary rapidity with which this Galvanic Embrocation is conquering the prejudices and captivating the convictions of all men who have occasion to rub it upon the skin of all impurities, without the slightest evil effects, that it will ultimately effect a complete revolution in the practice of medicine. The Galvanic Embrocation discovered by Dr. Sherwood seems to have produced some very astonishing effects upon the human frame, and with which every man, woman and child, will be found the best Physician, and most faithful friend, in cases of need, in a great measure, and to a very extensive degree, superseding the resort to the regular practitioner in private families, and in sickness. Its effects mentioned appear magical, in instances apparently hopeless, and which does not yield to any other remedy. Many are really those in one in any case whatever, even to the most delicate person or tender infant.

From the Baltimore Daily Clipper.

It is not too much to say that every family, hotel, boarding house, every ship and every vessel which leaves our port, and every Physician and person attending benefits, or desirous to do good, should possess at least one bottle of Dr. Sherwood's Galvanic Embrocation, for it is an invaluable remedy for all the diseases for which it is designed. 269

FT. LEON AND CAXTON SPRINGS.

For the past twelve months I have frequently recommended the Waters of the St. Leon and Caxton Springs, and have formed a favorable opinion of their efficacy in several cases in various parts of the country. I have no doubt both Waters will succeed, in the generality of cases, for accomplishing all the purposes of their healing agents, specially in cases of Gravel, Dropsy, Dyspepsia, Costiveness, Rheumatism, Gout, Scurvy, Fever and Ague, &c., &c.

Without the use of Arsenic or other Mineral Poisons.

The Genuine Article has a Label, similar to the above, pasted on the top of each Box.

The following TESTIMONIALS, from parties of high respectability, will place its efficacy above suspicion:—

With pleasure I assert, that the use of SMITH'S EXTERMINATOR was attended with complete success in destroying Cockroaches, Beetles, and Rats, in and about my premises; which was effected without any inconvenience.

C. F. BAILLARGEON, Pte.

Quebec, 7th March, 1848.

My premises have been infested with Rats for several years, and I have tried various means to rid myself of the annoyance, without success. Having been strongly recommended Burrr's EXTERMINATOR, I have much pleasure in testifying that its use has been perfectly successful in the total destruction of the Rats with which my premises abounded, and that without the least inconvenience.

BENJAMIN HART.

Montreal, November 29, 1848.

I hereby certify, that by using SMITH'S EXTERMINATOR it has perfectly succeeded in ridding the College Premises of Cockroaches, Crickets, and such like disgusting insects, which were before very numerous.

S. VILLENEUVE,
Director of Montreal College.

Montreal, April 20, 1848.

From the Rev. B. Davis, D. D., Minister of the Baptist Church, Montreal.

I most willingly bear testimony to the good effects of SMITH'S EXTERMINATOR. I found my present dwelling over-run with Beetles; the nuisance bid defiance to all efforts to abate it, until this preparation was applied. One Box has sufficed to exterminate the Insects almost entirely from the house. Similar cases of success have occurred in my neighborhood.

ELEGANT AND INVALUABLE
ARTICLES FOR THE TOILET.

BOGLE'S HYPERION FLUID,
FOR RESTORING PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate, from Dr. Winslow Lewis, one of the most eminent Physicians of Boston, will command attention, inasmuch as it is held by the scientific and learned, being one only of many similar ones.

BOSTON, Feb. 18, 1847.

MR. WM. BOGLE,—Sir,—The preparation presented by you for the hair has been extensively used in my family, and they give it the decided preference over all other compositions of the kind. It invigorates and beautifies the hair, and cleans the skin of all impurities, without producing any ultimate deleterious effects, which are so frequently the result of many well-known patented compounds.

WINSLOW LEWIS.

It is an indispensable article for the Ladies, as it keeps the hair in place and curl, and the skin or parting of the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,
A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to anything yet invented for shaving. The base of it is derived from the *Amole*, or "soap plant," of California, an article used by the natives of that country for washing; and thus the use of strong alkali, so hurtful to the skin, is avoided. Its vegetable and detergent properties have the purest and most nourishing effects on the skin,—it soothes and allays irritation, and has a fine, thick, creamy lather, which does not dry on the face. It is a decided luxury to be shaved with this incomparable soap. It is done up in elegant style, calculated either for the dressing case of the "rough and ready" traveller, or the toilet of the most fastidious connoisseur.

BALDNESS CURED.

The following is from Sumner F. Barrett, Saratoga Street, East Boston:

EAST BOSTON, Feb. 8, 1847.

Mr. William Bogle.—Dear Sir: For several years past, my wife has been troubled with baldness on the Crown of the head, about six or seven inches in circumference. After repeated failures of other so-called remedies, and spending much money, she was induced to use your Hyperion as a wash, for the purpose of restoring her lost hair, and I am happy to say that its effect has been marked; the hair to grow all over the part affected. She has used only two bottles, and that very irregularly; had she used it oftener and more regular, I am convinced that the growth of the hair would have been accelerated. I am, Sir, yours respectfully,

SUMNER F. BARRETT.

BOGLE'S HEBEAIONA,
FOR REFRESHING AND BEAUTIFYING THE COMPLEXION.

Eradicating Tans, Pimples, and other eruptions of the skin, and rendering it fair, delicate, and blooming. It is equally efficacious in protecting the skin from the hot sun of summer, and freezing blasts of winter, and is the most fragrant and delicious article to be found at the toilet of fashion.

All the above articles have stood the test of the strictest investigation, and are WARRANTED superior to anything yet invented.

SCROFULOUS AFFECTIONS, &c.

In all these distressing and prevalent cases, there is no question regarding the efficacy of this Medicine, as eminent Physicians of this city, writes as follows:—

Dr. Sherwood's Galvanic Embrocation.—I regard as the most valuable of all remedies in Scrofulous affections. One of my children, a daughter of 5 years old, was afflicted with a very inveterate and severe Scrofula for years, various remedies were tried but without effect. The disease exhibited itself in several distinct forms, and the discharges from one of the ulcerations had not ceased. At this crisis, I commenced the treatment with Dr. Sherwood's Galvanic Embrocation—the treatment was continued in connection, was a decided and decisive, which soon conquered the disease, and a complete cure was effected.

Society at large is indebted to William Bogle, 277 Washington Street, for a series of the most unexceptionable toilet articles,—the result of his inventive research. His Hyperion Fluid is extensively used, and stands at the head of the list of preparations for strengthening and beautifying the hair; his Amole, for shaving, is decidedly the greatest luxury in combined cases with this unrivalled bath; and his Rubaiyat, for the complexion, is unrivalled in its beneficial effects. Sold by the inventor as above.—See *Adv.* 197

BY SAMUEL LA'MERT, M. D.,

No. 37, Bedford Square, London,

Doctor of Medicine, Matriculated Member of the University of Edinburgh, Licentiate of Apothecaries' Hall, London, Honorary Member of the London Hospital Medical Society, &c.

This Work contains an accurate and complete account of the Anatomy and Physiology of the Reproductive Organs, and of their relative conditions in Health and Disease. Nor are these the only contents of the Work: the means of escape, as well as the nature of the danger, are pointed out in clear and intelligible language. The delicacy displayed in the consideration of these subjects, for which cannot be of more importance than the preservation of health, and of the physical capabilities of which every man should be possessed, it is unnecessary to remark, will be sufficiently appreciated by the intelligent reader. The author is a regularly educated Physician, and the reputation he has acquired in the treatment of these complaints, is the highest testimonial of approval will be received.

CRAMP AND PAIN-KILLER.

THE MOST SUCCESSFUL REMEDY KNOWN

For the Cure of all Rheumatic Affections—Pain in the Stomach, Back, Side or Limbs—Stitches in the Back, Side or Limbs—Cramp in the Limbs or Stomach—Darting Pains, Bilious Cholic, Dysentery and Diarrhœa, Colds and Sore Throat, all cases of Local Inflammation—Cuts, Wounds, Bruises, Headache, Toothache, Burns, Scalds, Frozen Limbs, &c., &c.

THIS wonderful Medicine has effected many truly surprising cures in cases of the foregoing complaints. And we say no more than hundreds and thousands who have used it will assert, when we say there is no Medicine designed for that class of complaints, possessing more than a tythe of the power to relieve and cure of this.

We solicit particular attention to the fact that it does not contain a particle of Opium in any form. Neither does it contain Camphor.

It is free from any deleterious article, and cannot, in any conceivable case, injure the patient.

It does not deaden the *Life Particles*, nor produce the burning, drying, parching sensations, so much complained of in the use of other "Pain Killers."

It does not weaken the peristaltic motion of the bowels, producing Costiveness and its attendant evils, but is a promoter of digestion, and of proper and healthy action in the stomach and intestine canal.

IN ALL RHEUMATIC AFFECTIONS,

LOCAL PAINS, &c., it has *proved surprisingly successful*, rarely failing to cure, even in the most desperate and long standing cases. (See Certificate.) In these cases the parts affected should be freely bathed, and then rubbed lightly, but briskly—not hard enough to hurt the patient, till an irritation is produced on the surface, and in severe cases the patient should take half a teaspoonful on sugar or molasses.

CRAMP IN THE STOMACH OR BILIOUS CHOLIC,

We believe it will never fail to *speedily cure*. It should be a teaspoonful at a time, on sugar or molasses, or in any manner the patient can take it best, and the stomach and bowels freely bathed. And if in fifteen or twenty minutes the patient does not find relief, repeat the dose.

DYSENTERY OR DIARRHŒA.

Are speedily and easily cured by it. It should be given a teaspoonful at a time, once in an hour or two, or oftener in severe cases, and bathe the stomach and bowels with the same.

EVEN THE CHOLERA,

Which during the past season has swept off such fearful numbers, has been cured by it, we believe in every case; where it has been early and faithfully applied. In Bangor, where it proved singularly fatal, it was found to yield to this remedy, and CURTIS & PERKINS' *CRAMP AND PAIN KILLER*, was the Medicine recommended by the first Physicians, and by the Press, as the first, the surest remedy to be used.

As a dressing for *Cuts, Wounds, Bruises, &c.*, it is without a rival. As also in cases of *Burns, Scalds, Freezes, &c.*,—relieving the pain and *healing* without scar.

FOR TOOTHACHE

It is, nine times out of ten, a *CURE*. We believe it will *never fail*, unless the tooth is decerated. If the tooth is hollow, saturate a little lint and put it in the cavity. Hold some of it in the mouth. If the face is swollen bathe with it.

Bathing the head with it is generally a cure for the headache.

We are constantly receiving certificates from every part of the country, many of which may be seen in newspapers, and in pamphlets, which may be obtained of any of our agents.

P. S.—It is the best *HORSE AND OX LINIMENT* in the world.

Please read the following statement from John Buchanan, Esq., of Dixmont, Me.:—

DIXMONT, July 11, 1848.

Messrs. Curtis & Perkins,—For two years past I have been entirely prostrated with the Rheumatism; both of my knees were swelled to twice their original size—a large bunch came out on my breast bone, appearance like a part of the bone thrown out. Another bone was thrown out of my wrist. In short, I endured the most excruciating pains for nearly three years. I obtained the best medical attendance the country afforded, and tried a great number of medicines and prescriptions without the least benefit or alleviation, when I had the good fortune to procure a bottle of Cramp and Pain Killer, prepared by Messrs. Curtis & Perkins, of Bangor. Soon after taking it I found I could get some rest nights, and the pain became less violent. I have continued to take it and apply it externally, until I have used eight bott
