BUTCHART'S RESTORATIVE BALSAM.

THIS invaluable Medicine has been sixteen years before the public, and has invariably been attended with unparalleled success,—indeed it may be justly considered INFALLIBLE in the cure of Bloody Flux or Dysentery, and all Looseness of the Bowels, in old or young. Its effects are palpable. Within a few minutes after a full dose has been taken complete relief is obtained. The Medicine is the invention of the late Doctor Burtart, Dundee, who, from long experience and extensive practice, has brought it to its present state of perfection in the cure of the above diseases. The ingredients of which this Medicine is composed are most salutary and beneficial to the human system. A single trial will satisfy any one as to the truth of this statement, and we can with the greatest confidence recommend it to the public as a sure and safe Medicine.

To be had only of the Proprietor, Mr. Mongenal, and Jos. Bowman, Druggist, Montreal, July 14.

Caledonia Springs, 2nd June, 1851.

(Extract of a letter from P. J. Lamoth, Esq., of Montreal.)

I beg to state that in July, 1849, I went to the Springs for the purpose of testing their efficacy in a case of the most violent Rheumatism, under which I had been suffering for several years previous. After remaining at the Springs for about three weeks, and making free use of the Waters, my limbs were entirely relieved from all pain, and my health perfectly restored. Several of my friends, to whom I have recommended the Springs, assure me that they have experienced immediate relief from their use. I consider the Waters of the Caledonia Springs to be most efficacious in cases of Rheumatism.

To the proprietor of the Caledonia Springs.

MONTREAL, 6th June, 1851.

DEAR SIR,—In compliance with your request, I have much pleasure in giving you my opinion of the extraordinary efficacy of the Waters of the Caledonia Springs, so long and highly appreciated by the Public, based upon the observations of some twenty-five years' experience, and tested as they have been by a great many patients of mine and others, labouring under Rheumatic affections and the different forms of disease to which the human frame is liable. I consider them invaluable. Few persons, except those who have suffered from this dreadful malady, can justly appreciate their wonderful salutary effects. I have often seen persons martyrs to this disease, (myself for one during ten years,) which baffled all medical skill, both in England and on the Continent, resort to the Caledonia Springs—walking on crutches, and others that could not walk at all, worn out by protracted sufferings, and their general health prostrated, and I have seen them return to their homes free from pain, leaving behind them their useless crutches, and with health, strength, appetite, and activity perfectly restored, enabling them to resume their active duties of life. These Waters, the International and Sulphur Springs in particular, have been almost as efficient in other chronic diseases, such as Dyspepsia, Scrofula, *Salt Rheum*, and other affections of the skin; in a variety of Dyspeptic Complaints, Chronic Affections of the Liver and Kidneys; and I can say that I frequently meet with cases that have been given up as incurable, but not completely restored, which have been much relieved by a more extended use of the spa. That these Waters have acted in a most astonishing manner in cases of gravel, is now admitted, and so much respectable testimony to this effect has already been laid before the Public, that to say more would be superfluous.

H. MOREAU,
Member of Royal College of Surgeons, London.

To John L. Wilkinson, Esq.,
Proprietor of the Caledonia Springs.

MONTREAL, 15th December, 1848.

DEAR SIR,—I have to state that I consider the use of the Caledonia Waters a very valuable curative agent in the treatment of many forms of disease. Circumstances enable me to grant you a favorable Certificate with more than usual propriety, many of my own Patients tested their efficacy, and derived great benefit from the use, of the Waters. Of all diseases that have come under my notice, in which a persevering use of the Baths and Waters promised the most beneficial results, Chronic Rheumatism ranks the first. Many of the cures in this disease have been truly astonishing. I met with a case last summer, where for upwards of a dozen months, I had been suffering severely for more than nine months; she had completely lost the use of her limbs, and could only walk a few steps with great pain and difficulty. After a residence of six weeks at the Springs, she returned free from pain, and strong enough to walk a considerable distance without fatigue. I have since heard from her, much benefited by Dyspepsia and Urinary Complaints, in Cutaneous Secondary Syphilis and some of the forms of Cutaneous Disease.

In conclusion, I can do no more than a personal visit to your Establishment, that independently of the acknowledged virtues of the Waters, the great quietly you have been put to in the management of the Springs, and the unwearied care and attention which you bestow to the comfort and convenience of your Residents, justly entitled you to a large share of public patronage and support.

I remain, dear Sir, yours very truly,

GEORGE W. GANSEVOORT, A.M., M.D.,
Lecturer on Surgery, McGill College.

To the Proprietor of the Caledonia Springs.

MONTREAL, Dissection, 1st, 1848.

SIR,—I beg to state that I consider the Caledonia Waters efficacious in cases of Dyspepsia, Chronic Rheumatism, or where the constitution has been impaired by the injudicious use of Mercury, and ill-treated Syphilis. I would also add in behalf of the Caledonia Springs. I have frequently recommended them to the above complaints, and wished that the Proprietors of many benefits that our Canadian fellow-citizens may not be lost to society, by the indiscriminate and almost universal use they have been in the habit of making of many of our other excellent Springs, which are commended disrepute.

I have never visited the Caledonia, but I have often heard it most favorably spoken of.

I am, Sir, your obedient servant,

JAMES CRAWFORD, M.D.

To the Proprietor of the Caledonia Springs.

☞ A FRESH SUPPLY of the above WATERS has been received at the Depot, which can be had at the Counter, or sent to order to any address in town or country. Price of the Water very moderate.

THRASHING MACHINE.

LETTERS PATENT.

TIME AND LABOR SAVED IS MONEY EARNED.

THE subscribers having secured to themselves the exclusive right of manufacturing and selling in Canada, to any within the territory of Upper and Lower Canada,

SEVERANCE'S CELEBRATED IMPROVED HORSE POWER & THRASHING MACHINE,

one of the most valuable and time-saving Machines ever devised by human ingenuity, respectfully inform the public, that they have just completed it and their extensive Factory on Wellington Street, extending from Prince to George Street, which gives them more than double the accommodations they had in the old shops, which will hereafter, they trust, enable them to supply the whole farming community of the United Provinces with a machine that will thresh and clean more grain in a day, with less expense and with greater cleanliness, than any other known invention—only requiring two horses.

We beg leave to say to our customers and friends, that we are hereby prepared to furnish those in whom the Thrashing Machines with an article superior even to those heretofore manufactured by us.

Our long experience in making, and the very liberal patronage we have enjoyed in the sale of our Machines, has, together with a constant determination to produce an article that will never fail to excel all others, caused us to watch carefully all the improvements that could be made from time to time, until now we feel confident in saying, that for durability, neatness of work, and amount of it they can do, our Thrashing Machines are unequalled by any in use. And while the grain is thrashed clean, and none of it broken or wasted, it is, at the same time, perfectly cleaned, fit for the Mill or any Market.

All orders addressed to us, or our Agent, Wm. Johnson, will be promptly attended to.

Machines shipped to any port in Canada, and every one warranted to be as good as recommended.

Liberal terms of payment allowed.

B. P. PAIGE & CO.

Whereas, Letters Patent were obtained, bearing date against [illegible] the making, selling, and vending of the article, as all infringements will be dealt with according to the law of the land.

All genuine Machines will be accompanied by a Deed signed by B. P. Paige, the owner of the right, giving the purchaser the right to use or transfer the same. Without such a Deed, no person will be safe in purchasing or using and Machines.

B. P. PAIGE.

EDUCATION.

THE central position of Three Rivers in Eastern Canada, its quietude and healthfulness, and its possession of the advantages of ready communication with other parts of the Province by means of Telegraph, Stage and Steamboat, seem to point it out as a place well suited for the establishment of Seminaries for the education of youth.

The undersigned, a Graduate of Corpus College, Cambridge, who enjoyed the happiness and advantage of being one of the pupils of that distinguished scholar, and very admirable teacher, the late Rev. James Tate, A. M., Master of the Grammar School of Richmond upon Swale, Yorkshire,—has been engaged for several years in the tuition of his own sons, and now proposes to undertake the instruction of a few additional pupils.

The charges, which are payable each Term in advance, are as follows:—

	Per Term.
Tuition for Boys under 12 years of age	£ 2 0 0
Do. do. above 12 do	2 10 0
Tuition, Board, &c., for Boys under 12 years of age	9 0 0
Do. do. do. above 12	10 0 0

No extra standing charges.

Commencement of Terms: January 13, March 30, July 22, October 6.

Vacations: from December 23 to January 12, and from June 16 to July 21.

School Hours: from 7 to 8, a. m., 9 to 12, and 1 to 2, p. m.

Evening: Exercises and partial preparation for the next day.

Some additional time would be devoted to youths who may be desirous of studying the higher Classics, and the Rudiments of Mathematics, in preparation for a College or University Course.

For such pupils, ordinary charge per Term in full £12 10 0
Do. with single room 17 10 0

SAMUEL S. WOOD.

Rectory, Three Rivers, May 12, 1851. 364

* The Rev. James Tate, latterly Canon Residentiary of St. Paul's Cathedrals in addition to many other contributions to the cause of literature, was the author of Hermias Restitutus, of an Introduction to Greek Metres, and of a Continuous History of St. Paul, works all favorably known to men of letters.

Out of a small number of pupils, compared with those which distinctly issued from the great public schools of England, a large proportion distinguished alike themselves and their Tutor, their academical Courses, or in other walks of life. Not to mention the attainment of various other College honors by many of them, from twelve to fifteen obtained fellowships at the University; among whom were Dr. Bonnes, author of a Greek Grammar, &c., &c., Dr. Peacock, Dean of Ely; Archdeacons Thorpe and Musgrave, and the Archbishop of York.
