CANADIAN NEWS.

Mr. John Harp of the 12th con. of Stephen has a cow which gave birth to a live bush on the 19th.

A Petroleum Company in Galt, for the protection of goods during fire, is being advocated by the Galt Reporter.

An amalgamation of steamship companies to-gether of which will run a direct line from Hamilton to Quebec.

Mr. McCraney (Reform) was on the 25th, elected for the Commons in Halton over Mr. Chisholm by 150 majority.

Mr. Colin Campbell, of the fourth line of Nottawasaga, committed suicide on the 26th, by hanging himself.

Mrs. F. McIntosh, of Alfhere, near Clarkes, fell down stairs on the 25th, and dislocated her arm at the elbow joint.

The Dutton stave and heading factory, owned by Jacob Moore and Son, was consumed by fire on the 26th. It was valued at $2,000.

The inhabitants of Brockville district are compelled by by-law to have double winter tracks on the road. Why not here also?

The ladies of Bernia, on the 26th, presented the Town Council with a petition seventeen feet and a half in length, drawn up upon one day's notice, praying the Council to grant no more saloon or hotel licenses.

Mr. Wm. Lemon, of the Township of Grey, County of Perth, while on a visit to his friend Mr. Francis Anderson, of Mitchell, was unfeelingly by a piece of meat choked to death at his throat. Before medical assistance could be procured the sufferer was a corpse.

By the giving way of an embankment in Clark Grey's gravel pit, 6th concession of Cornwall, on the 24th, Henry Winton was killed and Adam Macpherson and T. Bush were seriously injured. Winton leaves a large family unprovided for.

Property in Forest, judging by the assessor's roll for 1874, has increased 50 per cent. since the village was incorporated, two years ago, and the value of buildings (several of them two-story brick shops) erected during that time must be over $50,000.

It is not probable that any other village of 1,500 souls is so favoured in the matter of postal arrangement as is Exeter. Those residing in the southerly part of the town are within a few steps of Exeter Post-office, whilst those in the north are accommodated by the Hay Post office, which is within the corporation.

Two men visited the store of Mr. Robt. Campbell, at Iona, the other evening, and while the latter's daughter was searching a cash box to get a $10 bill changed, one of the scoundrels placed a revolver to her head and made her surrender the cash-box, which contained $30.

Over eighty of the most influential ladies met on the 25th in the Y. M. C. A. rooms, Bernia to consider the temperance question, and they most unanimously decided to petition the Council not to grant any more saloon licenses. They are thoroughly in earnest and mean business.

As Mr. E. Langford, of Harwich, was attempting to place the belt on the wheel of a threshing machine, the 22d inst., his overcoat was caught by the wheel, and he was thrown with great force against the machine, breaking several of his ribs, dislocating his shoulder, and inflicting other serious internal injuries.

Daniel Stite, of the township of Durham, while laboring under a mental derangement, caused by disappointment in love discharged a revolver into his left chest. The ball entered about an inch below the collar bone, passing through the left lung to the back of the chest, and taking a circuitous route into the muscle of the neck.

On the 20th inst., an inquest was held by Dr. Wright, of Berlin, Coroner, on the body of an infant found dead in the barn of Mr. Robert Gofton, of the Township of Wilmot. Several witnesses having been examined, the jury returned the following verdict: "The infant child of Sarah Ann Weis came to its death by not being properly cared for at its birth, being born in a barn and no person being near."

At Allan Craig, on the night of the 25th, a burglary was committed on Gilchrist's store and one thousand dollars' worth of silk, furs, and clothing taken. Atkinson's store was first attempted. An auger hole was bored in the back door, when, no doubt, the burglars were disturbed. A valuable four-year old black horse and silver mounted harness were stolen from Mr. Craig, and a Democratic cutter from Mr. Sherwin.

On the 26th as Mr. John A. Kains, County Treasurer, and Mr. Charles Askew, Clerk of the Peace, were returning from Fingal, the horses took fright whilst coming down a hill near St. Thomas, and became unmanageable, and both gentlemen were thrown. Mr. Askew received severe bruises about the head. Mr. Kains as well as the driver, was slightly injured, but not seriously.

The residence of Capt. Wm. Ross, Port Robinson, was the scene of a desperate encounter with burglars on the 24th. About one o'clock two masked men entered through a window. One of the robbers seized Mr. Ross by the throat, and the other drew a revolver and held it at his head, and demanded his money. Mr. Ross gave them $141. The robbers fled.

The dwelling of a man named Dulude a short distance from Montreal was destroyed by fire on the morning of the 26th, and his wife (who was enciente) and eight children were all sleeping in an upper story, and their escape was cut off by the fire. The distracted father leapt from a window in his night-clothes, and tried to rescue them by means of a ladder, but was himself so horribly burned that he cannot survive.

A Correspondent writing from Berlin thus refers to Bismarck:—"This is how Bismarck looked when meeting his enemies in debate in the German Parliament: His gigantic frame fairly trembled with passion; his gray eyes flashed, and his heavy moustache bristled; a paper he took up during his first speech for the purpose of reference vibrated visibly in the passionate grasp of his sinewed hands, and over and anon his closely buttoned uniform became tense almost to splitting across his huge chest, as he set back his shoulders and threw up his head, regarding his foes with that implacable glance which never fails to shake the strongest nerves, when he darts it at an object of his hatred or contempt. In the course of an experience neither brief nor ordinary, I have seen many remarkable men at moments when they have been expected to labour under excitement of the most vehement description; but I have never yet witnessed the consciousness of unbounded power expressed in the physique and bearing of a human being as I saw it in Prince Bismarck. As he stood forward, facing the house, the natural sternness of his aspect accented by the natural rigidity of his military tenue, he looked to me like the incarnation of an ungovernable will, like a Colossus unquestionably capable of bearing upon his mighty shoulders cares and responsibilities that would crush a common mortal into powder."

A curious phenomenon frequently met with in the Indian Ocean, the real cause of which has not yet been ascertained, is the existence of Malaber, and in certain spots along the Coromandel coast, of vast mud banks and tracts of mud suspended in the sea, wherein many kinds of fish find abundance of food, immunity from much disturbance in the surrounding element, and a place in which to breed. The exact cause of the existence of these large tracts of sea wherein mud remains in solution is still a mystery, but at any rate the tracts are so smooth that, even during the height of the southwest monsoon, vessels can run for shelter in their midst, and once there are as safe as when inside a breakwater.

Name of Countries.—The Italians, we understand, it is said, were originally named by the Phoenicians imparting significant characteristics of the place which they designate. Europe signifies a country of white women, so named because the inhabitants were of a lighter complexion than those of Asia and Africa. Asia signifies a woman, or in the middle, from the Phoenicians placed it between Europe and Africa. Africa signifies a country of corn or ears. It was celebrated for its abundance of corn, and all sorts of grain. Siberia signifies thirsty or dry—a very characteristic. Spain, a country of rabbits or conies. It was once so infested with these animals that they used Augustus for an army to destroy them. Italy, a country of pitch from its having great quantities of black pitch. Calabria, also, for the same reason. Gaul, modern France, signifies yellow-haired, as yellow hair characterized its inhabitants. The English of Caledonia is a high hill. This was a rugged, mountainous province in Scotland.

Britain is utmost, or last habitation; for beyond this, westward, the Phoenicians never extended their voyages. Britain, the country of tin, great quantities being found on it and adjacent islands. The Greeks called it Albion, which signifies in the Phoenician tongue, either white or high mountains, from the whiteness of its shores, or the high rocks on the western coast. Corsica signifies a woody place. Sardinia signifies the footsteps of men, which it resembles. Syracuse signifies bad savor, so called from the unwholesome marsh on which it stood. Rhodes, serpents or dragons, which it produced in abundance. Sicily, the country of grapes. Scylla, the whirlpool of destruction. Charybdis, the hole of destruction. Etna, signifies a furnace, or dark or smoky.

Cleanliness.—Perfect cleanliness is found less frequently when we imagine it is a luxury, and, like other luxuries, easily attainable by the very poor. They cannot afford the changes necessary, or the comfortable warmth and surrounding, which make the bath enjoyable even in winter, and therefore it is that disease infests their dwellings. Herein is a field for the philanthropist. The bath-room is now as much a part of every first-class city and country house as is the bed-room or the sitting-room, and to this improvement is in part due the diminished rate of mortality in the present and past generations. Hand in hand with personal cleanliness goes ventilation, and health follows in their train. Cold hands and feet, the result of imperfect circulation, are often cured by keeping the skin perfectly clean. Certain physicians in consultation over the cause and cure of diphtheria give prominence to cleanliness as the best preventive. Not long since, in a fashionable house in New York, three children died of this fearful disease. Upon careful inquiry it was found that the carpets of the house, which was rented furnished, had not been taken up or dusted for many years. Curtains, carpets, and woollen garments which cannot be washed may be cleansed through airing and beating, and however clean they may seem to the eye, they should undergo this process frequently. Especially is this true of blankets and other bedding. Let it not be forgotten that "Cleanliness is next to godliness."

For over twenty years "Bryan's Pulmonic Wafers" have maintained their reputation for curing coughs, colds, and pulmonary diseases. Those suffering or threatened with any of the symptoms of bronchitis, or any of the pulmonary complaints, should at once give them a trial. They give almost immediate relief, and if taken in time generally effect a cure. Remember that a common cold or cough, if not attended to in time, often leads to that distressing and fatal disease—consumption. Sold by all druggists and country dealers. Price 25cts per box.

The Great Family Medicine of the Age.—There is probably, not family medicine so favorably and so widely known as Davis' Pain-Killer. It is extensively used in India, China, Turkey—and, in every civilized country on earth, not only to counteract the climatic influences, but for the cure of Bowel troubles, Cholera and Fevers. It is used internally for all diseases of the bowels, and externally for wounds, burns, bruises, &c. Sold by druggists generally.

A Secret Worth Knowing.—Some horse dealers have discovered that by the use of "Darley's Condition Powders and Arabian Heave Remedy" their horses are so much improved in every respect that they will readily sell for from $25 to $60 each more than they would otherwise, and at a cost of not more than $1 each. We consider this a secret worth knowing, and one which all who own horses should not fail to profit by. it is unquestionably the best horse medicine ever sold. Remember the name, and see that the signature of Hurd & Co. is on each package. Northrop & Lyman, Toronto, Ont., proprietors for Canada. Sold by all medicine dealers.

Language of Music.—Music is the most beautiful language in the world, and the mind that thinks in melody must be in a blissful, happy state; but to have the mind constantly calm and serene, the body must be free from ailment and pain, and we know of nothing so well adapted to prevent sickness, or cause the cure of colds, coughs, rheumatism, neuralgia, summer complaints, &c., as the "Canadian Pain Destroyer." For sale by all Druggists and country dealers. Price 25 cts per bottle.

ELECTRICITY.

THOMAS'

Excelsior Eclectric Oil.

Worth Ten Times its Weight in Gold!

Pain cannot stay where it is used. It is the cheapest Medicine ever made. One dose cures common Sore Throat. One bottle has cured Rheumatism. Fifty cents worth has cured an Old Standing Cough. It positively cures Catarrh Asthma Croup. Fifty cents worth has cured Crick in the Back and the same quantity Lame Back of eight years standing. The following are extracts from a few of the many letters that have been received from different parts of Canada which, we think, should be sufficient to satisfy the most sceptical. J. Colfant, of Sparta, Ont., writes: "Send me 4 doz. Dr. Thomas' Eclectric Oil, have sold all I had from you and want more now; it's cures are truly wonderful." Wm. Blagden, of Franklin, writes, "I have sold all the small left, it acts like a charm—it was slow at first but takes splendidly now." H. Cole, of Iona, writes, "Send forward 6 dozen Thomas' Eclectric Oil, I am nearly out; nothing equals it. It is highly recommended by those who have used it." J. Thompson, of Thamesville, writes: "Send at once a further supply of Eclectric Oil, I have only one bottle left. I sold three bottles for one dollar and it gave universal satisfaction." J. Thompson, Woodford, writes—"Send me some more Eclectric Oil, I have sold entirely out. Nothing takes (like it)." Miller & Reed, Riverton, P.Q., write—"The Eclectric Oil is getting a great reputation here, and is daily called for. Send us a further supply without delay." Lemoyne, Gibb & Co., Buckingham, P. Q., write—"Send us one gross Eclectric Oil, we find it to take well."

Special Notices.

Holloway's Pills and Ointment are neither manufactured nor sold in any part of the United States, although they are in abundant use in the U. S. American Provinces.

Each Pot and Box bears the *British Government Stamp*, with the words, "Holloway's Pills and Ointment, London," engraved thereon.

It has become necessary to make this announcement, because the New York Chemical Company (who pay nobody), finding at last that their name has been so exposed, have assumed the title of "Holloway and Co.;" but, even now, no one will buy their medicines direct from them, so that they have made arrangements to supply exclusively the firm of Messrs. Henry and Co., of New York, with their so-called "Holloway's Pills and Ointment."

It is presumed that, from the large connexion Messrs. Henry and Co. have in the British Provinces and elsewhere, the public is very likely to be imposed upon by unscrupulous vendors and others unless they exercise great caution to prevent their being misled, by finding these medicines bearing a stamp with the name of "Holloway and Co., New York," printed thereon.

Many respectable Firms in the British Provinces, who obtain my medicines direct from here, have very properly suggested that I should, for the benefit of themselves and the public, insert their names in the papers, that it may be known that my medicines can be had genuine from them.

The following is a list of the Firms alluded to; and I particularly recommend those who desire to get my medicines to apply to some of the Houses named:—

Messrs. Avery, Brown & Co., Halifax, N. S.
Messrs. Forsyth & Co., Halifax, N. S.
Messrs. T. B. Barker & Sons, St. John, N. B.
Mr. T. Des Brisay, Charlotte Town, P. E. I.
Messrs. Langley & Co., Victoria, B. C.
Messrs. Moore & Co., Victoria, B. C.
Dr. John Fallen, Chatham, N. B.
Messrs. Munro & Co., Montreal.
Messrs. J. Winer & Co., Hamilton, Ont.
Mr. B. J. Rose, Toronto.
Mr. A. Chipman Smith, St. John, N. B.
Mr. John Bond, Goderich, Ont.
Messrs. Elliot & Co., Toronto.
Mr. J. Chaloner, St. John, N. B.
Messrs. Hanington Bros., St. John, N. B.
Mr. R. S. Priddy, Windsor, Ont.
Mrs. Orpen, Morden, N. S.
Mr. George C. Hunt, Jun., Fredericton; N. B.
Mr. W. H. Thompson, Harbor Grace, N. F.
Mr. J. M. Wiley, Fredericton, N. B.
Messrs. W. & D. Yuile, Montreal.

The medicines are sold at the lowest wholesale prices, in quantities of not less less than £20 worth—viz., 8s. 6d., 22s., and 34s per dozen boxes of Pills or pots of Ointment, for which remittances must be sent in advance.

Chemists and other vendors of Holloway's genuine Pills and Ointment may have their names inserted in the local papers if they will please apply here—

THOMAS HOLLOWAY.

533, Oxford Street, W. C., London March 31st, 1874.

One of the most frequent results of depraved nutrition, caused by indigestion and imperfect assimilation of food, is the unsightly eruption which disfigures the face of so many people. The blood being poor and deficient in material for repairing and building up the tissues, does not properly nourish the skin, and disagreeable humors manifest themselves, the general health at the same time becoming impaired. Radical and permanent cure results from restoring the digestive apparatus, and vitalizing the circulation, which is effected by Dr. Wheeler's Compound Elixir of Phosphates and Calisaya, a purely physiological blood-maker and purifier that imparts great freshness of tone and color to the complexion by promoting nutrition.

CANADIAN PAIN DESTROYER.

As a family medicine, it is well and favorably known, relieving thousands from pain in the *Side, Back and Head, Coughs, Colds, Sore Throat, Sprains, Bruises, Cramps in the Stomach, Cholera Morbus, Dysentery, Bowel Complaints, Burns, Scalds, Frost Bites, &c.*

The Canadian Pain Destroyer has now been before the public for a length of time, and wherever used is well liked, never failing in a single instance to give permanent relief when timely used, and we have never known a single dissatisfaction, where the directions have been properly followed, but on the contrary, all are delighted with its operations, and speak in the highest terms of its virtues and magical effect.

We speak from experience in the matter, having tested it thoroughly; and therefore those who are suffering from any of the complaints for which it is recommended, may depend upon it being a sovereign Remedy.

The astonishing efficacy of the Canadian Pain Destroyer in curing the diseases for which it is recommended and its wonderful effects in subduing the vexatious pains of Rheumatism, and in relieving Nervous Affections entitle it to high rank in the list of Remedies. Orders are coming in from Medicine Dealers in all parts of the country for further supplies, and each testifying as to the universal satisfaction it gives.

The Canadian Pain Destroyer never fails to give immediate relief. All Medicine Dealers keep it as Physicians order and use it; and no family will be without it after trying it.

DOCTOR BALLOU

OFFICE

No. 10 King Street West,

Three doors from Yonge St., Toronto.

As an evidence of his ability we give below a few of the testimonials of some of our best citizens of cures he performed when he was with us before, which is, to our mind, sufficient proof to keep him busy at home for the remainder of his stay, which will be until he cures every one he will take.

I desire that the citizens of Toronto and vicinity (to whom I am well known) should know of the wonderful cure that Dr. Ballou performed upon my son, William J. Spears, in this city, on January 16th, 1874. He had a very severe attack of Inflammatory Rheumatism, and was brought home from school at Coburg in a helpless condition, and was confined to his bed, on which we carried him to the Albion Hotel, suffering indeed feeble t return, to be treated by Dr. Ballou, barrier little hope that he was d ever be cured, after seeing so many afflicted with it for a lifetime. But what glad surprise awaited us. After one single treatment his pain entirely left him, his swollen knees and ankles became as natural as ever, and in three days he was, and is to this day, as well as he ever was. In any other age such a cure would be considered almost a miracle. If there are any who desire further proof let them come and see.

ACHIBALD SPEARS,

No. 403 Queen street West, Toronto.

I would cheerfully recommend Dr. Ballou to all my acquaintances, as his services to me were beyond all price, and I had tested the skill of the so-called best physician

D. A. CAMPBELL,

175 Sherbourne street.

Dr. Ballou cured me of Lung and Throat Disease in three treatments, when I was so weak that I could scarcely walk to his office.

KATE ROBSITER,

201 Sherbourne street.

Dr. Ballou cured my daughter of Epileptic Fits which she had for eleven years, and she never had one after his first treatment, and before it she had them as often as eight to fifteen every week.

WM. P. McMULLIN,

Hamilton, Ont.

Many other cases of Rheumatism, Dyspepsia, Dropsy, Liver and Lung Disease, Heart Disease &c., may be seen at his office.

The Doctor also cures Cancer, Paralysis, Spermatorrhœa, and is perfect master of all Sexual or Private Diseases. Treatments strictly confidential, and all letters addressed to him at 10 King street, West, will be attended to. Box 2045. 1442 1y

by Business Men to be a thoroughly practical business school. A large number of its graduates and members are occupying responsible positions in Canada and the United States, on their own as well as others' accounts, and by the satisfactory manner in which they discharge their duties plainly evince the great benefit to be derived by pursuing a systematic course of instruction in accounts and business practice, under the supervision of a practical accountant and a man of business experience, before entering into mercantile life: and to which all, both Principals and employees, give their unqualified assent and endorsement.
