BLUE MFG. CO., 57 Eddy St., PROVIDENCE, R.I., U.S.A.

Orange Juice and Health
For Stomach and Skin

Few of us realize what an important part the skin plays in keeping us well or making us ill.

The millions of tiny glands, or pores, are intended to rid the system of waste matter, which the blood brings to the skin. It is a well-known medical fact that the healthy skin carries off more Urea or waste matter than the kidneys. Just think how much poison remains in the system when there is any skin trouble.

The skin and stomach are intimately associated. Find a person with a dry, hot skin and you will find one who suffers with indigestion or constipation, and both, usually.

Both may be relieved by a judicious use of orange juice. Both can be cured by taking the juice of an orange every morning before breakfast, and taking "Fruit-a-tives" at night. "Fruit-a-tives" are fruit juices in tablet form. The fresh juices of oranges, apples, figs and prunes are separated in such a way that the medicinal action is intensified.

Orange juice alone will not cure Skin, Stomach or Bowel troubles. But when taken in connection with "Fruit-a-tives," a positive cure results. "Fruit-a-tives" may be obtained at all dealers or will be sent on receipt of price—50c a box—6 for $2.50. "Fruit-a-tives" Limited, Ottawa.

SOUTH AMERICAN REPUBLICS SPENDING MILLIONS ON NAVIES

Brazil Places Orders for Several Big Warships, But Britain May Buy Two of Them--Argentina After Italian Battleships.

London, April 7.—Interest has been aroused in naval circles by the report that the British admiralty is considering the purchase of the two big battleships now being built in this country for Brazil. It is pointed out that Brazil has no need for two such powerful ships, which, in addition to the original great cost will be expensive to maintain. It is certain that Great Britain will buy these vessels should this be the only way of preventing their falling into the hands of another European power.

Argentina May Buy Three.

Rio Janeiro, April 7.—Information obtained from an official source today leads to the belief that Italy is ready to sell to the Argentine Republic for $20,000,000, the three battleships Regina Elena, Napoli and Roma. Argentina is thought to be contemplating this increase in her navy to counterbalance the projects of Brazil to augment her strength at sea.

It was announced last August that the Brazilian government had placed orders for three new battleships in England at an approximate cost of $9,000,000 each. These vessels were in addition to the two cruisers to cost $11,650,000 each. At the same time it was said that Argentina had ordered three gunboats from England.

MARINE DEPARTMENT PAID HIGH RATES FOR TUG HIRE

Ottawa, April 7.—(Special.)—At the public accounts committe this morning, Mr. Ames asked that the timber berths enquiry be closed and reported to the house. As Mr. E. M. MacDonald, M.P., was not present it was decided to wait until he was in attendance as he may have further evidence to offer.

The first witness was W. H. Noble, of the Marine department and Commissioner of lights. He was examined by Mr. Northrup in regard to the hiring of the tug Victor at Prescott. The Victor was hired on the instruction of Mr. Fraser, the commissioner of lights at $25 per day for four months. In 140 days she used 163 tons of coal. On the 31st of October, Mr. Noble laid the steamer off as being not further required.

The Victor was again taken back on November 3 and kept until Nov. 17th. She did not do any work, being taken back as a standby. There were $340 repairs placed on the boat during this time. The amount paid by the government for the fourteen days was $350. This led Mr. Northrup to remark that the government paid for the repairs $340 and gave Merewin, who was the owner of the tug $10 besides, although no services were rendered by the boat. The $340 for repairs was paid by the government, but this, Mr. Noble explained, was made by a mistake, and was afterwards refunded by Mr. Merewin. The $350 for the use of the boat was certified by him. The witness and the department paid on this certificate without notifying the Prescott depot. It was inadvertantly certified to. Mr. Northrup said that the Beaver, a better boat, was engaged eight previous seasons at about $2,551 less than the Victor. The explanation of the witness was that Mr. Fraser had made the contract and he, therefore, approved of it. He signed the contract.

1500 BARS CLOSED BY ILLINOIS VOTE

Chicago, April 7—In the local option elections held by 1,200 townships in 84 counties of Illinois, outside of the city of Chicago, today, twenty counties became absolutely anti-saloon territory and approximately 1,500, or about one half of the total number of saloons in that territory were voted out of business. Most of the larger cities of the state, however, voted in favor of licensing saloons.

A thief entered Mrs. P. Goldstein's house in North End yesterday morning and stole $11, some European gold coins, a gold watch and chain valued at $40, and some jewelry. A man who called asking for work and food is suspected.

PRESBYTERY HOLDS THREE SESSIONS

Important Matters Dealt With at Quarterly Meeting Here

CHURCH UNION UP

Delegates to the General Assembly Chosen--Home Missions--Progress in Sunday Schools--Dr. Fotheringham's Resignation--Regret at Departure of Rev. A. H. Foster.

The quarterly meeting of the Presbytery of St. John, was held in St. Andrews church Wednesday at 10 o'clock. There were present Revs. A. A. Graham, moderator; A. H. Foster, E. E. Mowatt, G Dickie, D. MacOdrum, M. S. McKay, T. Hunter Boyd, L. A. McLean, James Ross F. Baird, W. Peacock, L. B. Gibson, A Ross, J. J. McCaskill, W. M. Townsend, G. D. Ireland, A. B. Dickie, W. W. Rainnie, T. F. Fotheringham, J. H. A. Anderson, ministers; and Messrs. S. H. McFarlane, Robt. Reid, C. S. Everett, J. H. Hay, H. A. White, and Judge Forbes, and H. Galbraith, elders. Rev. H. M. Upham of the presbytery of Halifax, was asked to sit and correspond.

The question of church union was the first matter taken up for discussion. This matter had been submitted to a special committee, of which Rev. D. MacOdrum was chairman.

Several recommendations made by the sub-committee with a view to abbreviating the proposed basis of union, and leaving more room for greater diversity of belief were not accepted. After considerable discussion the presbytery reported approval of the basis as a statement of Christian faith, several members of the presbytery voting against the motion.

In the matter of church polity, considerable discussion took place, which was crystalized in the following resolutions which were intended to better define the part of congregational work which will in the new church fall to the respective bodies within the congregation.

(1) The spiritual interests of the congregation such as outlined in the proposed basis of union, shall be committed to a body of men ordained in the congregation.

(2) The temporalities of the congregation shall be managed by men elected by the congregation.

(3) That joint meetings of the two bodies be held whenever deemed advisable.

(4) That wherever possible all local preachers be selected from the body of ordained men in the congregation.

Considerable criticism was made of the section concerning the ministry and while several recommendations were made, the following alone was adopted:

That in the matter of ordination candidates be ordained not by the supreme court, but by the presbytery or body corresponding thereto, and as the result of a call.

Presbytery adjourned until the afternoon.

Afternoon Business.

At the afternoon session the first business was the appointing of delegates for the general assembly in Winnipeg in June. The following were appointed:—Revs. W. Peacock, A. W. Mahon and James Ross by rotation; Revs. G. Dickie, H. R. Read, A. A. Graham by election; with Rev. G. D. Ireland, J. J. McCaskill, D. Lang, W. W. Rainnie and L. B. Gibson, alternates. The elders who were appointed commissioners are Judge Forbes, T. H. Somerville, P. Campbell, S. R. Jack, C. S. Everett, W. C. Whittaker, W. S. Sutton, L. C. Lynd and P. G. McFarlane.

A letter from Rev. W. Graham, of the Scotch church, Kingston, J. asking the privilege of appealing to the presbyterian people within these bounds for helping to rebuild the church that had been destroyed, was read by the moderator. The Presbytery expressed sympathy with the congregation in its loss but deemed it wise to leave the matter with individual congregations.

Rev. Jas. Ross was appointed moderator pro tem for the vacant congregation of Prince William, and Rev. J. J. McCaskill was appointed to act as moderator for the congregational meeting to be held at Harvey on the 9th inst.

Rev. Jas. Ross submitted a report from the Home Mission committee which was accepted. The following recommendations were passed:—That the following appointments of students be made: J. P. MacIntosh to St. Francis; H. C. Fraser to Grand Falls; J. A. McKeigan to Andover; M. H. Manuel to Three Brooks; A. E. Hayward to Baillie; R. B. Clark to Brockway; W. McN. Matthews to New Marylands; G. Kyle to Grand Bay; W. McPherson to St. Martins; C. G. Hay to Golden Grove; R. W. Anglin to Hampton; J. T. McNeill to Riverside; S. Fairley to Humphreys; that Mr. Kerr and Mr. Rettie be assigned fields at the end of the month, Buctouche and Salina being the prospective fields. It was recommended that a student be appointed to railway construction camps at Chipman and that the Presbytery request the session of Chipman to allow the use of the church for such services in the evening or at any hour when convenient. The following places stand vacant at present:—Cabano, Edmundston, Riley Brook, Jerusalem, and New Scotland, also the congregations of Prince William, Glassville, Kirkland and Waterford.

It was recommended also that the following grants be made:—Waweig, $250; Lorneville, $200; Calvin, St. John, $300; and Springfield, $250. The expenses of Winter port are to be left in charge of the committee. The convener was authorized to secure laborers if possible to fill all the vacancies in the home mission list.

Rev. D. MacOdrum of Moncton submitted the report for the committee on augmentation. The report was adopted and its recommendation passed unanimously. The following grants were allowed:—Fairville, $200; St. James and Union, $100; Nashwaak and Stanley, $100; Kincardine, $200; Fort Kent, $200; Greenfield, $200; Dorchester and Sackville, $250.

Rev. J. H. A. Anderson submitted the report of the Sunday school committee, which, on the whole, showed progress. This report was adopted and its recommendations passed. During the summer, within the bounds of the Presbytery, there will be a series of institutes held by the general secretary and the Presbytery's Sunday school convenor.

Rev. W. W. Rainnie of Milltown, submitted the report of the committee on church life and work. The following recommendations were passed:—

1. That in districts where it is known that there are non-churchgoers, sessions be urged to make earnest efforts to induce them to resume their attendance at the jubilee services.

2. That sessions be asked to urge upon their representatives in the legislature, the necessity for the passing of an act for the protection of children.

3. That sessions in some suitable way bring before their church members the proper and honorable discharge of their duties as Canadian citizens.

4. That Presbytery place on record its gratification at the high standard of business honor and integrity prevalent among our people.

5. That where moving picture exhibitions or "nickels" prevail, sessions be asked to warn parents of the pernicious character of many of the pictures shown in their effects on the minds of the children, and to seek to influence the management to provide a better and more healthy class of pictures; that attention be also directed to the need of more efficient supervision of the children going to, during and returning from these performances.

Rev. Dr. Fotheringham gave notice of his resignation and requested the Presbytery to make application for a retiring allowance from the funds of the chruch. The commissioners of the congregation expressed the hope to be able to raise $1,000 for their pastor as their retiring allowance. It was moved that the memorial be laid on the table until an adjourned meeting on the 21st inst.

Evening Session.

In the evening, Rev. L. B. Gibson, reported for the committee on young people's societies. He reported increased membership and contributions. The following recommendations were passed:—That greater attention should be given to the enrolment of members; that greater emphasis should be given to the religious phase of the young people's work; that more of a missionary spirit be cultivated in the societies. The report was adopted.

Rev. A. H. Foster presented the report on systematic giving showing that the congregations are moving towards a more frequent collection by envelope for the schemes of the church and for congregational revenue.

Rev. A. A. Graham presented the report on Moral and Social Reform. Representatives of this Presbytery co-operated before the two political parties with a view to doing away with liquor and money to procure votes. This had a good effect in St. John. The cause of corruption in elections is found in the low estimate of the privilege of franchise and the greed of gain. The report was adopted.

A call from the congregation of St. David's church, Maitland, to Rev. A. H. Foster, was presented. Rev. Mr. Upham appeared as a representative of the Halifax Presbytery to support the call. Rev. G. Dickie spoke on behalf of the St. David's congregation, stating the regrets of the people in losing so estimable a pastor as Mr. Foster has proven himself by the work he has been able to do in God's name and with His help. The call having been placed in Mr. Foster's hand, was accepted, the translation to take effect April 26. The pulpit of St. Matthew's to be declared vacant on the following Sunday. The regrets of the Presbytery were put on record in having to part with Mr. Foster who has for eight and a half years been an honored member of the court. On motion of Rev. W. W. Rainnie, seconded by Rev. Jas. Ross, Rev. A. A. Graham was appointed interim moderator of St. Matthew's session.

Rev. Mr. MacOdrum nominated Rev. F. Baird, of Sussex, who was elected to the position of clerk of Presbytery.

Rev. L. A. MacLean submitted a report on statistics.

Rev. W. W. Rainnie read the report of the standing committee for the ensuing year. It was adopted. The committees and their convenors are:—Home Missions, Rev. Jas. Ross; Augmentation, Rev. D. MacOdrum; Sabbath Schools, Rev. J. J. McCaskill; Young People's Societies, Rev. L. B. Gibson; Church Life and Work, Rev. E. E. Mowatt; Statistics, Rev. L. A. MacLean; Session Records, Rev. H. R. Read; Systematic Giving, Rev. Frank Baird.

Sackville petition was rejected by the court in view of the fact of the large grant already received by them from the Wylie Fund.

Better Than Spanking

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, 70 Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money but write her today if your children trouble you this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

RECIPE AS REPEATED BY READER'S REQUEST

Druggists Hear Much Praise for This Simple Home-Made Mixture.

Some remarkable stories are being told about town and among the country people coming in of this simple home-made mixture curing Rheumatism and Kidney trouble. Here is the recipe and directions for taking. Mix by shaking well in a bottle one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Take as a dose one teaspoonful after meals and at bedtime.

No change need be made in your usual diet, but drink plenty of good water.

This mixture, writes one authority in a leading Philadelphia newspaper, has a peculiar tonic effect upon the kidneys; cleansing the clogged up pores of the eliminative tissues, forcing the kidneys to sift and strain from the blood the uric acid and other poisonous waste matter, overcoming Rheumatism, Bladder and Urinary troubles in a short while.

A New York druggist who has had hundreds of calls for these ingredients since the first announcement in the newspapers last October stated that the people who once try it "swear by it," especially those who have Urinary and Kidney trouble and suffer with Rheumatism.

The druggists in this neighborhood say they can supply the ingredients, which are easily mixed at home. There is said to be no better blood-cleansing agent or system tonic known, and certainly none more harmless or simple to use.

Mrs. C W Hamilton Critically Ill

Salisbury, N. B., April 7—Rev. C. W. Hamilton left for Montreal Monday evening, owing to the critical condition of Mrs. Hamilton, who for several months has been under treatment in that city.

Mr. and Mrs. Albert Duncan and children, of Boston (Mass.), arrived in Salisbury last week and will make it their home in the future. Mr. Duncan having recently purchased a pleasantly situated farm on the Petitcodiac river near this village.

ST. JOHN MARKETS

Butter is a little easier in the local market although prices are still about the same. There is a feeling among the dealers that as soon as the river opens, however, it will be arriving in larger quantities, when values will decline. Eggs have advanced a little but it is likely this is only temporary. In the grocery line Ontario flour declined 10 cents a barrel yesterday. The quotations now are for medium patents $5.65 to $5.75. Canned lobsters are up in price, as is also pure lard in tubs. The following were the principal wholesale quotations Thursday.

partment getting neither discount nor bonus. The commissioners in connection with this deal, comment upon the remarkable eagerness of some of the officials to serve the company in this matter. There were no difficulties at all."

It is also noted that when the company wanted testimonials to the United States Navy and Trinity House, London, there was nothing but appreciation of the new buoys discernible in the correspondence of the department.

Contractor E. A. Wallberg evidently appears to the commissioners, from a perusal of the correspondence, to have had also a strong pull with certain officials. This went to such lengths that in July, 1907, Mr. Wallberg secured approval of B. P. Fraser, assistant chief engineer, for a proposed agreement whereby, if given all work of that character at a "fair contract price," Wallberg would not patent his improvement in monolithic towers (for lighthouses) against the government. This recommendation was referred by the deputy minister to Col. Anderson, chief engineer, who reported, "Why should the minister sign this? If Mr. Wallberg has invented anything he is entitled to his patent and his royalty without this; if not so entitled, why should we be bound to deal with him? I advise the minister to refuse to sign."

This advice commended itself to the acting minister, so he wrote across the corner of the proposed contract: "I am of the opinion that if Mr. Wallberg has anything that he has a right to patent he should procure a patent therefor, and whenever the government want to use the arrangement patented that it will like any private individual pay for the use of the same. No good purpose can be served by making this contract.—W. T."

The initials are those of Hon. William Templeman, while acting minister of marine.

Cassandra's Captain Married.

The following will be read with interest by the many friends of Captain John Mitchell of the Donaldson line steamer Cassandra, now in port at No. 4 berth, west side. The item is taken from the Glasgow Evening News of March 20:

"A touch of human interest attaches to the sailing of the Cassandra. She has been overhauled during the past month or two, and the jovial skipper of the vessel, Captain John Mitchell, turned the interval of waiting to some purpose by taking unto himself a wife in the middle of last month. His bride accompanies him on the trip, which begins tomorrow."

The Housekeeper's Friend
—makes work easy
—makes servants happy
—makes stoves look fresh, clean and beautifully polished.
—makes stove polishing cost less, too, because
"Black Knight" Stove Polish
lasts longer, is the largest box at its price, and is the best polish you can buy at any price.

Probate Court.

At the opening of the probate court yesterday Judge Armstrong referred to a number of cases, some eight or ten in all, in which citations had been issued before the return of which Judge Trueman had died. Mr. Milligan, the then registrar of probate, with the full knowledge that he had not power to do so, but at the request of the proctors, and in the interests of the various estates, adjourned these cases to a fixed date. The matter has been brought to the attention of Mr. Hazen, who has expressed himself as approving of what has been done and as being inclined to introduce a bill at the coming session of the local legislature to meet these various cases so as to avoid the cost of obtaining new citations and the expense connected with serving the same.

The following cases were then disposed of:

Estate of Peter Andrew Peterson, cabinet maker; last will proved; no real estate, personal estate $2,200, left to Oscar W., Francis L., Arthur R. and Albert J. Peterson and Mrs. Ferguson and Mrs. Moore, children, and to his granddaughter, Gracie M. Ferguson; probate granted to Francis L. Peterson and Arthur R. Peterson; C. H. Ferguson, proctor.

Estate of Andrew Eaton. Petition of James Manchester and Samantha Eaton, executors and trustees, to pass accounts; citation ordered returnable 2nd June next; E. T. C. Knowles, proctor.

Estate of William Hope Smail; application for administration of John A. Kilgour—the parents of the deceased living in Kelso, Scotland, renouncing and joining in petition; estate valued at $250; Beverley R. Armstrong, proctor.

Estate of Joshua Knight—In this case a citation for passing the accounts had been issued returnable in the lifetime of the late Judge Trueman. The accounts were all passed and allowed by him, but a decree was not made. Evidence was taken of the widow and J. M. Robinson, manager of the Eastern Trust Company, executors, and decree made, passing and allowing the accounts; Barnhill, Ewing & Sanford, proctors.

Dr. J. Collis Browne's
Chlorodyne
The ORIGINAL and ONLY GENUINE.
The Best Remedy known for
COUGHS, COLDS, ASTHMA, BRONCHITIS.
Acts like a charm in
DIARRHŒA, DYSENTERY, and CHOLERA.
