IN THE REALM OF LACROSSE.

Nearing the Finals in C.L.A. Series—For Wilson Trophy Saturday.

Hanover, Ont., Aug. 26.—A good game of lacrosse to decide the championship for district No. 1 was played here to-day between the Wellingtons of Owen Sound and the Southampton teams. In the first quarter Owen Sound scored one goal and in the second quarter Southampton did the same. In the third Owen Sound scored two, and Southampton one. In the last quarter each side scored a game, the Wellingtons winning by a score of 4 to 3. The following is the line-up:

Southampton (3): Goal, Cook; point, Robertson; cover-point, McKenzie; defence, Hartley, Irby, Stevenson; centre, Granville; home, Christian, Koepke, Weber; outside, Scott, inside, Nichol; field captain, Cameron.

Owen Sound (4): Goal, Munro; point, Wilson; cover-point, McDonald; defence, Hart, Cruickshank, Mullis; centre, Carson; home, Armstrong, Thompson, Jones; outside, Belt; inside, Paterson; field captain, Thomson.

Referee—George Allen, Mount Forest. Umpires—For Southampton, Wm. McDonald; for Owen Sound, Honsurger. Timekeepers—For Southampton, Bush; for Owen Sound, Ramsay.

Wallaceburg 5, St. Thomas 2.

St. Thomas, Aug. 26.—About 1000 people witnessed the fastest game of lacrosse of the season in St. Thomas between Wallaceburg and St. Thomas for the champion ship of districts 5 and 6, resulting in Wallaceburg's favor, 4 goals to 2. Both teams played fast lacrosse and did some fine stick work; the field was very muddy and handicapped the teams. A return match will be played in Wallaceburg Friday, Aug. 28.

Wiarton Won This Time.

Wiarton, Aug. 26.—An interesting and exciting game of lacrosse was played here Tuesday between the Juniors of Southampton and Wiarton, in which the home team were the winners by 6 to 0.

Games in Toronto Lacrosse League.

President J. K. Forsyth of the Toronto Lacrosse League has ordered the Minico Stars and Shamrock III. of Toronto Junction to play off their tie in Section No. 1 of the T. L. League on Saturday next, and the winners to play the Maitlands, winners of Section No. 2, on or before Sept. 7. The Teesdale grounds can probably be secured for the Saturday's game. The lacrosse match between Shamrock II. of the Junction and West Ends next Saturday promises to be a good game. President Forsyth is securing a good referee for that contest. Should Weston win, the Shamrocks II. Young Torontos and Weston would be tied for first place, having won two games and lost two each. Should the Shamrocks II. win they would be champions.

Brantfords for the West.

Winnipeg, Aug. 26.—A telegram was received by the Shamrocks here Monday from the Brantford lacrosse team, champions of the Canadian Lacrosse Association, asking what inducements Shamrocks would offer for a couple of games to be played here. Shamrocks promptly replied offering a liberal share of the gate receipts and asking for prospective dates of the trip.

For the Wilson Trophy.

The great lacrosse game of the week will take place at the Island oval on Saturday next between the Tecumsehs and the Torontos for the Wilson Trophy, emblematic of the city lacrosse championship. The last contest was won by Tecumsehs by the narrow margin of a single goal, and the coming event will be well worth watching, as both teams are in the pink of condition for a battle royal.

Wiarton Juniors Won.

Wiarton, Aug. 26.—The Wiarton Juniors defeated Southampton Juniors in a closely contested game by 6 to 0. The play was even and some good lacrosse was witnessed.

Strathconas vs. Crescents.

A series of games for the city championship have been arranged between the Strathcona and Crescent teams, the first game to be played on Saturday, Sept. 5, at Sunlight Park. These two teams are both exceptionally strong and are the winners of championship honors in Sunlight and Senior Leagues respectively. Both teams have made enviable records the past season, the Strathconas having a clean sheet of 15 straight victories and the Crescents have only one loss recorded against them. An interesting feature of these games will be the settlement of all disputes as to the supremacy of the two leading local amateur pitchers, Pearson and Armstrong, as it is a question of doubt which is the better pitcher. Managers Soo to play the same teams as have been with them all season, so that it will be a fair trial of strength between the two teams.

The public is the best judge of the merits of an article, and it has endorsed Grandas Cigars. The enormous output shows this. "Manana," the Spaniard, is Grandas' Trade Mark.

Tailors' Linings

The scarcity of raw materials has not only advanced the makers' price for all classes of tailors' linings, but will cause a shortage in stocks.

Visiting buyers should make out a liberal list of their requirements, and take advantage of our old prices.

ONLY ONE HIT OFF WILTSE TORONTOS WERE BLANKED

Champions Lost the Second Game of Series With Baltimore in a Fine Contest.

Wiltse of the Baltimore bunch was invincible in yesterday's contest, and the champions were forced to accept a defeat, and that a whitewash, to the tune of 4 to 0. Mills pitched an excellent game. The fight for first place is becoming decidedly interesting, and Manager Stallings was given a shock yesterday, when Rochester scored many runs and were well in the lead. Net Stallings' bunch by strenuous efforts pulled the game out of the fire and managed to win, being prompted by the cold fact that Jersey City were following close in their wake. The Skeeters won their contest from Providence, while Newark lost to Montreal. The record:

Clubs.	Won.	Lost.	Pct.
Buffalo	68	27	.716
Jersey City	72	30	.706
Newark	61	44	.581
Toronto	57	42	.576
Baltimore	55	44	.556
Montreal	31	70	.307
Rochester	30	73	.291
Providence	29	73	.284

Games to-day: Baltimore at Toronto; Buffalo at Rochester; Newark at Montreal; Jersey City at Providence.

Baltimore 4, Toronto 0.

Toronto batsmen were unable to solve in the least Wiltse's delivery at the Diamond Park and as a result of the deceptive curves delivered with a tantalizing frequency, the Orioles shut out the champions by a score of 4 to 0. The Toronto batsmen could do absolutely nothing with his choice ones, the best they could do being to register to their credit a solitary hit. Mills was on the rubber for the champions and pitched in fine style, but was not backed up by as lucky hits. Two three baggers were responsible for Baltimore's runs and in each case the batsmen landed to good effect on choice ones that cut the plate.

Baltimore scored the first runs of the game in the second innings. After Miller made a fast play of Jones' infield grounder, Mills allowed McAleese to walk and this charity cost a run, as Kelly landed on the ball for a three-bagger, scoring McAleese. Lyons followed with a clean single and another run tallied. Robinson and Wiltse were easy outs, retiring the side. In the sixth, Baltimore scored another on Castro's hit for three sacks to deep left garden and McAleese's out to Bruce, the latter throwing wide home to nab the runner. Jones retired fit first in the last innings. Downey fielded McAleese's sizzling grounder nicely, but threw wide, the runner being safe. He came home on Kelly's hit to the fence for two sacks. Toronto could do nothing with Wiltse's curves, not a man reaching first till the sixth innings, when Castro made a bad fumble of Fuller's hard hit grounder. The official score:

Louis Bruce to Pitch To-Day.

The Baltimore Club will make their last appearance of the season on the Toronto grounds to-day, when they meet Manager Gardner's team in the final game of the series. Rochester will begin a series of five games to-morrow.

McIntyre's Sensational Fielding.

THIRD YACHT RACE TO-DAY TO WINDWARD AND RETURN

Shamrock and Reliance to Engage in the Third Marine Battle for America's Cup.

New York, Aug. 26.—To-morrow the big yachts Shamrock III. and Reliance, challenger and defender, respectively, of the America Cup, will engage in the great marine battle in the third race. The course will be to windward or leeward and return, 30 nautical miles, with a time limit of 5½ hours. The past performances of the two boats warrant the prediction that to-morrow's race will be exciting and none the less interesting. While the Shamrock III. did not win the second race, over the triangular course, but missed the little piece of luck which many times at the finish of a close race has turned probable defeat into a victory; still, the cup is not lost yet, as there is many "a slip 'twen the cup and the gaff." The gallant struggle the challenger has made has not come as a great surprise to yachtsmen who should know. Considering the magnificent exhibitions she had given when sailing against her consort off Weymouth, and on the Clyde, as well as against Reliance. Severe comment is general here amongst the British spectators, as well as the less biased American sportsmen, over the way the big racers are protected, and the opinion is voiced that the repetition of the Dunraven incident, which occurred in a former contest for the cup, when the British contestant was infered with by the fleet of boats viewing the race, should not be repeated. A prominent British yacht expert has this to say regarding Tuesday's race:

"I have only one grumble. We don't want to see the excursion fleet kept right down on the horizon, but at the finish of Tuesday's race they had crept perlously near. Captains of the different craft doubtless brought their vessels closer than otherwise would have been the case in order to let their visitors see what at one time looked very likely of accomplishment—Shamrock crossing the finishing line within her time allowance. It was a laudable object, but one which might have seriously hindered her chances, if indeed it did not do so, in a slight degree. Those in charge of the patrol fleet have a difficult task, and have hitherto done their work splendidly. A gentle hint may not be out of place."

Sir Thomas Lipton said this afternoon in response to a telegram hoping that he would win to-morrow: "I have not lost hope, and I shall fight and die hard. If I cannot win I will take defeat in the proper spirit."

Sir Thomas said in response to a query as to whether he had asked to have a four-cornered race between Shamrock III. and Reliance, Columbia and Constitution, that he had not made any such suggestion, but that if such a proposition was made he would undoubtedly consider it. He did not care to have it understood that he was taking the initiative.

Shamrock III. stretched her sails at anchor to-day. On Reliance there was not a move, and Mr. Mower, the club measurer, simply put the tape to the new gaff and declared it the same length as the old one, so that her measurement was the same as before.

The local Weather Bureau is in receipt of the following special on the weather for Thursday's yacht race from Washington: "To Observer, New York:

"The wind over the international yacht course Thursday will be light to fresh northeast, shifting in the afternoon to east and southeast, with probably cloudy weather.

"(Signed) Frankenfield."

The stories of damage of any nature to the cup defender or the challenger by the storm yesterday are entirely without foundation.

The time allowance under which Reliance, Constitution and Columbia have sailed in the preliminary races this year was made known this morning. These times have been kept secret. Reliance allowed Constitution 1 minute and 46 seconds and Columbia 2 minutes and 41 seconds in all races. By these times it is figured Shamrock Constitution won two races from Reliance, but Columbia failed to score. Reliance sustained no damage whatever in yesterday's squall.

Sir Thomas Lipton refuses to give up hope. He was very much surprised this morning to learn for the first time that Shamrock III. was handicapped 49 seconds at the start of yesterday's race. Being some distance away from the lightship, and seeing nothing but the official times last night, he believed that the Shamrock crossed with the handicap gun.

"That's very bad," he said, but made no other criticism.

An alleged wireless report from the yacht Erin, which is equipped with the De Forest wireless system, published in a morning paper to the effect that the Shamrock was seriously damaged during yesterday's storm, and that there was a possibility of Sir Thomas asking for a postponement, caused considerable excitement in yachting circles this morning. Investigation promptly proved that the statement was without foundation. Shamrock rode out yesterday's squall without the slightest damage, altho the big anchor was dropped as an additional precaution.

There was no particular evidence at Sandy Hook to-day of last night's blow, except the broken bowsprit of the Giralda, which her owner's crew was making as presentable as possible. C. R. Ilsley, aboard the Sunbeam, the defender's tender, said that, as far as he knew, there was no material damage to anyone, tho the Irish yachts were in some danger from other boats.

Manager Iselin, Captain Barr and Designer Herreshoff of Reliance had a long conference on board the Sunbeam to-day but Mr. Iselin refused to say anything for publication as to its character. It was learned thru Herbert C. Leeds that the Reliance's new gaff is a duplicate of the one she has carried since the cup races began. Mr. Leeds said Measurer Mower was expected later in the day, but it was not anticipated that any change in the sailing length would be found.

Newspaper Interest Waning.

London, Aug. 26.—Since it is regarded as impossible that Sir Thomas Lipton can lift the cup this year, the newspapers display a waning interest in the contests. His luck in failing with the three Shamrocks to win a single race is the subject of editorial sympathy, especially after the fine showing the Shamrock made yesterday, which is praised on all sides.

The Standard says: "Sir Thomas Lipton will, of course, abate no whit of his endeavor to secure a favorable result in the remaining contest, and if the sympathy of his hosts could affect the issue he might almost count upon victory."

The New York correspondents of the English papers mostly concede that Reliance is the better boat, and Captain Barr the more skilful skipper, but they think that under certain conditions the Shamrock III. might win.

The cup defender Reliance was permitted by the Regatta Committee to sail yesterday's race, subject to a measurement of her gaff. She had taken on a new stick, and the result of the race is technically in doubt, altho it is certain that the change cannot affect Reliance's victory.

The replacing of a piece of rigging, however, necessitates re-measurement.

Amateur Baseball.

Central Y. M. C. A. baseball team practise Thursday and Friday night at Moss Park. Full attendance is requested, as a team will be picked to play champion Cobourg team next Saturday.

The Dominion Express Baseball Club defeated C. P. R. local freight department on Bayside Park in a game of the Railroad League last night at 5 o'clock by the score of 5 to 3. The feature of the game was the battery work of Dominion, Cantwell striking out ten of the C. P. R. in five innings, which concluded the game.

Allied Printers' League Meeting.

A meeting of the Allied Printers' Ball League was held last night. The game played between Brown Bros. and the Book Room on Saturday last at Diamond Park was ordered to be played over again in September. R. B. McGill was elected secretary in place of Robert Hood of the Book Room, the latter having resigned from the same.

Jersey City Won Again.

Jersey City, Aug. 26.—Providence's errors were costly in to-day's game and gave Jersey City the victory. There was very little hitting. McCann and Yerkes having good control. Bean's fielding was the feature. The game was called at the end of the seventh, on account of darkness. Score:

									R.	H.	E.
Jersey City	0	1	0	0	1	1	3	3	1—	3	3	1
Providence	0	0	0	0	1	0	1	2	3—	1	2	3

Batteries—McCann and McManus; Yerkes and Diggins. Umpire—Brown. Attendance—1200.

Secured Jockey Creamer.

New York, Aug. 26.—The new firm of Thomas & Shields has secured the services of Jockey Creamer from "Father Bill" Daly, paying $6000 to the latter for a three-years' contract with the boy. Creamer has been riding for Daly for two years with fair success and has displayed so much improvement that several owners have been anxious to engage him. As Thomas & Shields were in need of a good lightweight rider, they concluded that Creamer would fill the bill. The youngster can make ninety pounds. He had his first mount on the Thomas colors on Onatas in the third race at Saratoga.

Thomas & Shields have made an offer for W. M. Scheftel's Highball, winner of the Grand Union Hotel Stakes, but it has been refused, as Mr. Scheftel believes the Ben Strom colt has an excellent chance to win the Futurity.
