Uniform Scale of Weights

(FROM T. S. ANDREWS)

Milwaukee, Wis., March 5—Snowy Baker, the Australian boxing promoter, who is touring this country at the present time, is not entirely in search of fighters, but wishes to acquaint himself with the conditions in this country and to become acquainted personally with all the prominent boxers and people interested in the sport. Mr. Baker has been here less than a month, but he has covered a great deal of ground and has seen quite a number of boxing matches in the states. He has been agreeably surprised at the manner in which the sport is conducted here in some parts and is also very much taken up with the Yankees. In fact, he says his only regret is that he cannot put in more time with them before sailing for Europe, although there is a chance that he will come back this way. Mr. Baker is greatly interested in bringing about a uniform scale of weights for all countries and he intends to take the matter up with the leading clubs in France and England while he is over there. It is possible that a convention of delegates from the various countries will be held either in England or America some time within the next year, when an effort will be made to pass upon a uniform scale.

"This is something that should be taken up by all boxing promoters," said Mr. Baker, "and I am in hopes of assisting in the matter while I am in Europe. I will arrange to send a delegate if I cannot come myself from Australia. A uniform scale is very necessary to have legitimate world's champions and I hope that all the big promoters will co-operate with us in trying to bring it about. The London Sporting club has done much to push the matter along and I know that others feel the same way about it.

Regarding boxing matters in this country, I wish to state that I have found all the people connected with the clubs of the very finest and I trust that some day they will get over to Australia where I may be able to repay some of the kindnesses that have been shown me here. You certainly have a hustling nation and I am glad to say that the Australians are following very much in your style. I have not signed up any fighters for Australia as yet, although I expect to close with one or two before going to Europe. The others will be attended to by my representative here.

I am sorry I could not hold over to witness the Ritchie-Wolgast fight in Milwaukee, for I know it will be one of the greatest of the season, and, by the way, I would like to say that the Auditorium arena in Milwaukee, where the Queensbury club holds forth, is the finest I have seen in all my travels. Of course, it is not so mammoth as the Stadium in Sydney, but it is much finer and as I understand it, seats about 10,000, while our Stadium will take care of nearly 18,000. Eddie McGoorty, who is in Australia now, made a wonderful hit by his win over Dave Smith and I hope to have him in a match with Jimmy Clabby or George Chip for the world's title. Pal Brown, the American lightweight, also made a wonderful hit over there and in my opinion will give Mr. Ritchie a hard battle should they meet for twenty rounds. Next season I hope to get some of your leading boxers to visit Australia and it may not be far distant when we will be able to send more high class men over to your country such as came over here fifteen or twenty years ago—men like Fitzsimmons, Griffo, Creedon, Murphy, Peter Jackson, Hall and others."

though her adversary seemed to be getting the better of it, when Mlle Carpentier did get home she left her mark.

After the first two rounds the young women were fighting wildly, and the seconds had to compel the combatants to observe the rules of the game. The match was intended to last six rounds but in the fourth round Mlle. Warner, after a knockout blow was counted out. When she retired from the ring she had a black eye and a bruise on the nose.

The winner will do well not to come to America seeking a battle for no one would care to take the risk of staging one after the severe prison sentence given to a number of prominent sports of New York some years ago for being interested in a scrap like this one held in France.

BASEBALL

Speaker's Salary a Record

A New York despatch says:—The salary Tris Speaker is to receive from the Boston American League club was the subject of much speculation on Saturday. It is understood that Speaker's contract calls for an annual salary of $16,000 or $18,000, and in addition to this $5,000 bonus for signing.

This record price tops all salaries ever paid in the history of the national game. Joe Tinker has a contract with the Federal league which calls for $37,000 on a three-year contract. Evers' salary with the Boston Nationals is $10,000 a year, and it is said that Mathewson's new contract with the Giants provides for a salary of at least $15,000 a year. Ty Cobb receives a like amount from Detroit.

LACROSSE

Game Dead in the West

New Westminster, B. C., March 9—That New Westminster is prepared to pass the Minto cup is evident by local papers advising local players who have received eastern offers to accept as professional lacrosse is dead in the west. Some players will likely go east this spring. In this event it will noly be a matter of a few months when the easterns will be able to defeat the Minto cup holders. Dave Gibbons of Vancouver may accept an eastern offer.

FOOTBALL.

British Games.

London, March 7—The following are the British football results in Saturday's forth round games:

English Cup.

Sheffield Wednesday, 0; Aston Villa, 1.
Liverpool, 2; Queen's Park Rangers, 1.
Sunderland, 0; Burnley, 0.

STRONGLY IN FAVOR OF THE PRISON FARM

Speakers at Sunday Meetings—Purity in Politics—News of the Churches

The subject of prison farms was the theme for discussion by the Brotherhood of Germain street church yesterday afternoon. There was a large attendance. T. H. Estabrooks presided.

Major Moore of the Salvation Army told of the good work of the prison farms in Ontario, and discussed the subject from the standpoint of one familiar with the character of the class of men placed on such farms.

J. King Kelley set forth clearly the need of better methods of dealing with drunkards, vagrants and other such offenders in St. John. He heartily endorsed the prison farm solution of the problem.

Commissioner McLellan also spoke strongly in favor of the project, and endorsed Mr. Kelley's views.

Commissioner Wigmore then moved "that this brotherhood places itself on record as being heartily in favor of the establishment of a prison farm." The resolution was carried unanimously.

Before the young men of the St. James' Athletic Club, in their clubroom connected with St. James' church, yesterday afternoon, A. M. Belding strongly advocated a prison farm for men, and also better organized work among and for boys. There was an animated discussion, in which members of the club and also Rev. H. A. Cody joined, and a hearty vote of thanks was tendered the speaker. This club has a discussion of some phase of social reform each Sunday afternoon.

Purity in Politics.

After a vigorous address by R. G. Murray and a general discussion, Centenary Brotherhood yesterday afternoon adopted the following resolution:—

"This brotherhood resolves that the time has come in Canada when all good men and women should unite in a demand for purity in politics, and the elimination of bribery at elections, and, as a first step in the achievement of this purpose, urge the adoption of legislation against bribery, similar to, and as effective as, that which obtains in Great Britain and Ireland."

It was suggested that the men's brotherhoods throughout Canada be asked to pass similar resolutions and forward them to members of parliament.

Rev. J. H. MacVicar, D.D., addressed the men in the Seamen's Institute last evening. Mrs. J. Seymour spoke at a temperance meeting on Saturday evening.

Eight young men were baptized at the evening service in Charlotte street church, West St. John, yesterday.

Several candidates were baptized at the morning service in Victoria street church yesterday.

Rev. Frank M. Lamb of Buckfield, Me., preached at the evening service in Main street Baptist church last evening and sang two solos.

The limited express tore madly along through midnight darkness. Suddenly the alert engineer sprang to the lever and set the brakes. The sparks flew from the rails as the locked wheels slid along with a cry of pain. The lights were extinguished as car after car toppled from the rails. Then came a shuddering silence more terrible than the harsh grating of iron on steel.

Some passengers made torches from fragments of wreckage and searched for dead and injured. A sound singularly like a snore issued from a pile of debris. Hastily removing several pieces of twisted iron they dragged forth a slumbering porter.

"Great Heavens!" they exclaimed. "Didn't you know there had been a wreck?"

"Well, gemmun, I sho' felt somethin', but I done thought we was couplin' on de dinin' cah at Jackson."—Youth's Companion.

MILLIONS OF DOLLARS FOR FAMOUS ACTOR JAMES K. HACKETT

And He Gets it From Aged Relative Whose Dearest Wish it Was to See Him Penniless

Those who recall his playing in St. John several years ago when he was brought here by Arthur Rehan, have been interested in the fortune which has befallen James K. Hackett. The amount is about two and a half million dollars and he falls into it as next of kin to Mrs. Hackett Trowbridge, who died in New York this week.

She had never received him at her home; she had declined to hold any communication with him; she had expressed totally different purposes and plans for her money, yet for three years, other relatives, her warmest personal friends, lawyers, and financial institutions who had the management of her property have known that the actor must inevitably receive the bulk of it.

They talked it over among themselves, discussed it with friends but simply waited for the time when the operation of the law would bring about that which the woman herself profoundly desired to have otherwise.

Hackett will receive the money because as uncle of Mrs. Trowbridge he is nearest of kin and entitled to a residuary estate, which had been bequeathed to her husband, Francis E. Trowbridge, who died in 1910. Suffering from aphasia at the time, due to the paralysis, Mrs. Trowbridge was the following year declared incompetent by the courts, which has made it impossible for her to make a new will, although in lucid intervals it was a matter of poignant grief to her.

She had cousins, A. Oakie Hall, Mrs. George Peabody Wetmore, wife of the United States senator from Rhode Island, and Miss Alice Keteltas, whom she loved, and Mrs. James L. Clancy, who had devoted years of her life to soothing her and making her comfortable, but she could not do anything for them out of affection, except that which had been done by specific bequests in the will of 1907 or 1908. It may be that the operation of the law will give these cousins something out of some portion of the estate, but it was agreed today that the bulk of it will go to Hackett.

Granddaughter of "Falstaff"

Mrs. Minnie Hackett Trowbridge was the daughter and only child of John Keteltas Hackett, distinguished lawyer, for years recorder of New York city. He was the son of James Henry Hackett, "Falstaff" Hackett, a great actor of the first half of the 19th century. Recorder Hackett was the son of the actor by his first wife, Katherine, who was herself famous on the stage of England and the United States. She died in 1845.

"Falstaff" Hackett took a second wife when he was an old man and James K. Hackett is the only child of this marriage, born in 1869, when his father was sixty-nine years old. The second marriage of the actor had never been received with favor. The recorder himself was opposed to it and this opposition was never relinquished by his daughter to the ending of the sixty-seven years of her life.

"OIL" KEGS CONTAINED FAIRLY GOOD WHISKY

Portland, Me., March 9—But for the fact that the barrels were marked to an unknown person at a number on Fore street, where there is a vacant lot, a consignment of liquor sent from Boston would probably have safely run the blockade, as it is called, and been delivered to some one today, but Deputy Sheriff Doughty of the liquor-seizing staff of Sheriff King F. Graham was suspicious and made an examination. The barrels were said to contain oil, but a little was drawn off and proved to be fairly good whisky.

The deputies seized in all about thirty kegs of liquor today and will claim that the entire lot was intended for illegal sale here.
