There will be a special meeting of the Ladies' Auxiliary of the A. O. H. on Monday evening at 8.30 o'clock. Arrangements will be made for the decoration day of the order.

Constable Wm. Smith has purchased from Alfred Burley the large two and one-half story dwelling of James Tvans, situate on King street, West St. John.

Stray logs along the river between Fredericton and St. John are now being picked up by Glasier and Sons. This is what is known as the clean-up drive and is for the purpose of recovering the logs which have escaped from the rafts on the way down and become lodged on the banks. This practically ends the logging season on the river.

The semi-annual theological conference of the priests of St. John city and the surrounding counties will be held on next Wednesday, at the rectory of St. John the Baptist Church. The date of this conference has been changed, for reasons, from the first Wednesday in October to the first Wednesday in September. The counties in the conference will be St. John City and County, Kings, Queens and Albert Counties. The subject matter will be "Particular States," and the Very Rev. W. F. Chapman, V. G., will preside.

The sub-committee of the harbor board appointed to consider the application of the provincial government for the use of the apple warehouse on the Pettingill wharves, a storage place for potatoes, met yesterday afternoon and made a brief inspection of the warehouse. It was found to be in good condition. The committee will report to the board at its meeting on Tuesday next that the warehouse should be rented to the government for the time required from September 1 to April 1, at a moderate rental. The sum to be charged will be fixed by the board.

COVENEY CHILD GOES TO THE GOOD SHEPHERD

One, at Least, of the Family Settled for a While—Patrick is Again Remanded —A West Side Case.

Gertrude Coveney, the ten year old offender, who was brought before the yesterday, was sent to the Home of the Good Shepherd this morning. The little girl while wandering the streets entered the house of George Whitehurch and stole a purse containing six dollars. She confessed to the theft but did not know whose house she had entered.

Some of the money was spent in going to the Nickels, but the balance could not be found and the police think she must have lost it.

No time was stated by the magistrate as to the length of her detention at the home, but her parents are expected to call at the Waterloo street institution and arrange for her future disposition.

Walter Patrick, charged with stealing from Arnold's Departmental Store, was remanded until Monday, further evidence of his guilt having come to the notice of the police.

Frank Walsh, Allan Howard and Thomas Green, three Carleton youths, charged with removing enamel letters from the window of Israel E. Smith's shop, were given a private warning. The evidence by the boys was very contradictory and implicated a fourth party. The case was postponed until next Saturday morning when more particulars will be learned.

REVIVAL OF INTEREST IN THE MONUMENT FOR PARTRIDGE ISLAND

The unveiling of the monument at Isle De Gross to the Irish immigrants has revived interest in the scheme to erect a suitable tomb-stone on Partridge Island. There were several hundreds of immigrants stricken with the fever during 1847, who died on Partridge Island.

The local Hibernians have been discussing the erection of a monument for some time. Plans have been prepared and approved. However, there is a feeling that the Hibernians from other parts of the provinces should assist in defraying the expenses. The matter will probably be thoroughly discussed at the convention of the order in Sydney in 1910. The National Board may also be induced to make a substantial grant to assist in placing a tombstone to distinguish the graves of the deceased immigrants.

Y.M.C.A. COMMITTEES ARE PLANNING BUSY SEASON

Educational Work Along Novel Lines Will be a Prominent Feature—Boys' Work Secretary Arrives Next Week.

With the approach of the fall of the year preparations are being made by the Y. M. C. A. for a more active and more successful season than the local institution has ever before experienced.

The chairman of the various committees who were appointed at the time of the annual meeting have selected their committees and are now beginning to plan the winter campaign.

The religious committee under the direction of W. C. Cross will have the usual men's meetings and Bible classes, and some new features will be added.

The physical department has always been one of the most popular and this year ample provision will be made for those looking for sport or exercise. Some entirely new features are being planned by the educational department. The committee of which G. A. Henderson is the chairman, is arranging an elaborate programme of educational classes and clubs. Some of the best instructions in the city are lending their assistance, and this promises to be an exceptionally strong feature of the work of the association this week.

Social features will not be neglected and a large committee with Fred T. Barbour as chairman, will help to make the evenings enjoyable for the members.

With a secretary to give his whole time to the work the, boys' work committee expects to do more than ever before. The new boys' department secretary, Wm. H. Moore, of Toronto, will arrive next Wednesday and will immediately take hold of that part of the association work.

Present prospects point to an increased membership and to a more enjoyable as well as more profitable season than the Y. M. C. A. has ever before experienced.

As the summer draws to a close the members are beginning to return to the city in larger numbers, and the domotories, some of which have been vacant during the summer, are rapidly filling up again.

ARNOLD'S GOODS COMING FROM ALL DIRECTIONS

Valuable Packages of Stuff Taken by Patrick Were Today Received From Toronto and Annapolis.

The police continue to receive articles proving the guilt of Walter Patrick, charged with stealing from Arnold's department store. This morning Detective Killen received by express a package from Toronto and another from Annapolis, N. S.

In the parcel from J. S. Holman, Broadview Ave, Toronto, were several articles, including a manicure set, silver plated mug and a large sized doll with a card "For Lillie from W. Patrick."

Douglas Ware of Annapolis sent a small box containing a souvenir of fancy china.

While the police officials refuse to state the particulars regarding these latest recoveries, it is learned on good authority that Patrick gave them as presents to both parties who were in the city at the time.

A FEW CHANGES IN THE PLAYERS' AVERAGES

Ideal Weather for the Fifth Game of the Championship Series—Lots of Fun Expected.

Ideal weather has once again greeted the baseball enthusiasts and the championship battle on the Victoria grounds promises to be an interesting one.

The Marathons and St. Peters will present strong line-ups. In the event of the Greeks securing a victory, they are the winners of the series. The St. Peters may repeat their performance last season and are putting forward strenuous efforts to capture the match.

Nesbit will twirl for the Marathons and Callaghan for the St. Peters. Both men are pitchers of recognized ability and can give a good account of themselves.

Base ball averages of the past four games, compiled during the week, show a few changes. In the Marathon team on the regulars, Ramsey's batting average has declined from .600 to .474. Titus batted strongly in the last game and has at present a percentage of .412. J. Malcolm leads the team in run getting, having six tallies to his credit. Clawson ranks second with five scores. In the fielding department, J. Malcolm has accepted six chances without an error. Ramsey has accepted thirty-four out of thirty-five chances during the games, an average of .972. Bradbury has accepted thirty-seven out of forty-one chances. Clawson is playing for an average of .909.

On the St. Peter's team there are also a few changes in the batting and fielding of the regulars. Frank Dever has a batting average of .385. J. Dever and J. McCormick have secured four tallies each. Callaghan has accepted twelve chances without an error.

At this afternoon's match James McAllister and Daniel Connolly will umpire.

SUNDAY, AUGUST 29, 1909.

Rev. W. G. Watson, B. D., of Mount Allison College, will preach to the united congregations in Queen Square Methodist Church at 11 a. m., and in Germain Street Baptist Church at 7 p. m.

Mrs. Godsoe, Mr. DeWitt Cairns and Mr. Wetmore will assist the choir at both services. Strangers made welcome.
