BIG PREPARATIONS FOR NEXT ELECTION

Fifteen Thousand Enumerators Will Operate in Subdivisions.

Ottawa, Ont., Sept. 28.—Fifteen thousand enumerators will have to be appointed before the next general election in Canada. In every polling sub-division thru the country, there will be an enumerator to check up the voting lists, to add names of female relatives of soldiers entitled to the franchise under the War Elections Act and to strike off the roll the names of disfranchised aliens. Under the Military Voters Act, also, a complete electoral machinery will be created overseas for taking the votes of all members of the Canadian expeditionary force, both in France and England. It is in this respect that the Military Voters Act passed last session differs from previous legislation giving votes to soldiers. Under the original scheme, a soldier voted and the ballot-papers were returned to Canada to be counted. Under the present act, the votes cast in France and Belgium will be counted at the office of the Canadian commissioner in Paris; those cast in England will be counted at the office of the high commissioner in London. Military votes cast in Canada and Bermuda will be counted under the supervision of the general returning office in Ottawa.

An assistant clerk of the crown in chancery will be appointed early next week. He will proceed overseas with instructions to divide the camps in England, and Scotland into districts. A presiding officer for each will be named. Six scrutineers and 40 special returning officers will also be appointed in Canada and sent overseas.

The army of enumerators may be appointed either by the government or by the returning officers. If the appointment is made before the writ is issued, it is made by the government; if after the writ is issued it is made by the returning officer.

SINN FEINER'S BODY NOW LYING IN STATE

Immense Congregation Attends Requiem Mass in Dublin Cathedral.

Dublin, Sept. 28.—The body of Thomas Ashe, a Sinn Fein leader, who died in prison on Wednesday while on a hunger strike, now is in the city hall, where it will lie in state until Sunday. On that day the public funeral will take place and the interment will be at Glasnevin Cemetery. It is expected that the procession will be the largest since the funeral of Charles Parnell, with many contingents from the provinces.

Today, after a requiem mass in the cathedral attended by an immense congregation, including all the Sinn Fein leaders and numerous priests, Ashe's body was conveyed in a procession thru the streets to the city hall. A group of Irish Volunteers, some of whom were in uniform, followed the hearse. Large crowds looked on, but there were no disturbances.

CANADIAN PACIFIC RAILWAY.

Effective Sunday, Sept. 30, general change of time will take place. Consult agents, or W. B. Howard, district passenger agent, Toronto, for particulars.

CORN GOES DOWN ON BUMPER CROP

Oats Finish One Cent Off in the Chicago Pit.

Chicago, Sept. 28.—Official references to the 1917 corn crop as the greatest which ever was brought to harvest, had a noticeable bearish effect today on the corn market. Prices closed heavy at 2⅜ to 2¾c net lower, at $1.17½ to $1.17⅝, and $1.14¾ to $1.14⅞, May.

Oats finished ⅞c to 1c off. Provisions showed a setback varying from 2c to 50c.

Urgent seaboard demand, together with month-end adjustments of trades, put strength into the September delivery of oats. Other options weakened with corn.

Packers' selling carried down provisions and was offset only in part by enlarged commission house buying. The unloading was ascribed to the weakness of grain. Continued scarcity of hogs failed to check sellers.

MONTREAL EXCHANGE.

Montreal, Sept. 28.—Altho Canadian securities on the local market today were inclined to heaviness, there were no pronounced declines, despite the much weaker market at New York, which was mainly responsible for what weakness there was locally.

The steel stocks and the rails took over two-thirds of the total transactions of the day. Iron leading the list, with a turnover of 775 shares. Opening at 60, that issue scored an unbroken decline to 59, but firmed ¼ point in the closing bid, a half-point loss from the previous close. Steel of Canada opened unchanged at 55¼, and, after rapidly fluctuating between 55 and 55½, firmed up before the close and finished at 55⅞, the high for the day; but ⅜ under the previous close. Scotia, in light trading, was the weak feature of the list, opening two points down and closing at the same figure, with the further loss of ¼-point in the closing bid of 88¾, which was 1¾ under the final bid of the previous day. Toronto Rails continued its downward movement, making a new low of 65½, final sale, and bid, on a turnover of 225 shares, made a new low for the movement, at 110½, a net loss of ½, while Brazilian, in more active trading than for some time, held steady thruout the day, after opening ¼ down, at 39¼.

The ½ per cent. bonus declared by Maple Leaf was not announced until after the close of the market, and was, therefore, of little account as a market factor.

Total business for the day was 3323 shares and $89,000 bonds.

MONTREAL PRODUCE.

Montreal, Sept. 28.—The feature of the grain trade today was the further weakness in oats in the Winnipeg market, and in sympathy with it prices on spot dropped 1 cent per bushel, but at this reduction there was an active demand from local buyers and sales were made of 135,000 bushels for shipment from the west en route and stock in stores. There was also a steady demand from local millers for Ontario fall wheat; sales were made of several cars at $2.25 ex-track.

A good business continues to be done in flour, but the condition of the market is still unsettled, and prices are irregular, tho not officially changed.

The trade in mill-feed is more active, with an extra good demand for shorts.

Butter is stronger and prices at the auction sale scored another advance of ¼c to ⅜c per pound, finest selling at 45½c. About 5000 boxes of cheese were sold on spot at 21¼c per pound, f.o.b. country points.

Eggs were fairly active and firm.

The demand for cash oats of straight grades was poor, and only an odd transaction was executed. Tough grades were in good demand. No change in cash barley. Cash flax was the same as yesterday at 3c over the future for No. 1 N. W.

Winnipeg oats closed 1⅛c to 1⅜c lower from the previous close. Flax closed 2¾c to 3c lower. Barley was unchanged.
