New docks, covering eleven acres, have been opened at Sutherland, England, into which vessels of 2,000 tons burden can be run at low tide.

"GENERAL O'NALE" STILL AT LARGE It appears that the telegram from Buffalo stating that O'Neil had decamped with the Fenian funds, turns out to be untrue. A few days since he was found holding a State convention in Vermont, where, one report says, there was a very slim attendance, and but little enthusiasm, while another reports it as large and enthusiastic. O'Neil said in his speech that was the last time he would speak in public.—"The time had now come for work."

WHY.—A lisping conundrumist asks the following; Why doth a dog waggle hith taile? Is it up? I think most fellothe would give it up. You thee, the dog waggleth hith tail beneath the dog ith thtronger then the tail! If he wathn't, the tail would waggle the dog."

IN Germany, when a paper says any thing witty they kill the editor; and not one editor has been killed there for two hundred years.

COD FISHERY.—Gaspe correspondence to the *Spectator* says:—The cod fishery is much better than the last two seasons, more especially along the St. Lawrence, as several boats have more fish landed at this time than during the whole of last season. The salmon fishery is good, and the fish is of a larger size than usual, some weighing as high as 38 and 39 lbs. One whale has been brought in that will make from 35 to 40 Barrels of oil. It was 60 feet in length. Three vessels have left here for fishing on the Labrador and Newfoundland coast.

A Richmond paper says of the Fourth of July that "the return of a prostituted and dishonored national anniversary should, among thoughtful men, prove suggestive of humiliation, sackcloth and ashes, rather than of boisterous demonstrations of national joy."

The Prince of Wales officiated as sponsor at the christening of the infant son of the Rev. H. M. Birch, at the Chapel Royal, St. James's

This is a nice little sum of money for an annual dividend, but with all this vast amount of money which will be under his controll, it will not go so far to relieve rheumatism, pains in the side and back, tooth ache, burns, bruises, frost-bites, &c., as a bottle of the "Canadian Pain Destroyer," which is sold by all Medicine Dealers. at the low price of 25cts per bottle.

THE OLDEST CITY IN THE WORLD.—Hebron or the friend, is a city of Judah, situated among the mountains, twenty miles south of Jerusalem, and the same distance north of Beersheba. Hebron is one of the most ancient cities of the world still existing, and in this respect it is the rival of Damascus. It was built, says a sacred writer, seven years before Zoan in Egypt. But when was Zoan built? It is well we can prove antiquity of Hebron independently of Egypt's mystic annals. It was a well known town when Abram entered Canaan 3,770 years ago. The original name was Kirjath Arba.—*Smith's Bible Dictionary.*

Mrs. Mary Harrington, a young married woman; living in the Township of Markham, pushed her mother-in-law into a well 40 feet deep, fortunately there was but two feet of water in the well, and the old woman was rescued by her son. It is supposed that the cause of this cruelty was to prevent the old woman from claiming dower upon her son's farm.

A New York paper says it has no doubt that the proceedings of the Fourth this year have resulted in a thousand people being killed or wounded, besides the loss of property. It is as destructive as though we had an annual battle of imposing magnitude.

FIRE IN TORONTO.—A large fire occurred in Toronto on Thursday, consuming property on Young, Victoria and Cruickshank stacets to the extent of $15,000 or $20,000. The flames deviated an area of about 150 square yards.

DEATH FROM SUNSTROKE.—A severe case of sunstroke occurred in Lucknow, on Tuesday, 14th inst., by which a young man named Norman McHardy, recently out from Scotland, lost his life. He had been employed for the most of two days setting wagon tires, and the intense heat of the sun and fire combined, caused a sudden attack of sunstroke producing instant insensibility. Drs. McGregor, Gardner and Tennent were quickly in attendance, and though every remedy possible was applied, death ensued from the attack. Deceased was a steady hardworking man, and amongst a large circle of sorrowing friends, both here and in the old country, leaves an aged mother to mourn his primatnre and untimely end.

☞ The Emperor and Empress of Frace have sent a telegram to the Czar relative to the happy escape of the two sovereigns from the murderous attack made last year at the same period during the visit of the latter to the Universal Exhibition. The Emperor Alexander expressed his thanks for his kind demonstration in the most courteous manner to the French Ambassador.

☞ On Thursday week, as some men were fishing off Hartlepool, they discovered something floating in the sea. The boat pulled towards the object, and it was found to be a horse, with a light spring cart attached. The animal was alive, but died shortly afterwards. The most astonishing circumstance is that, on the previous day, the animal had gone into the the sea at a place called Seaton Snook, where its owner had left it for a short time while he gathered some cockles. It had thus swam for about nineteen hours, and was seen ten miles from where it took the water.

THE PRINCE OF WALES.—The Prince of Wales will now, thanks to the skillful and digilent management of his father, enter into an enjoyments of an income of $250,000 a year, and a half million of ready money from the revenues of the Duchy of Cornwall.

HEALTH IS STRENGTH.—To prevent or conquer disease is one of the grandest attainments ever aimed at by man; and Bryan's Pulmonic Wafers will as sure cure coughs, colds, tickling in the throat and pulmoffary complaints, as war and pestilence will destroy. Severe colds if not attended to sooner or later lead to incurable consumption, and the strength of the strongest soon fails if neglected. The readiest and best means known for the cure of these complaints is "Bryan's Pulmonic Wafers," which have been thoroughly tried for the last twenty years, and have never been known to fail. Singers and public speakers will also derive great benefit from the use of them. Sold by all medicine dealers, at 25cts. per box.

JULY.

THAT'S about it. When we are constantly receiving information concerning any thing our attention is naturally attracted to that point, and if an article is genuine its praise will loudly echo, this accounts for the enormous sales of the Great Shoshonees Remedy. It is recommended for diseases of the Throat, Lungs, Liver, Stomach, Kidneys, &c., and being surpassingly genuine it cures them, consequently its praise is sounded.

MOTHERS, READ THIS!—HOLLOWAY'S WORM LOZENGES are a certain and safe remedy for Worms in Children and Adults.—As it is a well-known and mctancholy fact that one great cause of death among children is from Worms none, it cannot be toc deeply impressed upon the minds o parents the necessity of closely watching their children. By so doing, and understanding the symptons and true cause of the disease, thousands of children might be saved from early graves. SYMPTOMS OF WORMS:—The following are a few of the very numerous symptoms and diseases which are caused by Worms: Deranged appetite, emaciated extremities, offensive breath, frequent picking at the nose, grinding of the teeth during sleep, hardness of the bo y, with frequent slimy stools, and some mes convulsive fits; pain in the head and stomach, unquiet sleep, faintings, trembling, doughs, indigestion, low spirits, fruitful dreams, and a gradual wasting away of flesh.

They are palatable and self-administered to the child—drive out the worms thoroughly without pain and completely cleanse the stomach—thereby doing away with the necessity of administering Castor Oil or other unpleasant cathartics—as a the use of other Worm Medicines.
