GREAT ENGLISH REMEDY!!!—THE MOST VALUABLE SPRING AND SUMMER MEDICINE IN THE WORLD!

HALSEY'S FOREST WINE!

Patronized by the Nobility and Medical Faculty of England, and esteemed the most extraordinary Medicine of the Age.

MEDICINES containing Mixtures or Liquids, require large bottles to produce the slightest change in health. The *Forest Wine* is altogether a different article. It contains no Syrups to give it consistency, but acquires the excellent flavor and powerful medicinal qualities from the vegetable plants of which it is composed. The *Forest Wine* combines the virtues of the WILD CHERRY, DANDELION, YELLOW DOCK, and SARSAPARILLA. With other valuable Plants whose properties are still more powerful.

Its high concentration renders it one of the most efficient Medicines now in use. One single bottle restores the lingering Patient from weakness, debility, and sickness, to strong and vigorous health. Every one shows its good effects on the constitution, and improves the state of the health. The *Forest Wine* is recommended, in the strongest terms, for all complaints of the

DYSPEPSIA, LIVER, KIDNEYS, NERVOUS STOMACH, DISEASES, BILIOUS AFFECTIONS, DROPSY, DYSPEPSIA, LOSS OF APPETITE, JAUNDICE, FEMALE COMPLAINTS, SCROFULA, AND ALL DISORDERS ARISING FROM BAD BLOOD AND IMPURE HABIT OF THE SYSTEM.

SAVED FROM DEATH!!

Testimony of Mr. NATHAN MATHEWS, a respectable and wealthy citizen of Newark, N. J.

Dr. G. W. HALSEY:—I believe your Forest Wine and Pills have been the means of saving my life. When I commenced taking them, I had at the point of death, with Dropsy, Piles, and Asthma. My Physicians had given me over as past cure, and my family had lost all hope of my recovery. While in this deadful situation, your Forest Wine and Pills were procured for me; and before I had finished the first bottle of the Wine, and but of Pills, I experienced great relief; my body and limbs, which were greatly swollen, became sensibly reduced. Hopes of my recovery began now to revive, and after continuing the use of your medicines for about a month, the Piles and Asthma were completely cured. The Dropsy, with which my life was placed in such great danger, was also nearly gone. I have continued the use of your Medicines until the present time, and I now enjoy as perfect health as ever I did in my life, although I am more than sixty years of age.

I ascribe my recovery entirely to the use of your excellent Medicines. Several of my neighbors have also used them with similar success in similar complaints, and I can cheerfully recommend them to the public.

Yours, respectfully,
N. MATHEWS.

Newark, Dec. 19, 1847.

GREAT CURE OF LIVER COMPLAINT OF TEN YEARS STANDING!

NEW YORK, Jan. 9, 1848.

Dr. HALSEY—DEAR SIR:—Having taken your Forest Wine and Pills to remove a disease of the Liver, from which I have suffered severely for upwards of ten years; and, having adhered entirely to the directions which accompany the Medicines, I have recovered my health, notwithstanding all who knew me thought my case incurable. Previous to taking the Wine and Pills, I had become to the best medical treatment, but continued to grow worse to an alarming degree. Some of my friends spoke despairingly of my case, and tried to persuade me from making use of any advertised remedies; and, I doubt not, but what there are hundreds who are deceived from taking your excellent Medicines, in consequence of the deception and inefficiency of many advertised remedies put forth by unprincipled men, in framing advertisements. But, what a pity it is that the deception used by others should be the means of deceiving many laboring under disease, from making trial and being cured by your excellent remedies. Humanly speaking, they have saved my life; when I commenced using my last vial, I was in a wretched condition, but began to experience their good effects in less than three days; and, in six weeks from the time I purchased the Medicines, to the great surprise of all my friends, I was entirely cured, and had increased fifteen pounds in weight, having taken one box of the Pills and two bottles of the Wine. Would to God that every poor sufferer would avail himself of the same remedies!

Yours, &c., JAMES WILSON.

Dr. David Marvin, celebrated Practitioner of New York, declared publicly, that one bottle of Halsey's Forest Wine contained more virtues than fifty of the large bottles of Sarsaparilla. Messrs. S. S. Lampman & Co., the largest and most respectable Druggists in Syracuse, in a letter, says: "From what they have heard and seen of Halsey's Forest Wine, it is an excellent and good Medicine, and will, undoubtedly, become the leading Medicine of the day." Dr. Mott, of New York, also subscribes to the virtues of Halsey's Forest Wine, by recommending it to many of his patients.

☞ Seven hundred Certificates from Physicians, Clergymen, and individuals of known respectability, have been given, testifying to the great cures made by "*Dr. Halsey's Forest Wine and Pills.*" Among them is the cure of Mr. John Syrus, of 525 Pearl Street, New York, cured of Affection of the Liver and bad Cough, after having been given over by his Physicians, who pronounced his case incurable Consumption. A child of Mr. William Bromley, Brooklyn, New York, who had been painfully afflicted with Scrofula, of four years standing, cured in less than six weeks time. Mary J. Brown, daughter of the Rev. James R. Brown, of Disease of the Heart and Incipient Consumption. Others of Jaundice, others of Piles, others of General Debility, others of Gravel, Female Complaints, &c., &c.

MINERAL WATERS
OF
POINT DU JOUR, PARISH OF L'ASSOMPTION.

THESE truly valuable WATERS are distinguished for the large quantity of Bromine and Iodine they contain, and are acknowledged superior to all other medicinal Waters. They are the most agreeable refreshment of the description that have yet appeared. They can be used cold to the greatest degree in the most oppressive heat of Summer, and that without altering or affecting injuriously the health of the person using them; upon the contrary, they are found to improve and strengthen. The large number of cures effected by the use of the above Waters, enable us to recommend them to the public as an excellent remedy in a very great number of cases. The names of a few only of the persons of celebrity, who have given their written recommendation of the Waters, are here given. These, however, show the happy results arising from their application:—

R. Eve de Kingston,
Jos. M. Belanger, Pt.,
P. C. A. Munro, M. D.,
Amable Simard, M. D.,
L. G. Cazenueve, M.D.,
E. H. Trudel, M. D.,
W. Nelson, M. D.,
R. L. Macdonnell, M.D.,
G. B. Bibaud, M. D.,
A. Nelson, M. D.,
J. B. Meilleur, M. D.,
A. E. Regnier, M. D.,
A. Hollin, M. D.,
C. Sabourin, M. D.,
F. L. Genand, M. D.,
F. H. Latour, M. D.,
T. Et'Ornonnets, MD.
Dr. Dorion.

Persons who have not received the little volume containing these certificates at length, can obtain it at the Depots, where the Waters are Sold; by sending it, they will feel convinced that they have effected wonderful cures in various cases, and that they have been found superior to all others.

RIVIERE DES PRAIRIES, March 1, 1850.

Sir,—Since you are desirous to ascertain the effect which the Waters of the Point du Jour Springs have produced on myself, I must inform you, that I have used them moderately at their fountain, and have found them highly salutary. I was at the time so affected by the consequences of a severe disease of the Digestive Organs, that my Physician judged it right to suspend for a time all medical remedies, even for the repression of Dyspepsia and an absolute Retention of the Bowels, under both of which I was suffering severely. He prescribed for my relief the Mineral Waters, and I made use of those of the Point du Jour, as being the nearest. I was at the time so weak, that it was with difficulty I kept my feet. However, at the expiration of three weeks, I was restored by the use of the Waters. These Waters are of a gaseous nature, containing a large quantity of saline particles, and appreciable in the taste—taken as it purges them they are strongly laxative, but their purgative properties are unattended by griping,—these even who have been using them with griping, or who could not take Castor Oil, have not been weakened or enervated by their constitution; on the contrary, by using them they find their appetite increased, and their digestion improved. After a dose of 2 or 3 or 4 four glasses, I found that they had the effect of increasing the urinary secretions at first, and that these decreased in the same proportion that the alvine secretions increased. The sediment of the urine was considerable, and when there is plenty of the nervous and sanguinous secretions, I feel myself in excellent health, and, instead of finding myself worse and worse I had been during some days before then, I perceived myself insensibly disposed to pleasure and gaiety. Many persons in the same circumstances, made use of the Waters by the recommendation of Dr. Cazenueve, experienced the same effects. To conclude, I am of opinion, in confirmation of the analysis made by Dr. Bibaud, Sen., that Physicians might employ it successfully in the same diseases for which the Pharmacopœa Waters are so judiciously recommended.

Yours, respectfully,
AMABLE SIMARD, M. D.

ST. JOSEPH'S CONVENT, May 14, 1850.

SIR,—I observe with pleasure that the Mineral Waters, at their establishment at Point du Jour, Parish of the Assomption, (L'Assomption,) are acquiring the celebrity they deserve. For myself, who am, perhaps, one of the first that attended to them in their infancy, in the year 1828, I can testify, that since then I have had occasion to try various Mineral Waters, nevertheless I have always found that the preference must be given to those of Point du Jour—having myself had some experience.

J. M. BELLANGER, Priest.

Agents for Montreal:—Dr. Picault, 26, Notre Dame Street, corner of Bonsecours Street; Benjamin Workman, Apothecary, corner of St. Paul Street, Custom House Square; O. LaLiberte, corner of St. Catherine and Visitation Streets.

The Proprietors have their Depot established at No. 6, Jacques Cartier Place, next door to the Hotel of Serafino Giraldi, Esq. The distance for conveying the Waters to the Depot is so trifling, that we are enabled to have a constant supply fresh, and are consequently in possession of a better market than any other person. Prices, 7½d. per gallon, and 2s. the dozen, (in bottles.) Sick persons, unable to pay for it, can have some *gratis*, by producing a certificate from their Physician, since we are unwilling that any should be deprived of these healing and wonderful Waters, prepared by Providence for his creatures, which are apparently designed for the alleviation and cure of many protracted and dangerous diseases.

SIR,—I cannot resist informing you of the extraordinary effect that I have experienced by taking only a few of your LOZENGES. I had a cough for several weeks, that denied all rest and had become perfect to me; and yet I got completely rid of it by taking about half a small box of your Lozenges, which I feel are the only ones that relieve the cough without deranging the stomach or digestive organs.

RESTORATION OF VOICE BY KEATING'S COUGH LOZENGES.

GLASGOW, 12th January, 1847.

SIR,—I have great pleasure in informing you of the great good your excellent COUGH LOZENGES have done me. In December, 1845, I caught a severe cold from riding two or three miles, one very frosty night, which settled on my lungs, and quite took away my voice, so that I could not speak above a whisper; from that time until December last. Tried all kinds of medicines, but they were of no avail. I was then advised to try your Lozenges, which I did to the great joy of my friends; but before I had finished a 1s. 9d. box, my voice, to my great joy, came back as strong as ever.

I am, Sir, your's respectfully,
JAMES BARTIN.

TO THE LADIES.

THE GENUINE BALM OF COLUMBIA FOR RESTORING THE HAIR.

"Long hair is a glory to a woman," says Paul.

And all feel the truth of the pious quotation;
Preserve it then, ladies—your glory may fall,
Unless you protect it with this preparation.

If you wish a rich, luxuriant head of hair, free from dandruff and scurf, do not fail to procure the genuine Balm of Columbia. In cases of baldness, it will restore that to a second youthful growth, where persons have lost their hair for twenty years, have had it restored to its original perfection by the use of this balm. Age, state, or condition, appears to be no obstacle whatever; it also causes hair to flow with which the delicate hair takes to fillet, by which means thousands (whose hair was gray as the Asiatic eagle) have had their hair restored to its natural color by this invaluable remedy. In all cases of fever it will be found the most pleasant wash that can be used,—will be found the most pleasant wash that can be used,—for a few applications only are necessary to keep the hair from falling out. It strengthens the roots, it never fails to impart a rich glossy appearance, and as a perfume for the toilet it is unequalled. It holds three times as much as other miscalled hair restoratives, and is more efficacious.

☞ CAUTION.—Never buy it unless you find the name of Comstock & Co., upon the wrapper, Proprietors of the genuine article, or you are cheated with a counterfeit.

ELEGANT AND INVALUABLE ARTICLES FOR THE TOILET.

BOGLE'S HYPERION FLUID,
FOR RESTORING PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate, from Dr. Windsor Lewis, one of the most eminent Physicians of Boston, will show the estimation in which it is held by the scientific and learned, being one only of many similar ones.

BOSTON, Feb. 15, 1847.

Mr. WM. BOGLE.—Sir,—The preparation invented by you for the hair, has been extensively used in my family, and they give it the decided preference over all other compositions of the kind. It invigorates and beautifies the hair, and cleans the skin of all impurities, without producing any ultimate deleterious effects, which are so frequently the result of many well-known patented compounds.

WINSLOW LEWIS.

It is an indispensable article for the Ladies, as it keeps the hair in place and curl, and the skin or parting of the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,
A COMPOUND FOR SHAVING.

This delightful article is perfectly unrivalled and far superior to anything yet invented for shaving. The base of it is derived from the *Amole*, or "soap plant," of California, and is used by the native of that country for washing the skin of all pains by fire, positively allaying the most violent pains in the extremities, and would earnestly invite them to call and examine the numerous unsolicited certificates of remarkable cures wrought by this agent, in the hands of the proprietors; and also the following liberal terms, to wit:—Just leave off using your accustomed remedy, and if the user was not perfectly satisfied, and even delighted with its effects, and furthermore, if it did not fully answer our recommendation, their money would be returned immediately at their request. BALDNESS CURED.

The following is from Summer F. Barrett, Saratoga Street, East Boston:

EAST BOSTON, Feb. 8, 1847.

Mr. William Bogle.—Dear Sir: For several years past, my wife has been troubled with baldness on the Crown of the head, about six or seven inches in circumference. After repeated failures of other so-called remedies, and by the advice of friends, she was induced to use your Hyperion Fluid a week, for the purpose of restoring her lost hair, and I am happy to say that its effect has been to cause the hair to grow all over the part affected. She has used only two bottles, and that very irregularly; had she used it oftener and more regular, I am convinced that the growth of the hair would have been more rapid. I am, Sir, yours respectfully,

SUMNER F. BARRETT.

ALEX. URQUHART, Esq.,—DEAR SIR,—I have much pleasure in bearing testimony to the faithful manner in which you prepare your Fluid Extract of the Compound Decoction of Sarsaparilla. This I can conclude from the production of Sarsaparilla, which I have received from you, of several of my patients having derived the desired benefit from its use.

BOSTON, Jan. 18, 1851.

Dear Sir: Having for some time purchased of your agent the article of hair restorative prepared by you, and having found it the most valuable preparation for the hair, in my estimation, ever offered the Public, I feel it a pleasure to my self as a duty, to offer you my humble testimonial as to its worth, hoping you to make such use of it as may seem best to you.

The public has long been deluded and imposed upon, and still are, by thousands of nostrums, promising a benefit to the hair, whilst they have proved but an injury. But the article you have produced, I feel a pleasure in saying, is the most agreeable preparation for dressing the hair, and keeping it in a healthy, vigorous condition, that I have ever known. And wishing you that full success in its sale which its merits so fully and pre-eminently entitle it to, I am, dear sir, very respectfully, your obedient servant,

EDWARD BRINLEY.

SELF-PRESERVATION:

A MEDICAL TREATISE ON THE PHYSIOLOGY OF MARRIAGE, and DISORDERS OF YOUTH AND MATURITY, usually acquired at an early period of life, which enervate the physical and mental powers, diminish and enfeeble the natural fire lugs, and exhaust the energies of Manhood—with practical observations on the Treatment of Nervous Debility and Indigestion, whether arising from those causes, Hereditary, or the Influence of Tropical climates; Local and Constitutional Weakness, Syphilis, and all Diseases and Derangements resulting from Indiscretion,—with Forty Colored Engravings, illustrating the Anatomy, Physiology, and Diseases of the Reproductive Organs, explaining their structures, uses and functions, and the various injuries that are produced in them.

Marriage requires the fulfilment of several conditions, in order that it may be really the cause of mutual happiness. Could the veil, which hides the origin of domestic vexations, be raised, and it be seen that the misery in every instance disclosed, to how many it could be traced to physical disqualifications and their attendant disappointments. Excesses are always injurious; the gift which, when used in moderation, is fraught with advantages, becomes, when abused, the prolific source of misery and of greater or less injury to the constitution and vital powers.

The particular excesses, on the nature and consequences of which this Treatise professes to dilate, are productive of greater misery to the human frame than any other to which it is subject.

This Work contains an accurate and complete account of the Anatomy and Physiology of the Reproductive Organs, and of their relative conditions in health and disease. Nor are these the sole objects of the work: the means of cure are pointed out, as well as the nature of the danger, are pointed out in clear and intelligible language. It deservedly requires the closest attention and study, for what subject can be of more importance than the preservation of health, and of the physical condition of which every man should be possessed. It unfortunately happens, that the unhappy victim of excessive indulgence and vicious habits, whether acquired in early life, or from the folly of advanced age while suffering from their invisible consequences, unwisely entertains a fear of applying to a qualified physician for relief. Shame and the dread of exposure, groundlessly entertained, that these complaints are beyond the reach of art, alike restrain him, and prevent his seeking for assistance where alone it can be procured. In seeing this, he forgets that accurate discrimination, in ascertaining the causes of disease, lying only with the sufficiently, and shows all, scarcely, a variety character, use the intelligent and practical physician, and to the medical
