GEO. COX & ABRAHAM SMITH.

The ruin of most men dates from some vacant hour. Occupation is the armour of the soul. There is a satirical poem, in which the devil is represented as fishing for men, and fitting his bait to the taste and business of his prey; but the idler he said, gave him no trouble, as he bit at the naked hook.

DIED.

At Goderich, on the 14th inst., Edith May, infant daughter of Charles Seager, Jr., Barrister, Goderich.

SALT WORKS

AT

ANTIGONISH, N. S.

THE NOVA SCOTIA SALT WORKS COMPANY having at their last meeting decided to dispose of their valuable property at Antigonish the same will be offered at PUBLIC AUCTION by JOHN D. NASH at the Merchants Exchange Halifax, on

Friday, October 7th, 1870, at 12 o'clock,

The property consists of 3½ acres of land on which are several large buildings suitable for the prosecution of the salt business. One Salt-Pan of Boiler Plate 80 by 34 feet, 3 Iron Tanks, 1 Steam Engine 6 horse power with vertical boiler and fittings complete, Boring Tools of all kinds with Rods, large Scows. 1200 Railway sleepers, 7000 running feet Birch Rails, a lot of Fire Brick together with a large lot of other Plant and Material an inventory of which may be seen at the office of the subscriber. There are two holes bored on the property, one 230 feet deep and the other 666 feet 9 inches. From the former a flow of brine was obtained for about twelve months, varying in strength from 10 to 18 per cent., and which ceased from an overflow of fresh water. During the boring of the latter hole the clay and plaster bored through was very salt, showing every indication of brine. To any party who understands the business of salt making, this property offers strong inducements to buy as its proximity to extensive fisheries and also a large agricultural country guarantee a certain market for all the salt that can be made.

Ayer's Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co., PRACTICAL AND ANALYTICAL CHEMISTS, LOWELL, MASS. PRICE $1.00.
