EXTENSIVE MILL PROPERTY

To be sold by Private Bargain.

ALL that large and extensive MILL PROPERTY, situated about a mile and a half from the mouth of the Nashwaak, nearly opposite Fredericton and consisting of one MILL, containing six saws in single Gates; with a GRIST MILL, in good order, driving two pair of stones.

The Saw Mills are capable of containing as many Gangs as there are now single Saws, which could be substituted at little cost; they are in perfect order, and some of the Gangs could be driven throughout the entire year, as there are always several of the Saws kept going during the entire Winter; and the Grist Mill has the same advantage. The Draw is perfect and complete order, having been completed at very great expence, and runs entirely across the river Nashwaak, thus securing the whole waters of the river for the driving of the Mills.

Connected with the Mills there is a fine large Store, well adapted for the business of the country, also a Blacksmith's Shop, and a good Cottage and Garden attached, well suited for the manager of the Mills besides a number of Houses suitable for the Workmen at the Mills.

There is also a tract of Land on the Eastern side of the river, containing 500 acres, and about 200 acres on the western side, the latter embracing the Holybrooks Farm, and the whole highly capable of cultivation, and precluding any interference by other establishments on the river. These valuable Properties will be sold along with the Mills, and reasonable accommodation will be given to the purchaser. There can scarcely be found within this Province such a valuable Water privilege, and it is therefore well deserving the attention of any party wishing to embark in the Lumber trade; the whole can be seen at any time, and full particulars given on application to W. J. Bedell and Co. Fredericton, Charles Perley, Esquires, Woodstock, or to the subscribers at St. John. ROBERT RANKIN & CO.

CLARK'S Vegetable Universal

Life Pills

Nos. 1, 2, &c.

Suited to every Age and Constitution—Will never fail to give relief, whatever may be your complaint.

TRY THEM!

"He that wants HEALTH, wants everything."

For sale by the Proprietor, at Coffee House corner, Market square, St. John, N. B.

IT is now an absolute and known fact, that every disease, whether it be in the head or feet, in the brain or meanest member, whether it be an outward ulcer, or inward abscess, are all, though arising from many causes, reducible to the one grand effect, namely,—impurity of blood. In many cases where the dreadful ravages of Ulceration had laid bare ligament and bone, and where to all appearance no human means could save life, have patients by the use of these Pills, been restored to good health, the devouring disease having been completely eradicated. In consequence of the pleasantness of their operation they are universally used where they are known, and are fast superseding every other preparation of professed similar import. The most obstinate diseases are cured by the one similar act of continually evacuating the bowels with them until the disease gives way; therefore whatever may be said of the theory, the utility of the practice is now beyond all doubt.

The same medicine, however, will not always have exactly the same effect on different persons, nor on the same individual at all times, and the best remedies partly lose their effect by being continued too long; a change occasionally is therefore absolutely necessary, and purgatives which have a somewhat different action frequently greatly assist each other in performing a cure. Care should always be taken by those who are in the habit of taking Pills to procure such as are most congenial to nature, as improper purges may, and often do, produce very bad consequences; some of the bad effects produced by them are sore mouths, loose and rotten teeth, violent palpitation of the heart, Piles, nervous and painful disorders, tremors, agitations of mind, &c. Some Vegetable as well as Mineral substances may do much harm.

No Medicine prepared by the Proprietor will produce any such effect. TRY THEM! A single dose of the above named Pills may be had at any time if wanted.

"Any man can tell when a medicine does him good as well as a Physician."—Buchan.

And any one who will give these Pills a fair trial, and is not effectually cured or greatly relieved, whatever may be his complaint, shall have at least *half the cost* returned by calling on the Proprietor.

Other medicines may be used with the Pills, in a variety of cases with decided advantage, particularly in Consumption, Asthma, Rheumatism, and some complaints peculiar to Females, still the grand object in all cases is to cleanse the system, remove the morbid or opposing matter and purify the Blood.

These Pills are put up in quantities to suit purchasers, from 1s. 3d. to 5s per Box, with proper directions signed by the Proprietor in his own hand writing, without which none can be genuine.

Also, on hand:—Various other preparations which have been in extensive and singularly successful use in the United States for upwards of thirty years, some of which are known by the name of

"THOMSONIAN,"

And are thought the best Family Medicines that have ever been discovered by a very large majority of those who have used them.

To you who know the truth: nothing is stated in this advertisement but facts, and facts are stubborn things.

Those who purchase the larger size boxes of Pills will make considerable saving, as the 2s. 6d. box will contain more than two boxes at 1s. 3d and the 5s. box more than two of the 2s. 6d. boxes.
