"SYRUP OF FIGS" IS LAXATIVE FOR CHILD

Look at tongue! Remove poisons from stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious, fruity taste. Full directions for child's dose on each bottle. Give it without fear.

Mother! You must say "California."

TOO SHORT TO DO UP AND STILL FALLING

A little "Danderine" stops your hair coming out and doubles its beauty.

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of delightful "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Help your hair to grow strong, thick and long and become soft, glossy and twice as beautiful and abundant.

BITRO-PHOSPHATE IS GOOD FOR THIN, NERVOUS PEOPLE

A PHYSICIAN'S ADVICE.

Frederick S. Kolle, M.D., Editor of New York Physicians' "Who's Who," says that weak, nervous people who want increased weight, strength and nerve-force, should take a 5-grain tablet of Bitro-Phosphate just before or during each meal.

This particular phosphate is the discovery of a famous French scientist, and reports of remarkable results from its use have recently appeared in many medical journals.

If you do not feel well; if you tire easily; do not sleep well, or are too thin; go to any good druggist and get enough Bitro-Phosphate for a two weeks' supply—it costs only fifty cents a week.

Eat less; chew your food thoroughly, and if at the end of a few weeks you do not feel stronger and better than you have for months; if your nerves are not steadier; if you do not sleep better and have more vim, endurance and vitality, your money will be returned, and the Bitro-Phosphate will cost you nothing.

UNABLE TO WORK FOR 8 MONTHS

For Four Years Conductor Could Only Work Half Time—Never Misses an Hour Now.

The remarkable results being obtained from Tanlac is further evidenced in the case of Albert Burgess, a popular conductor on the Winnipeg Electric Railway, who lives at 453 Stradbrook avenue, Fort Rouge. Mr. Burgess called at Liggett's drug store for his fifth bottle of Tanlac, recently, and made the following statement:

"I have been so wonderfully benefited by Tanlac that I will never stop praising it," said Mr. Burgess. "For the past four years I have not been able to work, but about three days a week, and have had to spend a good part of my wages trying to get my health back. For eight months, I was unable to hit a lick of work, and was just barely able to get about. I suffered with awful pains through my forehead all the time and also had spells of dizziness when I would have to catch hold of something to keep from falling. My stomach finally got in such a bad shape that I could scarcely eat a thing and barely enough to keep me alive. What little I did eat soured on my stomach and I suffered terribly from gas and bloating. I took all kinds of medicines, but still I suffered and could not get myself in shape to work more than half time. I would go for weeks at a time without getting more than an hour's sleep a night. My condition was awful, and I didn't know what to do for relief.

"At last a friend begged me to try Tanlac, and now I wish I had known about it long ago, for it has really made me feel like a brand new man. I used to suffer with a dreadful hurting in the pit of my stomach, but after taking Tanlac a short while this trouble disappeared and now my stomach is in such a good shape that I can eat just anything I want and never suffer a bit with gas or pain, and my appetite is so big that I can hardly get enough to eat. The pains have not only left my head, but all my misery is gone, and I have not missed an hour from my work since shortly after I began taking Tanlac. I have also gained several pounds in weight, but what I was after was relief, and, thanks to Tanlac, I have found it. I can now handle my work as well as when I first got my run seven years ago. It certainly was lucky for me that I got Tanlac."

Tanlac is sold in London by Standard Drug, Limited, and by an established agency in every town.

REJECT BRITISH GOVT. OFFER OF HIGHER WAGES

London Railwaymen at Meeting Decide Plan Is Unsatisfactory.

SIXTY SHILLINGS A WEEK

Plan Regarded That Amount As Average Minimum To Be Paid.

LONDON, Jan. 4.—(By the Associated Press.)—The Government's offer to the railwaymen, made public tonight, which conceded considerable advances in wages, was rejected later at mass meetings of the railwaymen held in the east end of London and at Northampton. The men decided that the offer was unsatisfactory.

The plan of the Government was the same as that unofficially reported last week except that 60 shillings a week was to be regarded as the average minimum wage for the different grades of workers, some grades being paid as low as 56 shillings and others being paid higher rates. Taking the situation as a whole the increase offered was 100 per cent over the pre-war rate. Under the plan, should the cost of living increase before next September, wages would be raised one shilling for every five per cent in the rise in prices. After September there would be a sliding scale, varying with the high cost of living.

Another important point provided for the creation of a central wages board, five members of which were to represent the railway administratives and five members of the unions. The board would deal with any further conditions of service which might arise. If the board was unable to effect a settlement the disputed points would be referred to a national wages board, consisting of four representatives each of the railway companies, the unions and the users of the railways.

James Henry Thomas, general secretary of the National Union of Railwaymen, addressing a mass meeting of the railwaymen at Birmingham today advised his hearers to accept the Government's terms.

Mr. Thomas, in explaining the offer, said it would be retroactive from Jan. 1 and that every man covered by the settlement would obtain a bonus of twenty shillings in addition. The effect of the plan, he continued, would be that thousands of men would receive an advance of from nine to eleven shillings weekly, while all the men would receive some benefit.

The sliding scale after September, Mr. Thomas said, would be operative, upward or downward, according as the cost of living varied, at the rate of a shilling for each five per cent movement, the present cost of living being estimated at 125 per cent above the pre-war rates.

Though the settlement was not all that might be desired, Mr. Thomas said the men might make a profound mistake to reject such an opportunity for establishing the best machinery possible to secure justice and fair play.

The Government's offer was also rejected by the railway men of Cardiff and Newcastle.

There seems little prospect of the railwaymen accepting the government's offer, notwithstanding the appeal of Mr. Thomas, judging from the reports of Sunday's meetings in the main railroad centres, where the delegates to next Wednesday's conferences were instructed to oppose acceptance of the award, mainly on the ground that the arrangement does not fulfill the demand for "standardization upward," made during the strike last October.

HOUSES AND STORES BURN AT MONTREAL; THEATRE DESTROYED

Firemen Frozen To Ladders With Mercury Ten Below.

MONTREAL, Jan. 4.—Three fierce fires broke out over the week-end, as a result of which eleven families were rendered homeless and several stores and one theatre were destroyed.

There was no lack of water, as might have been feared in consequence of the strike, but the pressure was not up to the average. The last of the fires was not under control until 8 o'clock this morning, and they started at 8 o'clock Saturday evening. In these twelve hours practically every fire station in the city was called out.

The firemen had to fight the fires in weather some ten degrees below zero, and the men suffered from slight frostbites, cuts and burns, having at times to be cut out of the ice that had formed and frozen them to the ladders. There were, however, no serious injuries.

The first fire started above the Woolworth store on St. Catharine street east, and it was not under control until nearly midnight. Then an alarm was turned in from the corner of Cadieux and St. Catharine streets, where a blaze starting in the rear of a Jewish Theatre had communicated tiself to several private houses, which were all destroyed.

Here a general alarm was turned in and all the pumping engines in the city were mobilized together, with every brigade except those in the outskirts of the city. This fire was not subdued until 8 a.m. and the firemen were playing water on the smoldering ruins all day today.

EGYPTIAN PRINCES UNITE IN DEMAND FOR INDEPENDENCE

CAIRO, Jan. 4.—In a manifesto just issued, six Egyptian princes associate themselves with the demand of the nationalists for the complete independence of Egypt, now a British protectorate. The manifesto is addressed to the people and to Viscount Milner, British secretary for the colonies, who is in Egypt at the head of a mission of conciliation.

NEW GERMAN ISSUE OF BILLION MARKS

BERLIN, Jan. 3.—New paper money to the extent of 1,400,000,000 marks was placed in circulation during the holiday week, according to a statement just issued by the Imperial Bank. Germany's printed money now totals more than 47,724,000,000 marks.

Churchill Opposes Party Government

LONDON, Jan. 3.—Winston Spencer Churchill, secretary of state for war, speaking at Sunderland tonight, declared a return to party government in England at this time would simply mean turning the country over to the labor party. This party, he charged, was insufficiently schooled in the method of conducting the government and would bring the country to grief.

ON G. W. V. A. EXECUTIVE

NURSING SISTER (MRS.) J. R. HAMILTON.

of Steveston, B. C., who as far as is known is the only woman in Canada to serve on an executive of the Great War Veterans' Association, having just been elected to this office in Richmond, B. C., branch. She was overseas for four years, enlisting shortly after the war broke out, serving with the Imperial forces in France, in the east, at Salonika with the Canadian nurses and later in England.

U. S. NEWSPAPERS UP IN ARMS AT QUEBEC PAPER FIRM'S ACTION

Intimate Appeal To Washington To Stop Coal Supply.

OTTAWA, Jan. 4.—A number of United States newspapers which receive more or less paper supply from Price Brothers of Quebec, are sending telegrams to the finance department here saying that they have been informed by Price Brothers that the Dominion Government is placing an embargo on the export of paper from Canada.

Intimations are made that an appeal may go to Washington to stop export of American coal to Canada. As a matter of fact no order to stop export of paper from Canada has been made, but Price Brothers have refused to obey the orders of the Dominion paper controller and action against that firm is likely.

Inquiry being made of P. D. Ross, chairman of the newsprint committee of the Canadian Daily Newspaper Publishers' Association as to the nature of the trouble, he said: "An order was issued recently by the paper controller directing that the thirteen per cent of Canadian product used in Canada should be supplied at $80 a ton for six months, the price at which many contracts are in force between Canadian mills and American papers, and at market price of the United States afterwards.

"This order, which implied that each Canadian mill should give for local consumption its fair share of paper, up to thirteen per cent of its output, was accepted by all the Canadian manufacturers except Prince Brothers, who remain the only company in Canada to refuse to act either with their fellow manufacturers, or to obey the orders of the paper controller."

Paper Controller Pringle says Price Brothers have been selling in Canada only 2,000 tons out of an annual output of 75,000, and he is calling on them to give 8,000 tons in Canada, or 11 per cent of their product, which is less than their fair quota.

MANITOBA POLICE HEAD FROM STRATHROY

[Special to The Advertiser.]

WINNIPEG, Jan. 4.—Col. J. G. Rattray, appointed commissioner of Manitoba police, was born in Banffshire, Scotland in 1867, and came to Middlesex County, Ontario, with his parents when seven years old. He commenced his life career by teaching in school in Strathroy, Ontario. He came west in 1889, and taught in schools. He later became editor of the Virden Advancé, reeve of the municipality of Pipestone, president of the Virden Liberal Association, later going into the hardware business. He served all through the war with the Canadians, being four years in France.

HEARST, ALTHOUGH DEFEATED, RECEIVES HIS PLUM REWARD

Goes To International Joint Commission At $6,000 Yearly.

[Special to The Advertiser.]

OTTAWA, Jan. 4.—Sir William Hearst, who not so many moons ago was disastrously defeated as premier of Ontario, has received his reward. He has been appointed by the federal authorities to the international joint commission to fill the vacancy created by the elevation of H. B. Mignealt, K.C., to the supreme court of Canada.

The position to which Sir William has gone will not entail his removal from Toronto, since it is more or less of a sinecure and the meetings of the commission are fitful at best. The chairman of the Canadian section is C. A. Magrath, fuel controller, and the other member is H. R. Powell of St. John, N.B.

The position, it is said, carries with it the substantial salary of $6,000 a year.

EAST KENT MEMBER OFFERS DOHERTY SEAT

TORONTO, Jan. 3.—J. B. Clark of Blenheim, M.P.P.-elect for East Kent, this morning confirmed the report that he had offered to resign his seat in favor of Premier Drury or Hon. Manning Doherty. It is expected that the offer will be accepted on behalf of Mr. Doherty.

Children Cry
FOR FLETCHER'S
CASTORIA

Quick, Harmless Way To Remove Wrinkles

This season brings wrinkles to many sensitive skins that are much exposed to winds and changing temperatures. To make an effective wrinkle remover, mix an ounce of powdered saxolite and a half pint of witch hazel. Bathe the face in the solution—immediately every wrinkle is affected. It acts wonderfully on sagging facial muscles, also, the lotion possessing remarkable astringent and tonic properties. Use it once a day for a while and see how it will improve your facial contour.

This simple lotion cannot harm the most delicate skin. The treatment itself leaves no trace—no one guesses the secret of your increasing youthful appearance. But be sure to ask the druggist for the powdered saxolite. Advt.

ATTACK POLICE BARRACKS NEAR CORK, DISPATCH

Report Says 300 Sinn Feiners Blew Up Part of Building.

LONDON, Jan. 3.—Three hundred Sinn Feiners attacked the police barracks at Carrington Hill at 10 o'clock Saturday night, according to a dispatch to the Central News from Cork. The attacking forces fired volleys for three hours, and then blew up the end of the building with bombs. Its occupants were made prisoners while the raiders looted the barracks.

The barracks was occupied by a sergeant and five constables, who returned the raiders' fire. Finding eventually that they were unable to gain an entrance, the raiders threw bombs, entered the breach made in the building and seized and handcuffed the policemen. They searched the buildings, removing the arms, ammunition, accoutrements and money; they then held a council as to the disposal of the police, and decided to leave them bound, but threatened that if an attempt was made to repair the building they would return and complete its destruction.

The raiders decamped after cutting the telephone communications, but police assistance finally arrived from Cork. It was found that none of the policemen was hit. The sergeant's wife and family, who were also in the barracks, were also uninjured.

ONLY ONE HUNDRED MEN.

LONDON, Jan. 4.—The Press Association confirms the main outlines of the Cork story, but says that one hundred men were engaged. Minor attacks on the police barracks also occurred Sunday night at Inchgeelagh and South Kilmurry. The wires were cut in both instances, but nobody was injured.

BELFAST, Jan. 4.—Twelve masked men held up a taxicab this afternoon at Glen Road, a suburb of Belfast, and compelled the occupants, by threats with revolvers, to drive them to Hannahstown, three miles away. They were then allowed to return to Belfast.

EXPECT TO ARREST SUSPECT IN CASE OF BROWN SLAYING

Mount Clemens Authorities Intimate Complicity Discovered.

MOUNT CLEMENS, Jan. 4.—Authorities tonight broadly intimated that tomorrow would see the issuance of a warrant for a man suspected of complicity in the slaying the day before Christmas of J. Stanley Brown, a prominent young man, whose body was found in his automobile near this city.

It is understood the special inquiry, begun Friday by State Attorney-General Groesbeck, brought this man prominently into the case. Whether he has heretofore been connected with the mystery was not disclosed.

Mr. Groesbeck announced last night that his investigation would be resumed tomorrow, when he planned to again call Lloyd Prevost, a former close friend of the dead man. Prevost was called Saturday, but stood on his constitutional rights in refusing to answer questions. He is being held without a warrant as a witness.

MASKED MAN SHOOTS GUELPH BUTCHER IN STRUGGLE; ESCAPES

Entered Store and Tried To Rob Till—Shot Not Fatal.

GUELPH, Jan. 4.—A masked man entered the butcher shop of Albert Jackson about 9 o'clock Saturday night and tried to rob the till. He was surprised by Mr. Jackson, who showed fight and grappled with the intruder. The latter shot Mr. Jackson in the right breast, but the bullet was deflected and caused no serious injury.

The hold-up man then escaped, and was joined on the street by a boy, who apparently had been on the watch.

IMPERIAL SERVICE MEN TO SETTLE ON CANADIAN FARMS

OTTAWA, Jan. 4.—An order-in-council has been passed making provision for the settlement of imperial ex-service men in Canada.

In order to ascertain the adaptability of the applicant to fit into Canadian life and make a success of farming, the soldier settlement board will establish a careful system of selection of candidates in the old country. Selection committees composed of persons especially familiar with farming conditions will hold sittings in various parts of England and Scotland and may issue certificates entitling holders to proceed to Canada to receive training in Canadian methods of agriculture under the direction of the board.

Selected candidates may receive this training by taking a course at a training centre established by the board, or by working with experienced farmers approved by the board, or by both methods.

BRITISH COMMITTEE SEEKS INFORMATION ABOUT COMPENSATION

OTTAWA, Jan. 3.—The department of labor has received an inquiry from a committee appointed by the British Government to investigate the working of the present system of workmen's compensation in the United Kingdom. The committee is seeking information with a view to determing what alterations of the law are necessary in order to remedy defects in the present system which have been disclosd by experience, and also to find out whether it is desirable to establish a system of accident insurance under the supervision of the state. The labor department is collecting information from the various provinces with regard to the system of workmen's compensation now in operation, in order to answer the Imperial Government's questionnaire.

COMPENSATE GOLD PRODUCERS IN B. C.

VANCOUVER, B.C., Jan. 3.—Gold producers in British Columbia are to be compensated in part for the fall in prices recently caused by the discontinuance of payments at the value of New York funds.

One result of the recent fall in the price of gold was the closing of the gold mine at Hedley, B.C. The board has received representations from other mines that they were facing the possibility of closing down as a result of the situation.

Clemenceau in Accident.

TOULON, Jan. 3.—Premier Clemenceau, who is on a visit to the Department of Var, was in a smash-up of automobiles today, but escaped injury. The collision occurred between Hyeres and Toulon. Four deputies were quite badly hurt.

Premier Clemenceau and party in the two automobiles were proceeding along the road between the two cities. A farmer with a huge load of straw blocked the way, but M. Clemenceau's chauffeur succeeded in avoiding a collision. The second automobile, however, smashed into the farmer's cart. It skidded down the hill and turned over. The premier assisted the injured, who included Deputies Deniz and Reymonenq and the prefect of Var.

STEAMER MONTCALM RUSHES TO AID BOAT DRIFTING WITH ICE

Danger "Canadian Spinner" May Be Pushed On Reefs.

QUEBEC, Jan. 3.—The Canadian Government steamer Montcalm, that left North Sydney yesterday morning for Sydney, was informed by wireless yesterday that the steamer Seal had reached the island and succored the marooned colony, so that the ice breaker was immediately ordered to turn back. She was instructed to speed up the gulf to go to the assistance of the Canadian Spinner which is drifting with the ice in the lower St. Lawrence. It is expected the Montcalm will reach the Spinner before the latter meets with further dangers.

The coming of the Montcalm to the rescue of the Spinner will relieve the anxiety of the population of Prince Edward Island, whose only means of communication with the mainland, the huge car ferry, was liable to give up her service there to come to the assistance of the Spinner.

This morning the Spinner was reported near Fame Point, about 15 miles offshore, still stuck in solid fields of ice and drifting fast with the floes. The tide and currents are shoving down towards sea. There is a danger now of the Spinner being pushed along the reefy coast of Anticosti, for the down current will undoubtedly shove her in the direction of the island. But so far, no deeper anxiety is felt for the drifting vessel's safety, and the fact that the Montcalm is now speeding towards her considerably alleviates what anxiety was felt.

DECLARES FRENCH IN CANADA AGAINST ANNEXATION TO U. S.

Editor of Le Canada Says It Would Mean Loss of Language.

QUEBEC, P.Q., Jan. 4.—Fernand Rinfret, editor-in-chief of Le Canada, one of the leading French Canadian dailies in this province, addressing the Reform Club here on Saturday said that French-Canadians did not want annexation to the United States. It meant for them possible and quite probable loss of privileges and rights which they now enjoy, nor would annexation remedy any of the grievances which exist in provinces other than Quebec. The people of Quebec, he said, were satisfied under the British flag.

Rinfret pointed out as an illustration that the French language and the civil code had lasted in French Canada after 160 years of conquest whereas in the New England states the French language of French-Canadians who had gone there lasted but one generation.

LABOR BODY PROTESTS RUSSELL'S CONVICTION

CALGARY, Jan. 3. — The Calgary Trades and Labor Council passed a resolution last night in favor of taking steps to secure a national protest against the conviction of R. B. Russell, Winnipeg strike leader, convicted of seditious conspiracy, which, it was claimed, was a knock against the principle of the sympathetic strike which Laborites affiliated with international organizations could not accept.

WHEN MEALS DON'T FIT

"Pape's Diapepsin" is the quickest Indigestion and Stomach Relief

When meals hit back and your stomach is sour, acid, gassy, or you feel full and bloated. When you have heavy lumps of pain or headache from indigestion. Here is instant relief!

Just as soon as you eat a tablet or two of Pape's Diapepsin all the dyspepsia, indigestion and stomach distress caused by acidity ends. These pleasant, harmless tablets of Pape's Diapepsin never fail to neutralize the harmful stomach acids and make you feel fine at once, and they cost so little at drug stores.

RUPTURE KILLS 7,000 ANNUALLY

Seven thousand persons each year are laid away—the burial certificate being marked "Rupture." Why? Because the unfortunate ones had neglected themselves or had been merely taking care of the sign (swelling) of the affliction and paying no attention to the cause. What are you doing? Are you neglecting yourself by wearing a truss, appliance, or whatever name you choose to call it? At best, the truss is only a makeshift—a false prop against a collapsing wall—and cannot be expected to act as more than a mere mechanical support. The binding pressure retards blood circulation, thus robbing the weakened muscles of that which they need most—nourishment.

But science has found a way, and every truss sufferer in the land is invited to make a FREE test right in the privacy of their own home. The PLAPAO method is unquestionably the most scientific, logical and successful self-treatment for rupture the world has ever known.

The PLAPAO PAD when adhering closely to the body cannot possibly slip or shift out of place, therefore, cannot chafe or pinch. Soft as velvet—easy to apply—inexpensive. To be used whilst you work and whilst you sleep. No straps, buckles or springs attached.

Learn how to close the hernial opening as nature intended so the rupture CAN'T come down. Send your name today to PLAPAO CO., Block 413, St. Louis, Mo., for FREE trial Plapao and the information necessary.

BREAD GOES UP TWO CENTS AT OTTAWA

OTTAWA, Jan. 3.—The cost of living rose again Saturday when the bakers of Ottawa increased the price of bread two cents a loaf.

Several of the capital's largest bakery owners, interviewed last night, stated that the increase was the natural outcome of the recent order of the Canada Wheat Board, increasing the price of wheat at Fort William from $2.30 to $2.80 per bushel.

Bread will from now on cost thirteen cents for unwrapped bread. A corresponding increase will be made in the price of fancy bread and cakes.

PILES

Do not suffer another day with Itching Bleeding or Protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. 60c a box; all dealers, or Edmanson, Bates & Co., Limited, Toronto.

MONTREAL WRITERS APPEAL TO OTTAWA IN LABOR DISPUTE

OTTAWA, Jan. 3. — The News Writers' Association of Montreal has appealed to the minister of labor on behalf of some twelve of its me[illegible] employed on the editorial staff o[illegible] Montreal Star, who, it is alleged, being unfairly discriminated again[illegible] the management of the newspaper. It is claimed by the union that the [illegible] threatened to lock out members o[illegible] staff who had joined the union. [illegible] department is being represented in [illegible] matter by Mr. L. G. McG. Quirk, [illegible] is making efforts to adjust the di[illegible]culties.

WEST LORNE, Jan. 3.—Reeve H. C. McKillop was elected by acclamation. J. B. Ferguson and J. A. Fuller, who were also nominated, refusing to stand.

The following are candidates for seats on the council: J. A. Shanks, J. Bole, J. R. Ward, T. W. Sims, O. Schleilauf and J. Hunchberger.
