MEDICAL ASSISTANCE.
THE GREAT AMERICAN REMEDY

RADWAY'S READY RELIEF.

THE GREAT EXTERNAL AND INTERNAL REMEDY.
STOPS THE MOST EXCRUCIATING PAIN IN A FEW MINUTES,
AND
RAPIDLY CURES THE PATIENT.

RADWAY'S READY RELIEF

Proves its superiority to all other Medicines at once.
ITS FIRST INDICATION
Is to relieve the sufferer of PAIN, no matter from what cause it may originate, or where it may be seated.
If in the Head, Face, or Throat;
If in the Back, Spine, or Shoulder;
If in the Arms, Breast, or Side;
If in the Joints, Limbs, or Muscles;
If in the Nerves, Teeth, or Ears;
Or in any other part of the body, its application to the part or parts where the pain exists will afford immediate relief.

IF SEIZED WITH PAIN
In the Stomach, Bowels, or Kidneys;
In the Bladder, Spleen, or Liver;
In the Teeth, Ears, or Throat;
In the Brain or Nervous System;
One teaspoonful of RADWAY'S READY RELIEF to a wineglass of water will, in a few minutes, restore the patient to ease and comfort.
If Lame, Crippled, or Bed-ridden;
If Palsied, Scalded, or Burned;
If Bruised, Wounded, or Cut;
If Strained, Injured, or Disabled;
If Sun Stroke, or seized with Fits;
If Weak in the Spine or Back;

RADWAY'S READY RELIEF

should be applied to the part or parts afflicted. It instantly relieves the patient from pain, and quickly heals, soothes, and strengthens the disabled parts. In all cases of Bites of Rabid Dogs, Reptiles, Stings of Poisonous Insects, the application of RADWAY'S READY RELIEF to the wound will prevent inflammation and mortification.

FEVER AND AGUE.

Persons exposed to the Malaria of Ague, or if seized with Chills and Fever, will find a positive Antidote and Cure in Radway's Ready Relief. Let two teaspoonsful of the Ready Relief, in a wine-glass of water, be taken on getting out of bed in the morning, and however exposed to malaria you will escape.

WHEN SEIZED WITH
CHOLERA, or Diarrhœa, or Flux;
Dysentery, Cramps, and Spasms;
Bilious Cholic, or Gastritis;
Scarlet, Typhoid, or other Fevers;
Influenza, Coughs, or colds;
Inflammation of the Stomach or Bowels;

RADWAY'S READY RELIEF
SHOULD BE TAKEN INTERNALLY.

One dose will stop the pain: its continued use will, in a few hours, cure the patient.

HOW IT CURES.

The secondary indication of RADWAY'S READY RELIEF is to cure the patient of the disease or malady that occasions the pain; this it accomplishes rapidly and radically. *So swift* is the patient transformed from pain, misery, weakness, and decrepitude, to the delightful enjoyment of health and strength, that patients frequently ascribe its talismanic power to the supernatural influence of enchantment.

RHEUMATISM, LUMBAGO, GOUT, NEURALGIA, TOOTH ACHE, CROUP, INFLUENZA, SORE THROAT, QUINZY, DIPTHERIA, HOARSENESS, BRONCHITIS, STIFF JOINTS, ENLARGED TENDONS, HEAD ACHE, (Sick or Nervous,) ASTHMA, or HARD BREATHING.

It is truly marvellous how quick RADWAY'S READY RELIEF cures the sufferers of these maladies. The poor, crippled, and pain-stricken Rheumatic has not so wait days before a change takes place, but in a few minutes derives ease and comfort.

CHRONIC RHEUMATISM CURED.
Twenty Years of Sleepless Nights.

Wm. Sydney Myers, Esq., of Havana, Cuba, the correspondent of the London Times, suffered with Acute and Chronic Rheumatism for twenty-five years, and for twenty years he had not enjoyed one whole night's calm rest. He applied RADWAY'S READY RELIEF—it immediately gave him ease and secured him the first calm and undisturbed sleep during the twenty years. The continued use of the READY RELIEF cured him.

PREVENTION BETTER THAN CURE.
THERE IS NO OCCASION FOR SICKNESS.

When you first feel pain, then take a teaspoonful of the READY RELIEF, in water; or apply it to the parts where you feel the discomfort.

ALL MALIGNANT DISEASES
first give warning of their presence, and if met promptly before they become securely intrenched within the system, will be readily expelled.

SIGNS OF SICKNESS.
Headache, Pains in the Limbs—in the Stomach, Bowels, and Kidneys—Cold Chills, and Hot Flushes, Coated Tongue, Burning Skin, Nausea, Shivering, Dullness, loss of Appetite, Restlessness, Giddiness, &c., &c., are premonitory symptoms of Malignant Diseases. One dose of the READY RELIEF is sufficient to break up and expel diseased action, and restore the patient to health.

SOLDIERS.
Every soldier should carry with him a supply of Radway's Ready Relief. It supplies the place of all other medicines; and as a beverage, a teaspoonful of the Relief, to a wineglass of water, is a nicer, pleasanter stimulant than brandy, whisky, or bitters.

SICKNESS PREVENTED IN THE 8TH MAINE REGT.
Eighth Maine regiment, Serg't C. P. Lord, writes that Radway's Ready Relief saved the regiment from death while quartered at Tybee Island, S. C., when working in the swamps, erecting fortifications. Every man seized with Typhoid and other Fevers, Fever and Ague, Diarrhœa, Dysentery, Rheumatism, was cured by the use of the Ready Relief.

CAUTION.
In all cases ask for Radway's Ready Relief. Take no other. See that the signature of Radway & Co. is on the outside label of each bottle. Every agent is supplied with a new and fresh stock. Price 25 cents per bottle. Sold by Druggists, Merchants and country store-keepers.

RADWAY & CO.,
87 Maiden Lane, New York.

A NEW ENGLAND SETTLEMENT IN NEW JERSEY.

THE HAMMONTON TRACT OF LAND IN NEW JERSEY

Has become the central point of an extensive emigration from the New England States, and the British Provinces, with large accessions from Pennsylvania, and even Illinois, Ohio, and other Western States. During the year 1864 over 300 farms were purchased, and 150 houses built and occupied in the village.

The second and last division of this tract, consisting of about

FIFTEEN THOUSAND ACRES,

Has been surveyed, and is now offered for sale, in

FARMS OF TWENTY ACRES,

and upwards, on terms favorable to all actual settlers. Titles perfect.

For price of farms, terms, &c., apply personally or by letter, enclosing a postage stamp, to JOHN S. ROBINSON, 55 South St. Boston, or to RICHARD CRAMER, at Hammonton, who will promptly reply to all letters.

From the Boston Advertiser, August, 65.

WHERE AND WHAT IS HAMMONTON?

HAMMONTON is a tract of land in the county of New Jersey, recently opened by railroad for a market for truck. It extends over some thirteen miles square, more or less, and is mostly in the county of Camden, and partly in Atlantic. It is opposite twenty-five miles, or one hour's ride, southeast from Philadelphia, and about the same to Atlantic city, at the sea shore. Little Egg Harbor River, the tributaries of which, water Hammonton in various directions is navigable for vessels to Pleasant Mills, six miles from the foot of Hammonton Lake. The products of the soil, in the shape of fish, oysters, &c., may be daily consumed, and the vicinity to Philadelphia gives it the benefit of that great market for purchases or sales. Land now in cultivation anywhere within the same distance of Philadelphia, north, south, east, or west, are worth from one to eight hundred dollars per acre. It is the business by to the great city and its environs, with eight hundred thousand mouths to be daily fed, that gives such high value to all farms and gardens. There is no region in the world, why the lands that may now be bought in Hammonton at the comparatively inconsiderable price of twenty dollars per acre, should not soon be worth as much as any other lands that are the same distance by railway from that city.

The soil of this territory is sandy. Some is stiff clay, suitable for brick making, to a very slight extent sandy, which, light as it appears, is rich in the elements of vegetation, and certainly produces good crops of Wheat, Corn, Rye, Barley, Hay, Clover, Herds Grass, Sweet Potatoes, Irish Potatoes, Egg Plant, Peaches, Pears, Apples, Plums, Cherries, Apricots, Quinces, Grapes, Water and Musk Melons, and indeed all the fruits and vegetables common to the Philadelphia market, and some others, which are not well known to be the best market for truck, fruit, and vegetables in the United States—perhaps in the world.

The forest growth consists of hickory, white oak, maple, yellow pine, cedar, &c., but in most localities the growth has been cut off within a few years for the use of the neighboring great towns, and in the other new ones and depends only with adult wood, easily cleared. In places where the trees are yet large, the standing wood may be purchased at a small price.

The population that has removed thither within the past year is largely from New England, and now numbers about one thousand. It is rapidly filling up with an industrious, temperate, enterprising people. Since last spring about one hundred and fifty dwelling houses, of various sizes and costs, have been erected.

The tract is laid out in farm lots of 20 acres each upwards, and in lots of five acres and downwards, and avenues and streets are open in every direction. There are inexhaustible supplies of marl and cedar on the land, which are very cheap and valuable as fertilizers. The water is peculiarly sweet and clear, and may be found by digging wells from 8 to 16 feet deep. Living springs also abound.

The climate is the best in the United States, the latitude being neither too far north for cold, nor too far south for heat. It is nearly that of Baltimore, and the atmosphere is tempered in summer and winter in a way by the sea breezes that come in from the ocean, sweeping the course of the gulf stream which leaves the New Jersey shore directly east of Hammonton. No such thing as Fever and Ague was ever known there. A more *healthy* spot cannot be found.

We advise no one to leave Maine. Ours is a goodly State, rich in all the elements of wealth and social happiness. Those who are well off had better "let well enough alone," and stay where they are, or go to Dead River or the Aroostook. But if any of our people, from any cause, have resolved to leave us and seek a more genial climate, where they can cultivate the soil with a fourth part the labor required here, and where they will not encounter the cold winters of the North, the sickly heat of the South, nor the malarias and the foreign society of the vast West, we would advise them just to go to Hammonton first, and there see and judge for themselves. It will cost but little to go. The distance is only 22 miles, or 17 hours' ride from Boston, whereas the Mississippi valley is 1,400 miles' ride from home. Hammonton is in the centre of the largest population on the continent, being within one hour of Philadelphia, five hours of New York, and four hours of Baltimore, and has the Benefit of intercourse with, as well as the market of all these great cities and their vicinities. Could a more desirable location be found?

The cars of the Camden and Atlantic Railroad run from Vine St. Wharf, Philadelphia, twice a day to and from Hammonton, and all persons who purchase lands and commence building in it, have free passes over the road for three months, and are carried at half price for three years afterwards.

Just look at Hammonton before you resolve to remove West, it can do no harm, at least.
