TERRIBLE TRAGEDY IN CHICAGO.

A Man Kills His Daughter, His Son-in-Law, and Himself.

CHICAGO, Dec. 1.—Fred Freisch, 430 North Ashland avenue, quarreled with his son-in-law, the quarrel developing into a fight.

Mrs. Eckhardt, seeing that her husband was getting the worst of the encounter, drew a revolver and fired at her father. The latter snatched the revolver from her hands and shot both his daughter and her husband in the head, inflicting fatal injuries. He then fatally shot himself.

Where is the young man who has never tried the experiment of shaving himself? A youth will start shaving when the first sight of "down" appears on his face. Several attempts will generally lead to failure, and then ultimately the barber will get a new customer. Frequently an undecided individual will look over the names of barbers before taking courage to launch forth and walk boldly into any tonsorial artist's establishment. Boys, do not forget that HUGH SHARKEY, City Hall Arcade, has an unimpeachable reputation, and is ably seconded by his assistants. b

During the month we shall make every endeavor to reduce our stock to its lowest possible point. Our efforts are indicated in the low prices at which our goods are marked. Come and see for yourself. KEENE BROS., Furniture Dealers, 127 King street, opposite Market House.

ARTIFICIAL LIMBS, SURGICAL appliances and supports for deformities of all kinds. I have had 25 years' experience and the limb I now make is second to none. All work guaranteed. Write for terms before purchasing elsewhere. JOHN POYD, Lucknow, Ont.

TORONTO HOME FOR INCURABLES, Nov. 24, 1894.

B. Lindman, Esq., Toronto:

My Dear Sir—I am 67 years of age, and for the past twenty-five years have been a sufferer from a large left Ingunal Hernia. During that period I have tried almost everybody's make of truss under the sun, and have derived very little satisfaction and no relief. I had come to the conclusion that there was no relief for me until I was recommended by my physician to be fitted with a Wilkinson Truss. I did so about three months ago, and can truthfully testify that it is the only one that has given me any permanent satisfaction whatever. I have no hesitation whatever in giving it the strongest possible recommendation as to its worth to me, and can say to all sufferers from a like cause that while there is life and a Wilkinson Truss there is hope. If I were not in a position to replace the Truss you have fitted me with I would not part with it for its weight in gold. So great has been the benefit to me, such a sufferer for over a quarter of a century. You are at liberty to use this in any way in which it might help to alleviate the sufferings of others, and I shall personally always have a good word to say for the Wilkinson Truss. I am yours sincerely, D. C. McKINNON. b

Address Before the Board of Trade—Ontario Manufacturers at a Disadvantage, He Claims—Mr. Murdoch on Colonial Trade.

At the regular meeting of the Board of Trade last night Mr. Alex. W. Murdoch, of Murdoch, Barber & Co., Toronto, addressed the members on the subject of colonial trade, in which, he contended, there were tremendous possibilities. The delegates of the Colonial Conference here have been shown specimens of Canadian manufactures and admitted that there was a large opening for them in their countries. A system of bureaus was being established in the colonies where samples of Canadian goods would be placed and trade tested. The manufacturers of Galt and Cornwall were even now combining to send an experimental shipment to the colonies. The intercolonial banking facilities, said Mr. Murdoch, were perfect. The C. P. R. were already offering rates, and other roads would do the same. He pointed out the remarkable expansion of commerce in Cape Colony, where the volume of trade had increased in five years from £3,000,000 to £9,000,000. They had two agents from Toronto located at Cape Town. A line of steamers to this colony from Canada would be subsidized when Parliament opened. As to Australia the C. P. R. were willing, if they thought trade would warrant it, to put on a dozen more steamers. They had to refuse freight now.

Mr. McClary — How do freight rates from New York compare with those via Vancouver.

Mr. Murdoch admitted that they were against Ontario, but if sufficient influence were brought to bear on the Canadian Government to put on further steamers, then the Canadian railroads would find it to their interests to reduce the rates.

Mr. Murdoch was thanked by the board. He will be in the city a few days to interview manufacturers.

MR. M'CLARY ON ASSESSMENTS.

Mr. John McClary made an address in which he strongly disapproved of the provisions of the Ontario Assessment Act with respect to personal property. The manufacturer of Ontario with a tax of 40 per cent on the earning power of money could not compete with his rival in Montreal, where capital was exempt. There was $7,000,000 in the savings banks of London. Two per cent tax on that would produce $140,000. If that tax were applied would the money remain there? No. Even a tax of ⅛ per cent — $8,750 — would drive half of it out. The earning power of this $7,000,000 at 4 per cent would be $280,000. Two per cent of this would yield $5,600, which was the most it would stand without disturbing it. The income tax in England was a penny in the pound. At this rate $7,000,000 would yield $1,150. No manufacturer could succeed and pay 40 per cent of its earnings in assessment to the corporation. There was no Province outside of Ontario where a manufacturer was taxed 2 per cent on his capital. Quebec's law was a reasonable one; there was no personal property tax, but merchants paid a tax of 7½ per cent on the rental. The most that active capital could stand was an assessment on its income. Mr. McClary referred to the time when his company asked the City Council to limit their assessment to $100,000 while the company would increase their capital to $500,000. The council got more taxation by this and the proposition was satisfactory. He (Mr. McClary) then looked forward to a change in the Ontario law, but it did not come. The company two years before the expiry of this period asked a continuance of that fixed assessment for ten more years. Mr. McClary then read an extract from the annual report of the McClary Company up to January, 1893, to show what the company contemplated doing in case their petition was refused. It concluded thus:

"An assessment of 2 per cent on the capital would as effectually drive it from the Province as the same law applied to capital invested in banking and loan societies, whose average earnings are much larger than money invested in manufacturing. Fully understanding our position, should the City Council refuse to carry out the undertaking of the former council, we look on it as absolutely necessary to take such steps as will enable us to remove our head office from this Province to the Province of Quebec, and endeavor to dispose of our plant here on the best possible terms, anticipating a large loss on the plant. Failing this, to promote a limited company with a small capital, with a view to purchasing the plant in this city, while our present company would be used more largely as a purchasing and mercantile than a manufacturing company. This appears to us the most reasonable solution of the problem, should the council fail to carry out its former reasonable undertaking."

The board considered the subject one of great importance, and may discuss it fully at a special meeting. In the meantime the secretary will ask the opinions of other boards, notably Toronto, with a view to united action.

Some unimportant business was transacted. There were present Messrs. John Bland (president), W. A. Gunn, John McClary, J. Houston, John Labatt, A. B. Greer, Wm. Ingles, D. W. Blackwell and others.

The Stratford branch of the Upper Canada Bible Society has elected these officers: President, Rev. M. L. Leitch; vice-president, Mr. J. G. Kirk; secretary-treasurer, Mr. R. G. Hopkirk; committee, Messrs. C. J. McMregor, D. Davis, G. Pequegnat, J. McIntyre, H. Monteith, C. Babcock, P. Dierlamm and Ald. Ferguson.

It is estimated that the London banks have money to the amount of $1,150,000,000 locked up at the present time.
