TORONTO, July 22nd, 1913.

The Simplex Sales Co., Toronto:

Dear Sirs.—About a month ago I had you equip my car with a set of puncture-proof tubes. When the tubes were installed, your Mr. Shaw drove a nail into one of the tires six or seven times to test the self-healing qualities of the tube for some friends of mine, who were present at the time. Since then I am pleased to state that the pressure in the tube has remained the same, and I have no trouble whatever with my tires. I now feel confident that I can go as far as I like and get back without stopping on the road to replace a punctured tube.

Wishing you every success with the new tube, I beg to remain, yours truly.

GEO. A. SPEAR.

We will make this Sensational Test to fully Convince You

We have a demonstrating Simplex Puncture-proof Pneumatic Inner Tube, with more than 100 punctures, which we will place in the shoe and drive you 50 miles WITHOUT ANY APPRECIABLE LOSS OF AIR.

CAN YOU EQUAL THIS DEMONSTRATION?

The Simplex Sales Company 559 Yonge St. Phone N. 2933

Insist that Simplex Puncture-proof Pneumatic Inner Tubes are included in your 1914 car.

SUNDERLAND WINS CHARITY CUP FINAL

Simpson's Held Them Well in First Half, But Fell Away in Second.

Over three thousand people saw Sunderlands defeat Simpsons at Scarboro Beach yesterday afternoon in the final game for the Charity Cup by the score of 3 to 2. It was a great day for the game, as it was not too warm nor too cold, and the crowd were kept on their feet during the greater part of the afternoon cheering their favorites to victory. The close calls of the goal-mouths and the speedy work of the wing men on both teams was very pretty and also effective. Both teams put up a great game from start to finish, and it was easily the titbit of the great old game seen here this year.

At half time the score was tied one to one, but in the latter half the Red and White boys got going strongly and managed to net the ball twice. Gilbert in goal was very spectacular and repeatedly made some grand saves when his goal was threatened. Sammy Owens and Firth for Simpsons played wonderfully.

For the winners Sturch, Tomlinson, Norman and Charlton deserve high praise for their work, as they played the game to a man. It is expected that a large donation will be given to the Sick Children's Hospital, to which the proceeds will be given, as the games have been splendidly followed.

Referee L. Jowett gave entire satisfaction to both teams.

J. Sullivan Throws Out Signals of Distress

LONDON, Sept. 1.—The Daily Mail today has an interview with J. E. Sullivan, secretary of the American Olympic Committee in Paris.

"I have grave qualms as to the uses which the money now being raised for organizing the British team for the Olympic games of 1916 will be put. If these funds are to be attributed to taking men systematically from their employment and making it worth their while to train hard at athletics, in order to keep British colors well to the fore at Berlin, it is nothing but flagrant professionalism. America will not tolerate this kind of thing; you may take it from me, it will promptly withdraw from the games. If, on the other hand, England intends to employ the sum subscribed to improving their athletic equipment and indiscriminately give opportunities to youths of the country to go ahead and train for the events on their own initiative, well and good. We believe we have in the United States amateur athletics at the purest form. We do not spend a half penny on competitors for the games, beyond paying their travelling fare. The moment any other countries do otherwise it will be good bye Olympic games and good bye sport."

DICK BRYSON WINS AFTER FIVE HEATS

Good Racing at the Brockville Fair—Sadie Bell Wins Slow Event.

BROCKVILLE, Ont., Sept. 1.—(Special.)—The Brockville Fair and Horse Show got away to a splendid start. Fine weather conditions prevailed for the various attractions, chief among which were the horse races and two flights by a New York birdman. The track for the trial of speed was lightning fast, and of the three events on the card only two were finished, the green race being postponed at sundown after five sensational heats. Sadie Bell, the Port Hope mare, easily captured the 2.30 trot and pace. Dick Bryson, Old Joe Swing and Minnie Pointer were the principal contenders in the 2.11 event. After Swing and Pointer had each annexed a heat, Bryson, who had worked from fourth to second position, came and took the next three handily. In the green race, Dr. Johnston shot his bolt after two heats. Then Bill Dillon passed under the wire ahead of the field in the third. In the fourth and fifth, The Flea, which had been conserving her strength, made the others bow to her superiority, and will be backed heavily to take first money tomorrow, when the contest will be finished. GREER TO ROW BARRY IF HE BEATS DURNAN

Boston Reports Several International Sculling Matches.

BOSTON, Sept. 1.—Frank B. Greer, former amateur sculling champion, is matched to row Eddie Durnan of Toronto, champion of America, for the title and $1000 a side on Toronto Bay, on Saturday, September 27. Greer is being backed by William Haines, coach of the Union Boat Club of Boston.

Should Greer beat Durnan, who last year was beaten by Ernest Barry on the Thames in England, Greer, accompanied by Paul Withington, will go to England early next year.

Greer will race against Barry, present world's champion, who has already announced his willingness to race against Greer, while Withington, who is a former Harvard varsity crewsman, will try to win the diamond sculls at the annual Royal English Henley regatta in July.

Another professional race of interest will be the meeting of Jim Ten Eyck, Jr., coach of the Duluth Boat Club, and John H. Hackett of Minesota, to take place in the northwest this fall.
