BROADENED MINING LAWS TO ASSIST DEVELOPMENT

Hon. Frank Cochrane at Important New Ontario Ceremony Tells of His Policy.

North Bay, Sept. 10.—(Special.)—Two thousand people from the town and district attended the corner-stone laying at the site of the Montreal Refining & Reduction Co.'s plant, at Trout Lake, this afternoon. Special trains were run from New Liskeard, and intervening points, one from Copper Cliff, and eight crowded cars carried the North Bay people, who are interested in an enterprise which must mean much for the town and district.

While smelters and refining plants are very desirable they are not regarded as the most pleasant of neighbors, and Trout Lake, several miles out of town, on the line of the T. & N. O. Railway, has been selected as the site.

As was pointed out in the civic address which Mayor Purvis presented to Hon. Frank Cochrane, who laid the stone, Trout Lake, which is on the old historic waterway between the Ottawa and the Georgian Bay, is rapidly becoming historically identified with the advancement of New Ontario, as only a few yards from the site of to-day's function Hon. F. R. Latchford a few years ago turned the first sod of the T. & N. O. Railway.

When the smelter is completed it is hoped to handle all kinds of ore, with a capacity of 500 tons a day. The total cost of the works is placed at $2,000,000, and it is hoped to employ about 1000 men. Mayor Purvis laid stress on the fact that this would be the first smelting, refining and reducing plant in Ontario to be erected by Canadians for the treatment of all kinds of Canadian ore.

Mr. Cochrane, in replying, said that since assuming office he had endeavored to put the mining laws on a broader basis, but they were not yet entirely satisfactory, not even to himself. His main object in the new act had been to secure more development, as the more development there was and the better the showing the greater the advantage of the miner with a claim to dispose of. The lack of reduction works was being overcome, and he hoped as great success would follow the refining and smelting industry as had followed the building of the T. & N. O. Railway.

He also hoped that before many years had passed Ontario would not only be refining, but also marketing its own ores.

A. G. Browning, president of the local board of trade, presented the president of the company, E. E. Leonard, M.P., with a lease of the site of the plant.

Mr. Leonard, Hon. Nelson Monteith, F. D. Monk, M.P.; Chas. McCool, M.P.; N. Labrosse, M.P., and the company's engineer, Mr. Brown, spoke. The proceedings terminated with a banquet.

DEATH FOLLOWS SWIM.

Detroit, Sept. 10.—John Bradley, 28 years of age, an employe of the London (Ont.) Street Railway Company, came to Detroit on Saturday. After eating a hearty breakfast he went to Belle Isle and went in bathing. He remained in the water nearly an hour. On coming out to dress he staggered, fell to the floor unconscious and died.

HAMILTON HAPPENINGS

MR. CARSCALLEN IS WORSE CONDITION AGAIN CRITICAL

Street Railwaymen Object to Company's Choice for Arbitrator —Happenings.

Hamilton, Sept. 10.—(Special.)—Henry Carscallen, K.C., M.L.A., has taken a decided change for the worse. During the past 24 hours his condition has been extremely critical. No very great improvement was noticed by his physician to-night, altho Mr. Carscallen appeared to be a little brighter.

There were rumors on the street this evening that the street car men intended to strike. This appears premature. F. J. Howell, the company's arbitrator, submitted a number of names for the third arbitrator this afternoon, and the committee is deliberating to-night. They will give their answer at 11 o'clock Tuesday morning. The men complain that the company is seeking to have relatives of the members of the company or government employes, like H. F. Gardiner, A. T. Freed and Sheriff Middleton appointed.

James Hipkins, brother of William Hipkins, of The Spectator, died in New York this afternoon.

Geo. Nott and S. Powell, a couple of market butchers, have been summoned on a charge of furious driving.

W. A. H. Duff, solicitor for Barton Township, says that the township will lay claim to the Barton toll road.

The Hamilton Gun Club elected these officers this evening: Dr. J. W. Groves, president; R. C. Ripley, vice-president; H. E. Hawkins, secretary; Geo. Deane, treasurer; Dr. J. E. Overholt, James Crooks and M. E. Fletcher, committee; W. J. Wark, captain; Capt. E. B. Spencer, referee. The club has a balance of $133.

A Railway Man's Death.

Kingston, Sept. 10.—(Special.)—On Saturday evening, at Marlbank, on the Bay of Quinte Railway, a fireman named Conrita Henass was beneath the locomotive doing some work when the engineer pulled the throttle. As the engine began to move Henass attempted to escape and had both legs cut off at the thigh. He lived till 1 o'clock Sunday morning.

Found Drowned.

Kingston, Sept. 10.—(Special.)—About 1 o'clock this afternoon, tugs at work in the M. T. Company's slip washed to the surface the body of Joseph Savagos of Lachine, formerly mate on the barge Valencia. He was missing since Thursday.

Got Toad Thru Tap.

A long white thing which soon developed into a toad came thru the tap at 618 Manning-avenue on Sunday, while a Dupont-street resident says he got three queer creatures of a similar variety.

THE END OF THE FAIR.

Official Statement of Receipts Will Be Ready Next Month.

It was get-away day at the exhibition yesterday. It will be six weeks before a financial statement as to surplus will be ready.

The dog and cat shows have shared in the general prosperity, and in the case of the former $1117 has been taken in, as against $2692 for 1905; and the pussies drew a larger crowd than last year, $640 representing the receipts, being an increase of $104 over those of last fall.

Park Commissioner Chambers will not permit any of the exhibition concessionaires to leave their booths standing until the next exhibition.

The chemical engine of the fire department on duty at the exhibition grounds left yesterday, but the hose section will stay awhile longer and may remain for the Oddfellows' encampment next week. The exhibition management have expressed a warm feeling of appreciation for the work of Capt. Swift and his men. This has been the busiest fair for the firemen yet. The fine process building seemed especially threatened, the men being called there four times.

In addition to the city firemen, two ex-firemen, Captains Charlton and Ford, were also on duty for the exhibition management. After the grand stand performance each night two men patrolled the grounds around the stand and stage platforms and scenery until daybreak, while a constant watch was also maintained thru the grounds.

In fact, each night after the crowds had gone, Manager Orr and other officials made a tour of all the buildings to make certain that there was no lurking danger from fire or trespassers.

An effort may be made to increase the number of firemen next year. It is said that there should be a hook and ladder truck on the grounds, and also an engine. The water mains are small, and the pressure in case of a serious emergency not to be too strongly depended upon. The suggestion has also been made that a permanent fire station be located there in view of the value of the property now represented.

OBITUARY.

Fred Rogers, D.C.L.

Sault Ste. Marie, Ont., Sept. 10.—Frederic Rogers, D.C.L., died here this morning of heart failure, after about a week's illness. He was 40 years of age, and leaves a widow and four children.
