IT LAYS A STILLING HAND ON PAIN.—For pains in the joints and limbs and for rheumatic pains, neuralgia and lumbago, Dr. Thomas' Eclectric Oil is without a peer. Well rubbed in, the skin absorbs it and it quickly and permanently relieves the affected part. Its value lies in its magic property of removing pain from the body, and for that good quality it is prized.

THE MOST POPULAR PILL.—The pill is the most popular of all forms of medicine, and of pills the most popular are Parmelee's Vegetable Pills, because they do what it is asserted they can do, and are not put forward on any fictitious claims to excellence. They are compact and portable, they are easily taken, they do not nauseate nor gripe, and they give relief in the most stubborn cases.

—The close season for speckled trout begins on Sept. 15.

—Rev. Thomas Wilson, of this city, may receive a call to Lucan.

—P. C. John Boyd is still on the sick list, after an illness of four weeks.

—Miss Laura Glover, of London, has accepted a position with Mibell, Gill & Co., Strathroy.

—Herbert Barns, night operator at the G. T. R. depot, Strathroy, has been transferred to London.

—The London clearing house returns for the week ending Sept. 11, 1902, were [illegible] balances, $212,473.

—Percy Hayes, of Dorchester Station, had has arm broken while playing ball at Nilestown this week.

—Miss Marion McDonald, daughter of Mr. R. D. McDonald, of Talbot street, has left to enter Alma College, St. Thomas.

—Mr. Alex. C. Johnston, of Ridout street south, yesterday sustained a sprain of the ankle by the upsetting of a load of hay.

—A writ for $521 has been issued by Mary Stinson, of St. Mary's, against the Acetylene Manufacturing Company, of this city.

—The eighth annual convention of the West Nissouri Sunday School Association will be held in Ebenezer Church, lot 30, con. 1, West Nissouri, on Friday, Sept. 19.

—Among the judges at the approaching exhibition in Strathroy are John O'Brien, William McNeil and Miss M. M. Wheaton, of London.

—Rev. George Bishop, of the First Methodist Church, will preach the Sunday school anniversary sermon of the Methodist Church, at St. Marys.

—Dr. C. C. Elliott, of this city, gold medalist of the Western University, has commenced practice in Wardsville, at the office of the late Dr. McKillop.

—Strathroy Age: George LaMotte leaves on Saturday for London with his speedy little pacer, Grace Darling, which he intends to enter in one of the races next week.

Mr. A. A. Campbell has graders, 20 men and three teams at work at his new property, Holmhurst, east of Rectory street, and will have it ready for the opening of his sale on Saturday next.

—St. Thomas Journal: A newly married couple arrived in the city last night and registered at one of the city hotels. The groom was so rattled that he only put down half his name, registering "Edward and wife, Detroit."

—The Komoka Presbyterian anniversary service will be held on Sunday, Sept. 14. Rev. Dr. Johnston, of London, will conduct the service in the afternoon at 3 o'clock, and Dr. Hector McKay, of London Junction, the evening service at 7:30.

—Mr. William Jones, of London Township, has purchased from Mr. J. J. Gilpin, of Brussels, his fine 100-acre farm, lot 9, con. 10, Blanshard Township, Perth County, for the sum of $5,500. The lot was taken up when all bush, 51 years ago, by Mr. Gilpin's father.

—The hospital band concert in Victoria Park last night was again interfered with by the weather. Only one selection was rendered, before the rain made a postponement necessary. About 1,000 people were in attendance. The concert will probably not take place this season.

—The annual harvest celebrations are being arranged for on a very attractive scale this year at St. John's Church, London Township. The church will be decorated with an abundance of fruits, grain and flowers. Rev. W. J. Taylor, of St. Marys, will preach on Sunday. On Monday evening a grand harvest choral festival will be given in the church by Mr. George Sippi and his large, well-trained cathedral choir of boys and men. A rare musical treat may be expected.

—The Warwick correspondent of the Forest Free Press says: The lecture given by Rev. J. H. Moorhouse, of London, on Thursday evening last, under the auspices of the Anglican Church, was a most appreciative effort. His subject "Success in Life and How to Secure It," was a popular one. Methods and qualities which mar one's prospects were pointed out and characteristics and principles which are conducive to prosperity were as clearly emphasized. Deep thinking, close reasoning, beautiful forms of expressive eloquence, wit and humor, were some of the attractive features of the lecture, which a representative audience very much enjoyed, and we trust will richly profit by. This initial lecture of a course to be provided by the Rev. G. F. Newton should create an eagerness to hear those to follow.

WILL REMODEL STORES.

Mr. H. R. Ives, manufacturer of Montreal, is in the city in the interests of the Judge Daniell's estate, the property at 177 and 179 Dundas street. Mr. Ives intends practically to remodel the stores. He will build new fronts and have offices above the stores. Mr. H. C. McBride is the architect in charge of the work. Mr. A. A. Campbell has been Mr. Ives' representative in this city for the past ten years.

DEATH OF DR. J. S. TENNANT.

Dr. J. S. Tennant, of Lucknow, died on Wednesday at his home very unexpectedly. He had complained of illness during the day, but no serious results were anticipated. He was one of the most popular physicians of the northern counties and was prominent in Masonic circles. His widow and family survive.

ANNIVERSARY SERVICES.

The Sabbath school anniversary services to be held in the Richmond Street North Methodist Church next Sunday are to be of a very interesting character. The music and singing will be given by the children, and there will be a perfect paradise of flowers. The discourses, morning, afternoon and evening, will be given by the Rev. H. J. Fair, of Siloam, and Principal Liddicoatt.

A LIGHT DOCKET.

The civil docket for the fall assizes contains only two cases for trial, one to be heard before a jury and one without. The cases, which have already been published in The Advertiser, are: Doan vs. Taylor, a seduction suit for $1,000, and People's Building and Loan Association vs. Stanley, suit to recover under a mortgage.

J. B. COX HONORED.

Mr. J. B. Cox, the well-known hide merchant, of this city, was yesterday elected second vice-president of the St. George's Union of North America, now in session at Philadelphia. The other officers elected were: President, John Taylor, of Toronto; first vice-president, Frederick Sutton, Philadelphia; general secretary and treasurer, Thomas Yeates, Washington, D. C.; chaplains, Dr. J. S. Etone, of Chicago; the Rev. L. N. Coley, of Philadelphia, and Canon J. F. Sweeney, of Toronto. The next convention will be held in Toronto.

SHOULD GET A MEDAL.

The Winnipeg Free Press says: "The many friends of Mr. R. B. Dixon, who returned from the Kootenay a few days ago (and who served in the commissariat staff corps in Montreal, Toronto and London, Ont., 1865 to 1868, and was conspicuously connected with the Fenian raids in June, 1866) will be glad to know that he has recovered all the lost papers showing that he is entitled to the medal for the Fenian raids, June, 1866. Owing to the vicissitudes of a traveling journalist's life, Mr. Dixon lost all his military history in Western Australia in 1885. Hearing of the award of the medal while west of the Rockies in 1898, he communicated with the Australian authorities, and the result shows how perfect the search was, for all the papers were returned through the Premier of West Australia last March. Application has been made to the minister of militia for the medal, and although probably late, will, it is hoped, under the peculiar circumstances of the case, receive favorable consideration.

Breathing Disease.
Infectious diseases are breathed into the system from those affected with disease or from bad smells; yet how many women breathe daily the offensive steam from common soaps made from rancid fats, and keep their hands for hours in such solutions, and the clothing from such soap suds is worn next the tender skin. No wonder disease and eczema are prevalent! Users of Sunlight Soap—Octagon Bar—know the difference between that and the pure, healthful smell from the vegetable oils and pure edible fats in Sunlight Soap. 208

PASSED UNPLEASANTRIES

City Engineer and Ald. Cooper Have Dispute.

Monotonous Series of Wrangles Characterized Board Meeting.

The board of works has lost the reputation it has sometimes had of being a businesslike body. It doesn't matter now whether there is much business before them or little, they manage always to make it take up as many hours as other boards consume at their busiest times. The fact that Ald. Cooper is chairman explains it, but one person is not sufficient to make a quarrel, and it is an odd meeting of the board nowadays that does not consist of a series of wrangles.

Last night it was the city engineer who was the party of the second part, and their debates were kept up monotonously. The city engineer is an unwilling participant in these disputes, but he no doubt considers it his unpleasant duty to keep the chairman from making nonsensical moves, even though in doing so he has to hold his ground in much disagreeable wordslinging.

Most of the trouble last night was about putting down a new cement walk on Grand avenue, where, at present, the walk is in a disgraceful condition, and liable at any time to be the source of a suit for damages. The chairman was strongly opposed to doing anything about it. The city engineer was equally positive that it should be constructed, as there was no more dangerous place in the city. In one of the interminable wrangles which followed, the city engineer accused the chairman of ordering down a walk on Elias street which was not needed half so badly as this was.

"Don't talk to me like that! Don't you talk to me like that!" Ald. Cooper cried. "I won't take it! I want you to understand that!"

Shortly after Ald. Cooper and Ald. Jolly were wrangling about some other walks, and during this the chairman returned to the old subject, and said that the city engineer had ordered up the Grand avenue walk, so as to benefit one party, and Mr. Graydon bolled over.

"I did not tear it up for the benefit of any one party, and I won't have you, as alderman or chairman, of this committee, say so. I don't think you have any right to be impertinent to me and I won't stand it." He added that he wanted the chairman to understand that he did his duty at all times, in the interests of the public.

Notwithstanding that the ten-mile limit has been exceeded the Grand avenue walk and others that are in bad condition will be laid, as it was considered better to do so than let them cause accidents.

Moses Cox and Ben Johnson were given the contracts for sewers on Hyman street and Princess avenue, respectively, at $448 60, and 25 cents a foot for side drains, and $535 and 23 cents for side drains.

On condition that Mr. Alex. Harvey build upon property opposite his residence on Talbot street within thirty days, a strip of land on that street owned by the city will be conveyed to him. Mr. Harvey intends to build a row of residences there.

The committee will visit Cavendish street, the condition of which has been the cause of Mr. W. H. Bartram's action against the city. Ald. Jolly said that they did not know anything about this place, and should understand the situation of affairs before taking action.

The secretary was instructed to refer to the street railway company William Hunter's complaint regarding the condition of the Wortley road, where the cars turn off from Beaconsfield avenue.

THE ST. LAWRENCE TRADE

Grain Shipments This Year Show a Big Increase.

Plans for Improving Navigation Will Soon Be Carried Out.

Montreal, Sept. 12.—The shipments of grain from the St. Lawrence this season are away ahead of recent years, and do not bear out the contention of the underwriters that the route is a dangerous one. To the end of August 10,350,830 bushels of wheat were exported from Montreal, as compared with 8,854,000 to the same date last year. There has been a big falling off in the exports of corn, but this was expected, owing to the failure of the American crop last year. The conditions prevailing this year certainly go to show that if the St. Lawrence is given half a chance it can compete successfully with New York and Boston, for both of those ports show a decrease in grain exports to date this year.

IMPROVING THE ROUTE.

Toronto, Sept. 11.—Mr. Sutherland, minister of marine and fisheries, arrived here today. He says he is keenly interested in improvement to navigation in the St. Lawrence, and has laid out definite plans of improvement, which will be carried out as speedily as possible. He thinks there is a great deal of ill-founded prejudice against the route. The proposition that Lloyd's should send a representative to make a personal scrutiny finds favor with Mr. Sutherland. He thinks the suggestion will be accepted by Lloyds. "What of the Elder-Dempster Company's offer to give you the service of two of their best captains for consultation?" "Entirely unsatisfactory," Mr. Sutherland replied. "Before I introduced my bill in the house last session, I secured the evidence of the best sea captains on Canadian routes. We do not require further information."

MUSIC AND DRAMA

"SHORE ACRES" TONIGHT.

In "Shore Acres," it has been clearly demonstrated by James A. Herne, that a play depending entirely upon a portrayal of that which is real, without dramatic effects, as in the ordinary plays, can be written with success. In a total ignoring of the traditional, conventional and unreal in stagecraft, and getting far away from artificial devices, the effect has been a revelation. A complete scenic production of this ideal work will be given at the Grand tonight and Saturday night with a matinee Saturday.

FAIR WEEK AT THE GRAND.

The offering for fair week at the Grand Opera House will be the Hanlon Bros.' famous pantomimic spectacle, "Le Voyage en Suisse." Three large and complicated scenes are used in the exploitation of this pot-pourri of comedy, pantomime and opera. Bright and up-to-date specialties are introduced, which will prove interesting to ladies attending the matinee on Wednesday and Saturday.

THE LONDON'S OPENING.

On Monday night next, the opening of the season at the London Opera House, ladies will be admitted free, when accompanied by the holder of a 30-cent ticket. The offering will be the Bijou Comedy Company's production of "Dad's Girl," a charming drama. Clever specialties will be introduced between the acts. A change of play nightly and popular prices will be the rule for the week's engagement.

Tired Mothers.
It's hard work to take care of children and to cook, sweep, wash, sew and mend besides.
It makes a shop of the home—a shop, too, where sixteen hours make a day and yet there is much working overtime.
Hood's Sarsaparilla helps tired mothers in many ways—it refreshes the blood, improves the appetite and assures restful sleep.
Dr. H. K. Carroll reports that the total church membership in the United States in 1901 to be 28,090,687.

Fire! Water! Smoke!

Time for closing this immense sale is very near at hand—only seven days more left—and we have a good deal to do in that time. We have started rearranging and bringing forward from upstairs about the last we have left of goods in reserve. These will all be ready for Saturday and Monday sales, consisting principally of Toys, Fancy Goods, Celluloid Goods and Stationery.

SOME STRIKING BARGAINS LEFT.

FACTS FOR BUSINESS MEN.

The merchant who keeps after business along a plan laid down in the start and stays with his work until he has won the success coveted or until he finds wherein his plan was defective, will sooner or later get a great advantage from the work he has been doing, and will find his efforts crowned with the best that could be obtained for his labor. If he pushes until he finds his plan was wrong he will have all the more reason for congratulation that he so soon discovered his error, which will make success possible later and he will not fail to realize handsomely in the end. The necessity is to know when to alter a plan already outlined and to stick to that which seemed right, improving wherever possible, but continuing until the profit is what it ought to be.

Letters to the Editor.

CARD OF THANKS.

To the Editor of the Advertiser:

Mr. and Mrs. Henry Clark, of West London, desire me, through your columns, to express their profound gratitude to God and to the officials and nurses of Victoria Hospital for the complete recovery of their son Harry, who fell over the Kensington bridge about two weeks ago. Although no hopes were entertained at first of his recovery, yet through the skill and tender nursing of the doctors and nurses he was brought back to life and health in the remarkable short time of nine days. They were so kind to him in the hospital that he did not want to leave it to go home. Yours respectfully, S. SALTON.

PROLIFIC CAUSE OF DIVORCE

Secret Unions Blamed—Easy Marriage System in Windsor.

Detroit, Sept. 11.—The News points out the extent to which the secret marriages in Windsor contributes to the record of the divorce court. It says:

In 1,494 cases filed in the courts of this county, from Jan. 1, 1900, to July of this year, a period of eighteen months, these hasty Windsor marriages contributed 193 cases, while Sandwich, Walkerville and one or two towns near the border added 41 additional, making 234 unhappy marriages contracted under the Windsor method, "Marry in haste, repent at leisure."

This is a little over fifteen per cent of the entire divorce business of Wayne County; approximately one in every six divorce cases filed.

The latest returns of the population of Japan, including Formosa and the Pescadores, gives a total of 46,444,524.

Fly's Bite Caused Death.
New York, Sept. 13. — Bitten by a fly two weeks ago, George Lindhurst, of Brooklyn, is dead. The physicians pronounce it an extraordinary case. Lindhurst was bitten on the thumb of his right hand. Three days later swelling began and spread rapidly. The doctors declared the fly bite had caused blood poisoning which they could not check, and the victim died in great agony. Lindhurst was 56 years old and in fairly good health before he was bitten.

IF ATTACKED with cholera or summer complaint of any kind send at once for a bottle of Dr. J. D. Kellogg's Dysentery Cordial, and use it according to directions. It acts with wonderful rapidity in subduing that dreadful disease that weakens man and that destroys the young and delicate. Those who have used this cholera medicine say it acts promptly, and never fails to effect a thorough cure.
