Business Embarrassments.

After failing as a general storekeeper at West Lorne, Elgin County, W. J. Ward moved his stock to Niagara Falls and commenced in his wife's name. The general stock was replaced by boots and shoes, which, however, has turned out to be no better medium for future building and she has assigned.

Mr. Maley of Auburn, as a shoemaker, may have saved more soles than he did as a local preacher, but the fact that he has absconded throws doubt on this supposition.

W. P. Arnall, confectioner, Yonge-street, assigned to E. R. Clarkson recently. The creditors have since been paid in full and a surplus handed to Mr. Arnall. This speaks volumes as to Mr. Clarkson's careful management of the estate.

John Spiers, woolen manufacturer of Almonte, Ont., offers creditors 50c on the dollar; William Coxall of Colborne, who suffered heavy loss by fire, will be granted an extension on $6850 liabilities; T. Kelly of Peterboro carried too heavy a stock; he has settled with his creditors at 75 cents on the dollar on $18,000 liabilities.

It is not often that a baker in a country village owes $80,000, but this is the case with E. St. Cyr of Nicolet, Que., who has just assigned.

Guignas & Co., sash and door manufacturers of Montreal, have assigned with liabilities of $47,000, and Dame Marie Dessault, carpenter, has assigned with $30,000 liabilities.

Monetary Times: The Quebec lumber firm of John S. Murphy & Co., which did business at Durham and Strathroy, Ont., and on Lake St. John in the adjoining province, are in difficulty. They had made losses by consignments and from other causes, and while they had assets valued at $151,630, they owed some $219,000. A demand to assign was made upon them by Simpson, Mason & Co., of London, England, and they have accordingly assigned; W. H. Wilson, a former member of the firm, has also assigned his estate with liabilities of $273,000.

Bryson & Co., Toronto, have bought the dry-goods stock of W. Partelana, Ottawa, amounting to $20000, at 75 cents on the dollar.

An adjourned meeting of the creditors of the Polson Iron Works Company will be held Wednesday, when the reorganization of the company will be completed: $115,000 worth of new stock has been subscribed.

Henry Macdonald, a Lancaster hotel-keeper, and D. A. Gomer, furniture dealer, Osnabruck, have failed.

DEAD STOCK IN REAL ESTATE—Boomed to death in the outskirts. The successful merchant avoids locking up capital in dead stock, and would not touch goods at any price that glut the market.
An immediate increase of half a million to our population would be insufficient to make practical use of the large tracts of lots recently blocked out in the outskirts of the city, hence a forced but sluggish market, for the next ten or twenty years, with capital locked up in waste fields where we had fruitful farms and profitable market gardens. The moonshine will soon be knocked out of this crazy and ultimately ruinous boom.

Say the close observers, You are always busy here. Yes, we are generally, because it pays those who come here to buy, and then, so nearly as we can, we tell them the exact cost to them of what we sell, and before they leave their home they have selected what they will get and know how much money it takes to get them; and we know if they compare carefully, as people will do, they discover it takes but about one-half the money here it takes elsewhere. Please call or send for our Catalog and Price List, and it will convince you. France makes most of the finest pocketbooks and purses for the whole civilised world. We have the best, in fine assortment and supply. Prices—3c, worth 8c; 5c, worth 10c; 14c, worth 25c to 35c, usually sold for 75c; 49c, worth $1, and 69c, sold most everywhere for $1.50. We are selling them from 8c to $1.99 and they are worth from 30c to $5.

MIMICO
REAL ESTATE SECURITY CO
Stock books will be opened for subscription at the company's office, 38 Toronto-street, on April 3, at 10 o'clock a.m.
Already applications for a large amount of stock have been received (on exactly the same terms open to any one desiring a single share) from shrewd real estate operators and others.
THE SUCCESS OF THE ENTERPRISE
IS ASSURED
Envious operators in other localities are spreading false rumors in vain. Some of their statements are the most absurd conceivable. These disinterested wiseacres whisper in the ears of investors what they dare not say in public. They hint that the proposed factories will never be erected; that this is a scheme to boom Mimico and sell the land; that the land has been put in at a large advance on cost that the promoters get a large bonus, etc., etc.
THE FACTS ARE
That the promoters have already paid in over $80,000 and are each bound to build and operate a factory or factories of at least 180,000 cubic feet space.
Messrs. James Morrison and Thomas McDonald have their plans ready and will advertise for tenders next week. Others soon to follow.
There is no bonus except to those building factories and then only in the shape of paid-up stock, which must remain in the hands of Warring Kennedy, Esq., trustee, until the agreement to erect and operate the factories has been complied with. Failure to do so would forfeit their right to this stock. Come and see the agreement and the other original documents for yourselves.
This bonus given is less than offered by parties in West Toronto Junction and elsewhere to some of these very promoters, and refused simply because the location and natural advantages of Mimico as a suburban town were in their opinion far superior.
The company has no interest in booming land—rather the opposite—and intends to offer none for sale until the erection of the factories is in progress.
The land and contracts of the promoters are put in the company AT COST. No promoter takes one single dollar on any of these operations, except the bonus that he can obtain equally with other factories that may be arranged for in the future on erecting his factory.
The lands controlled by the company, amounting to over five hundred acres, will cost not more than an average of $2 per foot frontage. Comparison between these figures and ruling prices for lands outside the company's location is unnecessary.
Investors desiring to share in the first allotment of stock should have their applications in before the 3rd prox.
