BUTCHART'S RESTORATIVE BALSAM.

THIS invaluable Medicine has been sixteen years before the public, and has invariably been attended with unparalleled success,—indeed it may be justly considered INFALLIBLE in the cure of Bloody Flux or Dysentery, and all Looseness of the Bowels, in old or young. Its effects are palpable. Within a few minutes after a full dose has been taken complete relief is obtained. This Medicine is the invention of the late Doctor Burchart, Dundee, who, from long experience and extensive practice, has brought it to its present state of perfection in the cure of the above diseases. The ingredients of which this Medicine is composed are most salutary and beneficial to the human system. A single trial will satisfy any one as to the truth of this statement, and we can with the greatest confidence recommend it to the public as a sure and safe remedy.

THRASHING MACHINES.

LETTERS [illegible] PATENT.

TIME AND LABOR SAVED IS MONEY EARNED.

THE subscribers having secured to themselves the exclusive right of manufacturing and vending to others in one within the territory of Upper and Lower Canada, for

SEVERANCE'S CELEBRATED IMPROVED HORSE POWER & THRASHING MACHINE,

one of the most valuable time and labor saving Machines ever devised by human ingenuity, respectfully inform the public, that they have just completed a new and extensive Factory on Wellington Street, extending from Prince to George Street, which gives them more than double the accommodations they had in the old shops, which will facilitate, they trust, enable them to supply the whole Province with as many Machines as the Farmers of the Province may require, and with greater promptness than any other establishment—only requiring two hands.

We beg leave to say to our customers and friends, that we are again prepared to furnish them in want of Thrashing Machines with an article superior even to those heretofore manufactured by us.

Our long experience in making, and the very liberal patronage we have enjoyed in the sale of our Machines, has, together with a constant determination to produce an article that will never fail to excel all others, caused us to watch carefully all the improvements that could be made from time to time, until now we feel confident in saying, that for durability, neatness of work, and amount of it they can do, our Thrashing Machines are unequalled by any in use. And while the grain is thrashed clean, and none of it broken or wasted, it is, at the same time, perfectly cleaned, fit for the Mill or any Market.

All orders addressed to us, or our Agent, Wm. Johnson, will be promptly attended to.

Machines shipped to any port in Canada, and every one warranted to be as good as recommended.

Liberal terms of payment allowed.

All genuine Machines will be accompanied by a Deed signed by B. P. PAIGE, the owner of the right, giving the purchaser the right to use or transfer the same. Without such a Deed, no person will be safe in purchasing or using said Machines.

Caledonia Springs, 2nd June, 1851.

[Extract of a letter from P. J. Lacroix, Esq., of Montreal.]

I beg to state that in July, 1849, I went to the Springs for the purpose of testing their efficacy in a case of the most violent Rheumatism, under which I had been suffering for several years previous. After remaining at the Springs for about three weeks, and making the use of the Waters, my limbs were entirely relieved from all pain, and my health perfectly restored. Several of my friends, to whom I have recommended the Springs, assure me that they have experienced immediate relief from their use. I consider the Waters of the Caledonia Springs to be most efficacious in cases of Rheumatism.

To the proprietor of the Caledonia Springs.

MONTREAL, 4th June, 1851.

DEAR SIR,—In compliance with your request, I have much pleasure in giving you my opinion of the extraordinary efficacy of the Waters of the Caledonia Springs, so long and highly appreciated by the Public, based upon the observations of some twenty-five years' experience, and tested as they have been by a great many patients of mine and others, labouring under Rheumatic affections and the different forms of disease to which the human frame is liable, I consider them invaluable. Few persons, except those who have suffered from this dreadful malady, can justly appreciate their wonderful salutary effects, (and I have often seen persons martyrs to this disease, (myself for one during ten years,) which baffled all medical skill, both in England and on this Continent, resort to the Caledonia Springs, walking on crutches, and others that could scarcely walk, worn out by protracted sufferings, and not walk at all, worn out by protracted sufferings, and their general health disorganized and broken down by confinement and want of exercise, return to their homes free from pain, leaving behind (with unspeakable joy) their crutches, and with health, strength, appetite, and activity perfectly restored. Striking as such results are, the curative action of these Waters, the intermittent and Sulphur Springs in particular, have been almost as efficient in other diseases, such as Lepra, generally called Salt Rheum, and other affections of the skin; in a variety of Dyspeptic Complaints, Chronic Affections of the Liver and Kidneys; and I am sure that a great number of those cases that have the Springs greatly benefited, but not completely restored, would have been cured by a more extended use of the spa. That these Waters have acted in many diseases as a specific, seems to be generally admitted, and so much respectable testimony to this effect has already been laid before the Public, that to any more would be superfluous.
HY. MOUNT,
Member of Royal College of Surgeons, London.
To John L. Wilkinson, Esq.,
Proprietor of the Caledonia Springs.

MONTREAL, 12th December, 1848.

DEAR SIR,—I have to state that I consider the use of the Caledonia Waters a very valuable curative agent in the treatment of many forms of disease. Circumstances enable me to grant you a favorable Certificate with more than usual propriety, many of my own Patients tested the efficacy and derived great benefit from the use, of the Waters. Of all diseases that have come under my notice, in which a persevering use of the Caledonia Waters promises the most beneficial results, Chronic Rheumatism ranks the first. Many of the cases of this disease have been truly astonishing. I met with a case last summer, where the individual, a delicate female, had been suffering severely for more than nine months; she had completely lost the use of her hands, and could only walk a few steps with great pain and difficulty. After a residence of six weeks at the Springs, she returned free from pain, and strong enough to walk a considerable distance without fatigue. I have also found the Waters efficacious in Dyspeptic and Urinary Complaints, in Chlorosis, Secondary Syphilis, and some of the forms of Cutaneous Disease.

In conclusion, allow me to add, from a personal visit to your Establishment, that (independently of the acknowledged virtues of the Waters) the great outlay you have made, and is now in the improvement of the place, and the unwearied care and attention which you bestow to the comfort and convenience of your Boarders, justly entitled you to a large share of public patronage and support.

I remain, dear Sir, yours very truly,
GEORGE W. CAMPBELL, A.M., M.D.,
Lecturer on Surgery, McGill College.
To the Proprietor of the Caledonia Springs.

MONTREAL, December 8th, 1843.

SIR,—I beg to state that I consider the Caledonia Waters efficacious in cases of Dyspepsia, Chronic Rheumatism, or where the constitution has been impaired by the injudicious use of Mercury, and ill-treated Syphilis; I would also add, in certain Cutaneous Diseases. I have frequently recommended their use in the above complaints, and witnessed their good effects. I hope that the benefits that are derivable from them may not be lost to society, by the indiscriminate and almost universal use of our other excellent remedies, fall into unmerited disrepute.

I have never visited the Establishment, but I have often heard it most favorably spoken of.

I am, Sir, your obedient servant,
JAMES CRAWFORD, M.D.
To the Proprietor of the Caledonia Springs
