LIFE ASSURANCE COMPANY,
No. 1, Princes Street, Bank, London.

CAPITAL—ONE MILLION STERLING.

Empowered by Special Act of Parliament, 4 Vict., Chap. 9.

REDUCED RATES OF PREMIUM—HALF CREDIT RATES OF PREMIUM.

THE great and decided success which has attended this Institution, has induced the Directors to REDUCE the RATES originally required in British North America, to the ordinary European Rates. The result of such Reduction is to enable parties to avail themselves of the important benefits to Life Assurance at *much lower Rates of Premium than those of any other Assurance Company transacting business in Canada.*

The Directors have also resolved to extend to British North America the advantages afforded by the HALF CREDIT RATES of PREMIUM which have been so highly approved, and are so generally adopted by Policy Holders in the United Kingdom. The most liberal conditions are likewise offered to the Assured in the limits to which they may proceed by sea or land, to other parts of North America without affecting their Interest in their respective Policies.

THIS COMPANY, which has been established 30 years, commenced with a subscribed Capital of $2,000,000, and was the first, 20 years ago, to offer to the Public two Scales of Premium—the lower, to insure only a fixed amount; the higher, entitling the Insurers to a participation in the profits.

Advantages offered to Insurers.

Very low Rates of Premiums on Young Lives.
The security of a large realised and invested Capital.
Large Bonuses on Policies effected on the high Scale.
Prompt settlement of Losses.
The full value given for Policies when discontinued.

On Insurances for the Whole of Life: one-half of the Premiums, if desired, permitted to remain unpaid for the first seven years, as a loan at interest, and then to be paid, or to remain as a permanent Loan, at the option of the Insurer.

Loans upon Policies for the Whole of Life, after payment of three Premiums, in proportion to the value of same.

The acceptance of Naval, Military, Climate, and Special Risks of all kinds, on payment of a commensurate Premium. Age admitted on the Policy when issued, if desired, on proof of date of birth.

Permission for the Lives assured to reside in any part of Europe, without extra premium or special license, and to, at and from California, at a small extra premium.

Insurances, if required immediately, may be effected any day between the hours of 10 and 4.

The Pamphlets published by this Company fully set forth the merits of Life Insurance; and copies thereof may be had, *gratis*, on application to the Agent, who is also prepared to furnish every information that intending Insurers may require.

FAMILY TEA, COFFEE AND SUGAR WAREHOUSE,
No. 108, Notre Dame Street.

SAMUEL COCHRAN invites the attention of Customers to his stock of TEAS and COFFEES, which have been selected with the greatest care, and on such terms as allow him to offer them at unusually low prices.

The MACHINERY on the Premises, worked by a Four-Horse Power Steam Engine, for Roasting and Grinding Coffee, is on the most approved plan, the Coffee being constantly confined in *polished metal cylinders*, which are constantly revolving and oscillating in *heated air chambers*, to prevent imbibing taint from Smoke, danger of partial carbonisation of the Bean and loss of Aroma, so important to Connoisseurs, which is further secured by attention to Grinding at the shortest time prior to Sale. To this elaborate process SAMUEL COCHRAN owes the high reputation his Coffee has maintained through a large portion of the Province.

CRYSTALLIZED SUGAR (much admired for Coffee); REFINED SUGAR in small loaves, and WEST INDIA SUGARS, of the best qualities, always on hand.

A few of the choicest selections of TEAS may be had at the CANTON HOUSE, in Native Early Packages, unrivalled in flavor and partisans, at moderate terms.

Families residing distant from Montreal will have their orders scrupulously attended to, and forwarded with immediate despatch.

Caledonia Springs, 2nd June, 1851.

[Extract of a letter from J. J. Lapointe, Esq., of Montreal.]

I has to state that in July, 1848, I went to the Springs for the purpose of testing their efficacy in a case of very obstinate Rheumatism, under which I had laboured for several years previous. After remaining at the Springs for about three weeks, and making free use of the Waters, my right knee was entirely relieved from all pain, and my health perfectly restored. Several of my friends, to whom I have recommended the Springs, assure me that they have derived benefit from either drinking or bathing, or from both combined.

To the proprietor of the Caledonia Springs.

Montreal, 4th June, 1851.

Dear Sir,—In compliance with your request, I have much pleasure in giving you my opinion of the extraordinary efficacy of the Waters of the Caledonia Springs, as tried and highly appreciated by the Public, founded upon the observations of some twenty-five years' experience, and extended as they have been by a great many patients, and mine and others, including such as Rheumatic affections and the different forms of disease to which the human frame is liable, I consider them invaluable. Few persons, except those who have suffered from that dreadful malady, can justly appreciate their wonderful salutary effects. I have other also personally indebted to this fountain, thereof for one during ten years, which baffled all medical skill, both in England and on this Continent, resort to the Caledonia Springs walking on crutches, and other than that could walk at all, went out by permitted sufferings, and their general health disordered and broken down by constitutional and want of exercise, return to their home by the assistance of a staff, and, after a few days' use of the Waters, laid by their crutches, and with health, strength, appetite, and activity perfectly restored. Nothing to add remain are, the marvellous success of these Waters, the fortunate and highly favoured Springs in particular, have been almost as efficient in other diseases such as Lepra, generally called Job's Disease, and other affections of the skin; in a case of Dropsy Complaint, Chronic Affections of the Liver and Kidneys; and I can state that a great number of these cases that leave the Springs greatly benefited, but not completely cured, would have been cured had they remained for a longer period. That these Waters have cured in many diseases as a specific, seems to be generally admitted, and as much respectable testimony to this effect has already been laid before the Public, that to say more would be superfluous.

H. Wyman,
Member of Royal College of Surgeons, London.

To John L. Wilkinson, Esq.,
Proprietor of the Caledonia Springs.

Montreal, 12th December, 1848.

Dear Sir,—I have to state that I tried the waters of the Caledonia Waters a very valuable opinion against the treatment of Bowel Complaint, Dyspepsia, &c., &c., and enable me to grant you a favorable Certificate with more that usual propriety, many of my own Patients tested the efficacy, and derived great benefit from the use of the Waters. Of all diseases that have come under my notice, in which a persevering use of the Baths and Waters promises the most beneficial results, is Rheumatism—rather than the first. Many of the cures in this disease have been truly astonishing. I met with a case last summer, where the individual, a dense Rheumatic, had been suffering upwards of two years, was able to walk and completely set the use of her hands, and could only walk a few steps with great pain and difficulty. After a residence of six weeks at the Springs, she returned to Montreal, and walked a mile without any assistance, and from pain, and strong enough to walk a considerable distance without fatigue. I have also found the Waters useful in Dyspepsia and Urinary Complaints, in Chronic Rheumatism, in Lepra, and many of the forms of Cutaneous Disease.

In conclusion, there can be left, from a personal visit to the Springs, and, that (independently of the acknowledged virtues of the Waters) the great outlay you have been put to in the improvement of the place, and the unremitting care and attention which you have shown to the comfort and convenience of your Boarders, justly entitled you to a large share of public patronage and support.

I remain, dear Sir, yours very truly,
Orange W. Cartwright, M. D.
Lecturer on Surgery, McGill College.

To the Proprietor of the Caledonia Springs.

A FRESH SUPPLY of the above WATERS has been received at the Depot, which can be had at the Courier, or sent to order to any address in town or country. Price of the Water very moderate. 269

Plantagenet Water.

Let all who with sound health to get
Join ye the famed Plantagenet!
Though others rainly try to pull
And gain a market for their stuff,
This only can make good its boast,
The friend of all who need it most.

AS this is the season of the year when the public are most disposed to seek the aid of mineral waters, it is necessary that parties should be strongly on their guard against attempts to give a spurious reputation to certain other Springs, by the unauthorized and unwarrantable use of the name of some well-known and approved Spring. Such attempts have been noticed, that one Proprietor of the only genuine Spring has lately established publicity to deny that he ever gave a certificate implying to be the equal of the Plantagenet Water.

Another trifling but necessary to, by certain parties, is the publication of old certificates granted to other Springs
