Mems of the Merry War.

Tupper? Well, hardly!

Canada is well satisfied with Sir Wilfrid Laurier.

Mr. Hyman's clever handling, at the nomination meeting, of Mr. Beattie's circular about an eight-hour day, was good-humored, yet complete. He showed, first, that while Mr. Beattie had introduced his bill for a first reading in March last, he had not pressed it for the necessary additional readings. Secondly, that his circular had given the impression that there was a legal eight-hour law for all mechanics in British Columbia, whereas it only applied to miners working underground. Thirdly, and most important, the Dominion Parliament had no jurisdiction whatever in the matter of statutory hours, that jurisdiction belonging to the Provincial Legislatures. Mr. Beattie had a rather uncomfortable half-hour.

Leave well enough alone.

The Free Press quotes, with apparent satisfaction, the Globe's casual, friendly words anent the recent Opposition meeting in London. Yes, the Globe is fair. Is the issue of a forged Globe exactly the right sort of return for the Globe's fairness to opponents?

The Laurier Government have settled the Valleyfield strike, along the lines of conciliation—the right way of settling strikes.

Laurier, peace and concord, stability and prosperity.

The returns of the births, deaths and marriages in Ontario for the first six months of the year showed that the total increase in births for six months was 496, while marriages increased 969. Deaths decreased 856. That's the sort of figures! More births, more marriages, and fewer deaths, under the Laurier Administration.

Nominations over. Next Wednesday the voting from sea to sea. Laurier and victory!

Sir Mackenzie Bowell has started up the bolt works.

According to Sir Charles Tupper, if his party had been in power now, they would never have passed the tariff giving a preference to British goods in our markets over those of foreigners. It is a candid confession. Yet Britain receives all classes of our exports and does not collect a cent of tax on them!

The Montreal Gazette, the leading Conservative organ, strongly condemns the Dominion Government for enforcing the alien labor law. What next?

The following is the record of the Tory party in eighteen years in behalf of labor:

"I am sure of victory, but I do not boast; Sir Charles Tupper is not sure, but he boasts continually."—Sir Wilfrid Laurier.

AT THE MINES

Work in Another Colliery Resumed—Holiday Today.

Hazleton, Pa., Nov. 1.—The striking mine workers with the Deronger colliery of the Cox Bros. and Co., resumed work this morning. The company has agreed to adjust the difficulty arising out of the wage question, and decided to give the striker who was discharged for incompetency a hearing.

As this is a holiday among the miners, work was not resumed at the collieries of the Lehigh and Wilkesbarre Coal Company, but everything will be in full blast tomorrow.

All the other collieries with the exception of Milnesville are in full operation.

ADVANCE IN ANTHRACITE.

New York, Nov. 1.—The advanced anthracite prices are as follows: Grate, $3 75; egg, $4 25; stove and chestnut, $4 50.

The western prices are: At Buffalo—Grate, $4 75; egg, stove and chestnut, $5. These last prices are per gross ton of 2,240 pounds. At Chicago, Milwaukee and Duluth—Grate, $5 75; stove and chestnut, $6. These last prices are per net ton of 2,000 pounds. The tidewater prices are f.o.b. New York harbor.

RETURNS ARE COMING IN

Every day from our good friends in the city and throughout the surrounding country, showing conclusively that the housewives unanimously vote "Purity" the best baking powder they have ever used.

Results prove that it has no equal for its purity and leavening power. We but voice their sentiment when we say that Purity Wins when merit is judged.

The best cooks use "Purity"—the wise housekeepers use it. "Purity" means success in the baking. It always makes delicious, appetizing and nutritious food.

Only 20 cents pound.
