PROLONG TERM OF PRESIDENT EBERT

BERLIN, Oct. 24.—The Reichstag by a vote of 314 to 76 today decided to prolong the term of Freidrich Ebert in the German presidency until June 30, 1925.

TITHING PLAN IS ADVOCATED FOR BAPTIST CHURCH

Convention Reports Show Drop of Several Thousands in Contributions.

GAINS IN MEMBERSHIP

Rev. J. H. Rushbrook Outlines Expansion in Europe in Recent Years.

TORONTO, Oct. 24.—Owing to a drop of some $5,000 in the church contributions over last year, it is quite probable a system of tithing may be introduced into the Baptist Church. When the annual financial report was presented at the Baptist convention of Ontario and Quebec in Walmer Road Baptist Church today it was shown that the contributions through the churches had amounted to $149,682.52, or $5,343.97 less than the amount of the year previous.

It was the first year since the introduction of the convention plan of finance that an advance had not been shown over the previous year, as despite the fact the associations of Collingwood, Eastern, Grande Ligne, Middlesex-Lambton, Niagara-Hamilton, Norfolk, Owen Sound, Oxford-Brant, Peterboro, Western and Whitby-Lindsay had shown some slight advance, Canada Central, Elgin, Guelph, Northern, Ottawa, Thunder Bay, Toronto and Walkerton had fallen behind. The falling off in the Toronto association was described as quite serious, being about $25,000 under the apportionment, and approximately $12,000 less than the amount received the previous year.

In view of the financial statement it was advocated that a tithing system be instituted and the question is to be taken up later in the convention. S. J. Moore, chairman, called attention to the fact, however, that the financial contributions of the churches during the last year showed a decided advance in the benevolent contributions for missionary and educational work and for local expenses. The total budget for the coming year will amount to $375,000, and of this sum the churches will be asked to contribute $205,000.

A graphic outline of the growth of the Baptist Church in Europe was given by Rev. J. H. Rushbrook of London, England, Baptist commissioner to Europe. He said the number of adherents to the Baptist faith had increased rapidly during the last 20 years. There were now well over two million Baptists in Europe.

An inspirational address was given at the evening meeting by Rev. W. H. Geistweit, D.D., of St. Loupis, Mo.

ALLEGE OPIUM KING HAS SECRET CACHE

Detectives Claim Harry Stone Leaves $4,000 Drug Stock At Montreal.

MONTREAL, Oct. 24. — When Harry Stone, "Opium King," as he is known to the Montreal narcotic squad, left last night for Port Arthur, Ont., to serve the balance of a two-year term in the jail from which he escaped in 1907, he left behind him a secret cache of opium worth $4,000, according to information in local detectives' hands. Only Stone knows where the much-sought opium rests, the detectives say. Peddlers of the drug, however, are making the greatest efforts to find it, according to the authorities, who allege that Stone was one of the biggest, if not the biggest, trafficker in opium in the Dominion. In addition, he is also said to have handled "white stuff," cocaine, morphine and heroine, though opium was his specialty.

Stone was arrested ten days ago on the charge of being wanted in Atlanta, Ga., for breaking jail. Search in the Bertillon records at detective headquarters brought out the fact that the man had been arrested in Canada under the name of Peter Ward. He fought movement to Port Arthur, but lost in the superior court.

FORECASTS IMPETUS TO CANADIAN AGRICULTURE

NEW YORK, Oct. 24.—(By Canadian Press.)—Agriculture in Canada will receive a great impetus within the next few years through the new immigration regulations of the Dominion, Brigadier-Geneal Oswald M. Chance, C.M.G., D.S.O., stated today previous to sailing on the S.S. Aquitania for England. He has just completed a trip through Canada and has prepared a report on agricultural possibilities which he will submit to exporters of fertilizers in Great Britain.

Parisian Stage Favorite Urges Girls Be Given Instruction in Art of Kissing

CHICAGO, Oct. 24.—Establishmen of kiss clinics for marriageable girls, to solve America's divorce problem, was urged today by Irene Bordoni, Parisian stage beauty.

Miss Bordoni declared marriage in this country has become a farce through failure of young wives to kiss properly.

"They kiss with their lips—not with their soul," she declared.

"A woman's whole heart should be put into every kiss she gives her husband."

And the petite Irene, whose kissing has won the plaudits of continents, puckered her own luscious lips in a most seductive manner.

"A kissable woman will keep any normal man anchored at home," she declared, and all who heard and saw believed.

"Too many wives think they can hold their husbands through their stomachs," she continued.

"You can starve a man's body, but let his soul go hungry for love and the marriage knot will soon be untied. Scientific love is more practicable than domestic science.'

In order to teach girls the value of a kiss before they are married, Miss Bordoni suggested the operation of scientific kiss clinics in conjunction with all divorce courts. However, the entire responsibility does not fall upon the woman, the stage beauty contended.

"A real lover steals the first kiss," she said. "The modern Romeo is not a porch climber, but a kiss burglar.

ESTEEMED RESIDENT OF PETROLEA SUCCUMBS

Washington Lodge, 260, Conduct Funeral Services of George Fisher, Aged 86.

Special to London Advertiser.

PETROLEA, Oct. 24. — The death occurred here, on Saturday, of George Fisher, a well-known resident of Petrolea, at the age of 86.

Mr. Fisher was born at Fickhill, Yorkshire, England, in 1837, and came to Canada in 1862, settling on a farm on concession 12 of Plympton, residing there for 21 years, when he moved to Enniskillen township.

Mr. Fisher had been a resident of the town for more than 26 years, being caretaker of the Masonic Temple.

Surviving members of his family are one son John Fisher of Moosejaw, three daughters, Mrs. Hansen, Petrolea; Mrs. Charles Wilson, Sarnia township and Miss Rose at home.

The funeral took place Monday morning at 10 o'clock from Christ Church. Services were conducted by Rev. Mr. Pitt. The ceremony was under the auspices of the Washington Lodge, No. 260, of which Mr. Fisher was an esteemed member.

A special collection was taken in the reopening services of the Methodist Church, Sunday, by the Ladies' Aid. The money will go to help pay for the decorating of the church, which the Ladies' Aid have taken the responsibility of papering. The sum of $455 was realized.

CHILDREN TAKE PART IN TILBURY SERVICE

Special to London Advertiser.

TILBURY, Oct. 24.—The evening service in St. Andrew's Church on Sunday took the form of a children's service, in which the members of the Sunday school performed the various offices within their capacity. The choir seats were occupied by the larger scholars, who took the lead in the singing, with Madeline Challis presiding most capably at the organ. Jack Andrews read the first lesson with clear tone and expression. Two special vocal numbers were rendered by the girls, namely a duet, sung sweetly by little Kathleen Connor and Mabel Dawdy, and a quartet by the larger girls. The small boys acted as ushers, and took up the offering. The sermon, which was preached by the rector, Rural Dean Dobson, had for its theme "Patience," and was based upon the phrase "little by little," as found in Deuteronomy, 2:22.

An earnest appeal was made from the pulpit of St. Andrew's Church on Sunday evening for help for the Diocese of Algoma, which suffered acutely in the recent fires. The destruction of five churches and two parsonages was a part of the loss that can only be replaced by help from other branches of the church. A collection for this object will be taken up on Sunday next. The Ladies' Guild will hold a quilting bee in the parish room on Wednesday afternoon, the product from which will be sent to the northern diocese.

Husband and Wife Enter Actions To Gain Divorce.

KINGSTON, Oct. 24.—George R. Webb, Gananoque, has applied for a divorce from Dora Webb, and the latter has filed a petition for a divorce from her husband. Their case is a most unusual one. George Webb and Dora Bullock were quietly married in Kingston four years ago. Mrs. Webb's parents had opposed her proposed marriage, and the young couple motored to Kingston one afternoon, and were made man and wife. The young woman returned to her parents' home, and when she informed them of her marriage they induced her to not return to her husband. Webb entered action against the parents of his wife, and recovered damages at the Brockville assizes for alienation of his wife's affections. The claim that the marriage had never been consummated failed. The position of the couple became intolerable by the decision of both not to live together. On the 11th of October Webb made application to Parliament for divorce. Five days later, after being served with her husband's notice, Mrs. Webb also entered an action for divorce.

CATTLE EMBARGO SOON TO BE LIFTED

London Times Is Confident New British Government Will Act Promptly.

LONDON, Oct. 24. — (Canadian Press Cable).—In a leading editorial congratulating all concerned in the recent conferences here on the proposed legislation in connection with the lifting of the embargo against the importation of Canadian cattle, the Times says the news of the agreement will be received with a feeling of relief that the redemption of the pledge given in 1917 may now be regarded as an accomplished fact. The Times says Hon. W. S. Fielding, Canadian minister of finance, who has been prominent in the recent conferences, doubtless has a right to believe that the arrangements made with the representatives of the late government will be carried out by the new government.

"When that has been done," the Times says, "not only will this country feel, with a clear conscience, that it has been true to its word, but there is good reason to hope that practical experience will show that the fears of material damage entertained in some quarters have no foundation in fact."

PARIS RESIDENT EXPIRES AFTER LONG ILLNESS

Pastor Eulogizes Life of Adam Bone, Pioneer of Presbyterianism.

PARIS, Oct. 24.—The funeral took place here Tuesday afternoon of Adam Bone, who passed away at the age of 75 after a lingering illness. The late Mr. Bone leaving his native heath, Aberdeenshire, Scotland, when a child, came to Canada with his parents who settled in Paris. For the past 43 years Mr. Bone was actively engaged in agriculture in the vicinity of the town. Thirty years ago he moved to a rural home on Governor's road, and in 1911 he sold that property and settled in Falkland, where he resided until he came to Paris in 1919. For half a century the late Mr. Bone was a faithful member of the Paris Presbyterian Church, whose minister on Sunday morning made a feeling reference to one of the old pioneers in the cause of Presbyterianism in Paris.

Mr. Bone is survived by a widow and one son, George. The funeral services were conducted by Rev. J. C. Nicolson.

ALYMER MAN INJURED WHEN CAR HITS TREE

Special to London Advertiser.

AYLMER, Oct. 24.—While Winford Gifford and Ross Rohrer were driving south on John street yesterday the steering gear on their car went wrong, and the machine crashed into a nearby tree.

Mr. Gifford sustained a broken leg, and Mr. Rohrer escaped with a bad shaking up. The car was quite badly damaged. Both men are employees of the Aylmer Express printing office.

A large number of Aylmer boys are returning from the West this week, and report a very profitable trip.

B. Box, who has been operating the bake shop of Davidson Bros. for some time, has been forced to give up the business on account of ill-health. Mr. Box expects to locate in London in the near future.

DID NOT REALIZE DANGER OF FIRE

Haileybury Merchants Continued Business On Day of Disaster.

Witnesses Give Evidence At Marshal's Inquiry At Toronto.

TORONTO, Oct. 24.—Haileybury's complacency during the early stages of the Northern Ontario fire, when the fate of the town was clearly indicated, was the surprising fact which was stressed before today's session of the fire marshal's inquiry at the parliament buildings. Evidence volunteered clearly showed that for as long as one week before the fatal Wednesday on which the town was destroyed, fires had existed around it, and yet nothing had been done to fight them.

W. McKinnon of Haileybury, said that on the Friday preceding the Wednesday of the main outbreak, he had come from Englehart to Haileybury by train. Along the whole of the distance, between Englehart and Carlton, he had seen fires smouldering, and sometimes flaming, on the west side of the railroad track. No steps were being taken, the witness stated, to fight these flames.

On the day of the big fire witness had gone to the station, and had seen the fire approaching the town, and already within 100 yards of the railroad track.

Mr. McKinnon had manned an available hose line. At first its pressure had been fair, the water carrying a distance of about 60 feet. By 3:35 o'clock, however, this pressure had fallen by fully one-half.

Unable longer to stand the smoke, the witness had walked uptown. Even at that hour business was still normal, the stores being open and being conducted as usual.

Mr. McKinnon had then returned to the station, and had arrived in time to see it burst into flames.

N. Servais, proprietor of the Mattabanic Hotel in Haileybury, confirmed the fact of the warning, which for several days the town had had of the existence of the fire danger in the district.

"For two nights previous the smoke was terrible. It came all through your houses," he declared. He added that travelers to his house had told him of fires burning all the way from Porquis Junction to Englehart. The opinion, however, had been that they were merely due to farmers clearing up waste lands.

Both these witnesses had been satisfied that the Haileybury fire was not a part of the one which had later swept through the Elk Lake district.

The inquiry will resume tomorrow, and the fire marshall will leave tomorrow evening to commence the northern phase of his investigations.

QUEBEC MAY GET FUEL CONTROLLER

Legislation To Control Drug Menace Suggested by Sir Charles Fitzpatrick.

QUEBEC, Oct. 24. — Legislation dealing with the drug menace, the placing of all trunk or main roads under the administration of the government, and the appointment of a fuel controller with specific powers to deal with the coal shortage, are matters upon which bills will be brought down by the Quebec provincial government, according to announcements contained in the speech from the throne delivered by His Honor Sir Charles Fitzpatrick, lieutenant-governor, when he opened the Legislature this afternoon.

The speech refers to the fact that unemployment brought about by after-the-war conditions is gradually ceasing and industry is being revived by the re-establishment of confidence.

The speech says that the good progress being made by agriculture in the province will be given a further impetus by the policy of the government in opening up roads in new districts, by the placing at the disposal of settlers of lands which have been partly cleared and by the erection beforehand of houses or buildings which are immediately needed for settlement upon them.

The speech says that the system of government-owned and operated shops for the sale of alcohol has fully answered the hopes of the government as well from the moral as from the financial points of view.

In the realm of education, the government, the speech indicates, will establish a school for students of paper-making, a school of forestry, increase number of European scholarships, increase grants made to primary schools, build a natural history museum in Quebec and organize agricultural and industrial settlements to take the place of reformatory schools.

LLOYD GEORGE'S SEAL MISSING

LONDON, Oct. 24.—(By the Associated Press.)—It developed today that a hitch might occur in the ceremony of turning over the prime minister's office at No. 10 Downing street, when Mr. Bonar Law arrives to take possession, because of the loss or mislaying of the prime minister's seal of office.

Mr. Lloyd George's clerks are still searching for the seal, during the general housecleaning occasioned by his removal. One of the former premier's personal secretaries, G. H. Shakespeare, declared he had been on duty two years and never had seen the seal.

WARNS OF STORM.

CHICAGO, Oct. 24.—A southwest storm warning for the upper lake region was announced today by the Chicago district weather bureau, with prediction of strong winds, and possibly gales, for the next 24 hours.

Canadian Copper Will Buy 500 Austrian Kroner.

OTTAWA, Oct. 4.—(By Canadian Press).—The collapsing kroner of Austria is now selling at 500 for a Canadian cent, the German mark at around 33 for a Canadian cent. At par the Austrian kroner was worth 19.3 cents, and the German mark, 23.8 cents.

MUST KEEP LIDS ON GARBAGE CANS

Brantford Residents Receive Announcement From Sanitary Inspector Glover.

Special to London Advertiser.

BRANTFORD, Oct. 24.—Sanitary Inspector Glover, this morning, made the announcement requesting the citizens to be sure to keep their garbage cans covered now that the rainy season is here. He pointed out that great difficulty is experienced in handling garbage which has been expos
