THE ASHANTEE REBELLION

Is Managed by the Aged Queen of Ofesu, Who Carries a Gun and Leads 1000 Picked Hunters.

HER CONFEDERATE A BLIND KING.

Cobina Faoi, Heir to Adausis, is Now a Prisoner of the British.

London, June 25.—A despatch to The Daily Express from Prahsu, dated Saturday, says:

"The brain and inspiration of the Ashantee rebellion is the aged Queen of Ofesu. Altho old, she is full of physical energy. She carries a gun herself, and personally leads 1000 picked hunters.

"Her personal confederate is the old, blind, crafty King of the Adansis. "Cobina Foli, heir to the Adansis, is a prisoner of the British. He professes loyalty. The revolt, he says, has been simmering for a year. All the tribes, except the Bekwais, according to his account, object to paying British taxes. He says the golden stool is made of wood, covered with thin gold plates."

INSTIGATED BY THE BOERS.

The Ashantee Uprising the Work of Dr. Muller, Political Agent of the Former Free State.

London, June 23.—The Ashantee rebellion, which is assuming an exceedingly grave aspect, is now known by the British Government to have been fomented by Boer emissaries acting under the direction of Dr. Muller, the political agent of the Orange Free State at The Hague.

Dr. Muller resided for many years on the Gold Coast, where he has many friends among the native chiefs and traders, and thru them, according to a report to the British Colonial Department, sided by gold taken from British-owned mines in the Transvaal, he was able to effect an intrigue by which Sir Arthur Hodgson was inveigled to Coomassie and then surrounded.

Dr. Muller's activity accounts for the natives being better armed than heretofore, and for the successful adoption of methods of warfare roughly copied from those of the Boers, whereby the British relieving force has been driven back twice.

Appeal Against Assessment.

East Flamboro Township has entered an appeal against its assessment for county tax purposes, as fixed by the County Council at its recent session. Last year the acreage rate was $43; this year it has been increased to $50, and the Township Council figures it out that it will have to pay over $300 more for the county tax. The appeal is entered on the ground that the other township's assessments are not properly adjusted.

Rival Power Company.

There have been rumors going about for several days past that a new power company is going to be organized to compete with the Cataract Power Company. It is alleged against the latter concern that it cannot supply small users of power, and the new company, it is said, will remedy this state of affairs, besides going into the power business generally. The backers of the new company will include moneyed men who could not obtain stock in that close corporation, the Cataract Power Company.

Nothing has been divulged as to the place from which the original power will come.

ONE THOUSAND MEN NEEDED TO GRIP THE CHINESE.

Continued from Page 1.

No confidence is expressed in Li Hung Chang, who is expected to follow whatever policy is likely to result in personal aggrandizement. Many missionaries from the Yangtsekiang valley are coming to Shanghai for safety. Three Chinese gunboats recently built by the Armstrongs have arrived at Shanghai from Taku, having fled from the foreign fleets and left a captain behind in their haste. Two Chinese cruisers at Kiang Ying fort, 50 miles up the river, are kept under steam. The forts are provided with modern artillery and are instructed to watch for the approach of foreigners. Six American Presbyterian missionaries from Kiang Ying have arrived at Shanghai. A wealthy Chinaman who fled from Pekin on the 14th says that all the legations except the British, Austrian and Belgian had been burned, the foreigners taking refuge with those three.

MANY WHITES WERE KILLED

In the Bombardment of Tien Tsin, Says Frederick Brown, Presiding Elder of the District.

New York, June 3.—The Journal and Advertiser to-day prints a copyrighted despatch from Rev. Frederick Brown, presiding elder of the Tien Tsin district of the Methodist Episcopal Church. The despatch is dated at Che Foo, June 22, and is as follows:

"I have just got away from Tien Tsin on a German gunboat. The city has been bombarded for several days by the Chinese. All the foreign part of Tien Tsin has been destroyed. Lieutenant Wright, of our navy, and 150 others of the white residents, marines and sailors sent up to our assistance are killed or wounded.

"The American consulate building has been destroyed. Ammunition is almost gone. The garrison are suffering terribly and need instant help."

Germany at Work.

Kiel, June 23.—A rumor is current in naval circles here that a German cruiser has forced one Chinese ship ashore and captured another, and that 50 Chinese were killed and 70 wounded.

Foreigners Concentrating at New Chwang.

Che Foo, June 23.—A despatch from New Chwang, at the head of the Gulf of Liao-Tung, says: "Foreigners are concentrating here. The British consul has telegraphed for a gunboat, but has received no reply. The port is apparently left under Russian protection. Russian troops are arriving from Port Arthur and the north. The residents are safe and business is not likely to be seriously interfered with.

ORDERED TO LEAVE SHAN TUNG.

The Interpretation of a Message From Presbyterian Missionaries at Che Foo.

New York, June 23.—In response to a cabled inquiry as to whether their missionaries in Pekin and Shan Tung were safe, the Presbyterian Board of Foreign Missions in this city to-day received the following reply from the Presbyterian Mission Treasurer, Eltcrichs, at Che Foo, north China, in the heart of the present disturbances there:

"Che Foo, June 22.—Pekin in peril. Shan Tung ordered to port."

As interpreted by the secretary of the Presbyterian board, Charles W. Hand, the despatch means that all missionaries in the Province of Shan Tung have been ordered by the United States Consul to leave their mission posts and proceed to some port where they can be under the protection of a United States gunboat. This shows that the situation is considered by the consuls to be very serious.

Germany's Ulis a Star.

Berlin, June 23.—The report of the commander of the German squadron at Taku has at last arrived. It says: "The commander of the Ilis was the soul of the engagement. He fought conspicuously and brilliantly. The machinery, boilers, hull and 18 centimetre guns of the Ilis were not damaged, but the 3.7 guns and upper works were severely damaged. The conduct of the crew was splendid."

No News From Seymour.

Shanghai, June 23.—Only seven Krupp guns are employed in the bombardment of Tien Tsin.

There is still no news of Vice-Admiral Seymour.

The officials here are anxious, business is practically suspended and all respectable Chinese look for foreign protection in the event of a rising.

BARON VON KETTELER IS WELL.

That is What the Chinese Minister at Berlin Said on Saturday.

Berlin, June 23.—The Chinese Minister here, Lu Hai Houan, to-day informed the Foreign Office that the German Minister at Pekin, Baron Von Ketteler, who was reported to have been killed by Boxers, was safe and well.

CHINESE HAD 45 KRUPP GUNS.

The United States Consulate at Tien Tsin Has Been Burned—Do Not Occupy the Town.

Shanghai, June 23.—Prince Tuan has taken charge as general-in-chief, after dismissing Yong La, a nephew of the Empress, the former commander-in-chief. Prince Tuan gave notice that he would march to Tien Tsin and sweep out the handful of foreigners there. At daylight on the morning of June 21 he attacked the settlements at Tien Tsin with artillery and the best foreign drilled troops. The Chinese army had about 45 Krupps. They managed to burn the United States Consulate. The warehouse and the Standard Oil Company's premises are believed to have escaped. The situation is grave, the Chinese have not occupied Tien Tsin. The latest news from Pekin emanating from authentic sources is to the effect that there is no change in the situation. This is understood to mean that the legations still hold out. The Chinese have surrounded them, but do not dare to make another attack. Apparently they hope to starve out those who have taken refuge there.

THRU FRENCH SOURCES.

Four Chinese Convicted of Burning a Church at Yunnan Have Been Executed.

Paris, June 23.—(Noon.)—The French Consul General in China telegraphs under date of Friday, June 22, as follows:

"The Chinese have bombarded the Tien Tsin concessions and have destroyed the American consulate."

A despatch received here from the French Consul, M. Francois, sent from Yunnan Fu under date of Sunday, June 17, expresses fear of an insurrection against the mandarins in Yunnan Sen, owing to apprehensions of a war. He explains that this is the reason why he is detained.

Another telegram, dated Wednesday, June 20, announced that the mandarins had re-established tranquility in Mong Tse and that the situation in Yunnan Sen was unchanged. It was added that two Europeans from the latter place had succeeded in reaching Mang Tse without having encountered great obstacles, and that four Chinese convicted of participating in the burning of a church and five European houses on June 16, had been executed.

CHINESE ARMY, NOT BOXERS,

Are Now Fighting With the Allied Troops at Tien Tsin, Says Admiral Kempff.

Washington, June 23.—The Navy Department this morning received an important despatch from Admiral Kempff, stating that an engagement is now in progress between the United States marines and other forces against the Chinese army outside of Tien Tsin. The following bulletin has been issued by the Department:

"Acting Secretary Hackett has this morning received a despatch from Admiral Kempff, dated Che Foo, June 23, to the effect that our marines, under Major Waller, together with four hundred Russians, have had an engagement with the Chinese army near Tien Tsin. They could not break thru the line. A force numbering 2000, the Admiral reports, is now ready to make another attempt."

The main importance of this despatch is Admiral Kempff's disclosure that it is the Chinese army, and not the Boxers, who are fighting the allied troops.

Legations at Pekin Safe.

Washington, June 23.—The State Department has received a letter from the Chinese Minister, saying the Viceroy of Nanking cables him that the legations at Pekin are safe.

ITALY'S PART IN THE MUDDLE.

Marquis Visconti-Venosta Told the Senators About It, in Reply to an Interpellation.

Rome, June 23.—In the Senate to-day Marquis Visconti-Venosta, replying to a question from Signor Vielleschi, declared that, on the breaking out of the trouble in China, the Italian Foreign Affairs Department had instructed the Italian Minister in China to assist his colleagues in the re-establishment of order, but in the event of the insurrection breaking out the Minister was ordered to take any action befitting the situation. Similar instructions were given to the commanders of the two vessels in China. In this way the detachments of the marines took part in the successive operations of the international forces. A third vessel, with an admiral, is now en route, and three others in the course of preparation.

The powers are in complete accord, he said. Those in a position to march troops simply obeyed urgent necessity, in the presence of immediate dangers. So far as the Italian Government is concerned in the situation, its object is to aid the powers in the interest of civilization and common security.

Refugees Flocking to Shanghai.

Shanghai, June 23.—It is officially said that the Dowager-Empress has issued emphatic instructions for the extermination of all foreigners in China.

Large numbers of refugees are arriving here from the north. All is quiet here, and in the Yangtsekiang Valley.

WARNING FROM THE POWERS.

Admirals and Senior Officers in China Will Attack the Boxers, But No Others.

Washington, D.C., June 23.—The following cablegram from Admiral Kempff was received late this afternoon, at the Navy Department:

Chee Foo, June 23, 1900.

Secretary Navy, Washington:

Proclamation issued 20th. The admirals and senior naval officers of the allied powers in China desire, in the name of their Governments, to let it be known to all the Viceroys, and the authorities of coast and river provinces and cities in China, that they intend to use armed force only against the Boxers and those people who oppose them in the march to Pekin for the rescue of their fellow-countrymen. (Sgd.) Kempff.

BULLER AT STANDERTON AND HAMILTON AT HEIDELBERG

The Boers Fled in Both Cases—Broadwood Also Had a Skirmish and Routed the Enemy, Capturing Six—Kruger's Force Now 15,000 or 20,000.

London, June 25.—The Transvaal military incidents are summed up officially by Lord Roberts in the following message to the War Office:

Pretoria, Sunday, 11.30 a.m.—Buller reached Standerton, June 22. He found a good deal of rolling stock. All the Dutch residents had left the town.

The British prisoners captured since our occupation of Pretoria have been taken to Machadodorp.

Hamilton at Heidelberg.

Ian Hamilton occupied Heidelberg Saturday. The enemy fled, pursued by our mounted men six or seven miles. The previous day Broadwood's cavalry had a skirmish with the enemy, dispersing them completely and capturing six.

Hunter's advance brigade reached Johannesburg, toward Heidelberg, June 22.

The enemy attacked our post at Honingspruit, and, before reinforcements arrived from Kroonstadt, they had burned three culverts. These had all been repaired by this afternoon.

The Casualties Were 375.

An Associated Press despatch from Cape Town, dated yesterday, says:

"The British casualties at Honingspruit were 375 killed and injured."

Buller Heard From.

Sir Redvers Buller, in a despatch to the War Office, says that among the prisoners taken to Machadodorp are Lords Antrim and Ennismore, both of whom are in good health. Lord Longford was left at Reitz, severely wounded.

Kruger's Force 15,000 or 20,000.

The force now available to President Kruger is officially estimated at from 15,000 to 20,000.

The Standerton correspondent asserts that his sole idea is to hold out until after the American Presidential election. Mr. Kruger is reported to have issued a proclamation on June 17, announcing that the Russians had declared war upon the Japanese, and that Great Britain must help Japan.

Roberts and Botha Negotiating.

Lord Roberts and Commandant-Gen. Louis Botha are still exchanging letters.

Two hundred rebels have surrendered to Gen. Warren at Bilkfontein.

Communications Interrupted.

The communications of Senekal with Winburg, the nearest supply point, have been temporarily interrupted. Gen. Clements is at Senekal. A convoy seeking to reach him Friday was driven back.

JAMESON ON THE RAID.

First Time the Much-Blamed Doctor Has Broken Silence on the Subject.

London, June 24.—There was almost a total absence of war news from South Africa last night, and the telegrams received lack interest, and fail to add to the facts already known.

According to a special despatch from Cape Town, it seems that in the recent fight at Zand River the Boers captured 2000 mail bags, containing a three-weeks' accumulation of letters for Lord Roberts' army, and £4000 worth of stamps, intended for the use of the troops.

Jameson Speaks on the Raid.

At Kimberley on Friday evening, Dr. Jameson addressed the electors. He sketched the position of the Rand at the time of the raid, emphasizing the discontent of the working classes, who were groaning under grievances, and were ripe for revolt. He denied that the raid caused racial troubles, or induced the Boers to arm and hamper the Imperial Government. Race feeling, he continued, always existed, and armament already had commenced, while the Imperial Government did not intend to take effective steps to redress the grievances.

This is the first time that Dr. Jameson has broken the silence on the subject of the raid.

PRETORIUS OPPOSED TO THE WAR

First President of the Transvaal Says He Told Kruger His Ideas Long Ago.

New York, June 23.—A despatch to The Tribune from London says: Martinus Pretorius, the first President of the Transvaal, in an interview with The Express correspondent in Potchefstroom, said that he had never been in favor of the war, and had, in fact, told President Kruger so. He is of the opinion that the burghers will settle under the British rule if leniency is shown toward them.

Mr. Reitz is reported to have stated that the Boers are in a position to carry on a guerilla warfare for three months or longer.

The Demon Dyspepsia—In olden times it was a popular belief that demons moved invisibly through the ambient air seeking to enter into men and trouble them. At the present day the demon, dyspepsia, is as large as the same way, seeking habitation in those who by careless or unwise living invite him. And once he enters a man it is difficult to dislodge him. He that finds himself so disposed should know that a valiant friend to do battle for him with the unseen foe is Parmelee's Vegetable Pills, which are ever ready for the trial. ed

Conservative Demonstration.

Conservatives of Hagersville will hold a demonstration of large proportions on Monday afternoon. A reception will be tendered Sir Charles Tupper, who will address the meeting. Mr. Whitney, M. L. A., and Hon. Dr. Montague will also speak.

A Magic Pill—Dyspepsia is a foe with which men are constantly grappling, but cannot exterminate. Subdued, and to all appearances vanquished, in one, it makes its appearance in another direction. In many the digestive apparatus is as delicate as the mechanism of a watch or scientific instrument, in which even a breath of air will make a variation. With such persons disorders of the stomach ensue much suffering. To these Parmelee's Vegetable Pills are recommended as mild and sure. ed

A Wish.

I want to be an alderman
And in the Council stand,
A high silk hat upon my forehead
And a chunk of boodle in my hand.

One of the greatest blessings to parents is Mother Graves' Worm Exterminator. It effectually dispels worms and gives health in marvelous manner to the little ones. ed

The Alderman's Ways.

The alderman only wants glory,

But he works on the sly when nobody's by,
And he gets there just the same.
