FOURTEENTH YEAR | MONDAY MORNING, OCTOBER 9 1893 | ONE CENT.

INCITING TO REVOLT.

Unbridled Demagogs Address English Miners.

FORCING A FIGHT WITH MATABELES

Serious Aspect of Affairs in Morocco.

Irishmen in Thousands Visit Parnell's Grave—A Strike in Belfast—Servia Rebuked By the Viennese Press—Russia Secures a Second Mediterranean Station—She Will Increase Her Black Sea Fleet—Collision in the Suez Canal—Thirty Killed By Collapse of a House.

LONDON, Oct. 8.—It is learned that the Government has decided to act as mediator between the striking miners and the owners, provided it is acceptable to both sides. Two prominent statesmen will represent the Government at a conference to be arranged between them.

A Three Hours' Riot.

Soldiers have been sent to Newhall, where a serious riot at Stanton colliery occurred Friday. A row between police and the rioters lasted three hours and many were injured when the police charged. The women took a prominent part in the affair.

Frances Willard's Generosity.

Frances Willard has written to The Chronicle that she is unable to withstand the pleading words uttered on behalf of the miners. "For a year I have not been earning as much as usual and have no money at hand, but I send my watch for the starving miners." Lady Somerset sends £100.

A Prominent Coal Owner Gives In.

LONDON, Oct. 8.—T. E. Ellis, M.P. for Morioneth and chief proprietor of the Hucknell pits, two of the richest mines in the country, has announced that he will give his men the old rates of wages if they will return to work. Mr. Ellis said the ground on which the reduction had been made had disappeared.

MINE OWNERS CALLED TRAITORS.

Violent Speeches Against the Authorities Loudly Applauded at Glasgow.

GLASGOW, Oct. 8.—Several thousand people attended a meeting upon the green to-day, where the authorities were roundly denounced for sending troops into the mining districts and killing men who were only trying to obtain what was justly their due. Among the crowd were men carrying banners upon which was the cap of liberty. The motto remarked that rent was robbery and profit plunder. Applause and cheers greeted Cuninghame Graham and others, who delivered violent speeches, saying that the coal mine owners were traitors, who deserved to be hanged.

TWO GATHERINGS IN LONDON.

Fourteen Thousand People Addressed by Tom Mann and Other Labor Agitators.

LONDON, Oct. 8.—Fully 12,000 people assembled to-day in Victoria Park and heard violent speeches in favor of the striking miners.

"Tom" Mann to-day addressed an assemblage of about 2000 people in Trafalgar-square, speaking in behalf of the miners, Mann urged that the Government take control.

Belgian Strikers Incited to Riot.

BRUSSELS, Oct. 8.—The Knights of Labor have decided to continue the strike. Speakers continue to instigate violence and riotous conduct. Parades headed by bands march about the various striking districts. A dynamite cartridge was exploded outside the house of a miner who refused to strike.

Labor's Sympathy With Socialism.

PARIS, Oct. 8.—The Labor Congress to-day passed resolutions of sympathy with the Polish and Russian Socialists who are in prison or exiled for their heroic fight against the Czar's despotism.

RELIGIOUS HYPOCRISY.

Tom Mann Preaches a Sermon With This as a Text.

LONDON, Oct. 8.—A labor service this evening was held at the Congregational Church, Hackney. "Tom" Mann addressed the congregation on "religious hypocrisy in churches." He said he had been closely identified with various denominations, especially the Episcopalian and Society of Friends. He was in the habit of attending all kinds of churches, with a view of understanding their principles, but failed to discover which church was doing its best to remove existing evils. In London 450,000 people are in terrible straits, yet the religious institutions are unable or have not attempted to grapple with the question. Religion is essential to the well being of the community. He would not belong to a party which did not believe in religion. He hoped that influences now at work would not leave the country content until they brought about a better condition.

AT PARNELL'S GRAVE.

Impressive Ceremonies Attended by Thousands—Wreaths From the World Over.

DUBLIN, Oct. 8.—Irishmen of all Ireland and from all over the world to-day assembled around the grave of Charles Stewart Parnell in Glasnevin cemetery and did honor to the memory of the great Irish leader on the second anniversary of his death. The immense crowds attending the ceremonies showed very clearly that Ireland has not forgotten the services of Parnell. The procession of mourners far exceeded in number and impressiveness that of last year. The parade, which took one hour and a half to pass a given point, was headed by a black-draped wagonet piled high with memorial wreaths from different parts of the country and from the United States, Canada and Australia. The independent Irish party of New York sent a handsome floral harp. The mayors and corporations of Dublin and Cork attended the ceremonies in state regalia. The streets along the route to the cemetery were packed with people and the neighborhood of Glasnevin was crowded to the utmost. John Parnell, brother of the deceased statesman, and Mrs. Dickson, his sister, were present, seated in a carriage with John Redmond, M.P. for Waterford. At the cemetery memorial wreaths were placed upon the grave, and the procession then re formed and returned to the city. The streets are still lined with thousands of people.

Bismarck at Home.

BERLIN, Oct. 8.—Bismarck did not arrive at Friedrichsruhe until after 11 last night. The town was en fete and crowds of people surrounded the railway station. The local authorities only allowed about 60 of the Prince's personal friends to greet him on the platform. The Prince walked firmly to his carriage and was driven to Friedrichsruhe. The route was lined with people, and in front of them stood the firemen holding torches, producing a brilliant effect.

TO CRUSH THE MATABELES.

800 Soldiers Advancing to Force the Fighting.

CAPE TOWN, Oct. 8.—Telegrams received here last evening announce that all the Chartered Company's forces for Victoria, numbering 800, with machine guns, are advancing towards the Matabele border. Most of the men are mounted. This movement was decided upon owing to the fact that several patrols had been fired upon.

Sir Henry Loch has given Dr. Jameson, the administrator of Mashonaland, an entirely free hand.

Advices from Pretoria state that the cession of Swaziland to the Transvaal has been agreed upon.

News of an encounter between the Matabeles and the colonists is expected at any moment. The colonists are few in number, though well armed, but they will find it no easy matter to defeat the Matabele warriors of King Lobengula, as the latter are well armed, some of them having repeating rifles, and they are a hard race, trained and drilled to arms from childhood and capable of enduring the greatest hardships of a march. The population of Matabeleland is about 300,000 and every male of age is a soldier until too old to bear arms.

Major Adams, commanding the Government police, has been ordered to occupy the Monarch Reef at Tati, in order to protect the people.

New Railway to Mashonaland.

LONDON, Oct. 8.—A despatch from Mozambique in Portugese East Africa says that the Beira Pungive River Railway, which provides the shortest route to Mashonaland, was opened on Saturday.

MOORS FIRE ON A SPANISH SHIP.

A Vessel Flying the British Flag Captured by Spain.

MADRID, Oct. 8.—Communication with Melilla is still interrupted. Embarkation of the troops is greatly delayed owing to lack of organization and insufficient supplies of all kinds, including medicine and surgical instruments. Newspapers of the city say the Moors yesterday fired upon the Spanish steamer Sevilla sailing near the coast. One paper also says the Moors are greatly emboldened by the success of their attack upon Melilla.

The Moors have re-appeared before Melilla. They have a strong position. Their total force is at least 14,000. There was considerable desultory firing during the night. Three Moorish spies have been captured.

A Vessel With Rifles Seized.

The Spanish gun boat Tarifa seized yesterday afternoon a small vessel bound with a cargo of rifles and flour from Gibraltar to ports on the Morocco coast. Although the vessel was flying the British flag her cargo was declared contraband of war and she was brought back to a Spanish port. The Government has requested the Governor of Gibraltar to prevent, as far as possible, further attempts to ship arms to the Moors.

Tribesmen Fire Upon a Gunboat and Many Are Killed.

MADRID, Oct. 8.—A large body of troops left this city to-day. Another gunboat has been ordered to Melilla. A gunboat reached Malaga last evening with despatches requesting that no further reinforcements be sent for the present. It is reported that the Moorish tribes continue to fire at intervals upon Fort San Miguel.

Yesterday evening the Moors fired into Melilla and a bullet from the heights lodged in the Governor's house. When the Cuervo left the commander reports that the boat was fired upon off Tres Forcas and the gunboat promptly returned the fire, a regular engagement followed, in which many tribesmen were killed and numbers wounded. The Kabyles continue to erect earthworks and seem to be preparing for a regular siege. They are receiving reinforcements and are increasing in audacity. Despite this, Gen. Margello is certain that he will be able to defend the Moors.

A Boy Sent Out as a Spy.

A boy from the Melik district visited General Margella and asked permission for Moors to bring provisions to the markets He declared the Sultan of Morocco would punish the offending tribes. Margello is of opinion that the real object of the boy's visit was to ascertain his war preparations. The boy stated that all the chiefs were assembled at Frajams to-day in order to decide for peace or war.

The Minister of War instructed Margello to reject the false overtures of the boy and fire upon Moors invading Spanish territory.

At a Cabinet council to-day it was decided to send the squadron to Algeciras only, and not to Tangiers as first proposed. The warship Conde Vanadito will go direct to Melilla. Supplies enough to last 3000 men two months have now gone to Melilla.

CONSPIRATORS ARRESTED.

A Plot to Assassinate High Officials Discovered at Prague.

LONDON, Oct. 8.—The Chronicle's correspondent at Vienna says that the police of Prague have discovered a Czech plot to assassinate several high officials of the Government of Bohemia. The conspirators belong to a secret society called Onladina. The leader of the conspiracy escaped to Paris, but many members of the society have been arrested. Altogether 300 Czeches have been arrested charged with anti-dynastic tendencies.

CAPTURED IN PARIS.

The Anarchist Le Cuyer, Who Escaped Last January.

LONDON, Oct. 8.—A despatch to The Chronicle from Paris says that the Anarchist Le Cuyer, alias Le Garde, who escaped to England in January, was arrested in Paris yesterday. A quantity of chemicals were found in his lodgings, and they will be analyzed.

MET AT VIENNA.

Representatives of Glee Clubs From All Over the World.

LONDON, Oct. 8.—A despatch to The Standard from Vienna says that the Maennergesangsverein, or glee club, held its jubilee Saturday. Deputations representing glee clubs in all parts of the world, including many from the United States, were present.

Royalty in London.

LONDON, Oct. 8.—The Prince of Wales arrived at Marlborough House early Saturday morning from Mar Lodge. During the morning the Duke and Duchess of York visited their new home, St. James' Palace, where in the afternoon they received the Lord Mayor and corporation of the city of London, who presented the city's wedding gift.

More Warships Ordered By Russia.

LONDON, Oct. 8.—A despatch to The Standard from Odessa says that the Russian Government has ordered that two more cruisers and four torpedo boats be built to increase the Black Sea fleet.

Another Russian Mediterranean Station.

ALGIERS, Oct. 8.—The Council yesterday passed a resolution to make Algiers the station for the Russian Mediterranean squadron.

FROM THE CANNON'S MOUTH

ELEVEN MUTINOUS SEPOYS HURLED INTO ETERNITY.

Arrival and Royal Reception of the British Mission at Cabul—Imposing Ceremonies—The Ameer Cordially Welcomes His Guests and Expresses Great Friendship For England.

LONDON, Oct. 8.—A dispatch to The Times from Calcutta says that serious disturbances occurred at Cabul, the capital of Afghanistan, previous to the arrival there of the mission under the command of Sir Mortimer Durand. The assistant commander-in-chief, it appears, abused a Sepoy of the Seriti regiment, upon which the regiment became terribly enraged, loaded their rifles and fired a volley, killing the assistant commander-in-chief. A terrible disturbance followed. The mutinous Sepoys fled from Cabul, but were pursued and captured by the Ameer's royal troops. A number of the mutinous Sepoys were tried by court-martial, and eleven of them were sentenced to be blown to pieces from field guns, which sentence was promptly carried into effect.

All the troops at Cabul were thrown into a state of excitement by the execution of the 11 Sepoys, and it was found necessary previous to the arrival of the Durand mission to make all the Ameer's troops swear on the Koran to behave well in view of the coming of the British mission.

But the disturbance does not seem to be at an end, as Gen. Faramus Khan has been arrested, and the Governor of Herat has been ordered to make further arrests.

Arrival of the Mission.

CALCUTTA, Oct. 7.—A dispatch from Cabul on Oct. 5 from the special correspondent of Reuter's Telegram Company with the Durand Mission, says the mission escorted by horsemen arrived safely at the Ameer's Garden at 11 o'clock. On the date the despatch was sent they were at the Garden and were received by a high official and saluted by a guard of honor in front of the reception room. The Ameer's son, dressed in a brilliant scarlet uniform, received the British officers and led the way to the reception room, which was sort of open veranda with arches overlooking the beautiful gardens. Here the Ameer, surrounded by 50 of his most distinguished officers, was awaiting the coming of the visitors. The Ameer, dressed in a black frock coat and trousers, extended a cordial welcome to the representatives of the Government of India. All the Ameer's officers and the Ameer himself held Durand's hand for some time. The Ameer said he was convinced the presence of the mission in Cabul would show the world that a true friendship existed between England and Afghanistan. After half an hour's conversation the mission retired. The Ameer said he hoped he would see the British officers often, and invited all to drive and walk where they pleased.

THE SITUATION IN RIO.

Batteries Recently Erected in the City Ordered Removed.

RIO DE JANEIRO, Oct. 8.—Acting upon the advice of the diplomatic corps, the Government has ordered the removal of all the batteries recently erected in the city. This, it is thought, will remove all the objections of the foreign admirals in regard to intervention in case the insurgent fleet resumed the bombardment of the city. The report that the diplomatic corps had informed President Peixoto that if he did not withdraw by Sunday they would recognize the insurgents as belligerents is entirely without foundation. The statement that Peixoto has been called upon to come to terms with the rebels by Monday is also contradicted absolutely.

ISSUED A MANIFESTO.

German Free Conservatives Make an Appeal to the People.

LONDON, Oct. 8.—The correspondent of the Times at Berlin says that, in view of the coming elections for the lower House of the Prussian Diet, the free Conservative party has issued a manifesto which says that bad harvests and low prices, combined with a reduction in the protectionist tariff, have so depressed agriculture that immediate legislation for the benefit of the farmers is necessary. The manifesto concludes with an appeal to all patriots to join the banner against the socialist and radical movements.

Capt. O'Shea Dying.

LONDON, Oct. 8.—Captain O'Shea, the divorced husband of Mrs. Parnell, is dangerously ill at his chambers in Victoria-street.

Marshal MacMahon Dangerously Ill.

PARIS, Oct. 8.—The condition of Marshal MacMahon, ex-president of France, who has been ill for some time, has suddenly become worse and is now believed to be dangerous.

France Begins to Prepare for 1900.

PARIS, Oct. 7.—Commissary-General Alfred Picard opened temporary offices in the Rue St. Honore, with a staff of 25 clerks to-day, to make preparations for the next World's Exposition in 1900.

The Bullion.

LONDON, Oct. 7.—The amount of bullion that went into the Bank of England on balance to-day was £100,000.

Belfast Carpenters Strike.

BELFAST, Oct. 8.—One thousand joiners employed at Harlando Wolff's works struck Saturday, because a few cabinet makers from London had arrived to assist in furnishing the new White Star liner.

30 Killed by a Falling House.

ST. PETERSBURG, Oct. 8.—A newly built house collapsed in Rostoff to-day, killing 30 persons.

CALVERLEY'S RAPID PROGRESS.

He Expects to Walk a Wire in London, England, in May Next.

TRENTON, N. J., Oct. 8.—The doctors, of whom several were in attendance upon Calverley yesterday, regard the rapid progress which he is making as wonderful as his recovery itself. The right arm is not going on so well as could be wished but with great care it is believed the hand will be saved. Dr. Cantwell told Manager Jackson that he now had every hope that Calverley will be able in due time to follow his profession, and there is a probability that he will be able to fulfil an engagement to open a lengthy season at the Alexandra Palace, London, England, on May 1. Calverley's father and his late employer, O. B. Ormsby, Queen-street East, Toronto, were in Trenton yesterday and to-day.

Health, happiness and prosperity follows the user of Adams' Tutti Frutti. Beware of imitations offered by fraudulent dealers.

To Marry a New Yorker.

NEW YORK, Oct. 8.—The engagement is announced of Mr. Thomas Rhinelander, a son of Mr. F. W. Rhinelander, to Miss Kittie Blake of Toronto. Mr. Rhinelander is a cousin of Mr. Oakley Rhinelander. He is a member of the Knickerboker, University and City clubs.

Try Watson's Cough Drops. ed

BROUGHT BACK HIS MAN.

Detective Rogers Returns From Chicago With a Walkerville Forger—Consented to Return Without Extradition.

Government Detective Rogers arrived in this city yesterday after lodging in Windsor jail Henry Farweil White, whom he arrested in Chicago on a charge of embezzling the funds of the Walkerville Malleable Iron Company, of which he was treasurer.

Detective Rogers received information that White was in Chicago and arrived there last Thursday. White was finally found in the Board of Trade building. He was shadowed to the engineering establishment at No. 245 South Jefferson-street and there arrested. When White was taken into Commissioner Hoyne's court he consented to accompany Detective Rogers home, and signed a waiver of any rights he might have under the extradition treaty. He had been drinking to excess of late apparently, and was in a condition bordering upon delirium tremens.

White is believed to have embezzled fully $6000. It is said that White had no definite system of embezzling. He used to put the money in his pocket in small sums. As these embezzlements cover a long period, it has been a long and painful process digging them out from the books. Even now the entire amount of the embezzlement cannot be definitely stated. It is said that in addition to the defalcation that the books themselves show, White made a tour of the country as far as Montreal and collected money from the debtors of the company. White was first located at Plainfield, N.J., where on Sept. 18 he cashed a cheque for $20 on the Commercial National Bank of Detroit. He was heard from again in New York City, where several cheques had been cashed, but he always moved to another place before his arrest could be effected.

White had a cheque for $20 cashed by the S. M. W. Jones Co. of Chicago.

Had Only Twenty Cents.

On arrival at Windsor White was brought before Magistrate Bartlett and formally charged with stealing $2630. During the hearing of the charges White sat with his head in his hands, sobbing like a child, and rocking to and fro. He paid no attention to what was going on, and seemed to be like a man in the greatest misery. Detective Rogers is of the opinion that the defalcation has preyed upon his mind so much that he knew arrest was certain and took to drinking, resulting in making him a complete wreck mentally and physically. He was shabbily dressed, and when arrested had only 20 cents on his person.

White went under the name of Wilson in Chicago.

THE C.P.R. AND NEW YORK.

Proposed New Line Into New York in Which Canadian Pacific is Interested.

[Montreal Star.]

NEW YORK, Oct. 8.—A matter of a great deal of significance was a quiet conference in town Friday between Canadian Pacific officials and Mr. A. A. McLeod. President Van Horne, Directors McIntyre and Angus and Comptroller Ogden of the Canadian Pacific all arrived in New York the night before, and put up at a hotel two blocks away from Mr. McLeod.

It is believed that the conference had something to do with Mr. McLeod's proposed new line into New York city, but it was impossible to learn any details. None of the Canadian officials would talk.

It is a well-known fact that Mr. Van Horne has long cherished the idea of getting better facilities for the Canadian Pacific in reaching New York, and there have been abundance of rumors about an independent road. When Charles Parsons was negotiating for the sale of the Rome, Watertown and Ogdensburg Railroad to the New York Central Mr. Van Horne was of invaluable assistance to him, for the Central was afraid that Mr. Van Horne might take over the Rome road.

Mr. Van Horne used the opportunity to exact advantageous prorating arrangements with the Vanderbilt system, with power to fix rates largely to suit himself. But the Trunk Line Association would not allow such rates to be quoted, and so the alliance has not been of the benefit that Mr. Van Horne anticipated.

He is now looking around for something better. There would be no restraint about rates if he helped Mr. McLeod to put through his road into New York city, for the New York and New England Railroad does not belong to the Trunk Line Association. A part of the project, as heretofore related, is another line between New York and Montreal.

It Will be a Credit to Toronto.

So great has been the success attending the issue of the Montreal Board of Trade Souvenir number, published by The Sabiston Lithographing and Publishing Company of Toronto and Montreal, that the same firm is now preparing and will shortly issue a Toronto Board of Trade Souvenir number. It will contain a history of Toronto, from the time it was chosen by the late Governor Simcoe as the site for the provincial capital, to the present time; a history of the Toronto Board of Trade from its inception down to the present, short histories of the trades represented by the different sections of the Board, and biographical sketches of the members of the Board. The work will be liberally illustrated by photogravures from photographs taken especially for the work. No expense is being spared in making the book a work of art creditable to Canadian enterprise, the city of Toronto and the Toronto Board of Trade. Handsomely bound, printed on the finest paper, entirely free from advertisements of any kind, it will be when completed a book which both in its literary and mechanical excellence will be one that can well be placed on any drawing-room table. Though not issued under the auspices of the Board of Trade, or with the official sanction of the council of the Board, many prominent members of that organization are giving their support. The Sabiston Lithographing and Publishing Company is well-known throughout Canada as a highly respectable and responsible firm, a firm that would not for a moment think of allowing anything to be issued under their name that was not first-class in every respect. The book will be ready about Christmas.

Fetherstonhaugh & Co., patent solicitors and experts, Bank Commerce Building, Toronto.

As a tonic, Microbe Killer has no equal in the world.

Will Lose an Arm.

Mrs. Jonathan Hartford of 8 Adelaide-place, who was injured by running into a live wire in King-street west on Friday last, was rather easier last night, though still in a very critical condition. She is likely to lose one arm and part of one hand.

Secure your seats this morning for Ovide Musin.

Local Jottings.

Supporters of the Ferguson ticket for the Young Conservative elections will report to-night at No. 9 Manning Arcade.

John Fallon, 520 Queen-street east, of Berkeley-street hall broke one of the bones of his forearm in a fight on Saturday. He was taken to the General hospital.

Arthur Wheeler, a lad, was arrested Saturday as a vagrant. He escaped from the industrial school at Rochester and will be sent back.

DOUBLE FATALITY AT AGINCOURT.

Two Ladies Killed on the C.P.R. Level Crossing—Their Rig Struck By a Train.

AGINCOURT, Ont., Oct. 8.—A fatal accident happened near the C.P.R. station yesterday morning whereby two women lost their lives.

Mrs. B. W. Matthews and her niece, Miss Richardson, left home about 3 o'clock this morning with a load of produce for Toronto market, and when they arrived at the C. P. R. crossing here, west of the station, it is supposed the horse backed up on hearing the train approaching and backed into the ditch and against the rapidly moving train.

Miss Lawton, who was passing between 5 and 6 o'clock, discovered them lying near the track and gave the alarm. Mrs. Matthews died at 6.45 Saturday morning. Miss Richardson's injuries were attended to, but she succumbed this evening. Mr. Matthews is away in Manitoba, but was telegraphed at once of the sad event.

Both ladies will be buried on Tuesday.

A Woman Horribly Mangled.

MONTREAL, Oct. 8.—Mrs. Silverston, wife of Edward Silverton, watchman of the Williams Sewing Machine Company, got past the gates of the Grand Trunk at Seigneur-street last evening about 10.30 as the Central Vermont train was passing and was struck and carried to Chatham-street. Her head was severed from the body and both arms were mangled. The poor woman has been somewhat deranged mentally of late. The gates were closed, but she passed under them.

THE MINISTERS AT GLENCOE.

The Town Gaily Decorated—A Vast Crowd Listen to the Speeches.

GLENCOE, Ont., Oct. 8.—The Conservative demonstration here yesterday was attended by a vast concourse of people. The Premier arrived in town from St. Thomas about 1 o'clock and was presented at the station with an address from the town council. A procession was then formed, headed by about 20 horsemen and the 26th Battalion band, and proceeded to Recreation Park. John A. Leitch, Reeve of Glencoe and President of the West Middlesex Liberal-Conservative Association, presided. Besides the Premier addresses were given by Sir Adolphe Caron, Hon. J. Haggart, Messrs. Daly, N. Clark, Wallace, Ingram of St. Thomas and others. The speeches were brilliant oratorical efforts, and roused the audience to a vast pitch of enthusiasm. The town was gaily decorated with flags, bunting, banners and mottoes, the citizens, both Conservatives and Reformers, being determined to welcome their distinguished visitors.

THE MANITOBA SCHOOL ACT.

Premier Thompson Makes an Important statement.

[Montreal Star.]

DUNNVILLE, Ont., Oct. 7.—Sir John Thompson, in his address here yesterday, touched very briefly upon the Manitoba school question, and his utterance on this point was the most important yet delivered. He said: "My own impression is that we will never have to deal with that question. The people of Manitoba may have to settle it themselves, instead of its being thrust into national politics."

Sir John evidently meant one of two things: Either that the Supreme Court will decide there has been no interference with the rights of the minority, and that, consequently, the Greenway Act must stand, or else that the Manitoba and not the Dominion Government will be called upon by the court to enact such remedial legislation as the circumstances may seem to demand.

Stormont Patron Candidates.

CORNWALL, Ont., Oct. 7.—The Patrons of Industry of Stormont County held their convention at Newington to-day, when J. Gideon Adams of Wales and John Bennett, reeve of the Township of Roxborough, were nominated to run on the patrons' ticket in the election for the Dominion and provincial houses.

Provincial Appointments.

The following Ontario Government appointments are announced:

William Henry Richey Allison of Picton, Prince Edward, has been appointed Deputy-Clerk of the Crown and Pleas, Clerk of the County Court and Registrar of the Surrogate Court in the room of John Twigg, deceased.

William Archibald Young of the City of Toronto, in the County of York, M. D., to be an Associate Coroner within and for the said County of York.

Thomas Young of Erin, County of Wellington, to be Clerk of the Fifth Division Court of the County of Wellington, in the room of William Tyler, deceased.

A FATHER'S BRAVE RESCUE.

He Loses His All by Fire But Saves His Children.

LINDSAY, Oct. 7.—On Friday last the dwelling and all the contents of Mr. Marmaduke Thompson of East Oakwood were completely destroyed by fire. Mr. Thompson had been watching a sick animal and it is supposed that the oil and dust on the lantern caught fire and thence ignited the wood. Mrs. Thompson was aroused by smoke and flames. Her husband tried to get out to quench the flames, but saw they had too much headway. Mrs. Thompson had seized one child in her arms and escaped. Two others followed, but one was still missing. The husband plunged into the burning mass and, reaching the little one's bed, found, after quite a loss of time, that it had crawled under the clothes to prevent being suffocated by smoke and flame, and was all wrapped up in the blankets. Instantly Mr. Thompson seized the clothes and child and bursting out a window dropped all to the ground. Nothing, not even enough clothing for one, was saved.

Jerusalem at the Cyclorama continues a strong drawing attraction. People are wonderfully interested in the Oriental scenes.

Installation Service, Unitarian Church, Jarvis-street.

The installation of Rev. Henry H. Woude as pastor of the Unitarian Church, Jarvis-street, will take place on Tuesday evening at 8 o'clock sharp. The sermon will be preached by Rev. S. R. Calthrop of Syracuse, assisted by Rev. Thomas R. Slicer of Buffalo, Rev. D. W. Morehouse of New York and Rev. J. H. Long of Hamilton. The quartet choir of the church will furnish the music. The public is cordially invited. 13

For proper and seasonable gentlemen's furnishings visit Harcourt & Son, 57 King-street west. Our latest importations in tennis suits and summer neckwear including the Oxford Scarf, have just arrived. 135

Looks Like a Case of Jealousy.

Henry Deer, 372 Victoria-street, and George Cook, 60 Bay-street, were taken to No. 1 Police Station Saturday evening charged with disorderly conduct. Deer says he was walking in Bay-street with two ladies and Cook made an insulting remark. Deer asked him what he meant by it and Cook struck him.

"Clear Havana Cigars."

"La Cadena," and "La Flora." Insist upon having these brands. 136

Fire at Brussels.

BRUSSELS, Ont., Oct. 8.—Friday night the saw mill and stave factories of Ament Brothers were burned to the ground. The loss will be $6000 or $7000, with an insurance in the Gore Mutual of $2000.

LAY DEAD IN HIS LOVE'S ARMS

BENJAMIN PROCTOR'S SUDDEN AND PATHETIC END.

He Was Chatting Gaily With the Lady Whom He Was Shortly to Marry When Seized With Heart Failure—Died With His Head on His Sweetheart's Lap.

Almost on the eve of his wedding day, with his head resting on his sweetheart's lap, Benjamin Proctor breathed his last yesterday evening. But a few moments before he had been in the best of spirits and hat ting gaily with Miss Somers, his intended wife, at her home, 5 McGee-street.

Mr. Proctor left his home in Davenport-road apparently in excellent health. He drove down to call upon Miss Adeline Somers, to whom he was to be married this week. Miss Somers sat with him in the parlor talking with him, when she noticed that he suddenly grew pale. The half-spoken sentence broke upon his lips and his body lurched unsteadily in the chair. Thinking that it was an attack of weakness the girl put out her hands to support his head. There was a catching for breath, an effort to speak and he laid white and still.

Dr. Orr, who was just coming out of Woodgreen Church, was hurriedly called, but could do nothing. When he arrived Proctor was dead. Heart failure had cut short his life, without a moment's warning.

The dead man was about 38 years old, and was employed in the building of the new court house. It was not known that he was subject to heart disease. His fellow-workmen state that he was never known to have a day's illness.

The shock to Miss Somers was a severe one, and for a time almost unbalanced her mind. She had known Mr. Proctor for some time, and all preparations had been made for their marriage.

Died at the Age of 82.

Yesterday Mr. Henry Smith died at the good age of 82 at the residence of his son, Mark H. Smith, Brant-street and Farley-avenue. The deceased was for a quarter of a century one of the most prominent business men in Bradford. He was an extensive shipper of produce, and had large business connections in Toronto. He was an active member of the Primitive Methodist Church there, and was for a number of years its choirmaster. He was born in Norwich, Norfolk, England, and moved from there to Bradford.

Death of William Robertson.

William Robertson, late of Robertson Bros., wholesale and manufacturing confectioners, died on Saturday at his residence, 391 Berkeley-street. The deceased caught a severe cold when in delicate health. This culminated in his death.

Lived to 106.

RED HOOK, N. Y., Oct. 8.—Sarah Gilson, a colored woman, died in this village to-day, aged 106. She was an inveterate smoker.

MAY HAVE SNOW.

Northwest Breezes May Bring the Beautiful Down With Them.

Southwest to northwest winds, generally fair and warmer to-day, turning cooler to-night, showers in a few places.

That's the weather foretast. They had snow in the Northwest this morning. Looks like the coming of winter, doesn't it?

In this connection it would be well to mention that Dineens' furs are being sold at warm weather prices, and the October fur sale is making the fur fly at the corner of King and Yonge-streets.

The fur productions of this firm include the latest styles of the world's fashion centres, and the lady who visits Dineens' this month can choose from their magnificent stock any of the fashionable designs that are to be worn in London, Paris and New York, while the price—

Well, the prices set on Dineens' goods require some explanation. It is not necessary to dilate upon the firm's standing. Every lady in the city knows it. Some of them, however, may not know the reason for the low prices that prevail at Dineens'. The explanation is simple. As the largest manufacturers and dealers in the city the firm buys enormous quantities of furs of all kinds. Every transaction is for cash, and you've no idea what a saving that means. It's not that the firm makes less profit on its sales, but that it saves enough in buying to give customers first-class articles at unusually low prices and at the same time make a reasonable profit.

This month a grand display of furs is being made in Dineen's show-rooms, and every lady who has not yet selected her furs for the approaching cold season should call before the choice goods are picked out.

JEAN BAPTISTE FEDERATION.

Ottawa Society Objects to Elimination of the Word Catholic.

OTTAWA, Oct. 8.—St. Jean Baptiste Society to-day unanimously adopted a resolution protesting against the action of Congress held in Montreal last June in eliminating the word "Catholic" from the constitution of the proposed federation of St. Jean Baptiste Societies of America and declaring that the Ottawa society would not join the federation if the word Catholic was omitted. In course of the discussion it was stated that a majority of the St. Jean Baptiste societies in the United States admitted Protestants.

Twenty baskets of grapes, containing 122 different varieties, were sent from the Central Experimental Farm to the World's Fair yesterday.

A Week for Umbrellas.

Quinn offers this week an importation of about forty dozen silk umbrellas with buckhorn, furzewood, Madagascar and cherry handles at about half the usual price. Among new goods just to hand are Allen, Solley & Co.'s half hose and underwear, Crown suspenders, Lloyd's collars, Perrin's silk-tan, Joinville, Crown Prince and full-dress gloves, and a larger range of English full-dress ties than has ever been shown in Toronto.

1892, "The Cream of the Havana Crop

"La Cadena" and "La Flora" brands of cigars are undoubtedly superior in quality and considerably lower in price than any brand imported. Prejudiced smokers will not admit this to be the case. The connoisseur knows it. S. Davis & Sons, Montreal. 136

Costly Furniture By Auction.

Mr. Charles M. Henderson will sell tomorrow morning at 11 o'clock all the elegant household furniture and effects of Mrs. E. A. Ellis (who is removing to New York) at her residence, No. 2 Orde-street. We have no doubt this sale will be well attended, as the furniture is of the most costly manufacture and will be sold without the least reserve.

Sprudel, 5c per glass. Sprudel Ginger Champagne, 10c per glass, at Harry Webb's, Yonge-street.

In The Toronto Sunday World of Oct. 8 will be found a complete America Cup Handbook, including records, portraits and descriptions of yachts, owners, designers and sailing masters, with comparisons and deductions and the most perfect dictionary of yachting terms ever published. Price 5c.

MONTREAL'S NEWSY BUDGET.

Intense Interest in the Hooper Case—Two Serious Accidents—Riotous Navvies at St. Lawrence Resorts.

MONTREAL, Oct. 7.—The interest in the Hooper case here has been intensified by revelations made by Dr. Cameron and Mr. Webb, the druggist. The case is canvassed on all hands, and the dilatoriness of the Attorney-General's Department is causing much unfavorable comment. Judge Dugas stated that he has as yet received no reply to his communications to the Attorney-General, and he cannot understand why the Government did not order his arrest long ago.

Mr. Archambault, Crown prosecutor, says that he has received no word from the Attorney-General or authority to investigate the case. Detective Carpenter has gone to Ottawa to make an investigation there into Hooper's antecedents and seize any evidence he can find. The fact that Hooper belongs to Ontario and that his trial will take place in this province, where he is alleged to have committed the felony with which he is to be charged, will make of the case an attractive one for all Canada. It seems that it will not be definitely settled in what district his trial will take place until the inquest is ended at Port Hope.

Two Serious Accidents.

Two serious accidents took place to-day. A number of workmen were working on the new library building at McGill College when the scaffold gave way and Vincent Page, 60 years of age, 2420 St. Catherine-street; A. Payette, 53, 10 Coursol-street, and J. Farley, 311 St. Lawrence, were seriously injured. They are now lying at the General Hospital. A man named Gauther stepped between two electric cars in St. Catherine-street and sustained injuries which may result fatally.

Riotous Navvies.

The summer resorts along Lake St. Louis and the St. Lawrence were thrown into great excitement last night by the riotous actions of a lot of drunken navvies who are working on the Soulanges Canal. They entered the house of a Mrs. Loftus, despite the fact that she received them with a loaded revolver, and demolish everything. Assistance was asked from the city and this morning Detectives Lafontaine and Campeau returned with two prisoners named Riely and Tobin.

The Beauvais Stabbing Case.

The four prisoners, Graillon, sr., his two sons and daughter, who murderously assaulted Mr. Beauvais, were taken from St. Hyacinthe prison to St. Matthias this morning, by the St. Hyacinthe court officials and officers for the purpose of holding an inquest at the house of Mr. Beauvais, the injured man. The condition of the latter shows no improvement.

A Grand Donation for a Grand Purpose.

It is announced that Mr. R. A. A. Jones of England has placed at the disposal of the Lord Bishop of Montreal the sum of $20,000 for the erection of a children's convalescent hospital in connection with the Church of England in this city, with an annual contribution of $1000 towards its support and the further provision of a suitable endowment on the decease of the donor.

Seeks Damages for Ejection.

A new development has taken place in the St. Gabriel Church between Cure O'Meara and Ald. Tansey and others of his parishioners. Thomas Walsh was ejected from the church meeting by a policeman on Father O'Meara's order, and Walsh has taken an action against the city for damages.

The inquest on the body of the man killed by the trolley in Amherst-street has been adjourned to establish his identity.

The city's share of the Street Railway's earnings for the first year of the new contract, which closed on Aug. 31, is $29,612.88. That is four per cent. on $740,322.37, the gross earnings submitted in sworn statements by Mr. Lanier, the company's secretary, to the City Clerk this morning.

THE LEGAL ELECTIONS.

Initial Meeting of the Osgoode Literary Society—The Candidates For the Various Offices Nominated.

The first meeting of the society for 1893-4 was held Saturday night, with R. A. Grant, the president, in the chair. The nomination of officers was the only business brought before the meeting, which was very small, having been poorly advertised among the students. The nominations for the various offices are: President, R. O. McCulloch, E. E. A. Du Vernet, R. A. Grant, C. D. Scott, H. L. Dunn; first vice-president, Clara Brett Martin, G. F. T. Arnoldi, J. T. Scott; second vice-president, H. L. Watt; secretary, G. R. Geary; secretary of committees, F. Ford; treasurer, R. A. L. Defries, J. Ashworth; committee
