NOTES AND NEWS.

GENERAL.

Precocious boy maunching the fruit of the date tree: "Mamma, if I eat dates enough will I grow up to be an almanac?"

It is noted that all great humorists are sober and sedate, with a melancholy cast of countenance. It is rather serious business to be funny.

Some ingenious observer has discovered that there is a remarkable resemblance between a baby and wheat, since it is cradled, then thrashed, and finally becomes the flower of the family.

It was discovered that a deaf man carried off the honors at a spelling match. Sympathizing with his infirmity, the announciator had given the champion the words to be spelled on a slip of paper. After the exposure by a man who was all ears, the success of the deaf man was not so pronounced.

It is said that a man by the name of Kelly has been in the jail of County Roscomman, Ireland, since June, 1853, and nobody knows what he is there for. As his keeping costs the county about $250 a year, the authorities begin to take an interest in him. There is a tradition that he is in for contempt of court and payment of costs.

The street railway in Hamilton, Ont., is turning out to be an excellent investment to the stockholders, the company, in order to accommodate the travelling public, having been obliged to lay double tracks on streets where one was thought to be sufficient to meet all requirements. It has evidently suffered less from mismanagement that the one in St. John.

A writer in the *Agricultural Gazette*, London, suggests a plan for scaring rooks from a corn-field, which would probably be equally effective in the case of crows. It is to cut a piece of sackcloth into the shape of the bird, with its wings outspread, and cover it with tar. This is laid on the field and intimates to these wary and thoughtful creatures that "some forlorn and shipwrecked brother" has come to grief in a dangerous spot, which it will be well for them to avoid.

Eighteen clerks of a few months standing have been appointed to permanent offices in the Post Office Department at Ottawa, at salaries of $500 each, and one at $800 per annum, making a total extra expense to the country of $9,000 per annum for this one branch of the public service. The mere appointment of these eighteen extras to permanencies affects other clerks in the Department, who have struggled on from $300 at an increase of $50 per annum for four years, and after close application to their duties they find themselves placed on a par with the "Macs" from Glengarry and its neighborhood, whose temporary services have been rewarded during their engagement with an addition of two dollars *per diem*.

UNITED STATES.

Ever since we have heard of that Maine editor named T. Pot, we have been filled with anxiety to know if a trifle would make him boil over.

The policemen of the period is enjoying himself all over the country. The Chicago Commissioners have just had two on trial, one for arresting a citizen who "addressed him in an ungentlemanly manner," and another for clubbing a woman whose offences were being old and insane. In New York the Police Commissioners have not yet reached the latest case of police cruelty, the policeman being in the Tombs on the charge of beating his victim to death.

A caveat for a novel invention has been filed at the Patent Office at Washington. It is for a new motive power, which is to be a sort of cold steam, generated from water and air. The inventors claim it will supersede coal and wood for all purposes except for warmth and cooking, and that it will revolutionize the present system of motive power. The scientific experts who have examined it state that the invention is entirely practicable and will be patented.

The numbers of *Littell's Living Age* for May 1st and 8th contain William Hazlitt; the Abode of Snow; Secret Papers of the French Empire; The Funeral of a Son of Heaven; Garibaldi and the Tiber; Milton; The Cost of Living; Dead Dutch Cities; Vicissitudes of Ritual; A Spanish Passion Play; Arctic Vegetation; The Russian Revolution of 1762; With instalments of "Alice Lorraine," and "Three Feathers," and the usual choice poetry and miscellany. A new volume began April 1st.

The Westminster Review for April, 1875, has been received from the Leonard Scott Publishing Co., No. 41 Barclay street, N. Y. Contents as follows: The African Slave Trade; Pliny's Letters; The "Natural" Philosophy of History; Our Position in India; Recent Political Memoirs; Savage Life: the Western Tribes of North America; Merchant Shipping Legislation; Contemporary Literature. "Pliny's Letters" is another volume of the translations of the Ancient Classics, which the Messrs. Blackwood are publishing for the benefit of the unlearned. They were written at a time when the Greek language was becoming very fashionable in Rome, when elegance of style was the aim of writers, and pedantry reigned supreme. Some of the customs of the city, and of country life at the period, are described; also, there is an account of the opinions concerning the Christians of those early days, and the state of religious opinion. "Our Position in India" seems to be unsatisfactory. The questions discussed are the re-organization of the native army, the treatment of the native feudatory states, the systems of taxation, of railway and irrigation, education, and the claims of the natives of India to a full share in the administration of their country. "Savage Life" is a review of Bancroft's "Native Races of the Pacific States of North America," which consists of a series of pictures of savage life among all the tribes living on the Western seaboard, between the Arctic Ocean and the Carribean Sea. It describes the food, fashions, manners, and customs of all these people, some of which are very amusing. "Merchants' Shipping Legislation" advocates Government inspection and compulsory registration. A large space is devoted to the notices of Contemporary Literature, in which are comprised all the best recent works on Theology, Philosophy, Politics, Sociology, Voyages, etc., etc.

THE GREATEST DISCOVERY OF THIS GOLDEN AGE!

50,000 PRESENTS TO BE GIVEN AWAY

EVERY PURCHASER GETS A PREMIUM!

NO BLANKS! NO BLANKS

Premiums will be distributed to our patrons in a manner similar to that adopted by the *Christian Union, Aldine*, and many other respectable newspapers throughout the United States and British Provinces.

One Half our Entire Gross Receipts will Positively be Given Away

Every purchaser becomes a Stockholder and Agent. The larger the sale the greater the Dividends. A full and complete distribution of the subjoined Premiums guaranteed.

Dr. O. PRESTON SWEET, General Manager.

The Award of Premiums will be superintended and under the control of a committee of gentlemen, residents of St. John, well known for their uprightness and sagacity, and who will have exclusive charge of Books, Registers, &c. of the Company, containing entries of numbered, classified and registered Debentures, Bonds, Coupons, etc., etc. that have been issued. Upon the 15th of September the outstanding Bonds will be called in and cashed. Cash Drafts will be drawn on our Financial Agents in payment of all premiums included in Class A. (Side Schedule.)

All merchandise and other property must be taken away as soon as awarded, as we shall not hold ourselves responsible for it after delivery. Holders of Bonds should, if possible, present their Coupons for payment in person. Having briefly explained

HOW WE DO IT,

we will proceed to state

WHY WE DO IT.

In the first place we know that we have a good article, and we also know that the public will be pleased with it when they try it. Secondly—by the plan we herewith submit, the public are put in possession of the article at once; and from four to ten years saved to both consumer and proprietor. Thirdly—thousands of dollars that would be required in advertising the remedy, saved, and vast quantities of stock lying dead on the paralyzed hands of energetic (?) druggists in active use. Fourthly—quick returns will enable us to furnish a better article, and more of it, for the same price. Knowing that it will form one of the necessaries of life, and that it will answer the purposes for which it is intended, we are satisfied that it will advertise itself wherever and whenever used.

Grand Schedule of Golden Premiums!

It will appear evident to our patrons that general satisfaction must prevail in the distribution of our premiums, otherwise our remedy would hereafter meet with little or no favor. And, although it is said to be impossible to suit everybody, yet our plans are so thoroughly matured, that we feel justified in announcing it to be the most interesting and satisfactory enterprise ever submitted to the public.

A WORD IN CONCLUSION.—The retail price of the French Medicated Pastilles is One Dollar a Box. It will thus be seen that we give our patrons their money's worth, whether they draw a large or small prize. YOU RUN NO RISK WHATEVER! and we are enabled to meet our engagements by the enormous sale of our remedy.

Agencies will be established at all the Drug Stores throughout the Provinces of Ontario, Quebec, New Brunswick, Nova Scotia, Prince Edward Island, State of Maine, New Hampshire and Massachusetts. The sale will be limited to Fifty Thousand Boxes. The Bonds are placed in the boxes by persons who have no knowledge whatever of their value. The Book of Registered Numbers, when completed, will be deposited with our Bankers. Not a box will be sold till the first day of May.
