RETURNED MEN THINK THEY SHOULD BE FREE OF THEATRE WAR TAX

Get Little Satisfaction From Writing to Secretary of Treasury.

The alleged discrimination against returned men in the question of paying the war tax when entering theatres has been called to the attention of J. T. White, solicitor to the treasury, by R. R. Whitehead, a returned man. Soldiers in khaki only are exempt from paying the war tax on theatre tickets under the present regulations. All returned men who have been discharged and are in civilian clothes are compelled to pay the extra tax.

Replying to the letter of Mr. Whitehead, Mr. White says this is a matter for the Legislature to take up. He also intimates that while the men in khaki are exempted it is only temporary, whereas if the returned men were to be included it would be a permanent arrangement.

The returned men are not at all pleased with the reply. They think they are entitled to as much consideration as the men who have not yet gone over, and some of whom will never go overseas. That the question will not be allowed to drop, the veterans intimate, but what action will be taken has not been definitely stated.

CADET CHARLIE SUMNER IS ILL IN ENGLAND

C. R. Sumner of 3 Prospect avenue has received word from the director of records that his son, Cadet Charles Sumner, is seriously ill at the Royal Herbert Hospital, Woolwich, England. No particulars are given in the cable as to what his sickness is. Mr. Sumner has cabled directly to his son to ascertain the trouble, but has received no reply as yet. Cadet Charlie Sumner had just finished his aviation course and has been taking a special course in bombing. He has been overseas about three years.

PATRICIA

Kitty Gordon at the Patricia, Today, Tuesday and Wednesday.

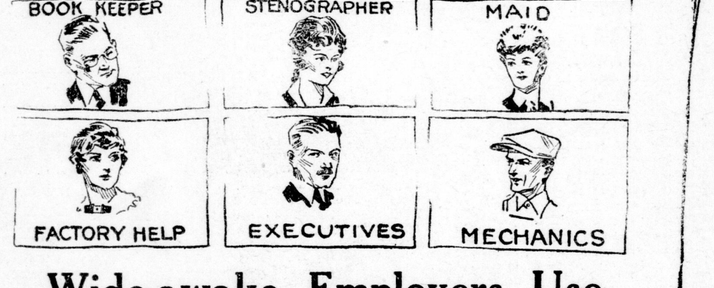
Kitty Gordon, supported by Frank Mayo and Muriel Ostrich, will be the special screen feature at the Patricia today, Tuesday and Wednesday, in her latest photoplay, entitled "Tinsel," a story of modern society life that will interest and please the majority of screen fans. It offers opportunities for Miss Gordon to display all those charming qualities which placed her in the front rank with the greatest stars of the stage. Eddie Gerard and Company will furnish an entertaining vaudeville review entitled "From the Alley to Broadway." Mutt and Jeff in "The Balkans," and a James Montgomery Flagg comedy entitled "The Art Bug," will complete the program.

At the Patricia Theatre next Thursday, Friday and Saturday.

At the Majestic Theatre today, Tuesday and Wednesday, the beautiful Norma Talmadge in the intensely emotional drama, "Panthea."

"Kicking the Germ Out of Germany" at the Majestic.

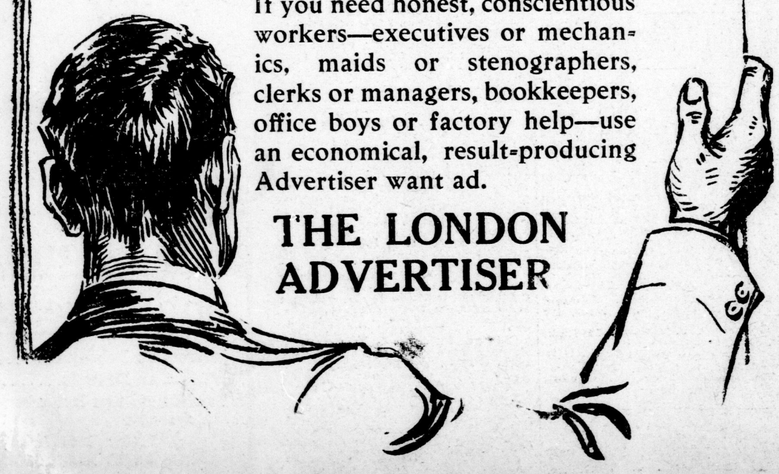
Special comedy attraction at the Majestic today, Tuesday and Wednesday, the popular Harold Lloyd, in one of his latest and best Lonesome Luks comedies, "Kicking the Germ Out of Germany."



Wide-awake Employers Use ADVERTISER WANT ADS

The alive, alert, progressive business man who uses the quickest and most efficient methods, seeks his help through The Advertiser columns. It is the greatest employment medium in the community. Preferred workers in all walks of life constantly scan the classified section in search of opportunity.

If you need honest, conscientious workers—executives or mechanics, maids or stenographers, clerks or managers, bookkeepers, office boys or factory help—use an economical, result-producing Advertiser want ad.



THE LONDON ADVERTISER

WILL LONDONERS TAKE UP COMPANY FARMING PROJECT?

The forthcoming issue of the Ontario Public Service Bulletin contains a report on company farming projects under successful operation in various cities throughout Ontario. The report states that these cities have been very successful with this undertaking. All companies are planning to increase their quantity of land for the coming year and even greater success is being planned.

Is it not possible for groups of people in this city to undertake some form of company farming, the bulletin asks.

Reports received from all parts of the province show that the appeals for an increased food production have met with a splendid response this year. Besides better and larger and more backyard gardens, there has been a great increase in community gardening. More groups of people in offices, stores, banks, clubs, factories, lodges, schools, colleges, churches, Sunday schools have co-operated this year than last. Much is being done, too, in pork, poultry and rabbit production.

It is to be hoped it may be continued, increased and improved. Such work yields large returns in the spirit of team play, as well as in needed foodstuffs.

Letters are being distributed by the organization of resources committee to all its branches and to the mayors of different towns and cities, the reeves of villages and others, and all are being asked to help with this scheme. These letters are also being received in this city, and it is reported that the authorities may soon take action toward the starting of one or more of these companies locally. If this scheme is started it is hoped that the citizens will take an active part in the good work and do all in their power to make the scheme successful.

ALERT MOTORMAN AVOIDS ACCIDENT

Trying to the left to pass a standing Oxford street car at the corner of Richmond and Oxford streets Saturday evening, a lady cyclist, who was wheeling south, would have been seriously injured and possibly killed but for the prompt action of Motorman Charles Tuke of a northbound North Belt car, who reversed his car and stopped it as the tender struck the front wheel of the bicycle.

The Oxford car started as the cyclist had nearly passed it. The North Belt was too close to permit her to cross to the east side of the street or to slow up to let the Oxford pass. Jumping off the wheel, she was directly in the path of the northbound car. Eyewitnesses of the near-fatality expressed high opinions of the motorman for the prompt manner in which he brought the car to a stop. The extreme foolishness of attempting to pass a car going in the same direction by turning to the left was also commented upon by the passengers of the cars.

MILITARY NOTES

APPOINTED TO W. O. R.

Lieut. Francis N. Murphy, M. C., late 1st Battalion, C. E. F., has been appointed a lieutenant in the Western Ontario Regiment, according to today's district orders.

ERRORS IN AGE.

The following instructions have been received from Ottawa at military headquarters here regarding alleged errors in age stated in claims for exemption:

"The age stated in any claim for exemption made by or on behalf of any man or in any other document signed by the man shall be conclusive evidence as against him of his age and year of birth."

2. It is pointed out that the order-in-council refers to men coming within Class I. as originally defined in the military service act, 1917. Accordingly, where proof is adduced that the man concerned was not, on the 13th of October, 1917, 20 years of age, the aforementioned order-in-council does not apply, and he should be struck off the strength as erroneously ordered to report, the registrar being informed of the action taken and the reason therefor.

Proof of age by the production of an official certificate should ordinarily be insisted upon, but where it appears that an official certificate cannot be obtained, officers commanding should accept other evidence, such, as, e. g., an entry in a family Bible or statutory declaration by the father or mother. Evidence of this kind may also be accepted if the officer commanding is convinced of its correctness.

3. Where, in the case of a man coming within Class I., as called out by the proclamation of the 13th of October, 1917, different ages have been given on two or more documents filed with the registrar before the date of order-in-council April 20, 1918), the case should be dealt with by the registrar. Accordingly, if any such case is brought up after the man has reported for duty, the matter will be referred to the registrar and will be dealt with as directed by him.

COURT OF INQUIRY.

A court of inquiry, with Capt. E. Irvine, No. 1 District Depot, as president, will assemble at his call for the purpose of inquiring into and reporting upon the circumstances surrounding the death of Pte. Frank Chapman, Western Ontario Regiment, who died in the Wolseley Barracks Hospital of pneumonia on Wednesday.

WAR SERVICE BADGES

The 40th list of war service badges, as sent out from military headquarters here, is as follows:

COL. C. E. H. FISHER COMPLETES FIFTY YEARS IN SERVICE

Congratulations have been showered upon Col. C. E. H. Fisher upon the completion of his fiftieth year with the postoffice department. Col. Fisher is postoffice inspector of the London district, having creditably filled the position since 1881.

His first Government situation was held in Sarnia, where he worked with his father, the late Dr. Fisher. Several other important offices were filled before he accepted the position in this city. His many friends from Toronto and other cities in unison with the hosts in this city are expressing the wish that Col. Fisher may continue to enjoy his usual good health for many years yet.

Three of his sons are overseas, all of them having seen duty in France. Major Fred Fisher and Capt. Rivington Fisher are still in France. Major S. M. Fisher, after serving more than three years at the front, is now stationed at the Ontario military hospital in England.

TWO WOMEN CASUALTIES AT PORT

PORT STANLEY, Aug. 11.—Two rather serious accidents occurred here Saturday afternoon. Mrs. M. Russell of London while swimming went down, but was pulled out in an unconscious condition, and taken away on a stretcher. She regained consciousness later.

Mrs. T. Hudson, 585 Queen's avenue, London, fell while racing and sustained a slight concussion of the brain, it is thought.

MEDICAL BOARD WORKING AT CLINTON

CLINTON, Aug. 11.—A London military medical board, consisting of T. J. McNally, D. C. MacFarlane, J. T. Munroe and E. L. McInnes, are conducting a three-day medical examination of class C, D and E men in the council chamber here.

Quite a large number of men are being examined from various parts of this district, and a considerable percentage of these men have been raised to class A.

Recently this district had its first rain for six weeks, and was very much appreciated.

Harvesting of wheat, barley and oats is now quite general, with prospects good both as to quality and quantity.

PASS JUNIOR MATRIC.

The following list contains the names under counties of the candidates who were successful in whole or in part of the pass junior matriculation. Middle school Normal entrance candidates who also were candidates for matriculation have been considered in the results.

In group I, under counties, are given the names of those candidates who have obtained complete matriculation by passing on the twelve required examination papers, which are as follows: English literature, English composition, British and Canadian history, ancient history, algebra, geometry, Latin authors, Latin composition, together with the four papers in any two of the following subjects: Experimental science (physics and chemistry), French (authors and composition), German (authors and composition), Greek (authors and composition).

In group II., under counties, are given the names of those candidates who have passed on at least nine of the papers required for complete matriculation, and have obtained the minimum required on the whole examination. They have, therefore, failed in not more than three papers. These papers are indicated in brackets, after the candidates names. Full particulars will be shown on their certificates. In order to complete their matriculation they must pass on all the papers indicated, at one examination, the standard for pass being forty per cent of the marks assigned to each paper.

In group III., under counties, are given the names of those candidates who have failed to obtain the minimum required on the whole examination, but who have obtained forty per cent on each of at least eight papers with an average of sixty per cent on the same. Such candidates have been awarded partial matriculation, and in order to complete their matriculation must obtain at one examination 40 per cent on each of the remaining papers, with an average of 60 per cent on the same. The papers required for complete art matriculation are indicated in brackets after the candidates' names. Candidates for matriculation into the faculty of applied science who have obtained pass standing on at least eight papers, with an average of 60 per cent on the same, are reported in this group. The honor standing of such candidates in mathematics will be found in the honor matriculation results.

The results of the examination in the cases of those candidates writing on fewer than eight papers are not reported in the lists given below. All such candidates must wait for the receipt of their statements of marks in order to ascertain the result of their examination.

Certificates and statements of the marks obtained by unsuccessful candidates are in course of preparation and will be mailed in due course to the principals. In the case of those candidates, who wrote at the University of Toronto, their statements will be sent to the registrar of that institution. Candidates will apply to those officials for their reports in detail.

All candidates who have failed in the June matriculation examination, in whole or in part, are eligible to become candidates at the supplemental matriculation examination, beginning on Monday, September 9. All such are informed that application forms, timetables and full information may be obtained from the secretary, University Matriculation Board, Parliament Buildings, and that applications are due by September 1.

In addition to those listed below, many candidates are qualifying for certificates under the farm employment regulation. All such passed local examinations at Easter and are now employed on farms. On the submission to the secretary of the matriculation board of satisfactory evidence of three months' continuous work on farms, the certificates to which they are entitled will be issued.

BARN DESTROYED IN LONDON TOWNSHIP

During the electrical storm last evening the barn and two sheds of Eugene Patrick, lot 19, concession 12, London Township, were hit by lightning and destroyed by fire.

Over 40 tons of hay were destroyed. By hard work 500 bushels of wheat which had just been threshed were saved. About 75 people responded to the call for help, and assisted in saving the wheat.

RAIN CUTS PROCEEDS OF BAND CONCERT

Thirty-nine accident cases were attended by No. 4 Nursing Division St. John Ambulance Association at Port Stanley during the past week.

Seven of these were ambulance cases and an equal number were brought to the nursing tent on stretchers. Two persons were taken from the swimming areas of Port Stan
