RECRUITS LEFT LAST NIGHT.

The recruits, ten in number, sworn in at Wolseley Barracks, left for Halifax last night on the G. T. R., in charge of Acting-Corporal Campbell. Thirty more recruits enlisted in the western province arrived at the barracks last night, and will undergo a physical examination today, and on being pronounced fit will be sent immediately to Halifax.

PRESBYTERY MEET AT ILDERTON.

The Presbytery of London met yesterday morning at Ilderton for the purpose of inducting Rev. Alexander McCraw, B. A., to the charges of Ilderton and the English Settlement. Rev. Dr. Johnston, moderator, presided, and after Rev. J. G. Stuart had spoken on "Ministry of Membership," duly inducted Mr. McCraw to his important charge. Rev. J. A. McGillivray spoke to the pastor, and Rev. Mr. Watson to the congregation. The pastor was introduced to his new flock by Rev. James Little, of Birr, with fitting ceremony. The church was crowded to the doors, and a mutual regard is said to have already sprung up between the minister and his flock. In the evening a reception was tendered at the pastor's home at Vanneck, where a delightful evening was spent. Addresses of welcome were given by Rev. Messrs. James Little, Frank Livingston, M. Hossie and Ed Morris.

DEATH OF WM. HARRISON.

The death of William Harrison this morning at his home, 136 Carling street, after a lengthened illness, causes deep sorrow to his many friends. He was the second son of the late Thomas and Elinore Harrison, of London township, and leaves to mourn his loss two brothers and two sisters, Mr. S. Harrison, of Akron, Ohio; W. T., of the G. T. R. freight department, this city; Mrs. A. C. McGugan, Big Rapids, Mich., and Miss Alice W., stenographer, Western Fair Association. Interment will take place Friday afternoon at 2 o'clock at St. John's Cemetery, Arva.

A DOUBLE PRESENTATION.

The Chesley Enterprise says: Last Saturday evening the congregation of Holy Trinity Church, Chesley, and Grace Church, Sullivan, met at the rectory in Chesley and presented Rev. J. C. McCracken (who has received a call to the rectorship of Thorndale parish), with a handsome Morris chair, upholstered in royal purple, and Mrs. McCracken with a richly upholstered platform rocker. In addition to this they received a Cupid set, consisting of a pair of candlesticks and a mantel clock. The presentation was accompanied by a happily-worded address.

THE LIBRARY ESTIMATES.

At a meeting last night of the finance committee of the public library board, the estimated receipts and expenditures were fixed at $9,265. The half mill on the dollar of the city assessment will yield $8,680, and the balance will come from fines, rent, etc. The principal items of expenditure will be books, $1,500; interest and sinking fund, $2,150; furniture and repairs, $700; catalogues, $400; periodicals, $450; binding, $450; light and heat, $500. The contract for wiring and fixtures for the new addition to the library was awarded to the London Electric Company, at $178. Weldon & Co. were awarded the contract for binding.

FUNERAL OF MRS. NICHOLSON.

The remains of the late Mrs. Joseph Nicholson were interred yesterday in Mount Pleasant Cemetery. After a very brief service at the home on Piccadilly street, the cortege proceeded to Colborne Street Methodist Church, where an impressive service was conducted by the pastor, Rev. A. K. Birks, assisted by Revs. George Jackson, pastor of the Centennial Church, and Rev. J. McD. Kerr, of Toronto. Among those from outside the city who attended were Mr. and Mrs. R. L. Smith, sister and brother-in-law; Mr. Thomas Woodhouse, uncle; Mr. Geo. Nicholson, brother-in-law; Mrs. McMillan, sister-in-law; Misses Eva and Ada Greer, of Toronto, and Mrs. Purvis, sister-in-law, of Teeswater. Last evening Mr. Nicholson was presented with an affectionately-worded resolution of condolence from the Colborne Street Methodist Sunday school and Epworth League, of both of which he is an esteemed member.

FRESH AND STRONG.

Food That Sends One Along.

"I found a food at last that I could work on and that would keep me fresh and strong. I have been a school teacher for eleven years, and every year toward the last have felt more or less worn out, and have been bothered particularly with my stomach and serious constipation.

"Last year I used Grape-Nuts regularly at both morning and evening meals and the result was really wonderful. I have been entirely cured of the troubles spoken of, and don't know what it is to take a dose of physic any more. The old nervousness and sleeplessness have gone. No more do I lay awake nights until my brain is in a whirl. Now I sleep all night long like a healthy child.

"I was the only teacher out of fourteen, in our public school, who did not miss a day on account of sickness during the last session. I have been able to do more hard studying than ever before, and took up the teachers' state reading work, completed the course and passed a successful examination at the last institute.

"Grape-Nuts in my case has proved the truth of the assertion that it is a brain and nerve builder. I would especially recommend it for tired, overworked school teachers, or any other brain worker." Name given by Postum Company, Battle Creek, Mich.

It is far wiser to build up health and strength naturally with food than to crutch along on some kind of medicine and let the disease finally do its work.

It's what you do, not what you say you are going to do that counts.

SLEEPLESSNESS.—When the nerves are unstrung and the whole body given up to wretchedness, when the mind is filled with gloom and dismal forebodings, as a result of derangement of the digestive organs, sleeplessness comes to add to the distress. If only the subject could sleep, there would be oblivion for a while and temporary relief. Parmelee's Vegetable Pills will not only induce sleep, but will act so beneficially that the subject will wake refreshed and restored to happiness.

APPLICANTS ARE PLENTY

For Three Vacant Positions at Victoria Hospital.

Appointments Deferred — Estimates Adopted—Other Hospital Trust Business.

The board of hospital trustees held a regular meeting yesterday afternoon at Victoria Hospital, the session lasting over three hours. Over seventy-five applications for the positions of superintendent, steward and bookkeeper were opened, but the filling of the positions was left to another meeting. The estimates were submitted and discussed, and the amount to be asked of the city council was agreed upon. Other minor business filled out the session.

The members present were: Trustees Waterman (in the chair) Purdom and McLeod, Mayor Beck and Superintendent Balfour. Chairman McCormick was absent through illness.

THE ESTIMATES.

Superintendent Balfour submitted his schedule of estimated receipts and expenditures for 1902, together with the actual figures for 1901, upon which he based the amout fixed for similar purposes this year. They are as follows:

Receipts—	1901.	1902.
Government grant	$ 3,642 68	$ 3,600 00
Interest on debentures	402 21	400 00
County of Middlesex	2,858 40	3,000 00
Interest on stock and bank deposits	35 30	40 00
Paying patients	12,342 53	13,000 00
Totals	$19,281 22	$20,000 00
Expenditures—	1901.	1902.
Butchers' meat	$ 2,837 54	$ 2,900 00
Butter	1,238 45	1,300 00
Milk	1,296 99	1,350 00
Flour, bread and meal	729 22	775 00
Tea and coffee	756 95	800 00
Potatoes and other vegetables	259 50	300 00
General groceries	3,138 54	3,200 00
Drugs and medicines	2,385 26	2,500 00
Beer and liquors	277 88	300 00
Cleaning appliances	373 89	400 00
Fuel	3,846 31	3,500 00
Light	898 66	1,200 00
Water supply	450 00	50 00
Clothing for patients	5 50	20 00
Ice supply	124 66	130 00
Salaries	8,290 58	8,400 00
Printing, advertising and stationery	145 65	150 00
Insurance	433 25	100 00
Repairs, ordinary	929 35	900 00
House furnishing	1,688 01	1,700 00
Medical and surgical appliances	448 07	500 00
Engine supplies	84 31	.....
Contingencies	1,778 29	1,500 00
Totals	$32,424 86	$31,975 00

The estimates were adopted without amendation. It was decided to ask the city council for $12,000 for maintenance account, and $6,000 for extraordinary expenditure. Of the latter $3,000 would be for the completion and furnishing of the top floor of the hospital, while the balance will be required to cover the overdraft of nearly $3,000 last year, made necessary by the board not getting $5,000, which was to have been raised by debentures, but which the city council refused to give the board. Last year the board asked for $16,000 for maintenance, and was given that sum.

THE APPLICATIONS.

Over two hours were taken up with the opening of the applications of those ready and anxious to assist in the running of the hospital in either one of the positions of superintendent, steward, or bookkeeper, while more than one application signified a willingness to take any one of the three. The applications were merely opened, no action being taken in the matter. There were 37 applications for the position of superintendent, 15 for that of steward, and 27 for bookkeeper.

WOULD-BE NURSES.

Applications for appointment on the nursing staff were received from Emma Paul, Lindsay; Marion Woodhouse, Stratford; Lizzie Thom, London; Janet H. Wilkie, Perche; Jessie Brown, Perche; Jennie Calvert, Bonner; Ina B. Hodgins, London; Eliza W. Baker, London; Eva M. Hunt, London; Lizzie Knowles, Hamilton; Ada Anderson, London.

OTHER BUSINESS.

Superintendent Balfour's fortnightly report showed that since Feb. 7, 28 females and 38 males had been admitted and 24 females and 28 males discharged. There was one death. At present there are under treatment 45 males, 58 females and 11 children under 12 years of age, a total of 114.

The offer of the principal of the School of Domestic Science to give a course of lessons in cooking to the third year class of nurses at a cost of $30, was accepted.

A broiler, to cost $24, was ordered from Wm. Stevely & Son, tenders for the supplying of enameled trays were laid over.

Tenders for the erection of steam tables at the hospital were received from Gurney Oxford Stove Company, McClary Manufacturing Company, J. C. Park and John Maker, all of London. The matter was laid over.

Inspector Robb, of the Boiler Inspection Company, reported that having inspected the boilers he found them tight, sound and in good order.

MANY DELEGATES WERE PRESENT

At the Regular Meeting of the Trades and Labor Council.

A regular meeting of the Trades and Labor Council was held last night, with President Burleigh in the chair. A very large number of delegates was present.

The information regarding the alien labor law, which the secretary, at the previous meeting, was instructed to obtain from the department of labor, was received.

The members of the new Label League, which has recently been formed, intend booming the different labels of the various unions in the near future.

The cigarmakers' blue label committee intend holding a grand ball and assembly on March 31.

The council passed a resolution asking merchants and others who are in possession of a labor directory, recently published by a non-union firm, to destroy them, as they were not published in connection with the trade unions, and furthermore, are not correct, and do not bear the Typographical Union label.

ONLY A SUGGESTION,

But It Has Proven of Interest and Value to Thousands.

Common sense would suggest that if one wishes to become fleshy and plump it can only result from the food we eat and digest, and that food should be albuminous or flesh-forming food, like eggs, beefsteak and cereals; in other words, the kinds of food that make flesh are the foods which form the greater part of our daily bills of fare.

But the trouble is that while we eat enough and generally too much, the stomach, from abuse and overwork, does not properly digest and assimilate it, which is the reason so many people remain thin and under weight; the digestive organs do not completely digest the flesh-forming beefsteak and eggs and similar wholesome food.

There are thousands of such who are really confirmed dyspeptics, although they may have no particular pain or inconvenience from their stomachs.

If such persons would lay their prejudices aside and make a regular practice of taking, after each meal, one or two of Stuart's Dyspepsia Tablets, the food would be quickly and thoroughly digested, because these tablets contain the natural peptones and diastase which every weak stomach lacks, and by supplying this want the stomach is soon enabled to regain its natural tone and vigor.

Stuart's Dyspepsia Tablets digest every form of flesh-forming food, meat, eggs, bread and potatoes, and this is the reason they so quickly build up, strengthen and invigorate thin, dyspeptic men, women and children.

Invalids and children, even the most delicate, use them with marked benefit as they contain no strong, irritating drugs, no cathartic nor any harmful ingredient.

Stuart's Dyspepsia Tablets is the most successful and most widely known of any remedy for stomach troubles, because it is the most reasonable and scientific of modern medicines.

Stuart's Dyspepsia Tablets are sold by every druggist in the United States and Canada, as well as in Great Britain, at 50 cents for complete treatment.

Nothing further is required to cure any stomach trouble or to make thin, nervous, dyspeptic people strong, plump and well.

Over £2,000 changed hands in betting upon a game of ping-pong in London recently.

Health in the British Army.

Trodinnick, England.

Gentlemen:—

As a preventative against sore feet there is nothing to equal Kelpion. The many foot powders we had were absolutely useless. I was never troubled myself with sore feet, owing to taking the precaution to rub them with a little Kelpion over night. Many men of my company have asked me at times what's good for a sore heel? I have always advised them to use their Kelpion, and after doing so would come and express their surprise to me. I think it is a great pity it was not known among the regular troops, for while I was detached from the regiment I saw some very bad cases of sore throats and feet, and had they had in their possession a pot of Kelpion there would have been no need for so many of them to report themselves sick.

(Signed) G. C. TUNBRIDGE,
