NON-UNIONISTS WILL QUIT CHURCH

Such Is Avowed Intention Brought Out at Assembly If Union Idea Is Ever Consummated

WARM DEBATE ON HOME MISSIONS

Hamilton, Ont., June 10.—The Presbyterian General Assembly rested yesterday morning after its labors on church union, but it resumed its wonted energy in the afternoon and evening. The first item of importance in the day's business was the notice given by the non-Unionists of their dissent to the church union vote, which means" according to Sir Thomas Taylor, the legal advisor, that they will withdraw from the church if the idea of union is ever consummated.

The status of the minister evangelist was the subject of a short discussion. The question of whether he should be permitted to administer the sacraments of the church brought out a difference of opinion. Some thought that the privilege should be allowed, but others were of the opinion that such a license should be granted only where it was absolutely necessary by reason of the fact that there was no fully ordained minister within a reasonable distance.

Bad Treatment

Rev. H. Chisholm said the bad treatment missionaries had received had been responsible for good Canadians leaving the Church and a number of incompetent men from the Old Country being admitted to the missionary fields.

Rev. Dr. Dewey, of Montreal, said such conditions were shocking, and he was sure the Home Mission Committee was unawate of them. He thought it was a shame that the Presbyterian Church should leave its missionaries in this fashion. Rev. Andrew Edington, Chatham, Ont., called the Home Mission's process of letting missionaries a notorious and humiliating thing. Rev. Dr. MacKay, Vancouver, told of a young missionary who, in addition to his ministerial work had to drive a stage in order to make a living. At this point a motion was put to enforce the Assembly to right the wrongs of the missionaries at once, and this called up Rev. Dr. Bryce, of Winnipeg, who, in opposing it, asked where the funds were coming from to do it.

Rev. Dr. Short, winding up the discussion, held the Missions Board alone to blame. The Presbyterians should not be censured for not being willing to support men of whom they had no voice. He accused the Church of getting men under false pretences. In the end the motion to make it compulsory on the Home Mission Board to remedy the conditions at once was withdrawn.

During the morning formal dissent to Church Union was entered by the following: Rev. Dr. Sedgewick, Principal MacKay, Rev. Dr. Campbell, Rev. T. W. Taylor, Rev. J. R. Reid, Rev. A. P. Drummond, Rev. J. A. Lawson, A. S. McGregor, Rev. McCoy, Rev. J. O. Rolston, Rev. A. T. McIntosh, Rev. Thos. Irving, Rev. A. Forbes, Rev. T. W. Pritchard, Rev. J. W. MacNamara, R. J. Douglas, G. M. MacDonell, T. W. S. Smellie, W. Lowery, and Sir Thos. Taylor.

ALBERTA MORALS

Methodist Conference Proposes to Work for Temperance and Other Reforms

Edmonton, June 10.—The report of the temperance and moral reform committee adopted by the Alberta Methodist conference recites that considering prohibition is the only solution of the liquor traffic, the church will conduct a strenuous campaign and do its utmost to elect temperance men to the next legislature. A request will be made to the government for a local option law and the abolition of intoxicants at clubs. An effort will be made to prohibit license holders sitting in municipal councils or the legislature, and a deputation will wait on the government asking that the present license boundaries be not extended.

The report also speaks of lawlessness and immorality prevailing in northern Alberta, and the attorney general will be requested for a law which will more satisfactorily cope with such conditions. A course in morals and good citizenship is recommended for public and high schools.

The conference placed itself on record as unalterably opposed to Indian exhibitions at western fairs. An effort will be made to get federal legislation preventing the sale of cigarettes to all under 21.

TO COMPLETE SURVEY THIS YEAR

Texada Island Will Be Known in Full When Mr. McConnell Is Done Work

Vancouver, June 10.—This summer will see the completion of the geological examination of Texada Island. The work will be resumed this week by R. G. McConnell, a veteran member of the Dominion geological survey, who arrived from Ottawa yesterday. Mr. McConnell will be engaged in the southern portion of the island. In an earlier report he dealt exhaustively with the vast iron deposits on the northwestern side of the island. Mr. McConnell will work in conjunction with Mr. McLaren, who is engaged in the preparation of topographical data to be incorporated in the illustrated map sheets.

Successful Wireless.

Toulon, June 10.—The trials of the wireless telephone service between the cruiser Conde and land stations have shown satisfactory progress. The cruiser, although equipped with shorter poles than at the time of previous experiments was able to communicate yesterday at a distance of more than a hundred miles. A few days ago conversation was carried on by the wireless system at a distance of sixty miles.

NEW YORK COMPANIES TO GO TO ORIENT

J. P. Morgan & Co., and Other Firms to Send an Agent to China

Special to The Evening Post.

New York, June 10.—To investigate what opportunities are open to American finance in developing China, several prominent financial houses and banking institutions of the United States will shortly send an agent to the Orient.

An announcement was made here yesterday of the formation of a group of such houses for the purpose indicated. Included in the group are the firms of J. P. Morgan & Co. and Kuhn Loeb & Co., the the First National Bank and the National City Bank of this city.

MISS WYNNE TO LIEUTENANT FRENCH

Daughter of American Consul-General in London Will Wed Army Officer

London, June 10.—Ida M. Wynne, second daughter of Robert J. Wynne, the American Consul-General in London, will be married about the middle of June to Hugh Ronald French, a first lieutenant in the 7th (Princess Royal's) Dragoon Guards, one of the crack regiments of the British army. The date of the wedding is being advanced owing to the approaching return to America of Mr. Wynne and his family.

A DISASTROUS FIRE IN QUEBEC CITY

Gains Headway and Does $100,000 Damage Before It Is Extinguished—Factories and Houses Burned

Quebec, June 10.—A fire which broke out at noon yesterday before it was extinguished had done damage estimated at $100,000. The buildings burned included the lumber mills of Beland and Gignac; the Parisian Corset Factory and about twenty-five houses, all located in the heart of St. Roc's ward. The fire started in the lumber mill and gained great headway, though the employees endeavored to get it under control without summoning the fire brigade. When the latter was finally called, the flames had got a great start on the place and were rapidly spreading to surrounding property. Only the plentiful water supply and assistance rendered by a detachment of men from the R. G. C. A. from the citadel enabled the firemen to control it, when they did. On Prince Edward street the heat was so great that the rails of the C. P. R. track were expanded and the train due to leave at 1.30 was delayed for several hours. The damage is only partially covered by insurance.

CARMANAH COMPANY INSTALS COAL DRILL

Will Bore for Black Wealth and Test Coal-Bearing Rock

Alberni, June 10.—The Carmanah Coal company has just ordered a diamond drill at a cost of $20,000. This is a large machine capable of boring to a depth of 2,500 feet and will be able to thoroughly test the sedimentary coal-bearing rock of the Carmanah district. This lies opposite Cape Flattery and is believed to be a continuation of the Nanaimo veins which were faulted by volcanic action when the backbone of the island was thrown up. The same outcroppings appear on the Cape Flattery side in Washington.

SUNDAY IN NEW YORK

Sabbath Association Takes Exception to Decisions of Judges and Magistrates

New York, June 10.—Resolutions criticizing rulings by judges and magistrates declared to be contrary to the spirit of the laws regulating Sabbath observance, were made public yesterday by the legislative committee of the New York State Sabbath Association, following their adoption by that committee. The decisions of one or more of our higher court judges and certain of our city magistrates are called into question by the resolutions, which urge that all churches, young mens' Christian associations, and other religious bodies will refrain from inviting to speak from their platforms any judge or magistrate who has publicly held up to ridicule the self-sacrificing advocates of law enforcement and maintenance of the Christian Sabbath or rest day, and further hope is expressed that when such men seek political preferment more honorable and worthy men may be chosen. The association also urges that enforcement of the Sunday laws be demanded of the public officials responsible for such enforcement.

MAURETANIA'S RECORD

Fast Liner Makes Run of 673 Miles in Single Day Bound West

New York, June 10.—The world's record for a day's run by a transatlantic liner has been moved a couple of miles by the Mauretania, and now stands at 673 nautical miles for the day. The Mauretania left Queenstown for New York on June 6th. A wireless message from the steamer by way of Cape Race received by her agents yesterday stated that she covered the 673 miles during the day ending at noon on Monday, June 7th. The best previous run of 671 was made by the Mauretania on February 15th last.

Killed in Runaway.

Delhi, Ont., June 10.—John Ferguson of this place was killed Tuesday by his horse running away. He was an insurance agent. He leaves a widow and three sons at home and a daughter, Mrs. E. G. Cole, of Cochrane, Alberta.

Death of Show Dwarf.

Albany, N. Y., June 10.—Col. Collins Young, of Elmside, Quebec, a dwarf who has been exhibiting at a local amusement park, was found dead in bed yesterday. He is believed to have died from natural causes.

HER LAST SLEEP IN A HOTEL CHAIR

Old Gray-Haired Lady Was Very Weary — Crept to Chair and Awoke in World to Be

Vancouver, June 10.—About 6 o'clock Tuesday night an old, gray-haired lady wandered into the sitting room of the Queen's hotel, sank wearily into a chair, dropped her head forward and appeared to sleep. Many pitying glances were cast towards her. Although her clothes were clean and fitted her well, they were worn threadbare. People about the hotel were curious to know who she was, but she appeared to be sleeping so well that no one would want to disturb her rest. She slept on and on without disturbance.

Finally it was 9 o'clock, and the hotel people thought it was time she was awakened and sent to her home. No one recognized her, and on account of her old age it was thought that at that hour she should be in her own home and in care of relatives.

A lady patron of the hotel went to where she was sitting and attempted to rouse the aged form. Not till then was it known that the old lady was dead. It is believed that she dragged her tired body to the chair and when she sank down into it, life expired.

The police were notified, and Dr. McTavish, who was called, pronounced death. Later it was ascertained the old lady was a Mrs. Foster, aged about 80 years. She had been a character here for many years, and although old age was evidently the direct cause of her death, her drinking habits had much to do with it.

The remains were taken to the undertaking establishment of Harron & Co. Two daughters are said to be living in British Columbia, and they will be notified as soon as their address has been found.

IRISH IN REVOLT IN BRITISH COMMONS

Redmond Waves Signal in Course of Debate on Finance Bill

London, June 10.—John E. Redmond, the Nationalist leader, hoisted the signal of revolt in the course of the debate in the House of Commons yesterday afternoon on the second reading of the Finance Bill. He notified the Government bluntly that the Nationalist party would vote against the budget on the ground that it was grossly unfair to Ireland and constituted a breach of the Act of Union. Mr. Redmond's objection was to the proposed increase in the taxes on whiskey, which he characterized as a crushing impost on one of Erin's few remaining industries.

ENFORCING ROAD RULES IN VANCOUVER

Drivers of Autos and Teams Failing to Use Right Side of Street Pay Fines

Vancouver, June 10.—The city treasury yesterday morning was enriched by $45 collected in police court from drivers of autos and teams who did not keep the left side of the street. F. Allen and W. A. Caunst were charged with cutting the corner of Granville and Pender at an hour when traffic was greater than at any other portion of the day. The former was fined $15 and the latter only $. Allen's machine made the corner at high speed, but Caunst was on a low gear. G. Russell and E. Wilson were each fined $5 for driving teams on the wrong side; George D. George was fined $5 for driving a hack at night without lights. For speeding his auto in Stanley Park D. Geary was fined $10.

TWENTY THOUSAND DAMAGES FOR WRECK

New York Jury Makes Large Award to Injured Woman

Special to The Evening Post.

Poughkeepsie, N.Y., June 10.—Twenty thousand dollars, the largest verdict ever rendered by a Duchess County jury, was awarded in the Supreme Court here yesterday to Mrs. Amelia C. Mayer, of Fishkill, against Miran Karagheusian, a wealthy rug dealer of New York City. Attorney for the defendant moved to have the verdict set aside as excessive and a new trial granted, and Justice Tompkins has reserved decision. On September 26, 1908, Mrs. Mayer and her husband and little child were coming up the Post road below this city when Mr. Karagheusian's high-powered car collided with the smaller automobile, throwing Mrs. Mayer and her husband and child into the road. Mrs. Mayer alleges that she was severely injured and is now a physical wreck.

CIGAR CLERK UPON CRIMINAL CHARGE

Vancouver Man Facing Court on Heinous Accusation—Girl Wife Implicated

Vancouver, June 10.—That he forced his young bride of only a few months into a life of shame and lived off her earnings, was the serious charge which in Police Court yesterday morning was laid against Frank Lehrman, a cigar store clerk. Late last night detectives, on information furnished, went to the rooms of the Lehrmans in the Central rooming house on Pender street and arrested the two. Both were charged with vagrancy and taken to jail. Gordon Grant, their counsel, this morning requested that they be allowed out on a small bond, but this was strenuously opposed by Prosecutor Kennedy, who stated to the Court that the charge against the young man was the most heinous with which the Court would have to deal for a long time. Magistrate Williams set the amount of bail at $500 and two sureties of $250 in each case.

Crop Report Optimistic.

Winnipeg, June 10.—Wheat up 12 inches, oats six inches and barley five inches is the outstanding feature of the Canadian Pacific railway's crop report, issued yesterday. Conditions all along the line are most favorable, and the prospects are very bright. The report on the whole is very optimistic. The increase in all cereals over last year will be about one million acres.

SIX MORE UNDESIRABLES GO

Police Round Up Half Dozen More Touts and Ship Them Back to States

Six more undesirable characters must shake the dust of Victoria from off their feet today.

They were given the high sign by members of the local detective corps this morning and this afternoon will take the steamer for the nearest Sound port.

The police have their hands full but, thus far, they have been able to keep track of those light fingered gentry whose actions might interfere with the the pleasure of some of those attending the races at the Willows.

Every day almost sees some disappointed tout of savory reputation forced to buy a return ticket on outgoing vessels. In this way the sport has been kept remarkably clean, something that has been the subject of favorable comment on the part of visitors already on more than one occassion.

NARROW MINDS AT EXPOSITION

Anti-Cigarette Law in Washington State Will Prohibit Smoking on Fair Grounds

Seattle, June 10.—The new anti-cigarette law went into effect last night. It is the opinion of the attorney-general's office that any person who has them in his possession is subject to fine and imprisonment. The A. Y. P. Exposition police will enforce the law strictly. No one will be permitted to smoke a cigarette on the grounds.

ANTI-SALOON FOLK WERE BADLY BEATEN

Youngstown, Ohio and the County Defeated Prohibition Movement Yesterday by a Thumping Majority

Youngstown, Ohio, June 10.—The anti-saloon forces in Ohio suffered a bitter defeat yesterday when Youngstown, with 80,000 inhabitants and the remainder of Mahoning County, voted in a special election to retain the saloons, the vote in the eighty-four provinces and precincts was: wet, 11,232; dry, 9,263.

In the county where the machine was expected by the anti-saloon forces only 84 majority was secured. Only one ward in the city, the fourth, gave a dry majority. It went anti-saloon by 59 votes.

Ten thousand persons collected themselves in the public square last night and cheered bulletins showing the partial election returns. The principal streets were made unsafe by processions of autos running at a high speed and filled with yelling men. The entire police force of eighty men was kept on duty all night to prevent disorder.

NEW SCHEMES FOR REVENUE

Taft Has Plan to Tax Corporation Earnings As Alternative to Income Tax

Washington, June 10.—The senate was canvassed today to determine what would be the fate of a proposition to place a tax upon net earnings of corporations as a substitute for an income tax, and it was developed that there is an overwhelming sentiment in opposition to such plan. Practically all of those who opposed the income tax idea are against the corporation tax, and the supporters of the income tax refuse absolutely to be sidetracked from the principle for which they are contending.

After a conference at the White House yesterday between President Taft and Senator Aldrich, it was stated that the finance committee would consent to placing a two per cent tax upon the net earnings of corporations if the supporters of the income tax amendment would accept it and withdraw their proposition. This suggestion, it is declared, came from President Taft, and was designed to prevent a split in the Republic party over the income tax feature.

Mr. Aldrich communicated the plan to Senators Cummins and Borah, who are the leaders of the Progressive Republicans, who have favored the Cummins income tax amendment. These senators consulted with their colleagues, and as a result the plan was repudiated by them. Mr. Aldrich consulted with Republican leaders who are opposed to the income tax idea, and he had no better success with that faction than with the progressives.

WEEKLY STATEMENT OF BANK OF ENGLAND

London, June 10.—The weekly statement of the Bank of England shows the following changes: Total reserve increased £1,204,000; circulation decreased £187,000; bullion increased £1,016,167; other securities decreased £2,358,000; other deposits decreased £1,558,000; public deposits increased £402,000; notes reserve increased £1,183,000; Government securities unchanged. The proportion of the bank's reserve to liability this week is 48.70 per cent. Last week it was 45.61.

Rate of Discount.

London, June 10.—The rate of discount of the Bank of England remained unchanged today at 2½ per cent.

SELECTION OF NEW SCHOOL SITE TOPIC

Board of School Trustees Discuss New Site on East Side and Question of Raising Funds

The selection of a new school site in the east side of the city, and the question of procuring enough money to undertake necessary repairs, were the two principal matters discussed at last night's meeting of the Board of School Trustees.

In regard to the first mentioned, the conclusion was reached that, owing to the rapid growth of Victoria, it was imperative that some provision be made for a new building in the direction of Oak Bay. So a committee was appointed to investigate and report on two parcels of land which, it is thought, would be suitable.

The Building and Grounds Committee was commissioned to report on the work required in improvements. That will be considered at a special board meeting next Tuesday evening.

Progress During Term.

Superintendent E. B. Paul submitted a lengthy report on the work of the city schools during the term just ending. The work has been on the whole satisfactory, and the teachers, with a very few exceptions, have performed their duties conscientiously and efficiently. The subject of writing, being of vital importance to the pupils, has received special attention, and systematic and frequent formal lessons have been given in writing, and no careless or slovenly work was allowed. As a result the subject has been given the attention it requires.

Superintendent Paul commented upon the small number of pupils who are presented at the examination for entrance into the High school in comparison to the number of pupils who are attending school. An effort is being made to have the pupils in the two upper rooms of the larger schools prepared for the examination instead of in one room as hitherto. The coming examination will see the teachers of the second divisions of the Boys' Central school, and of the South Park school respectively sending up a few boys and arrangements having that end in view are being made in all the larger schools. The special teachers are doing splendid work, and the progress of the pupils is satisfactory. An educational exhibit of drawing, map drawing, and of the products of the manual training department, is being prepared for the forthcoming visit of the Dominion Educational Association, which will adequately demonstrate what the Victoria pupils are capable of.

Credit to Victoria

Referring to the results of the sessional examinations of the McGill University College, of Victoria, last April, Superintendent Paul says that the results are so honorable to the dean, Mr. Willis, and the faculty of that institution as well as to the undergraduates, that every citizen of this city should have a legitimate pride in them. On the experiment being made at the North Ward school in what is known as the "Batavia" system Superintendent Paul states in his report that Miss Sweet, who was engaged as an extra teacher to aid the regular teachers in bringing forward pupils, had done exceedingly good work and the result has shown that the work has passed the experimental stage here. To the principal and other teachers of the school, credit is also given for the success of the experiment here.

Tenders For Fuel

Tenders for the supply of 200 cords of wood for the use of the city schools were received from the following at the following prices: John Bros., $4.80; H. Jennings, $4.65; E. A. Wilson, $4.75; G. E. Painter, $5.50; Josiah Bull, $4.46; G. D. McMartin, $4; Burt Bros., $5; H. M. Shaw, $5.10. The contract will be awarded to G. D. McMartin as the lowest tenderer.

The resignation of Miss McKean as teacher of the domestic science was received with regret. Applications for the position will be called for at once, at a salary of $60 per month.

An increase in salary was granted to Miss Wheeler, teacher of typewriting, from $50 to $60 per month, the increase to take effect from the first of the present month.

A number of other routine matters were disposed of. Those present were Trustees Riddell, in the chair in the absence of Trustee Jay, Staneland, Christie, McNeill and McIntosh.

ANTI-SUNDAY SPORT PEOPLE VICTORIOUS

Nanaimo, B. C., June 10.—Premier McBride has replied to the deputation from Nanaimo that recently approached him praying to leave the Sunday games stopped.

The reply is to the effect that the executive has declared that should a request be made for leave to prosecute under the provision of the Lord's Day Act in regard to Sunday games at Nanaimo, said permission will be granted.

The anti-Sunday sport people hail the decision as a great victory. The Sunday sport people have made no move as yet.

BRITAIN INVITED

Participation in Naval Review at San Francisco Next October Is Probable

London, June 10.—A formal invitation from America to Great Britain to participate in the naval review to be held in San Francisco next October to celebrate the re-building of the city after the earthquake of April 1906, has been presented by Ambassador Reid. The question is one for consideration by the cabinet, and it will probably be several days before an answer is received.

There is, however, much likelihood of acceptance, as there is a movement in England at the present time in favor of showing the flag, particularly in the Pacific.

C. C. Moore of San Francisco, who is at present in London to arrange these matters, has formed a small committee of Californians to assist him. This committe will go to all the capitals of Europe and present similar invitations.

NO PRESAGE OF LOSS OF TRADE

Buffalo Grain Men Do Not Agree With Montrealers That Trade Is Being Diverted to Buffalo

SLUMP IN EXPORT IS GENERAL

Buffalo, N.Y., June 10.—Reports from Montreal that many steamships sailing from Montreal are carrying water ballast instead of the usual grain cargoes, are not taken by the Buffalo grain men to mean that the great bulk of the grain business over the Montreal route has been diverted to Buffalo, as stated in the press despatches sent out from the Canadian city. As a matter of fact, the grain receipts at Buffalo show a falling off of 2,500,000 bushels. The grain brought to Buffalo between the opening of navigation and this date last year amounted to 16,500,000 bushels. Reports today show that the grain receipts at Buffalo so far this season total only 13,000,000 bushels. Grain is moving very slowly, and if Montreal is feeling the effects of the sluggish movement, it is also true that Buffalo elevators are not flooded.

"It is probably true that the boats from Montreal are carrying water ballast," said George E. Pierce of the Monarch Elevator Company. "The Montreal business is in export grain and there is practically no export business at present. That applies to Buffalo as well as Montreal."

The rates through Buffalo are less than the rates of last year but on March, 1909, just after the reduction was announced, reductions also were made in the rate over the Montreal route. Last season the rate from Buffalo to New York including the Buffalo charges was 5 1-2 cents per bushel. This season the rate is 4 cents. Last season the canal rate was 5 cents, this year it is 3 1-4 cents.

ASSELIN OUT OF JAIL GETS OVATION

Man Who Served Time for Assaulting Taschereau Met by Band and Crowd of Friends

Montreal, June 10.—Oliver Asselin, released from the Quebec jail after serving a sentence of fifteen days for an assault committed on the Hon. Adelaird Taschereau in the legislative buildings, arrived in the city last evening. He was met at the station by a brass band and a crowd of 2,500 friends and escorted to his residence. Asselin made a fiery speech in which he attacked the administration of justice in the province of Quebec.

Reports Were Overdrawn.

St. John, N.B., June 10.—The probable the C. P. R. in Carlton County was indestruction of the village of Bath indicated in messages received here last night, but reports this morning are that the fire is under control and that the chief destruction was the burning of Tomplains Bros.' general store and Gilberson's hotel, entailing a loss of $12,000.

BLACK HAND GA TAKEN BY THE POLICE

Arrests Made in Ohio Cities pected to Lay Bare M Secrets of Robbers' Op tions

Cincinnati, O., June 10.—Opera in nearly every large city in the ed States and the ramifications o secret societies in Italy will be bare, it is expected, when the Hand gang which was rounded u Tuesday in Columbus and Ma Ohio, by postoffice inspectors of cinnati, are brought to trial. spector-in-Chief Holmes said yest that the evidence gathered by hi spectors and by detectives and police of several cities working in junction with the postoffice au ties was voluminous, and that could be no doubt that the crim blackmail, extortion and threa and consummated murder wou fastened upon the guilty men.

In addition to the arrest of Sicilians in Marion, Columbus Dennison on Tuesday, Joe Botell Sam Rizzo were taken into custo Marion last night. Those arr earlier in the day were Sam said to be the ringleader of the in the United States, and Joe in Marion, Antonie Marsisi in D son, and Tony Bicherio in Colu

The inspectors state they have dence showing that a room in rear of a little fruit store in M conducted by the Rizzos was headquarters of the society in country, and they found in a safe letters which throw light on successful attempts to extort from wealthy Italians in Ohio, York, Pennsylvania and other s

They show, the officers assert hundreds of Italian business men been paying tribute to the Hand to secure immunity from or torture at the hands of me of the society. The names of active members of the Black together with the names of hun of their victims, are in the poss of the officers. The New York officials, who are carrying on th tective work started by Joseph rosino, who was killed in Sicily, been working on the theory that is no extensive Black Hand orga tion, but that the operations been conducted by individuals i ferent cities, who have no conne with each other. The work o Cincinnati officers tends to show contrary, and not only has the Hand a national organization i United States, but it is directly with a similar organization in S and is working in connection wit Mafia.

Important Arrest

Columbus, O., June 10.—Coll Vicarrio, of Bellefontaine, an It was arrested in that place yesterd Postoffice Inspector Hosford, an be taken to Toledo by U. S. M Chandler of Cleveland. He is ch with being the go-between in sec money for the alleged Black gang that has been run down in ion and Columbus.

Postoffice Inspector Oldfield sa is positive that Vicarrio was co ed with the murder of the New detective, Petrosino, in Italy months ago.

"I base my belief," he said, " fact that this man Vicarrio is to have left Italy about the tim rosino was assassinated. V spent some time in Italy and re here. I believe him to be one ringleaders of the Mafia organ of the United States, and co his capture of first importance.

DINGLEY RATES ARE REST
