SEVERAL CONTRACTS LET.

Many Brick Sidewalks to Be Constructed.

HALLAM'S ISLAND FERRY

To Be Discussed at To-Day's Meeting of the Board of Control.

Controller Graham Wants to Know What the Assessment Commissioner is Doing—Ald. Sheppard's Sub Committee Decides to Engage an Expert to Report on the Best Means to Supply Heat and Power for the New Civic Buildings—Notes from the Hall.

Ald. Lamb presided at the Board of Control yesterday in the absence of Mayor Shaw.

Ald. Graham had a resolution passed calling upon the Assessment Commissioner to report as to what steps are being taken to retain the American Rattan Co., which, it is said, are about removing to Walkerton.

Tenders for Brick Sidewalks.

Tenders were opened for brick sidewalks, only three firms tendering, viz.: Construction and Paving Co., Gardner & Co. and Van Vlack & Co., the tenderers in each instance being below the estimates of the Engineer.

For a six-foot walk on Bloor-street, from Yonge-street to Sherbourne-street, was let to the Construction Co. at 62 cents per foot, next lowest being 67c. The Engineer's estimate being 66c.

For a four-foot walk on Oxford-street, from Augusta-avenue to Bellevue-avenue, was also secured by the Construction Co. at 43c, the only tender, the Engineer's estimate being 45c.

For a four-foot walk on Parliament-street, from Carlton to Winchester, was given to the Construction Co., the only tender, the Engineer's estimate being 48c.

For a twelve-foot walk on the north side of Adelaide-street, from York to Bay, went to Van Vlack at $1.76, the Construction Co.'s tender being $1.92, the Engineer's estimate being $1.90.

For a six-foot walk on John-street, from King to Adelaide, Van Vlack secured it at 62 cents, the Construction Co.'s tender being 68 cents and the Engineer's estimate being 66c.

For a twelve-foot walk on Yonge-street, west side, from Bloor to Yorkville-avenue, Gardner & Co. were given the contract at $2.20, the Construction Co.'s tender being $2.25, the Engineer's estimate $2.50.

For an eleven-foot sidewalk on Queen-street, from Bertie-street, the Construction Co. secured the contract at $1.16, there being no other tender. Engineer's estimate $1.20.

For a four-foot sidewalk on Bertie-street the Construction Co. secured the contract at 44 cents, the Engineer's estimate being 45 cents.

A petition was received against the Berkeley-street pavement, but as the ten days in which to appeal had expired and the contract having been let, it was decided to go on with the work.

Parks and Gardens Committee.

There was a short session of the Parks and Gardens Committee yesterday afternoon, Ald. Hallam presiding.

The chairman verbally reported that the negotiation with Hughes, the Island caterer, is still unsettled, the writ being returnable yesterday, but an enlargement had been obtained.

The chairman also reported in regard to the High Park refreshment privileges, stating that one man had already been convicted of selling liquor contrary to his lease, which was thereby forfeited, and that the lawyers had served him with notice to-day of the forfeiture of his lease.

Wants the Lease Cancelled.

Ald. Preston was wrathy at notice not being served immediately, and wanted to know the reason. He further said that it was understood at the previous meeting of the committee that if a conviction was secured notice should be served at once to vacate. He thought the manner in which the whole matter had been dealt with a very slip-shod way of doing business.

The Solicitor was called in, who explained that he had written the party who had the lease, asking him to give up peaceable possession, and if not a writ would be issued, and receiving no reply a writ was issued yesterday.

The matter was dropped by the Solicitor being instructed to take immediate possession.

Island Ferry Service.

Ald. Hallam's Island ferry service was then introduced, and a report was read from the City Surveyor's Department, accompanied by plans, which is to be presented to the Board of Control to-day, showing the various routes and landings, but after it had been read and the chairman proceeded to comment on it, Ald. Leslie jumped up and protested against the Parks and Gardens Committee considering the report before it had come before the Board of Control, as it concerned the whole question of municipal control. There was quite a passage-at-arms between the controller and the chairman, the latter intimating that the Board of Control were trying to block his scheme. The matter was dropped on the understanding that it would be considered at to-day's meeting of the Board of Control.

Ald. Sheppard's Sub-Committee.

The sub-committee of the Property Committee, of which Ald. Sheppard is chairman, which is considering the supplying of light and power in the new civic buildings, met yesterday, and after considerable discussion decided to employ an expert to make a report.

Court of Revision.

The Civic Court of Revision commenced a five days' session yesterday, there being a large number of appeals from the assessment of Ward 4. The most important appeal was that of the Street Railway Company against an assessment of $68,154 on rails, poles, wires, etc., in Ward 4. After a long discussion, the appeal was allowed, and the city, as was the case in regard to Wards 5 and 6, will appeal to Judge McDougall, who will, no doubt, as in previous cases, restore the assessment.

Sir George Kirkpatrick secured a reduction of $1895 on the residence recently purchased by him for $10,000, which was assessed at $11,651.

A large number of other appeals were heard, a number of which were allowed, and about an equal number were dismissed. Those allowed were for trifling amounts.

City Hall Notes.

The Mayor received a letter yesterday asking that the Muskoka Sanitarium be placed on the same footing as the General Hospital in regard to patients from the city, viz., that the Council contribute 40 cents a day for each patient from Toronto. The Mayor does not favor the proposition.

The members of the Board of Control, accompanied by other members of the Council, yesterday visited the Island, where the construction of the new intake pipe is in progress. The members are very much dissatisfied with the way work is being prosecuted.

Ald. Saunders went to London to visit the Fair there.

Controller Graham yesterday said that the Board of Control is prepared to give a further 10 years' exemption and do everything that is reasonable in order to retain the Rattan Company in Toronto.

In response to a large number of petitions received by the Parks and Gardens Committee, the east path of Queen's Park-avenue will be retained for bicyclists, and the west path for pedestrians.

The dogcatchers captured 423 dogs during June and July, of which 259 were destroyed.

The Board of Control will meet at 2 o'clock this afternoon.

A DEATH CONVICT AT LARGE.

Edward Flanagan Got Away from the Jail at Decatur, Ga.

Atlanta, Ga., Sept. 15.—Information reaches here this morning from Decatur that Edward Flanagan, the alleged Paranoiac, recently convicted of murder, after a sensational trial, and now under sentence of death, escaped from jail at that place last night. Flanagan was a boarder in the home of George Allen, near Decatur. He had a mania for falling in love with many young girls and conceived a mad infatuation for Lelia Allen, the 13-year-old daughter of George Allen. When he asked her hand in marriage and was refused, he set out to exterminate the family. He succeeded in killing Mrs. Allen, George Allen's mother, and Mrs. Ruth Slack, a visitor. The crime was committed on the night of Dec. 31 last. Flanagan was tried, convicted and sentenced to be hanged and his execution has only been deferred pending an appeal.

Stewart, McDonald & Co. have a claim for $18,000, and Gault Bros. & Co. of Montreal are the next largest creditors, their amount being $5000. Charged With Felonious Wounding.

John Stewart, Ed Chandler and John Morrow appeared in court again yesterday to answer the charge of feloniously wounding Charles Schmidt on Sumach-street over a month ago. Schmidt has been in the hospital since, but is now almost recovered. There was no evidence connecting Stewart with the affair, and he was discharged. The others were remanded till the 22nd inst.

Dyspepsia or Indigestion is occasioned by the want of action in the biliary ducts, loss of vitality in the stomach to secrete the gastric juices, without which digestion cannot go on; also being the principal cause of headache. Parmalee's Vegetable Pills, taken before going to bed for a while, never fail to give relief, and effect a cure. Mr. F. W. Ashdown, Ashdown, Ont., writes: "Parmalee's Pills are taking the lead against ten other makes which I have in stock." ed

Take Warning.

The Ontario Gazette on Saturday will contain an extract from the act of the Legislature, compelling incorporated companies to file statements of their affairs with the Government before Nov. 1, 1897.

BETTER THAN GOLD

Is the Rare Treasure of Perfect Health.

A Nova Scotia Lady Says "I Consider Dr. Williams' Pink Pills a Priceless Boon to Suffering Humanity."

(From The Amherst, N.S., Sentinel.)

The rugged and the strong do not appreciate to its full extent the blessing of perfect health. It is only those who have passed through a trying illness who feel that health is a treasure to be prized more than silver or gold. Among those who have experienced the truth of this is Miss Sabra Rector of West River Hebert, N.S. This lady has passed through a trying and wearisome illness, from which happily relief was found through the medium of a medicine that has brought health and strength to thousands of others, and whose medicinal virtues will work equally good results in all cases where it is given a fair trial. Miss Rector says: "I feel it is my duty to recommend Dr. Williams' Pink Pills, as they have done wonders for me. About two years ago I became very ill with a complication of diseases. I was suffering with indigestion, biliousness and the resulting nervous disorders, such as sick headache, loss of appetite and flashes of heat and cold. I began doctoring, and, although I had the best of care, I seemed to grow worse every day. I slept but little, and when lying down would grow so hot and suffer from a sensation of smothering that I would find it necessary to arise. Then the other extreme would come and I would shiver with cold. Time wore on and there was no improvement in my condition. I was not able to do any work about the house, and even the exertion of moving about would tire me out. If I attempted to walk any distance or hurried in the least, I would gasp for breath and could scarcely speak. I had a very poor appetite, and what food I ate did not seem to agree with me or furnish needed nourishment, and I also suffered with a severe pain in my side and back. During this time I tried many remedies, but they gave me no relief whatever. I had become so weak and my system was so run down that life was a burden to me. At this stage my attention was directed to Dr. Williams' Pink Pills, and I determined to give them a trial. After using four boxes I felt so much better that hope and encouragement came to me once more. I continued the use of the Pink Pills and found myself steadily gaining health and strength. By the time I had used four boxes more I had fully regained my health and strength, and I am not only able to do my full share of household work but also attend to my Sabbath school class and other church duties. I look upon Dr. Williams' Pink Pills as a priceless boon to suffering humanity."

Dr. Williams' Pink Pills are a specific for the troubles which make the lives of so many women a burden, and speedily restore the rich glow of health to pale and sallow cheeks. Sold by all dealers, or sent by mail, postpaid, at 50c a box, or six boxes for $2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont. Beware of imitations and substitutes alleged to be "just as good."

COMMITTED FOR MANSLAUGHTER.

Parents Charged With Causing the Death of Their Infant Child—Peculiar Case in York County.

William Clayton and wife of Armadale, York County, were arraigned yesterday afternoon before Carl Zeidler, J.P., on a charge of manslaughter.

Dr. Fierheller of Markham was the first witness. He deposed that he had been called to attend Mrs. Clayton on the 18th of July, when she gave birth to a female child, the spinal column of which was not fully developed. It was very weak, and he had expressed his opinion that the child would not live, as the majority of infants deformed in this manner do not long survive. He gave instructions to Mrs. Stonehouse, who was acting as nurse, to care for the child. The next day at 4 o'clock he made a second call. On this occasion the child was lying in a room alone. It had not been washed or dressed, and, so far as could be ascertained by him, had not been given any nourishment. He urged Mrs. Stonehouse that care should be taken of the infant, but she said that she had been "stopped" in so doing.

Richard Underwood, farmer, whose residence is a few rods from that of the Claytons, said that at 8 o'clock on the evening of the 19th of July Clayton came to his house and asked him to assist in the burial of the babe. He went to Clayton's house, where he saw a rough box, two feet long and nine inches square. Underwood returned to his home, and afterwards met Clayton, and both went to the graveyard, which is about 120 rods distant. Underwood carried the box about 20 feet, while in the graveyard, and thought that he heard a noise on two occasions, but could not say that it sounded like a noise made by a child. Clayton stated to Underwood while going home that he could not afford to raise a deformed child.

The accused were committed for trial, and, as they were unable to procure bail of $4000, were sent to jail.

Mr. Raney appeared for the Crown and Mr. J. F. Foulds represented the accused.

The defendants, William Clayton and Mary Clayton, are 35 and 32 years of age respectively. For nine years they have lived at Armadale, near Markham. During this time they have had a reputation for industry and integrity. They have four children. They feel the charge brought against them very keenly. Mrs. Clayton made an urgent plea for liberty, as one of her children is seriously ill.

That Was Not Mrs. Luetgert.

Chicago, Sept. 15.—The woman who was found wandering around near Melrose Park yesterday and who it was claimed by Luetgert's lawyers was Mrs. Luetgert, was last night identified as Mrs. Caroline Johnson of this city.

A DARING PLOT.

Frank McGarry Attempted to Liberate Pals from Erie County Penitentiary and Was Foiled.

Buffalo, Sept. 15.—The most daring plot for the liberation of prisoners ever attempted at the Erie County Penitentiary failed at an early hour this morning. Frank McGarry, single handed, scaled the wall and attempted to liberate a pal, "Amsterdam Slim."

McGarry is now locked up at the Tenth Precinct station, and he says his plan was to scale the wall, waylay Keeper Sloan, get his keys, revolver and uniform, and liberate his pal.

McGarry has recently been released from the penitentiary, where he served a three years' term for grand larceny. He knew every foot of ground inside the prison walls. He is a daring man and would hesitate at nothing.

Last night about 11 o'clock McGarry stole a ladder from the yard of Schoelkopf's tannery, and with it he mounted to the top of the big stone wall.

Once on the top he fastened a rope to the ladder in such a way that it would hold him, and slid down into the prison yard. It was easy to get in, but harder to get out, as McGarry found.

From 11 o'clock until long after midnight McGarry was in hiding in the outhouses of the institution. Early this morning he sneaked from his place of hiding. He saw a figure that resembled Sloan, and sneaked up on it. He had on rubbers, and his tread was noiseless as that of a cat. Fortune favors the right, however, and he struck his foot against an obstruction. In an instant the man whom he had been shadowing turned and covered McGarry with his gun. It was not Keeper Sloan, but one of his deputies. The pal McGarry came to release is William Conners, alias Smith, and also known as Amsterdam Slim. He is serving a five years' sentence for safe-blowing. McGarry said he would have released all the prisoners he could.

LUETGERT LOOKED TIRED.

The Trial at Chicago Resumed—Mr. Vincent Sharply Cross-Examined Prof. Bailey About Those Bones.

Chicago, Sept. 15.—Juror John E. Fowler, jr., whose sudden illness last Monday caused a recess in the trial of Adolph L. Luetgert, had almost fully recovered to-day. The trial was resumed, with Prof. George Vincent Bailey of the Field Columbian Museum on the witness stand.

Attorney Vincent began a sharp cross-examination of the witness upon the latter's authorities upon sesamoid bones. Prof. Bailey named a number of recognized authorities, and added that even these were not entirely reliable at present, because new discoveries were being made in science every day.

Luetgert looked tired and worn this morning, and the heat is having a depressing effect upon him.
