Outside markets were strong and higher and reported activity in the cash market, with increasing demand. Would take advantage of all recessions to buy July wheat, at least for a turn.

Corn and Oats—Both markets were very strong at advanced prices. Shorts are becoming uneasy and with the support continued we feel that higher prices must follow.

Provisions—The entire list was strong all day, with the same buying in evidence that has been in vogue for several days past.

Woman's Last Confession.

A tragic discovery has been made at the Albion Hotel at Rouen, France.

Recently there arrived at the hotel a good-looking Englishwoman, who engaged a room and said she was expecting some friends to join her. She did not speak a word of French, and signed her name in the hotel register as "Miss Logan."

But her friends did not arrive, and the young woman asked where she could find a priest, as she desired to be confessed. The proprietor of the hotel directed her to the cathedral.

Next morning Miss Logan was found dead in her room. She was partially dressed, and it was apparent that after drinking half of a bottle of brandy she had tried to take her life by opening an artery in her left arm. Death, however, was slow in coming, so wrapping a napkin around her arm, she cut her throat from ear to ear. An open razor lay on her body.

109 LOADS AT CITY MARKET TRADE NOT QUITE SO BRISK

Prices Held Fairly Steady all Round—Hog Prices Also Steady.

Receipts of live stock at the City Cattle Market were again large; there were, as reported by the two railways since Tuesday, 109 loads, composed of 1647 cattle, 2668 hogs, 178 sheep and lambs, with 450 calves. The quality of fat cattle was generally good.

Considering the heavy receipts the market was a good one, as there were many butchers and farmers from outside points all over Ontario looking for butchers' and feeding cattle.

The market for exporters was not quite as brisk as it has been and especially was this the case in the latter part of the forenoon, some of the export dealers having received cables from the English markets that to say the least were not of an encouraging nature. Prices, however, were much the same, but not as many of the highest quotations.

Exporters.

Prices ranged from $5.40 to $5.90, with one or two lots reported at $6 per cwt., the bulk sold at $5.70 to $5.80 per cwt.; bulls sold at $4 to $4.50 per cwt.; cows, $4.25 to $4.60 per cwt.

Butchers.

Choice to prime picked butchers' cattle, equal in quality to the best exporters, 1150 to 1250 lbs each, sold at $5.50 to $5.75 per cwt.; loads of good at $5.25 to $5.50; medium at $4.80 to $5.10; common, at $4.50 to $4.75; cows, at $3.75 to $4.25 per cwt.; canners, at $3.25 to $3.50 per cwt.

Feeders.

The demand was as great as it has been for good quality short-keep feeders, 1150 to 1250 lbs. each, which sold at $5.25 to $5.60 per cwt.; steers, 1000 to 1100 lbs. each, at $4.75 to $5; steers, 900 to 1000 lbs each, sold at $4.25 to $4.50; stockers sold at $3.25 to $4 per cwt.; stock calves, at $2.75 per cwt. for common to $3.60 for medium, and $3.90 for choice selected lots.

Milch Cows.

About 15 milch cows and springers met a fair market at $30 to $50 each.

Veal Calves.

Nearly 450 veal calves were brought forward and it is safe to say 50 per cent. of them were of inferior quality. Prices ranged from $2 to $10 each, or $3.50 to $5.50 per cwt. for the bulk. A few of the best sold at $6 to $6.25 per cwt., but there were few at these prices.

Sheep and Lambs.

Sheep and yearling lambs, while selling at good prices, are not sought after, as they were some few weeks ago, as spring lambs and calves are taking their place. Export ewes sold at $4.75 to $5 per cwt.; bucks, at $3.50 to $4 per cwt.; choice yearlings, at $6.50 to $7 per cwt.; spring lambs at $8 to $6.50 each.

Hogs.

Mr. Harris reports the market unchanged, altho his receipts were liberal, over 2600 since Tuesday. Selects $7 and lights and fats $6.75 per cwt.

Couldn't Remember Them All.

Judge Tucker of the Boston Criminal Court is a man of most unpretentious appearance. Generally he wears a decidedly bucolic look. One day recently he was walking along a Boston street, carrying a shabby cotton umbrella and looking for all the world like a countryman, when a bunko steerer stepped up to him and claimed acquaintance. "I don't seem to remember you," said the judge. Upon being urged to refresh his memory the judge, seeing thru the little game, calmly said: "Well, my friend, I have sent so many of you boys to jail I can't remember you all, you know."

YORK COUNTY AND SUBURBS DEER PARK HOTEL STAYS

License Granted by Commissioners to O'Halloran on Favorable Reports.

Toronto Junction, May 11.—The West York license commissioners met again to-day and announced that they had decided to grant a license to O'Halloran's Hotel at Deer Park on condition that certain improvements to the building be made forthwith, and that the house be conducted as an hotel in future. Commissioner R. O. Harvey paid an official visit to the hotel last night, and appeared satisfied that it was a public necessity, as the commissioners were unanimous in their decision to grant the license this morning. Inspector Bond's report was also favorable. A permit was issued for the transfer of the license of the Senate House, Lambton Mills, from John H. Newton to John K. Fleming, subject to certain conditions. The transfer will be confirmed by the board on May 22 if these conditions have been complied with. The transfer of the Kleinburg Station Hotel license from W. E. McCutcheon to William Phillips of King Township, and of the Kleinburg Hotel license from R. White to David Finn will be decided at the meeting of the commissioners to be held here on May 29. Mrs. Lellis' application for a license for the Eagle House, Weston, will probably be granted if arrangements as to the lease are satisfactory.

A team of horses, driven by Henry Pearson, a prominent farmer of Etobicoke, got frightened near Hartney's coal and wood yards on Weston-road to-day and ran away. Mr. Pearson was thrown out with such violence that several of his ribs were broken, and he was badly bruised about the body. Altho one of the broken ribs penetrated the lungs Dr. G. W. Clendenan, who attended the injured man, has strong hopes for his recovery.

Charles Gibson, a former prominent resident of Toronto Junction, and now superintendent of waterworks at Sturgeon Falls, visited old friends in town to-day.

The regular monthly meeting of the board of health was held to-night. Medical Health Officer Dr. Mason reported six cases of diphtheria, one of scarlet fever, one consumption, and one of typhoid during the past month. There were two deaths from diphtheria. A petition against the carrying on of a slaughter house at the corner of Argyle and Ethel-streets was referred to Inspector Ward. The scavengers declined to do the work at the old rate, but said they would accept $6 per day for two horse carts and two men until the contract was let for another year. The board decided to accept the offer and instructed the clerk to ask for tenders for the work for the ensuing year. Councillor Ryding expressed the opinion that there was something defective in connection with Annette-street school cesspool, as there was considerable sickness among the pupils. Sanitary Inspector Ward and Councillor Ryding will investigate.

Percival Richard Anderton, the only son of Eliza Anderton, died to-day. Deceased, who came here from England, nine years ago with his mother, worked at the Gasoline Engine Works, and latterly at Moffatt's stove works, Weston, went to St. Michael's Hospital last week and died there to-day. The funeral will take place from the family residence, 255 Campbell-avenue, at 3.30 p.m. Saturday to St. Martin's-in-the-Field Church and from thence to Prospect Cemetery.

Kew Beach Dance.

The Kew Beach Club will open the season with a dance Saturday night. The house committee have made every possible arrangement for a large attendance. The program will start at 8.30.

Heckler's Triumph.

Success does not always fall to the heckler at political meetings, but one at Carrutherstown, Scotland, scored neatly off J. Balfour Browne, K.C., Conservative candidate for Dumfriesshire, in the following dialog:

Elector: Had we not better utilize our own resources to the full by allowing labor and capital free access to the land of our own country, instead of attempting to bolster up certain industries at the expense of others?

Mr. Browne: I do not follow the question. It sounds like a question taken from a book on political economy, the author of which did not know much.

Elector: It is taken from your own valuable book, Mr. Browne, on fiscal reform!

Mr. Browne: I was not fishing for the compliment.

Buying Your Hat

Apply the principles you use in daily life to the buying of a hat. You don't take a man by what his name happens to be. You judge him by what he is. Well then, because a hat has a name in the crown it is not necessarily any better than many a hat sent out into the world without a name entirely. The point is that quality counts. Fame is expensive. If you are satisfied with good felt and good up-to-date blocks with honest names (if comparatively unknown to fame) pasted in the crown or stamped on the band why you can save money, that's all. For instance these:

King Brand Derby and Fedora Hats, maple brand, lion brand and Christy's famous make, derby and soft hats; these makers are all well-known for genuineness of quality and finish; we keep a large assortment of these lines in most fashionable shapes for this season's wear, at the special price of 2.00

Men's Derby and Soft Hats, correct American shapes for spring wear, special quality fur felt, solid silk bindings and calf leather sweats, colors black, brown and grey, Saturday 1.50
