NORTH ESSEX LIBERALS LAUNCH THE CAMPAIGN

Many Mass Meetings Arranged and a Convention on August 12.

Windsor, July 30.—The presence of Hon. George P. Graham, minister of railways and canals, in the city, lent more than usual importance to the meeting of the executive committee of the North Essex Liberals, which was held at the Crawford House here yesterday afternoon to fix a date for holding the convention. The visit of the minister was entirely unexpected, he having come to Detroit on some personal business, at the conclusion of which he was escorted to the Crawford House by a deputation of prominent Liberals.

In a short address Hon. Mr. Graham outlined the present unusual political situation, dwelt at some length upon the reciprocity agreement, particularly from the viewpoint of such border counties as Essex, and closed with a prediction that the Government was going to the people fully confident that it will be triumphantly returned to power on Sept. 21.

After some discussion the executive committee fixed on Saturday, Aug. 12, as the date for holding the convention, which will select a candidate for the Dominion House. Mass meetings will also be arranged for in all subdivisions of the riding on Wednesday, Aug. 9, when delegates to the convention will be selected. Under the new constitution, Windsor will be entitled to send 57 delegates to the convention, and the balance of the riding will contribute 99, and indications are that there will be a full representation in attendance when Mr. John Cousineau, vice-president of the North Essex Liberal Association, calls the delegates to order on Aug. 12.

DIES IN THE JAIL

Englishman Succumbs to Consumption in Sarnia Cell.

Sarnia, July 30.—T. H. Carrothers, aged 35 years, died in the Sarnia jail of a hemorrhage between 1 and 2 o'clock today. He was seized suddenly and died before medical aid could be summoned.

Carrothers came from England two years ago. He was a sufferer from consumption, and though sober and industrious he became destitute and was taken to the Sarnia Hospital. However, nothing could be done for him. Lambton County has no sanatorium for consumptives, and lately Carrothers slept in the police station.

An inquest was opened today by Coroner Dr. Logie.

STEAMERS ARRIVED.

WINGHAM EXCURSION A GRAND SUCCESS

Over 900 Attended the Sunday School Outing to Goderich.

Wingham, July 31.—The regular Sunday school excursion was held in Kincardine last week. The weather being fine a large crowd attended. The Wingham Brass Band was in attendance. Over 900 tickets were sold in Wingham alone.

The heavy wind last week left a larger quantity of fruit on the ground and did damage to quite a number of young trees which were heavily loaded.

Mr. Holy, one of Wingham's young men, has left the town and taken up a course in the business college in London under the direction of Mr. Spottom, principal, who is also of Wingham. He was an active worker in the Baptist Church here and in the choir, and also B. Y. P. U. His friends wish him success in his undertaking.

At present there are quite a number on the sick list. Among those are Mr. Lockie McLean and Mrs. John Smith. Both are doing as well as can be expected.

Mrs. Fred Johnston is in the hospital here having gone through an operation. She is still in a critical condition.

Mr. E. Lewis, who takes charge of the L. H. and B. train, which lays over here very night and Sunday, has resigned his position, and is going as night-watchman for the town. His successor is Mr. Lyditt.

Mr. and Mrs. Sneath were the guests of Mr. and Mrs. Layton Pidd, of London, last week.

Mr. Pringle, manager of the Mitt and Glove Works here has about completed his barn, having recently purchased a horse and rig for his daughter.

Some of the furniture factories here are obliged to work overtime on account of rush of orders.

Dr. Agnew, wife and family, who have been on a vacation through the west and other points, returned home last week.

Mr. Russell Fixture was in town under the parental roof last week and has again returned to London where he holds a position in the G. T. R freight offices.

Mr. Joseph Gibson one day last week was holding a horse when the animal became startled by a passing automobile, and upset the rig. In some manner Mr. Gibson got struck with one of the shafts and had one of his ribs broken. He is doing nicely at present, but will be laid up for a few days.

Mr. and Mrs. Winfield and Mr. Winfield's mother have returned to the west. They have been here visiting friends for the past three weeks. Miss May Moore has gone with them for a month's vacation.

The Rev. E. R. Fitch and wife, of Toronto, are visiting friends here during his vacation.

Mr. Treleaven, superintendent of the G. T. R. carshops, London, paid Wingham a flying visit last week.

Mrs. Geo. Mason and family, who have been visiting at Bayfield for the past five weeks, have returned home again. Mrs. Mason is much improved in health.

Rev. G. V. Collins, of the Baptist Church, preached a very strong sermon last night. His text from Daniel v., 27: "Thou art weighed in the balance and found wanting." Rev. Mr. Fitch, of Toronto, will occupy the pulpit at both services two weeks from next Sunday.

Rev. Mr. Fitch was the former pastor of this church. He assisted in the services last night.

Mr. Roy Mundy, of Stratford, acted as organist, the former organist being absent.

STREETS OF INGERSOLL MUCH TOO WILD

Police Chief Goodhand Says They Must Be Cleaned Up.

[Special to The Advertiser,]

Ingersoll, July 31.—Rev. J. H. Fenton, of Hamilton, occupied the pulpit in the Methodist Church here Sunday evening and rendered a very inspiring sermon on the "Crime of being Ashamed of the Gospel of Christ." He took as his text, "I am not ashamed of the Gospel of Christ."

Mr. Ross Cotter, of the Bank of Nova Scotia, Brantford, spent the week-end at his home here.

Mr. and Mrs. L. C. Minhinnick are spending their vacation with their daughter, Mrs. Angus, in Toronto.

Mr. Warren Whitcombe, of the Sarnia Post, was calling on friends in town.

Chief Goodhand in on the warpath after people who are not cutting the weeds in front of their premises. On Charles street east the weeds are so high that they almost close in the sidewalk.

Mrs. (Dr.) McMurray and family are spending their vacation at Port Stanley.

WAR SINEWS WEAK

Bankers Want the German War Chest to be Doubled.

London, July 30.—After a stormy week, home and international politics came to a calm week-end. At the present the Moroccan question stands much easier and the conditions are more hopeful than at any time since the arrival of the German warship Panther at Agadir started the trouble. From the outset England has showed that her adherence to France was unshaken as it was during the previous Moroccan crisis. This fact has had the same effect today as it had then. Germany and France will now negotiate a settlement under diplomatic methods with the full understanding of each other's position. It is believed that this will now include the cession of Togoland to France with some rectification of the Kamerun frontier, a considerable concession of the French Congo district to Germany, while France is left with a free hand in Morocco and Spain will get no reward for the part she has played in the opening stage.

DENFIELD SCHOOL REPORT.

Following are the successful pupils of the Denfield school at the recent midsummer examinations:

Entrance — Howard Tedder 501, Albert Rosser 464, Frances Clark 449, Cora Pimperton 447, Roxie Matthews 446, Verna Wilson 445, Harold Rosser 398.

From III. to IV. — Leslie Noyes 414, Wilfred Harding 374, Windsor Matthews 373, Cecil Walls 372, Clarence Bowman 364, Kenneth Little 362, Nellie Moyes 360, Leda Roberts 340, Nettie Rosser 337.

From II. to III.—Arthur Shipley 430, Addie Kerr 426, Mary Cunningham 388, Earl Walls 371, Maggie Noyes 365, Owen Rosser 340.

SUCCESSFUL STUDENTS IN MODEL SCHOOL TEST

The Names of Candidates Who Passed the Recent Exams.

Toronto, July 31.—The department of education on Saturday announced the results of the examination for entrance into the model schools. The following statement was also issued:

The certificates of successful candidates and the statements of marks of those who failed will be mailed to principals or inspectors in the course of a few days.

The successful candidates are reminded that the model schools at Athens, Bracebridge, Chatham, Clinton, Cornwall, Durham, Guelph, Kingston, Morrisburg, Napanee, Orillia, Perth, Renfrew and North Bay will open on Sept. 5 next, and that those who wish to attend in order to qualify for limited third-class certificates should make application before Aug. 15 to the deputy minister of education on a form to be supplied by him.

Applications will not be accepted from those who will not be eighteen years of age on or before Dec. 31, 1911. Candidates for admission to North Bay normal and Model School may ascertain from the deputy minister of education the terms on which they may be admitted.

The results are: L. J. Barter, K. Bulger, M. Burt, V. Butcher, M. A. Calvert, T. Chard, R. P. Clarke, J. V. Dickson, H. J. Dolmage, A. Errington, B. Padden, E. C. Fritsch, K. L. Cavigan, R. Gilchrist, C. Hansen, H. Higham, M. M. Hutcheson, R. W. Joiner, F. Kirby, E. Kirton, V. I. Knechtel, M. B. Lavallee, M. I. Madill, K. Milligan, J. Morrison, E. Munroe, W. D. Murray, F. Macdonald, M. B. MacLennan, J. M. McCauley, A. McCormick, Martha McFadden, E. D. MacInnes, H. McKay, G. G. McKee, B. E. Mackenzie, A. McLeod, S. Robinson, L. Rowleigh, J. D. Rawson, F. A. Smyth, C. J. Stephen, E. M. Slack, P. B. Slack, R. H. Strachan, Luther Smith, M. Sparrow, C. C. Shearer, M. M. Sutherland, G. R. Tonkin, G. P. Tully, A. M. Teaffe, M. E. Thompson, I. VanSyckle, L. Whitton (honors), W. F. Wendt, E. Walker, J. Watson, F. E. Wells, J. M. Whaley.

TWO WOMEN NOW CHARGED

Continued from Page One.

would go to places and say that they were lacemakers and that they had only been in the country two weeks. They claimed that their looms were held at Quebec until they could raise $20 to bring them in. Offering little bits of lace they said they had managed to make, they stated that they were anxious to get enough money to get their looms. They had a couple of small looms in satchels they carried and showed these. The women seem to have fallen for the scheme at a great rate."

In the Court.

There were two men with the women when they came up in court today, and the police state that the entire party have pitched a tent in the vicinity of Langarth street and Wharncliffe road, and are living a gypsy life, the men swapping horses or sitting about the tent all day, while the women are busy making money selling fake lace.

When arrested the women had about $40 in their possession.

In court today the younger woman was carrying a baby about six months old. The police say this youngster is carted about from house to house as a means of making people sympathize with the women in their alleged misfortunes.

Mr. Ed Meredith, K.C., appeared for the prisoners today.

"Don't you think these women who bought lace have had a pretty valuable lesson?" he asked the magistrate. "I don't see what charge you can hold my clients on. Surely they have a perfect right to buy lace and sell it at a big price if people want to buy it."

A Valuable Lesson.

"Some of these women who bought want your clients to get a valuable lesson that they won't forget," said the magistrate.

"These women," said Crown Attorney McKillop, "are charged with misrepresentation. They expressly stated that the lace was hand-made. We will produce evidence to show that it is machine-made."

Chief Williams stated that the women, if convicted, are liable to a heavy fine or a long term in prison.

The women ingratiated themselves with both Catholic and Protestant women in the city, using very clever schemes to secure recommendations to well-to-do ladies.

HAMILTON AND HYDRO

Mayor Favors Contract Similar to Other Municipalities.

[Canadian Press.]

Hamilton, July 31.—Mayor Lees today declared in favor of the city abandoning the favored contract with the hydro commission under which it is now operating, and under which it is not obliged to take power exclusively from the commission, and the entering into of the exclusive, participating contract, which will place Hamilton in the same position as all other municipalities in the power union. Opinion is divided in the council on the question.

WESTERN COAL STRIKE

Meetings To Be Held to Inform Miners of the Situation.

Fernie, B. C., July 31.—Meetings are to be held in various portions of the district affected by the strike, at which the officers will explain the position to the men: Tuesday in Fernie, Wednesday in Hosmer and Michel, and Thursday in Corbin are the dates so far arranged. President Powell has left for Lethbridge where he and McNabb will conduct the meetings. Stubbs, Jones, Lees, Smith and Carter will have charge of the other districts, the three latter being in the Fernie district.

COWES REGATTA OPENS

Brilliant Weather Marks the First Day's Racing.

[Canadian Press.]

Cowes, Isle of Wight, July 31.—The Cowes yachting season opened today in perfect weather and under brilliant auspices, with interest in the races keener than ever. The British royal family was present on board the royal yacht Victoria and Albert, but his majesty is not taking part in the races with his famous wacht Brittania.

King Alfonso of Spain, who also is present with Queen Victoria, on the other hand is taking a prominent part in the yachting events with his yacht Hispania.

The races this year have taken on a more international nature. Besides Great Britain and Spain, the other countries represented in the regatta are Germany, by Emperor William's Meteor, and France, Belgium, the Netherlands, Norway and Austria.

BRITAIN NOT OPPOSING A FRENCH CONCESSION

Not Interested in German-French Mix-Up Outside of Morocco.

[Canadian Press.]

Berlin, July 31.—The return of Emperor William to the capital has not affected the Moroccan negotiations, contrary to intimations in the Paris papers that his majesty would change Foreign Minister Von Kidderlin Wachester's policy. The emperor, according to an official statement, today received a report on the negotiations, but no details concerning the exchanges have been given out.

The Anglo-French reports regarding Togoland and the Cameroons, where it had been said concessions might be made by Germany in exchange for a strip of the French Congo, are unconfirmed. It is learned that Germany took diplomatic steps regarding the speech of David Lloyd George, the British chancellor, and subsequent English newspaper comment in which the pro ouncement was construed as Great Britain's veto of proposed France-German settlement on the basis of a concession to Germany in the French Congo. The German Government requested and received an explanation that Great Britain was disinterested in the situation outside of Morocco. This attitude was later embodied in Premier Asquith's statement in the House of Commons. But for this understanding between Berlin and London, the situation might have been critical.

MOTORMAN KILLED IN TROLLEY CRASH

Two Interurban Cars Come Together in Suburb of Detroit.

Detroit, Mich., July 31—In a collision yesterday between two interurban cars on the Ann Arbor division of the Detroit United Railways, one motorman was killed, five persons were dangerously injured and more than a score were less seriously hurt. The collision occurred near Dearborne, about ten miles west of the city limits. The dead motorman was Louis Hamilton, of Ypsilanti, Mich.

HE WANTED TO DIE

New York State Farmer Electrocuted for Murder of Daughter.

[Canadian Press.]

Dannemora, N. Y., July 31.—Charles L. Green, an Albany County farmer, was electrocuted at Clinton Prison this morning for the murder of his daughter, Eva, a girl of 14, on a farm near New Scotland, a year ago. The electrocution had twice been stayed by Governor Dix against the wishes of the condemned man, who told his counsel that he wanted to die.

Green went to his death calmly after expressing satisfaction with the verdict of the jury which convicted him.

The crime for which Green was put to death was committed on July 27, 1910, on the farm of William Vadney, and uncle of Mrs. Green, where she had fled with her little boy, Chester, and daughter Eva, because of her husband's peculiar actions. Green followed them and asked his wife to return home. When she refused he went for a shotgun and returning shot his daughter, killing her instantly. Then he fired at his wife, who, although desperately wounded, recovered.

HIS WEALTH A BURDEN

Rockefeller Agrees With Preacher Who Says It Banishes Peace.

Cleveland, Ohio, July 31.—John D. Rockefeller admitted yesterday that great wealth is somewhat of a burden. He confessed it to the Rev. Carter Jones, of Oklahoma City, following the latter's sermon at the Euclid Avenue Baptist Church. Dr. Jones was supplying the pulpit in the absence of the regular pastor, the Rev. W. W. Bustard.

"The coronation crowns of kings are all too heavy," said Dr. Jones in his sermon. "This is evidenced in royalty throughout Europe. In like manner the crown of wealth is much too burdensome; in fact, it is so heavy that all who wear it complain of its weight, and eventually find that its burden takes the real satisfaction out of life and banishes peace from the heart."

"That was one of the best sermons I've ever heard in my life," said Mr. Rockefeller to the minister at the conclusion of the service. "Your words were full of solemn truth, indeed. I was deeply interested."

PERMITS TOTAL $86,725

Building in London in July Was Quite Satisfactory.

Building continues to go ahead here, and the returns for the month of July are decidedly better than for July of 1910.

There were 75 permits issued, the total value of which was $86,725. During the same month last year there were 73 permits taken out, for a total value of $37,700, an increase of $49,025.

The year's building is much ahead of last year. Up to date, permits to the value of $545,148 have been issued, as compared with $490,166 in 1910.

The most important permits issued were those for the repairs to the court house, $25,000, and for the new Richmond Street Methodist Church, to cost $18,000.

There will be many more taken out during the year, and City Architect Nutter expects that 1911 will exceed any other year.

THIRTY FIREMEN OVERCOME.

Brockton, Mass., July 31.—Fire in the business section of this city yesterday gutted the Satucket three story brick building, badly damaging the Holbrook four story brick block, and destroyed a two and a half story wooden lodging house, at a total loss of $200,000. Thirty firemen were overcome by the fumes from an explosion of several ammonia tanks in the big sold storage plant of the Brockton Public Market Company.

BRUTAL MURDER OF AGED NEW YORK WOMAN

Found in Her Apartment With Head Nearly Severed From Body.

[Canadian Press.]

New York, July 31.—Her head nearly severed from her body, Mrs. Rose Spinol, 80 years old, was found murdered early this morning in her bedroom in a third floor apartment on Second avenue. Beside the body was a large jack-knife, with which the crime had apparently been committed. A number of bloody finger prints on the knife handle furnished the only clue to the slayer, who gained entrance by means of the fire escape. Mrs. Spinol was a widow and lived with her daughter. The daughter was away from home when the murder was committed.

AEROPLANE WILL END DREADNOUGHTS

Lieut. Conneau Believes Monster Battleships Will Soon Pass Away.

London, July 31. — Lieut. Conneau, the French naval officer, who has won fame as an aviator, under the name of Beaumont, before his departure for Paris yesterday, gave a highly interesting expression of his views as to the influence aeroplanes are likely to have on naval construction and strategy.

"I think," he said, "that within ten or fifteen years aeroplanes will have completely revolutionized present ideas of naval warfare. Perhaps even the development of aviation by that time will have made the modern Dreadnought as obsolete as the old wooden warship is now.

"It does not require a vivid imagination to foresee the condition with which war at sea will be fought with aeroplanes, rising from the decks of warships, which will be rather of the nature of mobile aerodromes than battleships. Of course, it is impossible to predict exactly what lines of development the aerial system of naval warfare will take, but while war vessels of some kind will undoubtedly remain a necessity, there is no question that changes of a most surprising character are in store."

Lieut. Conneau foresees the possibility, at an early date, of naval aeroplanes being fitted with the wireless telegraph to keep in constant touch with the ship to which they are attached.

Experiments were made Saturday in France with wireless telegraphy from an aeroplane were strikingly successful. Capt. Brenot sent a message to the Minister of War at the Eiffel Tower from an aeroplane, which, at the moment the dispatch was sent, was flying 1,640 feet above Rambouillet forest. The distance of transmission was 35 miles. The wireless apparatus used weighed only 55 pounds.

BOUGHT CHEAP OATS TO HELP FARMERS

Grain Growers' President Explains Rumors of Dabbling in Options.

[Canadian Press.]

Winnipeg, Man., July 31. — The grain-growers, at their annual meeting, have explained the rumors that they were dabbling heavily in grain options. President Creerar said that at the time reciprocity was mentioned, certain interests were seeking to depress prices in the Winnipeg grain market. Without the consent or knowledge of the directors he bought the cehap oats, which the alleged combine dumped on the market, in order to preserve Winnipeg grain prices for the western farmer. These cheap oats, he says, were sold for export later. It was declared a dangerous principle, and the directors say they have taken steps to prevent it occurring again. Profit shown were twenty-six thousand less than last year, partially as a result of this innovation.

THE EX-SHAH ALI MARCHES ON CAPITAL

Has Powerful Force and Is Expected to Overthrow Government.

[Canadian Press.]

Teheran, Persia, July 31.—The ex-Shah Mohammed Ali Mirza left Astrabad yesterday, with an overwhelming force, and is now marching on Teheran. There is much apprehension here that the ex-shah's attempt to regain his throne will succeed. The Government is without power to suppress the anarchistic conditions, which prevail throughout the country.

BABY SEVEN MONTHS OLD AN ATHLETE

Mother is Determined Her Child Shall Be a Physical Model.

Kennett, Mo., July 30.—Miss Vivian Hamon, of Kennett, Mo., was always known among her girl associates as an original. She had her own ideas, unobtrusive, but firm. Particularly independent from a feminine point of view, she designed her own dresses, usually in defiance of current fashions, but always charmingly. So—with the curious maturity of Southern girls—when she was married, a slender slip of girlhood 18 years old, she determined that if she had a child it should be an original baby.

A child was born last December, when the mother was 19 years old. Before its birth she studied—as a student "grinds" for a college examination—all the books and articles concerning the rearing of babies, upon which she applied with scientific rigor the principles of child training which she had learned like a polytechnic graduate upon his first enterprise of surveying.

This child, when 2 months old, "chinned" herself while holding to her mother's fingers. A month later she supported her weight of 16 pounds by hanging with the grip of her minute fingers from a horizontal bar like a trapeze rod. So hard and "fit" is she that, although her penchant is rolling off her bed, she never cries over the knocks she receives, as if they scarcely hurt her.

The name of this child is Albertalee Hamon Hays. Her father is Charles Elmer Hays, formerly a star right guard on the football team of the Kentucky Military Institute, near Louisville. Her grandmother on the maternal side is Mrs. C. H. Rainy, today a crack horseback rider, swimmer and all-around athlete. Age 39 in years, but much less in temperament, Mrs. Rainy is called "the youngest grandmother in Dunklin County."

During the six years which she spent as a student in a convent seminary at Nevada, Mo., Mrs. Hays read of infant prodigies of mentality like John Stuart Mill, who was a proficient Greek scholar at 8 years old. Without aspiring to rear an intellectual genius, the thoughtful Missouri girl determined to apply a similar process to the physical well-being of her children—not for the production of circus strong men and acrobats, but of wholesome, healthy and attractive men and women.

Fresh air and loose clothing were the young mother's hobbies in rearing her baby. From the beginning, although it was winter, she kept the child in a room without a fire, and at night lowered the windows two inches from the top. She dressed the baby in a sort of flannel bag, with a drawstring below the feet, permitting the little legs free play for exercise. Hence Albertalee was known for a time as the "hobble skirt baby."

Along with her physical attainments Albertalee acquired a remarkable talent for silence, independence and self-command. It is almost unknown for her to cry. Like all babies, she frequently bumps her head with more or less violence, but beyond a puckering of her lips she shows no sign of pain.

FREIGHTER'S MATE STAGES ROMANCE

Patrick McCarthy and Sweetheart Elope on the F. L. Robbins.

Sarnia, July 30.—A romance of the unsalted seas which culminated in a bold elopement, when the bride was carried away on a lake freighter, has just been told to the friends of Patrick McCarthy, formerly of Detroit, mate on the steamer Francis L. Robbins. McCarthy stole his bride, who was Miss Josephine Loftus, from her home in Cleveland, took her to Ashtabula, where they were married on Thursday, and were safe on board the steamer and bound up the lakes before anyone knew what had happened.

Miss Loftus is the daughter of Edward Loftus, 1063 Front street, Cleveland. Patrick McCarthy is the son of Mrs. Mary McCarthy, of Detroit, and he comes of a family of sailors. Capt. Dan McCarthy, a brother, now sails out of Boston; Capt. John J. McCarthy is retired, and conducts a hotel at Sandwich, and James McCarthy, a third brother, is mate of the steamer John Barlum.

Very few friends of the young people knew that they intended to be married. When his boat reached Port Huron on her last trip down, Mate McCarthy secured leave of absence and hurried to Cleveland by train. At Cleveland he met Miss Loftus, went to Ashtabula, and they were married just in time for them to get aboard the Robbins before she cleared on her trip back up the lakes.

Mrs. McCarthy will remain on the boat with her husband for a few trips the season Mr. and Mrs. McCarthy will be at home at 1063 Front street, Cleveland.

EDWIN ABBEY DYING

The Famous Artist is at Death's Door in London.

[Canadian Press.]

Philadelphia, July 31.—A cablegram received today by his brother, William Abbey, states that Edwin A. Abbey, the painter, is dying in London. The message, which was sent from London yesterday, contained but two words: "Ed dying."

William Abbey, who is a resident of Mount Holly, N. J., but in business in Philadelphia, said today that his brother had been ailing for some time.

FRUIT SCARCE ON MARKET TOD

Early Reports of Big Crop Not Being Verified, It Is Said.

PLUMS 40 TO 50 CE

Live Hogs Sold This Morning at Per Cwt.—Other Quotations.

Fruit was scarce on the local m this morning. So far this season market has never been overste with fruit, and very little is left on Saturday evening for Mo morning's market. Wholesale fr say that the early reports of a fruit crop this year are not pa out well, as the fruit is being gath Since early spring it is said th some parts of the Niagara fruit trict there has only been one goo sufficiently heavy to wet the ro the fruit trees and vines. Peache grapes, it is now claimed, wil none too plentiful. There will average crop all right, so far as ent prospects indicate, but no will be given away on the L market this season.

Plums are now selling at 40 a cents per basket. Cherries are tically off the market, although odd basket may be picked up her there at $1 25 per basket. Pear apples are not overly plentiful pears particularly appear too b in reaching the market.

On the hay market a few loads offered at $13 and $13 50 per ton a few farmers came in from th joining township today, as the harvest is now in full swing. It i that the yield will be somewha ter than was at first supposed. are now worth from $1 25 to $1 cwt.

Live hogs are being shippe $7 25 per cwt., but the hog m shows signs of less active price hog dealers say they would not b prised to see a substantial drop market.

Eggs are active in price at fr to 22 cents per dozen. Good butter is still in strong demand. market prices are holding firm.
