The Ceremony Attended by Many Friends of Contracting Parties.

The beautiful home of Mr. and Mrs. James McGuffin, lot 1, con. 8, London township, was the scene last evening of a most interesting event, it being the occasion of the marriage of their eldest daughter, Miss Maggie E. McGuffin to Mr. Harris B. Dickey, a prosperous young farmer of London township. The ceremony was performed by Rev. Dr. Craw, of the West Nissouri Presbyterian Church, and was witnessed by upwards of one hundred invited guests, relatives and friends of the bride and groom, who are both very popular and highly esteemed in their respective neighborhoods. The bride wore a beautiful gown of gray crepe de chene with the conventional bridal veil and carried a shower boquet of white roses. She was assisted by her sister, Miss Emma McGuffin and her little niece, Leah Pearl McGuffin, who was a very charming maid of honor. The groom was supported by his cousin, Mr. J. Vining, of London. After the ceremony (which was performed on the lawn), the company adjourned to the dining-room where they did ample justice to a very tasty and bountiful wedding breakfast, after which a few hours were spent in pleasant social intercourse. Mr. and Mrs. Dickey will reside on lot 15, con. 5, London township.

EITHER WAY HURTS.

A Cross Fire on Coffee Users.

The breaking away from coffee is an exceedingly serious problem to many people, especially when headaches follow leaving off the drug, and dyspepsia and bowel trouble grows more and more serious if the coffee is continued. So there you are between two fires.

A comparatively easy way out was taken by a lady from Franklin, Pa., who says: "We had a curious experience with coffee. Husband had been, for many years, a sufferer from dyspepsia, with heart-burn, headaches and general nervous trouble. We tried a great many physicians and a great many remedies, but none of them did him any lasting good.

"We concluded there must be something about his employment that thus affected him. One day a man told him that probably coffee was the cause of his trouble and advised him to use Postum. The first time I made it I studied directions and made it good. Well that day was a day long to be remembered.

"We liked the Postum, but we had a hundred headaches compressed into one. You see the trouble was we had both used coffee so long that our nerves were in a state of collapse without the usual stimulant. Until then I did not dream I was such a slave to coffee, but we had to do something to quit, so the next morning I used Postum with part coffee and we missed the headaches, then I used less coffee every morning for about two weeks, and then Postum alone for nearly a year now, and I just wish you could see the change in my husband. He has better health than he ever had before, never has the headache, can eat anything he wants, does not have heart-burn or any stomach trouble, and he cannot be induced to drink coffee under any circumstances.

"When anybody mentions dyspepsia in his presence he tells them what cured him.

"I was almost as bad as he, but am now entirely well, and have gone up from 98 pounds to 108 pounds and am so thankful for the blessing of good health.

"If my name will do any good, use it, for we stand by Postum always." Mrs. W. A. Bowers, 29 Ninth street, Franklin, Pa.

Advice to Mothers.

If your little boy or girl comes home with a sore throat, the first thing to do is to rub the throat and chest with Polson's Nerviline. Don't be afraid to use Nerviline freely—a whole bottleful wouldn't burn or blister the tenderest skin. Rub in until all taken up by the pores, and just before the child goes to sleep give him a glass of hot water into which 30 drops of Nerviline has previously been stirred. This is a sure, pleasant and speedy cure. Large bottle, 25 cents.

COUNTY COUNCIL RECEIVES REPORTS

Committees Deal With Various Bridge Matters.

TWO BYLAWS WERE PASSED

Inspector Thompson Presents a Lengthy Report on the Schools of East Middlesex.

The receiving of reports was the principal business taken up at Wednesday afternoon's session of the county council. Three reports on bridges were put in, as was also the report of the school inspector for East Middlesex. Other business included the passing of two bylaws.

SCHOOL INSPECTOR'S REPORT.

P. J. Thompson, school inspector for East Middlesex, presented a lengthy report for the year 1901, from which the following extracts are taken: The financial statement showed total receipts of $69,692 96, expenditures of $48,188 53, and a balance of $21,504 43. Last year's figures were: Receipts, $67,886 46; expenditures, $47,527 64, and a balance of $20,358 82.

The average cost per room throughout the inspectorate was $422 70, as against $413 28 in the previous year.

The legislative grant was practically the same this year as last in all the municipalities except London, which shows a decrease of $24, and McGillivray, which shows a decrease of $77. This grant is apportioned by the department on the basis of population. Fourteen school sections received grants ranging from $30 to $50 for continuation class work.

The number of pupils enrolled in East Middlesex in 1901 was 5,325, being a decrease of 23 below that of the preceding year. The percentage of average attendance to the number enrolled was 55 per cent, as against 51 per cent for the rural districts of the province.

The 5,325 pupils were classified as follows: In First Reader, Part I., 887; in First Reader, Part II., 683; in Second Reader, 966; in Third Reader, 1,149; in Fourth Reader, 1,320; in Fifth Reader, 310.

Of the 114 teachers in the inspectorate, 46 were male and 68 female. Six held first class, 51 second class and 57 third class certificates. The average experience for all the teachers was 5.2 years. The average salary paid in the inspectorate was $299 77, being an increase of $4 70 over that of last year. The average salary of male teachers was $327 74, an increase of $8 29, and the average salary of female teachers was $280 84, an increase of $3 23 over that of the preceding year.

During the year five sections received diplomas for having their school house and premises up to the standard required by the educational department. There are now 33 sections in the inspectorate, which have qualified for this diploma and are receiving an annual grant of $5.

School libraries should be established in all the sections, so that under the guidance and direction of sympathetic teachers pupils might acquire a taste for good reading.

The department is prepared to assist in this work by giving grants to those sections which make an expenditure for this purpose.

The report was referred to the education committee.

COMMITTEE REPORTS.

The board of road directors reported on the letting of tenders for the erection of the Muncey and Walker bridges. In reference to the following motion, "Moved by Councilor Neely, seconded by Councilor Murray, that the county commissioner be instructed to examine the bridge opposite lot 18, con. 6, North Dorchester, and the bridge over the stream near Derwent, opposite con. 3, North Dorchester, if found necessary, that the commissioner have them repaired or rebuilt," the board recommended that the Derwent bridge be not assumed by the county, but that it be laid over till such time as the township of North Dorchester complete the deepening and widening of the creek crossing the townline at this point.

After considerable discussion, in which most of the members expressed themselves as in favor of the county assuming the bridge at once, the report was referred back to the board, to have the report amended to that effect.

The special committee re bridge over the Aux Sauble River, at the junction of Middlesex, Huron and Lambton counties, reported that the bridge would be of greater benefit to the residents of Lambton than to those of the other two counties. On account of Middlesex's heavy expenditure on bridges this year, the committee recommended that no action be taken till the January session in the matter of paying one-third the cost of the proposed bridge. The report was referred to the education committee.

The special committee re Reynolds' Creek bridge reported that the tender for the new bridge had been let at a cost of $1,175. The report was adopted.

OTHER BUSINESS.

The janitors of the London Collegiate Institute, through School Inspector Thompson, asked to be paid for services in connection with the entrance and public leaving examinations. Referred to finance committee.

Bylaw No. 544, for the licensing of auctioneers, hawkers, peddlers and petty chapmen, was passed. It prescribed the license fees as follows: Auctioneers' license, $12; peddlers', span of horses, $25; one horse, $15; pack or push cart, $5; basket, $1.

The bylaw regulating the proceedings of council was passed, after a few minor changes had been made in it.

CONFERENCE HEARS OF SPLENDID WORK

Principal of Methodist College Address Ministers.

LIST OF SUPERANNUATIONS

Names of Young Men Received as Probationers and as Candidates for the Ministry.

The session of the London Methodist Conference, which was held yesterday morning, was occupied in discussing the case of Alexander Rasson, a probationer, who asked to be restored to the work of the conference; and in the afternoon, this discussion was continued.

In the afternoon, Rev. Dr. Burwash, of Victoria College, was the first speaker to address the conference. He gave a most encouraging report of the year's work at Toronto. The year enrolled 316 students. The graduating class numbered 32. A number of the graduating class are going to West China and Japan to engage in missionary work. The intellectual and spiritual work of the year has been most gratifying. On behalf of Dr. Potts, he presented the financial report, showing the year's work conducted without a deficit. An addition of property, amounting to $63,000, has been added, upon which was paid $23,000. The building for ladies' residence has been undertaken during the year. Four years ago the assets were $600,000, today they are $900,000. The library now composes 3,000 bound volumes and 20,000 pamphlets.

Rev. E. A. Baker, B.D., moved a resolution, hailing with delight the successful year's work, rejoicing especially in the gracious spiritual work of the institution and pledging the loyal support of the conference in the work of the college.

Rev. Dr. Meggs, of the Theological College, Montreal, told the conference of the good work being done there, and Dr. Meggs was assured of the continued support of the conference.

A resolution was unanimously adopted expressing sincere regret that through the action of the transfer committee Revs. G. W. Henderson, R. Whiting, B.A., H. Irvine and J. P. Rice have been transferred out of the London conference to other sections of the work.

Revs. G. W. Henderson and R. Whiting made very feeling and suitable replies in taking farewell of the conference.

Revs. Dr. Leonard and Baldwin, of Port Huron, were introduced and briefly addressed the conference.

Rev. C. W. Brown, B.D., of Exeter, read the pastoral address of the conference to the churches under its care, and it was ordered to be printed in the minutes of the conference.

Several young men were recommended to the educational committee to be sent to college.

The following young men were received as candidates for the ministry: Geo. H. Tuckey, St. Johns; M. E. Madden, Thorndale; Chas. Dawn; William H. Harris, Point Edward; R. S. Baker, B.A., Camlachie; J. A. Agnew, Rutherford.

Fell Exhausted and Unconscious

A Frightful Case of Exhausted Nerves and Debilitated System —From a Mere Skeleton, Pale, Weak, Trembling and Almost Wild With Pain, Mrs. Edwards Was Made Strong and Well by Dr. Chase's Nerve Food.

Mrs. R. W. Edwards, 33 McMurray street, Brantford, Ont., describes her case as follows:

"For five years I have suffered more than words can tell from nervous headache, nervous dyspepsia, and exhaustion. The pains in my head would at times almost drive me crazy. I could not sleep nights, but would walk the floor in agony until I fell exhausted and unconscious, and my husband would have to carry me back to bed.

"Sometimes I could take no food for four days at a time, and experienced terrible gnawing sensations in the stomach, had bad taste in the mouth and coated tongue. I was pale, nervous, irritable, easily exhausted, was reduced to a mere skeleton of skin and bone, and my heart would palpitate as though it was about to stop beating. My greatest suffering was caused by the dreadful pains in my head, neck and back, and all this was in spite of the best efforts of three leading doctors of this city.

"For the past nine months I have used Dr. Chase's Nerve Food, and for a considerable time I have not experienced a headache, or any of the symptoms mentioned above. From a mere skeleton this medicine has built me up in flesh, and weight, until now I am strong and well, do my own housework, walk out for two hours without feeling tired, and am thoroughly restored to health. Is it any wonder that words fail to express my gratitude for this remarkable cure? You can use this testimonial for the benefit of other sufferers."

It would be impossible, we believe, to produce stronger evidence to prove the wonderful power of Dr. Chase's Nerve Food as a system-builder. It contains the very essence of the most potent restoratives of nature, and is certain to be of benefit to you; 50 cents a box, six boxes for $2 50, at all dealers, or Edmanson, Bates & Co., Toronto.
