TORONTO'S TECHNICAL SCHOOL.

Appointments Made in the Teaching Staff and Salaries Fixed.

Mr. James Milne, general superintendent of the Toronto Incandescent Light Company, has been appointed lecturer in electricity, steam engines and hydraulics. A. V. White, draughtsman at the electrical works at Peterboro, was his competitor. D. Hull, mathematical master at Upper Canada College, was appointed mathematical teacher.

Staff salaries have been arranged as follows: J. A. McGowan, teacher of mathematics and physics, $500; Dr. Chambers, teacher of chemistry and physics, $500; Miss Curzon, practical chemistry, $500; D. Hull, mathematics, $350; James Milne, electricity, hydraulics and steam engines, $350; A. F. McCallum, draughting, $500; Mr. Babington, draughting and modelling in clay, $500.

FOUR NEW PROVINCES.

New Districts in the Unorganized Territories of the Northwest

Lethbridge, N.W.T., News.

From the Lieutenant-Governor's speech from the throne at the opening of the Legislative Assembly, it appears that four new districts are to be formed in the unorganized territories. The district west of Athabasca is very appropriately to be named Yukon, after the great river which traverses it. The eastern boundary of Athabasca is to be moved further east, and then follow three more districts, the far east one being known as Ungava and the other two as Franklin and Churchill. Whether these districts will include all the unorganized territory was not definitely stated, so it is not clear whether the name of Labrador will be blotted out of the map of Canada.

The formation of these districts may be premature, but it will certainly assist in giving a geographical idea as to where places are, as the position of the new districts on the map will soon become as well known as that of Athabasca now is. It will also lend dignity to the map of Canada when these embryo provinces are marked out and named on it, and will give to our southern neighbors especially a better idea of the vastness of the country north of them, when they realize that four new districts, each of them larger than many of their states, have been added to those with which they are already acquainted.

Billiard Opening.

The show rooms of Messrs. Samuel May & Co., 68 King-street west, Toronto, are now open to the public for the usual fall and winter trade. A full and complete line of billiard and pocket tables in all the latest designs and styles are shown, both for the American and English game. The prevailing style being in the richly carved and polished oaks and mahogany. The firm have spared no expense in bringing out new and original designs in tables calculated to meet the requirements and pockets of all classes. They are prepared to supply a neat, serviceable table, suitable for the moderate private house, at prices not before known in the history of billiard tables. They are also equally well prepared to furnish more elaborate and costly designs for the club or modern residence, while they make a specialty of furnishing hotels and billiard rooms throughout with tables and fittings complete in latest and most modern manner. Messrs. Samuel May & Co.'s many years' standing in the Dominion as the principal and leading manufacturers of all articles pertaining to billiards is a good recommendation to the public, and visitors to the city, as well as the local trade generally are cordially invited to call and inspect the display. Especially imported fine billiard cloth, fancy cues, lawn bowls, and all the latest novelties in billiard sundries always in stock. The firm also manufacture modern bowling alleys, with return alleys. Swing cushions, fancy newels, lignum vitae balls, etc., in up-to-date fashion and according to U.S. league standard. A handsome catalogue is mailed free on application.

Provincial Appointments.

His Honor the Lieutenant-Governor has been pleased to make the following appointments, viz:

Julien D. Bissonnette of Napanee to be an Associate Coroner for the County of Lennox and Addington, in the room of Thomas Chamberlain, deceased.

Andrew Redmond of the village of South Mountain to be Bailiff of the Seventh Division Court of the United Counties of Stormont, Dundas and Glengarry, in the room of Andrew Barclay, resigned.

William R. Given of Bobcaygeon to be Bailiff of the Third Division Court of the County of Victoria, in the room of Thomas Cheetham, removed.

Discharged From the Hospital

Fred Coleman, 1077 Eastern-avenue, who accidentally shot himself in the leg in Ashbridge's Bay on May 28, last, was discharged from the General Hospital on Saturday, after a four-months' sojourn in that institution. The hospital doctor managed to save the injured limb.

Walter Higgins, 21 Garden-avenue, who had his right leg broken and both feet crushed by a trolley car at Brookfield and Queen-streets, on June 4, was discharged from the hospital on Saturday. Both his feet were saved.

How To Cure Headache.—Some people suffer untold misery day after day with headache. There is rest neither day nor night, until the nerves are all unstrung. The cause is generally a disordered stomach, and a cure can be effected by using Parmelee's Vegetable Pills, containing Mandrake and Dandelion. Mr. Finlay Wark, Lysander, P.Q., writes: "I find Parmelee's Pills a first-class article for bilious headache."

Prairie Chickens are Fat This Year.

Rat Portage News, Sept. 18.

The season for chicken shooting opened Sunday, the 15th. A number of nimrods at the strike of the clock, announcing the 15th day of September, might have been seen with a musket on shoulder, marching eastward for game. They returned in the evening, having bagged about 20 fine fat birds.

When all other corn preparations fail, try Holloway's Corn Cure. No pain whatever, and no inconvenience in using it.

THE ROYAL GRENADIERS.

The Rifle Matches at Long Branch—Some Good Scores.

The annual rifle matches of the Royal Grenadiers took place on Saturday at Long Branch. The intense heat and the wind that was blowing directly across the ranges were somewhat trying to the competitors, nevertheless some excellent scores were made.

Major Bruce, Captains Trotter and Mackay and Lieuts. Craig and Mason formed the committee, and Lieut. E. P. McNeill, Q.O.R., was range officer.

In the regimental match, 200, 400 and 500 yards, the following were the principal scores:

O.R.A. Medal.	Points.
Pte. Simpson	90
Major Bruce	87
Corp. Windatt	86
S Sergt. Brooks	86
Pte. Campbell, B. Co.	84
Pte. Tyers, H Co.	81
Pte. Mortimer, D. Co.	80

In the competition 18 of the men scored 70 points and less than 80. The lowest score was 49.

In the Nursery Match Pte. Hackett, K. Company, was the victor with 50 points. Magone, B, and Pickering A Company, each having 48. There were 39 competitors, the lowest score being 23.

In the Aggregate Match the principal scores were:

D.R.A. Medal, S.Sgt. Brooks	131
O.R.A. Badge, Major Bruce	129
D.R.A. Bronze Medal, Corp. Windatt, H. Co.	123
Pte. Davidson, H. Co.	120
Pte. Tyers, H. Co.	119

The other matches were as follows: N.C.O. Challenge Cup—A. Co. 322 points.

Officers Team—Won by staff team, Major Bruce, to hold the cup.

Company Team—First Aldwell Cup—Won by A. Co., 554 points; second, E. Association Cup, A. Co., 494 points; third, Davis Cup, K Co., 493 points; fourth, A Co. Cup, won by B. Co., 493 points. The volley firing competition was postponed owing to the light falling.

The Princess To-Night.

Manager Connelly of the Princess Theatre offers his patrons an excellent attraction this week, in the comedian Charles Dickson, who will be seen tonight in "Other People's Money.' The comedy, in which Mr. Dickson opened the season a few weeks ago at Hoyt's Madison-square Theatre, New York, is said to be remarkably good and was a great success there, while the company will be the same as presented the piece in New York. Among those in the cast are such clever artists as Charles Coate, Thomas M. Hunter and Lillian Burkhart, which is guarantee of a capital performance, with such a comedian as Mr. Dickson at the head.

He Never Makes Up.

"Have you got your make-up on?" This is the noisy cry that goes around the corridors of the theatre where the dressing-rooms are located each evening before the performance. It is the warning cry of the call-boy as he rushes through the corridors, tapping on each dressing-room door. If an actor is a little late in being prepared for the rising of the curtain, he is quickly reminded that he must hurry. There is one man in W. W. Freeman's "A Railroad Ticket" company, which begins a week's engagement at the Toronto Opera House tonight, who never makes reply. He needs pay no heed. The only make-up process that bothers him is shaking the clothes of Eugene Canfield and donning the costume for the character of "Chips." His face he does not have to make up, except, perhaps, to wash it. As Canfield has frequently remarked, "his face is his fortune," and unlike most actors, he is not bothered with the trials of grease, paint and pencils. Some evil-minded people have been heard to remark that if Canfield's face is his fortune he must be bankrupt, but that's another story.

Two Bears in Four Days.

Hepworth Journal.

Last Friday Oscar and George Smith, sons of Mr. J. W. Smith of Amabel, succeeded in shooting a fine specimen of a year-old year. On Monday night they again tried their luck, and got another and larger one. Two bears in four days is pretty good.

Garibaldi Kicks Over the Traces.

Rome, Sept. 21.—Menotti Garibaldi, son of the Italian patriot, Gen. Garibaldi, and a member of the Chamber of Deputies, has announced that he will no longer support the Government in the Chambers inasmuch as it has refused to grant complete amnesty to political prisoners on the occasion of the celebrations commemorative of the politician of Italian unity.

Motherhood is the acme of womanhood. It rounds out a woman's life and completes her most important mission in the world. The bearing and rearing of healthy, happy children is the chief achievement of any woman's life.

Health is an inheritance due to every child and within the reach of every parent to bestow. It is something that costs no money and is more precious than a mountain of diamonds.

The child's health depends almost wholly on the mother's, not only before its birth but afterwards. A sick mother can't properly care for her child's health. A sick mother sometimes bears a healthy child, but it isn't to be expected. Maybe the baby will possess the appearance of health, but will lack stamina. Maybe innate weakness will develop in after years.

Every woman should be particularly careful of her health during the period of gestation—when the child is really a part of herself.

During all this time, she should keep her body strong and pure and she should take proper precautions against her time of labor. For this purpose Dr. Pierce's Favorite Prescription is prescribed. It has been used in thousands of cases, with the most gratifying results. It is a tonic to the whole body, but particularly to the organs distinctly feminine. It cures all female troubles and promotes regularity.

A large book, written by Dr. Pierce, entitled "Woman and Her Diseases" will be sent (securely sealed in plain envelope) to those who will send this notice and ten cents, in stamps, to part pay postage.

Bernard Lindman, Esq., Toronto.

Dear Sir,—It is now about three months ago since I first utoitced that a cure of my rupture was being effected by the use of one of your Wilkinson Trusses, and now I am fully convinced that the cure is both complete and effectual. I have on several occasions within the last few weeks taken long walks without truss or support of any kind, and have every confidence that my rupture, which, as you are aware, was of a very severe description, is now permanently healed, and I can assure you that I feel deeply thankful for the beneficial results. I have already recommended your appliances to several of my friends similarly affected.

Yours very sincerely,

J. H. MICKLER, Supt.

Our Furniture Man, Mr. Bradshaw, is home from his buying trip.

Wanted — First-class furniture men. Apply Mr. Bradshaw, second floor.

Miss Innes of 113 St. Patrick-street has been secured to take charge of our Dressmaking Department, which will be opened in about two weeks.

IT USED TO BE

that others had the crowds, but things change you know; every dog has his day—it's our turn now, and ain't we doing it well; think of us not born five months ago and today the talk of the country; think of us selling Meats and Cigars and Sugar and Tea Pots and Trunks and Stovepipes, with Drygoods and Clothing and Carpets.

How is it done?

They'll have to get up early in the morning to beat the John Eaton Company; as early as 4 a.m. our butcher man is miles out in the country catching the cream of the cattle that come along; he skims it and leaves the milk for the next fellow, and by the time the other fellow gets it it's almost turned sour.

Therefore it explains itself why we cannot serve the people at our counters.

What would you think if you had The John Eaton Company milk wagon and coal wagons come up to your doors? Keep a watching, there's no knowing when we'll stop.

Enough of those wonderful Handkerchiefs for to-day. We actually sold over our counters 750 dozen, and not more than five to each person—that tells the wonderful business.

And we have to limit thequantity to keep storekeepers from buying.

Twenty-one cases of new goods from London, Eng., came in Saturday, comprising Mantles, Kid Gloves, Hosiery and Frillings. These go on sale bright and early this morning.

It's wonderful the sugar business we're doing. Perhaps we're sweating the people. To-morrow 7 lbs. best granulated sugar for 25c.

New Companies.

Among the new companies incorporated are: The Tilbury Peninsular Oil and Gas Company with a capital stock of $20,000, and the Irving Umbrella Company, limited, with a capital stock of $25,000. The incorporators of the latter are: Reuben Millichamp, merchant; George T. Irving, manufacturer; Alexander F. Rodger, commercial traveler, and Thomas D. Bailey, bookkeeper, all of Toronto, and Edward John Coyle of Montreal, merchant, to manufacture, buy, sell and deal in umbrellas, parasols, walking sticks and other articles of a like nature.

Stationary Engineers' Convention.

The yearly convention will be held at Ottawa from Sept. 25 to 30. Those who will represent Toronto are: Ald. W. Bell, Ed. Phillips, A. Atkins, W. Blackgrove, John Fox, Jas. Huggett, A. Wickins, George Moreing and W. Lewis. Together with delegates from several cities and towns from the west, they will leave by special car on C.P.R. Tuesday morning, at 8.45 a.m.

The Theosophists' Devil.

In a small, stifingly hot room in the Forum building, Gerrard and Yonge-streets, Mr. R. E. Port of the Theosophical Society held forth last night on "Who the Devil is." Mr. Port's definition, reduced to epigrammatic form of what his satanic majesty represents is practically this: The phycical and grosser side of our nature, as offset against the spiritual and ethereal side. Blackboards formed a very necessary part of the scientific gentleman's lecture and upon these he drew circles, squares and triangles in great multiplicity and gave each designation.

These two desirable qualifications, pleasant to the taste and at the same time effectual, are to be found in Mother Graves' Worm Exterminator. Children like it.

The Ontario College of Music

56 Homewood-Ave., Toronto.

The Pioneer College of Music in Toronto. It still remains the peer, when good work and moderate fees are considered.

Thorough work from the lowest to the highest grade. Experienced assistant teacher, from $8 to $15 per term. No fancy charges for advanced grades. Only $20 for term of 20 lessons to the highest grade. No cast iron limit of time. We make our lessons 40 minutes or more and are thus able to teach harmony and voice culture successfully in connection with the piano, free of charge. This gives our pupils a decided advantage over those of schools which teach these three branches in separate lessons, and which charge regular fees for each branch. We can thus save much time and money for our pupils.

Public Examinations for Certificates

Special advantages for boarders; ample facilities for practice. Compare our rates and methods with others. Good results guaranteed. City students may receive instruction at college or residence. Investigation solicited. Pupils accepted at any time. Write or call at College.

Intercolonial Railway

OF CANADA.

The direct route between the West and all points on the Lower St. Lawrence and Baie des Chaleurs, Province of Quebec, also for New Brunswick, Nova Scotia, Prince Edward and Cape Breton Islands, Newfoundland and St. Pierre.

Express trains leave Montreal and Halifax daily (Sunday excepted) and run through without change between these points.

The through express train cars on the Intercolonial Railway are brilliantly lighted by electricity and heated by steam from the locomotive, thus greatly increasing the comfort and safety of travelers.

Comfortable and elegant buffet sleeping and day cars are run on all through express trains.

The popular summer sea bathing and fishing resorts of Canada are along the Intercolonial, or are reached by that route.

Canadian-European Mail and Passenger Route.

Passengers for Great Britain or the Continent, leaving Montreal on Sunday morning, will join outward mail steamer at Rimouski on the same evening.

The attention of shippers is directed to the superior facilities offered by this route for the transport of flour and general merchandise intended for the Eastern Provinces, Newfoundland and the West Indies; also for shipments of grain and produce intended for the European market.

Tickets may be obtained and all information about the route, also freight and passenger rates on application to
