Bil.. the Forest is the best Medical School!

That predisposition which exposes the human frame to the infection and virulence of all diseases, proceeds directly and immediately from a disordered state of the Stomach, and nothing can prevent Fever, Ague and Bilious Fever, and Mortal Pestilence, but the Stomach and Bowels.

DR. HALSEY'S GUM-COATED FOREST PILLS,

(A Compatible preparation of unmingled efficacy)

These Pills are prepared from the best Sarsaparilla, combined with other Vegetable properties of the highest Medicinal virtues. They are warranted not to contain any Mercury or Mineral whatever. They purge without griping, nauseating or weakening; can be taken at any time without hindrance from business, change of diet, or danger of taking cold. They neither have the taste or smell of medicine, and are five times more effectual in the cure of disease than any Pills in use.

But a short time has elapsed since these great and good Pills were first made known to the public, yet thousands have already experienced their good effects. Invalids given over by their Physicians as incurable have found relief, and been restored to sound and vigorous health from their use.

TO FATHERS OF FAMILIES.

Bile and foul state of the stomach occasions more sickness and deaths in families than all other causes of disease put together. In the latter part of Summer and Autumn, when the atmosphere everywhere is poisoned from miasma, arising from stagnant pools and decayed vegetation, whole families are taken down by Malignant Fever, Fever and Ague and other dangerous disorders, all attending from a bilious and foul state of the stomach. No parent can be so ignorant as not to know the great danger existing from biliousness—no parent would be guilty of causing the

DEATH OF THEIR OWN CHILDREN!!!

Yet thousands of children and adults die every year through neglect of parents to attend to the early symptoms of bile and foul stomach.

Superfluity of bile may always be known by some unfavorable symptom which it produces, such as sick stomach, headache, loss of appetite, bitter taste in the mouth, yellow tint of the skin, languidness, costiveness, or other symptoms of a similar nature. Almost every person at this season of the year is bilious, the neglect of which is sure to bring on some dangerous disorder, frequently terminating in death. A single 25 cent box of Dr. Halsey's Gum-coated Forest Pills are sufficient to keep a whole family from bilious attacks and sickness from six months to a year. A single dose, from 1 to 3, of these mild and excellent Pills for a child, from 3 to 4 for an adult, and from 5 to 8 for a grown person, carry off all bilious and morbid matter, and restore the stomach and bowels, curing and preventing all manner of bilious attacks and many other disorders.

SALTS AND CASTOR OIL.

No reliance can be placed on Salts or Castor Oil. These, as well as all common purgatives, pass off without touching the bile, leaving the bowels costive and the stomach as bad as before. But Dr. Halsey's Forest Pills act on the gall ducts, and carry all morbid bilious matter from the stomach and bowels, leaving the system strong and buoyant, mind clear, producing permanent good health.

Dr. Halsey's Forest Pills are unlike all others. They act directly on those vital organs of the Stomach, Liver, Kidneys, &c., which secrete the fluids of the body and separate the impurities from the blood. While they purge all bilious and morbid matter from the stomach and bowels they cleanse and renew the blood, thereby destroy the seeds of disease. The Forest Pills do not weaken, but give strength and animation to both body and mind. They neither cause griping nor pain in any instance, nor are they in any instance inconvenient to be taken, and the patient is better able to attend to business while under their influence than before taking them. They are mild in operation, yet powerful in restoring health.

The great amount of good these Pills have done for the sick and afflicted have induced thousands to commend them to their friends and the public. Individuals of worth and integrity in almost every part of the country have testified to the world in favor of their great effects in curing disease.

Testimonial after testimonial showing their great powers of curing in all not every class of disease have been tendered to us by individuals of undoubted character and respectability. The following testimony is from a respectable and wealthy farmer residing near Utica, New York:—

UTICA, November 9, 1848.

DR. G. W. HALSEY,—Every fall, for several years back, I have had a violent sickness in my family, of the Bilious Disorders, and Ague and Fever. In the fall of 1848 two of my sons were taken at the same time with Bilious Fever. In former seasons, when a disease occurred in my family, I had always employed a Physician. But at this time having two boxes of your Forest Pills in the house, I concluded to try them. I gave to each of them six Pills, and four hours after I gave them three Pills more. They soon operated, bringing away much black and green matter. On the following day the fever had left them, and they both recovered without any more medicine. Since this time I have always kept your Pills at hand, and in all cases of sickness we have used them with the most happy results.

NOTICE TO THE PUBLIC.

In 1840 Dr. Halsey's Pills were first made known to the public, under the denomination of "Halsey's Sugar-Coated Pills." Their excellent qualities soon gained for them a high reputation, and the annual sale of many thousand boxes. This great success excited the avarice of designing men, who commenced the manufacture of common Pills, which they coated with Sugar, to give them the outward appearance of Dr. Halsey's, in order to sell them under the good-will Dr. Halsey's Pills had gained by curing thousands of diseases.

The public are now most respectfully notified that Dr. Halsey's genuine Pills will henceforth be coated with

GUM ARABIC.

An article which in every respect supersedes Sugar, both on account of its healing virtues and its durability. The discovery of this improvement is the result of a succession of experiments during three years. For the invention of which Dr. Halsey has been awarded the only Patent ever granted on Pills by the Government of the United States of America.

The Gum-Coated Forest Pills present a beautiful transparent glossy appearance. The well-known wholesome qualities of pure Gum Arabic, with which they are coated, renders them still better than Dr. Halsey's celebrated Sugar-Coated Pills. The Gum-Coated Pills are never liable to injury from dampness, but remain the same, retaining all their virtues to an indefinite period of time, and are perfectly free from the disagreeable and nauseating taste of Medicine. In order to avoid all imputations and to obtain Dr. Halsey's true and genuine Pills, see that the label of each box bears the signature of G. W. HALSEY.

Reader!!! If you wish to be sure of a medicine which does not contain that lurking poison, Calomel or Mercury, purchase ***HALSEY'S GUM-COATED FOREST PILLS***, and avoid all others.

If you desire a mild and gentle purgative, which neither nauseates nor gives rise to griping, call for HALSEY'S PILLS.

If you would have the most concentrated as well as the best compound *Sarsaparilla Extract* in the world for purifying the blood, obtain Dr. HALSEY'S PILLS.

If you do not wish to fall a victim to dangerous illness, and be subjected to a Physician's bill of 20 or 50 dollars, take a dose of Dr. HALSEY'S PILLS as soon as unfavorable symptoms are experienced.

If you would have a Medicine which does not have the bowels costive, but gives strength instead of weakness, procure HALSEY'S PILLS, and avoid Salts and Castor Oil and all common purgatives.

Parents, if you wish your families to continue in good health, keep a box of HALSEY'S PILLS in your house.

Ladies, Dr. HALSEY'S PILLS are mild and perfectly harmless, and well adapted to the peculiar delicacy of your constitutions. Procure them.

Travellers and Mariners, before undertaking long voyages, provide yourselves with Dr. HALSEY'S PILLS, as a safeguard against sickness.

THE PROPHECY FULFILLED.

In the month of August, 1849, we promised to the world that we would produce a remedy for the Ague and Fever, which would eradicate every trace of poison, and specifically remove its cause.

We proposed to Hospitals, and all other Institutions for the relief of the Sick, to prove the truth of our assertions. All Medical Institutions and Stations, to bear testimony of our Ready Relief for their invalid patients, and to illustrate its merits and miraculous power over pain, from the moment it touches the system. We claimed that we would allay, in a few minutes, the most severe Cramps and Spasms—that it would arrest the progress of that dread plague, the Cholera—that in a few minutes it would change the hard, heavy, cold, and lifeless pulse, to warmth, vitality, and vigor.

That in a few minutes it would relieve the most severe pains in the bowels, that in fifteen minutes it would arrest all painful and distressing diseases, that it would give health to every organ and sensation of the body; that it would positively relieve the most severe and dangerous pains of sick and nervous headache in fifteen minutes, and effectually cure this distressing complaint.

That it would in an instant mitigate the cruel pangs of Neuralgic pains, and permanently cure this excruciating affection. That it would stop the most harrowing toothache in a few seconds.

That it would relieve all Rheumatic pains in fifteen minutes, and cure many Chronic cases of Rheumatism in a few hours.

That it possessed a miraculous soothing and relieving influence over all pains originating from Rheumatism, Neuralgia, Nervous, and Bilious complaints, and that the world, suffering the most excruciating tortures, would feel its soothing influence in a few minutes.

The world was startled at the publication of our discovery. The whole corps of Medical Science shook their heads in doubt. The sick and afflicted hoped yet feared that, like other remedies, it would cure quicker than paper than by practical experiment; thousands, who were suffering with the most excruciating pains, at once determined to try it; the consequence was, that from all quarters, towns, cities, within 500 miles of New York, we were the daily recipients of orders for our extraordinary remedy. The people tried it and found it good; the most harrowing pains were mitigated; weak and feeble victims of Rheumatism, who had been bedridden for years, were suddenly relieved from pain and enabled to walk. So with the sufferers of Neuralgia, Sick and Nervous Head-Ache, Chill Fever, Diarrhœa, Cramps, Spasms, Cholera Morbus, and, in fact, all pain-ful and distressing Acute complaints, were suddenly relieved from their tortures, and restored to health. In some instances, the news of our discovery would have spread from city to city, the people sounded its wonderful virtues far and wide, and ere the earth had run its yearly course, [illegible]

FIVE MILLION BOTTLES WERE SOLD!

In every town in Maine, New Hampshire, Vermont, Rhode Island, Massachusetts, Connecticut, New York, and Ohio; in Michigan, Wisconsin, Illinois, Indiana, Missouri; the people have tested its merits, and proclaimed it a safeguard against disease, and a quick antidote for all pains. In New Jersey, Pennsylvania, Virginia, Maryland, Delaware, the Carolinas, Georgia, Alabama, and Louisiana—in every town in each State it has made friends, and proved its efficacy.

TO THOSE WHO KNOW NOTHING OF IT.

If you are unacquainted with the merits of Radway's Ready Relief, and if you reside in either of the States or Territories, we refer you to the Druggists, to Physicians, and the People. Take a bottle of it to any skilful Physician, let him test it, we will risk its reputation on his opinion.

One drop has frequently cured the most tantalizing Tooth-Ache.

Forty drops, taken three times per day, will cure Sour Stomach.

Sixty drops, taken four times per day, will cure Weakness and Debility.

Ten drops, taken every ten minutes, will cure Diarrhœa.

Thirty drops has, in fifteen minutes, stopped the Sick Head-Ache.

Sixty drops, taken every twenty minutes, has cured Cramps, Spasms, and Cholera.

Forty drops has, in fifteen minutes, cured Tic Doloreux.

Sixty drops has, in twenty minutes, stopped the pains of Neuralgia.

Thirty drops has, in fifteen minutes, cured Wind on the Stomach.

Thirty drops has, in fifteen minutes, cured Cholera Morbus.

One application externally has stopped the most painful Rheumatic affliction, and cured Sprains, Strains, and Bruises.

Three applications has cured the Salt Rheum.

Two applications has cured the Rash and Tetter.

Three applications has cured Pimples and Blotches.

Six applications has cured the most painful Swelling.

Three applications has cured the most painful Swelling of the Joints, in twenty-four hours, cured Curved Spine.

One application, in 10 minutes, cured the Lumbago.

SOLEMN TRUTH.

Reader, do not reject the statements on account of the above assertions, we state only what it has done, what we know it will do. Therefore, if you suffer pain, give it a trial, and our word for it, you will become a fast friend of our ready and invaluable Relief.

KEATING'S COUGH LOZENGES.

A CERTAIN REMEDY for disorders of the Pulmonary Organs in Difficulty of Breathing—in Hoarseness of Phlegm—in Incipient Consumption—(of which Cough is the most positive intimation)—they are of unerring efficacy. In Asthma, and in Winter Cough, they have never been known to fail.

KEATING'S COUGH LOZENGES are free from every deleterious ingredient; they may, therefore, be administered to infants with the same confidence and by the youngest lady; while the *Public Speaker* and the *Professional Singer* will find them invaluable in clearing the throat, and in relieving the hoarseness which has resulted from exertion, and consequent irritation incidental to their avocation, and consequently a powerful auxiliary in the production of vocal organs eminently.

Prepared and Sold, in Boxes, 1s. 1½d., and Tins, 2s. 9d., 4s. 6d., and 11s. 6d. each, by THOMAS KEATING, Chemist, &c., No. 79, St. Paul's Church Yard, London.

Sold Retail by all Druggists and Patent Medicine Vendors in the Kingdom.

IMPORTANT TESTIMONIALS.

Copy of a Letter from "Colonel Hinshaw," (the well-known Author of "Guns and Shooting.")

LONGFORD HOUSE, NEAR WHITCHURCH, Salop, October 21, 1846.

SIR,—I cannot resist informing you of the extraordinary effect I have experienced, by taking only a few of your LOZENGES. I had a cough for several weeks, that defied all the had been prescribed for me; and yet I got completely rid of it by taking about half a small box of your Lozenges, which I find are the only ones that relieve the cough without deranging the stomach or digestive organs.

I am, Sir, your humble servant, P. HAWKER.

To Mr. KEATING, 79, St. Paul's Church Yard.

WILLIAM STREET, EAST INDIA ROAD, Poplar New Town, Nov. 5, 1846.

SIR,—I conceive that it is merely the manifestation of a proper sympathy for the afflicted, by informing you of the very decided and extraordinary effect of your Cough Lozenges, I have taken one of your Cough Lozenges. I have for the last four years been afflicted with a distressing cough, with a difficulty of breathing, attended by a loosening of your Cough Lozenges, I purchased a 2s. 9d. tin of your agent, Mr. Barnes, "Medical Institution, Christ Church, Poplar New Town, by which I am now perfectly relieved, and beg to return many thanks for the same.

To Farmers, Housekeepers, and others, having Store-Houses, &c., infested with Vermin or Insects.

SMITH'S EXTERMINATOR

FOR THE ENTIRE EXTIRPATION OF

Rats, Mice, Cockroaches, Beetles, Crickets, Ants, &c.

Without the use of Arsenic or other Mineral Poisons.

The Genuine Article has a Label, similar to the above, pasted on the top of each Box.

The following TESTIMONIALS, from parties of high respectability, will place its efficacy above suspicion:—

With pleasure I assert, that the use of SMITH'S EXTERMINATOR was attended with complete success in destroying Cockroaches, Beetles, and Rats, in and about my premises; which was effected without any inconvenience.

C. F. BAILLARGEON, Pte.

Quebec, 7th March, 1849.

My premises have been infested with Rats for several years, and I have tried various means to rid myself of the annoyance, without success. Having been early recommended SMITH'S EXTERMINATOR, I have much pleasure in testifying that its use has been perfectly successful in the total destruction of the Rats with which my place abounded, and that without the least inconvenience.

BENJAMIN HART.

Montreal, November 22, 1849.

I hereby certify, that by using SMITH'S EXTERMINATOR it has perfectly succeeded in ridding the College Premises of Cockroaches, Crickets, and such like disgusting insects, which were before very numerous.

S. VILLENEUVE,
Director of Montreal College.

Montreal, April 20, 1849.

From the Rev. B. Davis, D. D., Minister of the Baptist Church, Montreal.

I most willingly bear testimony to the good effects of SMITH'S EXTERMINATOR. I found my present dwelling over-run with Beetles; the nuisance bid defiance to all efforts to abate it, until this preparation was applied. One Box has sufficed to exterminate the Insects almost entirely from the house. Similar cases of success have occurred in my neighborhood.

ELEGANT AND INVALUABLE ARTICLES FOR THE TOILET.

BOGLE'S HYPERION FLUID,

FOR RESTORING PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate, from Dr. Winslow Lewis, one of the most eminent Physicians of Boston, will show the estimation in which it is held by the scientific and learned, being one only of many similar ones.

BOSTON, Feb. 15, 1847.

MR. WM. BOGLE,—Sir,—The preparation invented by you for the hair, has been extensively used in my family, and they give it the decided preference over all other compositions of the kind. It invigorates and beautifies the hair, and cleans the skin of all impurities, without producing any ultimate deleterious effects, which are too frequently the result of many well-known patented compounds.

WINSLOW LEWIS.

It is an indispensable article for the toilet, as it keeps the hair in place and curl, and the skin or parting of the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,

A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to anything yet invented for shaving. The base of it is derived from the *Amole*, or "soap plant," of California, an article used by the Indians of that country for washing; it is free from the use of strong alkali, so hurtful to the skin, is entirely free from the use of strong alkali, so hurtful to the skin, is avoided. Its vegetable and detergent properties have the purest and most nourishing effects on the skin—it soothes, softens and allays irritation, and leaves a fine, thick, creamy lather, which does not dry on the face. It is a decided luxury to be shaved with this incomparable soap. It is done up in elegant style, calculated either for the dressing case of the fashionable and ready of traveller, or the toilet of the most fastidious connoisseur.

BALDNESS CURED.

The following is from the Summer F. Barrett, Saratoga Street, East Boston.

EAST BOSTON, Feb. 8, 1847.

Mr. William Bogle,—Dear Sir: For several years past, my wife has been troubled with baldness on the Crown of the head, about six or seven inches in circumference. After repeated failures of other celebrated remedies, had by the advice of friends, she was induced to use your Hyperion as a wash, for the purpose of restoring her lost hair, and I am happy to say that its effect has been to cause the hair to grow all over the spot affected. She has used only two bottles, and that very irregularly; had she used it oftener and more regular, I am convinced that the growth of the hair would have been more rapid. Yours, Sir, yours respectfully, SUMNER F. BARRETT.

BOGLE'S HEBEAIONA,

FOR REFRESHING AND BEAUTIFYING THE COMPLEXION.

Eradicating Tans, Pimples, and other eruptions of the skin, and rendering it fair, healthy, and blooming. It is equally efficacious in protecting the skin from the hot sun of summer, and freezing blasts of winter, and is the most fragrant and delicious article to be found at the toilet of fashion.

All the above articles have stood the test of the strictest investigation, and are WARRANTED superior to anything yet invented.

SCROFULOUS AFFECTIONS, &c.

In all these distressing and prevalent cases, there is no question regarding the efficacy of this Medicine, its eminent Physician of this city, writes as follows:—

Dr. Sherwood's Galvanic Embrocation, I regard as the most efficacious of all remedies in Scrofulous affections. One of my children, a daughter of 5 years old, was afflicted with a very inveterate and protracted Scrofulous affection, which had continued for years, despite every remedies were tried but without effect. The disease exhibited itself in several deep-seated ulcers, the discharge from which was serious and very fetid. At this crisis, I commenced the treatment with Dr. Sherwood's Galvanic Embrocation—the only remedy used in combination, was a decoction of Sarsaparilla, which soon conquered the disease, and a complete cure was effected.

Society at large is indebted to William Bogle, 277 Washington Street, for a series of the most unexceptionable toilet articles,—the result of his inventive research. His Hyperion Fluid is extensively used, and stands at the head of the list of preparations for strengthening and beautifying the hair; his Amole, for shaving, is decidedly the greatest substitute in combining ease with the troublesome ordeal of shaving; his Hebeaiona, for the complexion, is unrivalled in its medicinal effects. Sold by the agents above.—*See Adv.* 277

STRONG RECOMMENDATIONS.

Regarding the effects of Dr. Sherwood's Galvanic Embrocation, a distinguished Physician of New York remarks as follows:—"The extraordinary rapidity with which Dr. Sherwood's Galvanic Embrocation is producing the production and capturing the convictions of the most truly learned and intelligent members of the Profession, seems to warrant the conclusion, that it will supersede all other remedies for the treatment of Rheumatism. The Galvanic Embrocation discovered by Dr. Sherwood seems to have been little thought of till lately by the profession, but it will be found the best Physician's assistant, in cases of Rheumatism, and its sphere of usefulness is always unimpeached, in a great number and variety of complaints, and is a valuable companion to the regular practitioner in private families and on shipboard. Its effects are always appropriate, and its judicious application is always unattended with any unpleasant consequences, and with ordinary care no possible injury can result, nor is its use in any case whatever, even in the most delicate person or tender infant.

From the Philadelphia Sunday Daily Chipper.

It is not too much to say that every Family, Hotel, Boarding-house, every Ship and Steamer which leaves our port, and every Physician and person needing home, should have a bottle of this Galvanic Embrocation, for it is an invaluable remedy for all the diseases for which it is designed. 340

FT. LEON AND CAXTON SPRINGS.

Montreal, June 5, 1850.

For the past twelve months I have frequently recommended the Waters of the St. Leon and Caxton Springs, and have formed a large number of acquaintances who have given very general satisfaction here (having used the St. Leon) both as regards the temperate nature of the Water, and the preservation of health in consequence of COUGHS AND COLDS, of which the increasing demand is a sufficient evidence. We shall, accordingly, replenish our stock with a further supply of FORTY OR FIFTY DOZENS, which you can forward at first convenience by one of the Canal Steamers, via Liverpool, &c.

CRAMP AND PAIN-KILLER.

THE MOST SUCCESSFUL REMEDY KNOWN

For the Cure of all Rheumatic Affections—Pain in the Stomach, Back, Side or Limbs—Stitches in the Back, Side or Limbs—Cramp in the Limbs or Stomach—Darting Pains, Bilious Cholic, Dysentery and Diarrhœa, Colds and Sore Throat, all cases of Local Inflammation—Cuts, Wounds, Bruises, Headache, Toothache, Burns, Scalds, Frozen Limbs, &c., &c.

THIS wonderful Medicine has effected many truly surprising cures in cases of the foregoing complaints. And we say no more than hundreds and thousands who have used it will assert, when we say there is no Medicine designed for that class of complaints, possessing more than a tithe of the power to relieve and cure of this.

We solicit particular attention to the fact that it does not contain a particle of *Opium* in any form. Neither does it contain *Camphor*.

It is free from any deleterious article, and cannot, in any possible case, injure the patient.

It does not deaden the *Life Faculties*, nor produce the nursing, drying, parching sensations, so much complained of in the use of other "Pain Killers."

It does not weaken the peristaltic motion of the bowels, producing Costiveness and its attendant evils, but is a promoter of digestion, and of proper and healthy action in the stomach and intestine canal.

IN ALL RHEUMATIC AFFECTIONS,

LOCAL PAINS, &c., it has proved surprisingly successful, rarely failing to cure, even in the most desperate and long standing cases. (See Certificates.) In these cases, the parts affected should be freely bathed, and then rubbed lightly, but briskly—not hard enough to hurt the patient, but sufficient to produce a slight redness on the surface, and to remove the pain; should take half a teaspoonful of sugar or molasses.

CRAMP IN THE STOMACH OR BILIOUS CHOLIC.

We believe it will never fail to *speedily cure*. It should be a teaspoonful at a time, on sugar or molasses, or in any manner the patient can take it best, and the stomach and bowels freely bathed. And if in fifteen or twenty minutes the patient does not find relief, repeat the dose.

DYSENTERY OR DIARRHŒA.

Are speedily and easily cured by it. It should be given a teaspoonful at a time, once in an hour or two, or oftener in severe cases, and bathe the stomach and bowels with the same.

EVEN THE CHOLERA.

Which during the past season has swept off such fearful numbers, has been cured by it, we believe in every case; where it has been early and faithfully applied. In Diarrhœa it proved singularly fatal; it was found to yield readily to the Medicine.

FOR TOOTHACHE

It is, nine times out of ten, a *CURE*. We believe it will *never fail*, unless the tooth is decayed. If the tooth is hollow, saturate a little lint and put it in the cavity. Hold some of it in the mouth. If the face is swollen bathe with it.

Bathing the head with it is generally a cure for the *Headache*.

We are constantly receiving certificates from every part of the country, many of which may be seen in newspapers, and in pamphlets, which may be obtained of any of our agents.

P. S.—It is the best *HORSE AND OX LINIMENT* in the world.

Please read the following statement from John Buckham, Esq., of Dixmont, Me.:—

DIXMONT, July 11, 1848.

Messrs. Curtis & Perkins,—For two years past I have been entirely prostrated with the Rheumatism; both of my knees were swelled to the size of my original size—a large bunch came out on my breast bone, appearing like a part of the bone thrown out. Another bone was thrown out of my wrist. In short, I endured the most excruciating pains for nearly three years. I obtained the best medical advice the country afforded, and tried a great number of medicines and prescriptions without the least benefit or alleviation, when I had the good fortune to procure a bottle of Cramp and Pain Killer, prepared by Messrs. Curtis & Perkins, of Bangor. Soon after taking it I found I could get some rest nights, and the pain became less violent. I have continued to take it and apply it externally, until I have used eight bottles, I took much larger quantities than was recommended.—The swelling has all gone down both in my limbs and breast, and I am entirely relieved from pain. I have been able to do a good day's work at any time for the last three months, for a man of my age. No description of my case can convey the vast amount of benefit I have received from this article. I believe it is the best article in the world for Rheumatism, and always found immediate relief.

SELF-PRESERVATION:

A MEDICAL TREATISE ON THE PHYSIOLOGY of MARRIAGE, and DISORDERS of YOUTH and MATURITY, usually imagined at an early period of life, which exercise the physical and mental powers, diminish and enfeeble the natural feelings, and exhaust the energies of Manhood—with practical observations on the Treatment of Impotence, Debility and Indigestion, whether arising from those causes, close study, or the influence of Tropical Climates; Local and Constitutional Weakness, Syphilis, and all Diseases and Derangements resulting from Indiscretion,—with Forty Colored Engravings, illustrating the Anatomy, Physiology, and Diseases of the Reproductive Organs, explaining their structure, functions, and the various injuries that are produced in them.

BY SAMUEL LA'MERT, M. D.,

No. 37, Bedford Square, London,

Doctor of Medicine, Matriculated Member of the University of Edinburgh, Licentiate of Apothecaries' Hall, London, Honorary Member of the London Hospital Medical Society, &c.

This Work contains an accurate and complete account of the anatomy and physiology of the Reproductive Organs, and of their relative conditions in health and disease. Nor are these the sole contents of the work; the means of cause, as well as the nature of the danger, are made clear and intelligible language. It deserves only requires the closest attention and study, for what subject can be of more important and lasting interest to the world, and of the physical capabilities of which every man should be possessed. It unfortunately happens that the unhappy victim of excessive indulgence and vicious habits, whether accidental or in early life, or from the follies of riper years, while suffering from their inevitable consequences, unwisely entertains a fear of applying to a qualified physician for relief. Such persons, too frequently, fall victims to quacks, who, certainly, that these complaints are beyond the reach of art, alike restrict him, and prevent the seeking for assistance where alone it can be procured. In acting thus they forget or remember, disregard or despise, the warning the causes of disease, sympathy with the sufferer, and, above all, secrecy, invariably characterize the intelligent and practical Physician, to the world, to his patients, and to his profession. Hence, to the unmarried, or married, who feel that they need the counsel and respect in his professional pursuits, the strictest confidence should be attributed to Dr. LA'MERT, for the consultation of medical honors, as his diplomas testify, and the great extent of his practice for many years, is a guarantee for his professional experience, which, with reference to his belief in the treatment of these diseases, his Work may be had in Montreal, of BENJAMIN DAWSON; in St. Johns, of H. Cauna & Co., price 2s. 6d. Sterling; Halifax, Messrs. Morton & Co.
