# BUTCHERS' OFFERINGS QUICKLY PICKED UP

## Quantity at Stock Yards Yesterday in This Class Exceptionally Light.

## LARGE HOG DELIVERIES

### As Consequence, Prices Have Eased Off to Nine-Fifty Fed and Watered.

The receipts of live stock at the Union Stock Yards on Tuesday were 64 carloads, comprising 752 cattle, 1450 hogs, 325 sheep and lambs and 68 calves.

Butchers' cattle: The deliveries in this class were again light, all of which were quickly taken at about 10 to 15 cents in advance of Monday's prices, or about 25 cents ahead of last week's close, the quality being much the same, there being a few lots of very good quality steers and heifers. Good to choice bulls and cows sold at firm values, as will be seen by sales given.

Stockers and feeders: These classes are in demand at firm prices. Several American prospective buyers were on hand for supplies that they were unable to procure.

Milkers and springers: The demand for these continues to be strong at firm prices, the supply not exceeding the call for them.

Veal calves: Only a limited supply came forward and prices were very firm for all of good to choice quality.

Sheep and lambs: A moderate number of these were on sale, which were quickly bought up by the many butchers and packing houses. Lambs sold up to $11.75 and light ewes in the sheep class reached $8 and $8.25.

Hogs: A larger delivery than is usual this early in the week caused an easier feeling, and no buying ahead at present prices was reported, which causes us to think that lower values might prevail before the week is over. The price for fed and watered hogs was $9.50 by the car lot.

# MINES IN ONTARIO SPLENDID INVESTMENT

## Well-Known American Thinks Them Ahead of Any Others.

TIMMINS, Jan. 11.—"There is no mining district in the world that offers such opportunities to the investor as northern Ontario, particularly the Porcupine gold camp," said W. H. Stewart, who is interested extensively in mining propositions in Mexico, Central America, South America and other mining districts of the world. He continued:

"Where can you find a mine that five years ago was nothing but a rocky ledge and that is now crowned with acres of mills and other buildings; that had ten million tons of ore blocked out two years after starting; that paid 30 per cent. of its $3,000,000 capitalization back five months after the stamps started dropping; that has paid $4,000,000 in dividends to date after five years; that is now paying 52 per cent. on its capital; that is treating 1000 tons of ore each day, and its stock selling on the market at almost six times its par value, or placing a valuation on the property of over seventeen million dollars? Where can you find another new gold mine like the Hollinger, that has produced such great wealth in so short a time?"

"Porcupine is a virgin district. There are no old mines stripped of their 'bonanzas,' as in Mexico and thruout Latin America.

"Porcupine has only started and in a few years its production will surprise the world."

# RETURNED SOLDIERS ARE BEING CARED FOR

## Government Will Pay Fares to Points Where Vocational Training is Given.

The Ontario Government has undertaken to pay the transportation expenses of returned soldiers to points at which they can receive vocational training, it was announced at the meeting of the Soldiers' Aid Commission yesterday. The decision of the government, in the view of the commissioners, makes it much easier for it to dispose of individual cases where men need this training before they can earn a livelihood.

In two hours yesterday the commission transacted all the routine business before it. Every known case of disputed pay of soldiers has been settled, it was announced.

Some difficulty is being experienced in getting outside towns to organize local branches, the mayors having failed to answer communications from the secretary.

Some of the men in the convalescent home were said to have gone out on a spree, and Commissioner Banks said he didn't blame them, considering the uniforms they had to wear.

# HOTEL PROPRIETOR IS BELIEVER IN PUBLICITY

## George Wright of Walker House Gives Address Before Toronto Ad Club.

George Wright of the Walker House delivered an interesting address before the members of the Toronto Advertising Club yesterday. As an instance of effective pictorial display and dining-room psychology, he said: "Place a nicely cooked steak, garnished with sprigs of parsley, surrounded by a collar of French fried potatoes, on a bright white platter against a brown background, and you have a picture that will appeal more strongly than any other to a hungry man."

In the course of his remarks, Mr. Wright mentioned some of the items of expenditure in hotel-keeping, such as $24,000 annually for fresh meats, $900 monthly for butter and eggs, and a pay roll of $60,000 a year.

To newspaper advertising he attributes the fact that 1915 was a better year for the Walker House than the former record year 1913. His advertisements appeared in no less than 270 western newspapers in the fall of 1915, and as a result the Walker House and Carls-Rite were both filled to capacity during the Christmas season, as were also most of the other city hotels to which he sent guests whom his own houses could not accommodate.

Mr. Wright is a consistent user of printers' ink, and his interesting address, interspersed with many graphic and amusing anecdotes drawn from his varied business experience, was greatly enjoyed by the advertising men present.
